The data in the two graphs below and in the Journal Impact Factor calculation panels represent citation activity in 2019 to items published in the journal in the prior two years. They detail the components of the Journal Impact Factor. Use the "All Years" tab to access key metrics and additional data for the current year and all prior years for this journal.

### 2019 Journal Impact Factor & percentile rank in category for: Global Health-Science and Practice

**2.352**

2019 Journal Impact Factor

### 2019 JIF Citation Distribution for: Global Health-Science and Practice

**Journal Impact Factor Calculation**

$$2019 \text{ Journal Impact Factor} = \frac{247}{105} = 2.352$$

---

How is Journal Impact Factor Calculated?

$$\text{JIF} = \frac{\text{Citations in 2019 to items published in } \mathbf{2017 (132)} + \mathbf{2018 (115)}}{\text{Number of citable items in } \mathbf{2017 (47)} + \mathbf{2018 (58)}} = \frac{247}{105}$$

## Journal Impact Factor contributing items

### Citable items in 2018 and 2017 (105)

TITLE	CITATIONS COUNTED TOWARDS JIF
<p><a href="#">Liftoff: The Blossoming of Contraceptive Implant Use in Africa</a></p> <p>By: Jacobstein, Roy</p> <p><b>Volume: 6 Page: 17-39 Accession number: WOS:000432977500004</b></p> <p><b>Document Type: Review</b></p>	<b>11</b>

## Box plot

### Category Box Plot 2019

#### Category Box Plot

The category box plot depicts the distribution of Impact Factors for all journals in the category. The horizontal line that forms the top of the box is the 75th percentile (Q1). The horizontal line that forms the bottom is the 25th percentile (Q3). The horizontal line that intersects the box is the median Impact Factor for the category.

Horizontal lines above and below the box, called whiskers, represent maximum and minimum values.

The top whisker is the smaller of the following two values:

the maximum Impact Factor (IF)

$Q1\ IF + 3.5(Q1\ IF - Q3\ IF)$

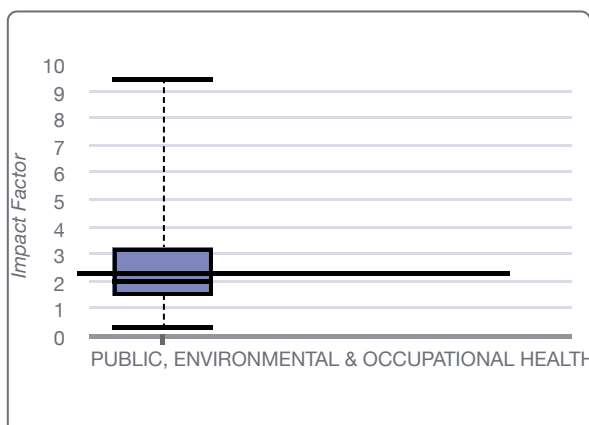

The bottom whisker is the larger of the following two values:

the minimum Impact Factor (IF)

$Q1\ IF - 3.5(Q1\ IF - Q3\ IF)$

Box Plots are provided for the current JCR year for each of the categories in which the journal is indexed.

**Cited Journal Graph 2019**

**CITED JOURNAL GRAPH**

The Cited Journal Graph shows the distribution (by cited year) of citations published in journals during the JCR year to items published in the Journal during the last 10 years.

The white/grey division indicates the cited half-life (if < 10.0). Half of the citations are to items that were published more recently than the cited half-life.

The two light-blue columns indicate citations used to calculate the Impact Factor (always the 2nd and 3rd columns).

- Non-self-citations: citations from the journal to articles in other journals.
- Journal self - citations: citations from articles in the journal to articles in the same journal.
