[See regulation 4(c)(i)]

CERTIFICATE OF INSPECTION FOR SHOP ASSEMBLED BOILERS

INSPECTING AUTHORITY:_____ Certificate No._____

We hereby certify that the _____Boiler, built by M/s_____
_____
under Maker's number _____ was constructed under our supervision and inspected at various stages of construction by the Competent Person and that the construction and workmanship were satisfactory and in accordance with the standard conditions for the design and construction of boilers as per regulations framed under the Boilers Act, 1923.
The boiler is stamped on the _____ Shell Plate with stamp as shown hereunder:-

MAKER'S NAME : _____

MAKER'S NO. : _____ YEAR OF MAKE : _____

TESTED TO : _____ Kg./cm² (g) ON : _____

W.P. : _____ Kg./cm² (g)

COMPETENT PERSON'S OR INSPECTING AUTHORITY'S OFFICIAL STAMP

The boiler on completion was subjected to a Hydrostatic test pressure of _____ kg/cm² (g) in the presence of the Competent Person on _____ day of _____ and satisfactorily withstood the test.

All welded seams were subjected to destructive and Non-Destructive examination wherever applicable and found satisfactory.

We have satisfied ourselves that the construction and dimensions of the boiler are as shown in the Maker's Drawing Number _____ signed by us and that the particulars entered in Maker's certificate of manufacture in Form III countersigned by us are correct to the best of our knowledge and belief.

Signature of Competent Person

Signature of Inspecting Authority
Date and Seal

FORM II (2)

[See regulation 4(c)(i) **]**

CERTIFICATE OF INSPECTION FOR SITE ASSEMBLED BOILERS

INSPECTING AUTHORITY :_____ Certificate No. _____

We hereby certify that the_____ boiler; built by M/s_____
_____
under Maker's Number _____ was constructed under our supervision and inspected at various stages of construction by the Competent Person and that the construction and workmanship were satisfactory and in accordance with the Standard Conditions for the design and construction of boilers as per regulations framed under the Boilers Act,1923.

The Boiler components are stamped as per details below, wherever applicable.

Component Name Drawing No.

Stamping Details

Maker's Name :_____
Maker's Number :_____ Year of make :_____
Tested to :_____ Kg/cm²(g) on _____
W.P. : _____ Kg/ cm² (g)

Competent Person's or Inspecting Authority's Official Stamp

Samples of materials used in the constructions of the boiler were tested in the presence of the Competent person and found to comply with the regulations.
All welded seams were subjected to destructive and Non-Destructive examination wherever applicable and found satisfactory.

We have satisfied ourselves that the construction and dimensions of the boiler are as shown in the Maker's Drawing Number_____ signed by us, and that the particulars entered in the Maker's certificate of manufacture in Form III countersigned by us are correct to the best of our knowledge and belief.

Signature of Competent Person Signature of Inspecting Authority
Date and Seal ".

FORM II-A

INSPECTING AUTHORITIES CERTIFICATE OF INSPECTION DURING CONSTRUCTION IN RESPECT OF A BOILER MADE TO FOREIGN CODE FOR EXPORT

[Regulation 3A]

Designation of Inspecting Authority

We hereby certify that the …… type boilers; length …… diameter …… working pressure …… built by Messrs …… under Shop No. …… was constructed under our supervision and inspected at various stages at construction by the Competent Person and that the design, construction and workmanship were satisfactory and in every respect in accordance with …… Code Specification. The boiler is stamped as under :

The boiler on completion was tested to …… in the presence of the Competent Person on …… and it satisfactorily withstood the test. Details of tests and inspections are furnished with this certificate.

We have satisfied ourselves that the design, construction and dimensions of the boiler are as shown in the Maker's Drawing No. …… approved and signed by us, and that the particulars entered in the Maker's Certificate of manufacture are correct to the best of our knowledge and belief.

Maker's certificate, signed by them and countersigned by us, as required by the …… Code/Specification, is enclosed.

Signature of Inspecting Authority

FORM II-B

INSPECTING AUTHORITY CERTIFICATE OF INSPECTION DURING CONSTRUCTION OF BOILERS FOR WHICH VARIATIONS FROM STANDARD CONDITIONS HAVE BEEN PERMITTED

[Regulation 4(c)(1) Note]

Designation of Inspecting Authority

We hereby certify that the …… type boilers; length …… diameter …… working pressure …… built by Messrs …… at …… under Shop Number …… was constructed under our supervision and inspected at various stages of construction by the Competent Person, and that the design, construction and workmanship were satisfactory and in accordance with the variations from the standard conditions laid down in the Indian Boiler Regulations, 1950, for material design and construction features have been permitted by the Board of Inspecting Authority under the Indian Boilers Act, 1923.

The Boiler is stamped on the front end plate with our stamp as shown hereunder :—

Maker's Name …… Year of Make …… Works Number …… Tested to …… on …… W.P. Competent Person's or Inspecting Authority's official stamp.

The boiler on completion was / The drum and header were subjected to a water pressure test of…… in the presence of Competent Person on …… 20 …… and satisfactorily withstood the test.

*Samples of materials used in the construction of the boiler were tested in the presence of the Competent Person and found to comply with the requirements. All welded seams were subjected to physical tests and radiographic examination wherever applicable and found satisfactory.

Note: Strike off this paragraph where no such test have been carried out and the certificate in Form IV by a Well-Known Maker is intended to be furnished.

* Strike out which is not applicable.

We have satisfied ourselves that the constructions and dimensions of the boiler are as shown in the Maker's Drawing No. …… signed by us and that the particulars entered in the Maker's certificate of manufacture in Form III countersigned by us, are correct to the best of our knowledge and belief. Particulars of variations from the standard conditions laid down in the said regulations as permitted by the Board or Inspecting Authority are enclosed.

Signature of Inspecting Authority

Dated at …… this …… day of …… 20……

“FORM IIC
INSPECTING AUTHORITIES CERTIFICATE OF INSPECTION DURING ERECTION
[Regulation 4 (c) (1)]

Designation of Inspecting authority

We hereby certify that the.....type boilers working pressure.....kg/square cm built by Messrs..... at..... under makers number ..... was erected under our supervision and inspected at various stages of erection by the Competent Person and that the erection and workmanship were satisfactory and in accordance with the Standard Conditions for construction of land boilers under the Indian Boilers Act, 1923.

All welded seams were subjected to post weld Heat treatment and Non-destructive examination wherever applicable and found satisfactory.

The boiler on completion of erection was subjected to a water pressure tests of .....Kg per Square cm in the presence of the Competent Person on.....and satisfactorily withstood the test.
We have satisfied ourselves that the erection of the boiler are as shown in the Maker’s Drawing No.....are correct to the best of our knowledge and belief.

Signature of Competent Person *Signature of Inspecting authority*
Dated at .....this..... Day of .....20..... .”.

See Reverse for "Conditions"

CONDITIONS

(REVERSE OF FORM VI)

(1) No structural alteration, addition of renewal shall be made to the boiler otherwise than in accordance with section 12 of the Act.

(2) Under the provisions of Section 8 of the Act this certificate shall cease to be in force:

(a) on the expiry of the period for which it was granted; or

(b) when any accident occurs to the boiler; or

(c) when the boiler is moved the boiler not being vertical boiler the heating surface of which is less than two hundred square feet, or a portable or vehicular boiler; or

(d) save as provided in section 12 of the Act, when any structural alteration, addition or renewal is made in or to the boiler; or

(e) if the Chief Inspector in any particular case so directs when any structural alteration, addition or renewal is made in or to any steam-pipe attached to the boiler; or

(f) on the communication to the owner of the boiler of an order of the Chief

Inspector or Inspector prohibiting its use on the ground that it or any boiler component attached thereto is in a dangerous condition.

Under Section 10 of the Act, when the period of a certificate relating to a boiler has expired, the owner shall, provided that he has applied before the expiry of that period for a renewal of the certificate be entitled to use the boiler at the maximum pressure entered in the former certificate, pending the issue of orders on the application but this shall not be deemed to authorise the use of a boiler in any of the cases referred to in clauses (b), (c), (d), (e) and (f) of sub-section (1) of section 8 occurring after the expiry of the period of the certificate.
(3) The boiler shall not be used at a pressure greater than the pressure entered in the certificate as the maximum pressure nor with the safety valve set to a pressure exceeding such maximum pressure.
(4) The boiler shall not be used otherwise than in a condition which the owner reasonably believes to be compatible with safe working.

Note: The particulars and dimensions regarding this boiler may be obtained by the owner on payment in the prescribed manner on application to the Chief Inspector.

FORM VII

INSPECTING AUTHORITY'S CERTIFICATE OF INSPECTION UNDER CONSTRUCTION DESIGNATION OF INSPECTION AUTHORITY

[Regulation 501(e)]

We hereby certify that …… type, …… Economiser, consisting of …… sections and tubes to each section was constructed for a working pressure of …… lbs. Messrs …… under our supervision and inspected at various stages of construction by the Competent Person and that the construction and workmanship were satisfactory and in accordance with the standard conditions for the design and construction of Economiser laid down in Chapter XI of the Indian Boiler Regulations, 1950.

Identification Mark on each section.

Branch Pipe on other pressure part.

Position of same.

The sections on completion were subjected to a water pressure of …… lbs. per sq. in. for ten minutes in the presence of the Competent Person on …… and satisfactorily withstood the test in accordance with Reg. 504.

Samples of the material used in the constructions of the Economiser were tested in the presence of the Competent Person and were found to comply with the tests prescribed in Chapter XI of the Indian Boiler Regulations, 1950.

We have satisfied ourselves that the construction and dimensions of the Economiser are as shown in the Maker's Drawing No. …… signed by us and that the particulars entered in the maker's certificate of manufacture in Form VIII countersigned by us are correct to the best of our knowledge and belief.

Dated at …… this …… day of …… 20……

QUESTIONNAIRE TO BE ANSWERED BY FIRMS/COMPANIES SEEKING RECOGNITION BY THE CENTRAL BOILERS BOARD TO BECOME AN "INSPECTING AUTHORITY"

1. The registered name and address of the company/firm:

2. Address for correspondence:

3. The year in which the company/firm was established.

4. Proposed countries/areas of operation as Inspecting Authority:

5. Is company/firm registered in the proposed countries of operations?

   If so, please give details thereof.

6. Have you any Branch or Associate Office?

   If so, please give their names and addresses.

7. Is company/firm functioning as an Inspecting Authority under the Indian or International codes and standards?

   If so, details thereof.

8. In case of renewal of recognition as Inspecting Authority under the Indian Boiler Regulations, 1950, had you conducted inspection during the last five years?

   If yes, details thereof.

9. Is company/firm involved in any commercial activity other than inspection, certification and related activities under the Indian or International Codes and standards?

   If so, details thereof.

10. Please state the types, size and the range of working pressure of the boilers which you have so far inspected during manufacture as an Inspecting Authority, also state the classes of service you render, namely:-

    (a) Please name the various stages of manufacture at which inspections are carried out.

    (b) Only hydraulic test after the manufacture of the boiler.

11. How many Inspectors/Competent persons have you in your employment? Please give details of the qualifications held by those persons.

12. Have you any Testing Laboratory of your own to conduct all destructive and non-destructive tests required in connection with the manufacture of boilers?

    If so, details thereof.

13. Have you in-house design and drawing inspection office?

    If so, details thereof.

14. Have you any documented quality programme established and maintained to fulfill the inspection requirements as per Indian Boiler Regulations, 1950?

    If so, details thereof.

15. Are you having Curriculum Vitae of all the inspectors/competent persons employed in the organization for inspection and certification work?

16. Are you having a training programme for Inspectors/Competent persons?

    If so, details thereof.

17. Are you prepared to conduct the work of Inspection of boilers, economisers and their accessories strictly in conformity with the Indian Boiler Regulations, 1950?

18. Are you prepared to accept full responsibility for the certificate issued by you?

19. Has your request for recognition as an Inspecting Authority been rejected by any Authority? If so, please give details.

20. Are you prepared to issue certificates for the products, you inspect, in the formats of the Indian Boiler Regulations?

21. Are you aware that the recognition is for a period of five years only, which is renewable after every five years on fresh assessment?

SIGNATURE & SEAL

FORM XV-B

[See regulation 4 A (2)]

QUESTIONNAIRE FOR ELICITING INFORMATION REGARDING THE COMPETENCY OF A FIRM/COMPANY TO BE RECOGNISED AS "COMPETENT AUTHORITY"

1. Registered name and address of the company/firm.
2. Address for correspondence.
3. Year in which the company/firm was established.
4. Address of branch or associate office, if any.
5. Principal work of the company/firm.
6. Does the company/firm have any training section for the welders? If so, details of the scheme to be stated.
7. Does the company/firm regularly conduct tests on welds done by its welders? If so, the code followed and the details of tests carried out may please be stated.
8. What are the facilities that can be provided or availed of by the organisation for conducting the tests?
9. Is the company/firm prepared to undertake testing of welders employed by other organisation?
10. In case of renewal of recognition as Competent Authority under the Indian Boiler Regulations, 1950, have you undertaken inspection and certification of welders during the last five years?

    If yes, details thereof.

11. Whether the company/firm is prepared to conduct tests as per requirements of the Indian Boiler Regulations, 1950?

12. The amount of fee which the company/firm would charge from a candidate for conducting a test for the issue of certificate. Estimates under the following heads may be given:

    (a) For the supply of tests pieces, electrodes and/or filler rods:

    (b) For the use of welding machine:

    (c) For machining the test pieces and preparation of specimen:

    (d) For conducting mechanical tests (including specimen preparation):

    (e) For non-destructive testing:

13. Is the company/firm prepared to examine and issue certificate to welders in accordance with the requirements of the Indian Boiler Regulations, 1950?

14. Is the company/firm prepared to take full responsibility for certificates issued by it.

15. Are you aware that the recognition is for a period of five years only which is renewable after every five years on fresh assessment?

QUESTIONNAIRE TO BE ANSWERED BY STEEL MAKER SEEKING RECOGNITION BY CENTRAL BOILERS BOARD TO BE NOTIFIED AS "WELL KNOWN STEEL MAKERS"

1. Registered Name and address of the firm/company:
2. Works address:
3. The year in which the factory was established:
4. Capacity for production of steel:
5. Process of manufacture of steel:
6. Variety of steel products:
7. Range of steel produced in each variety:
8. Various national and international Standards to which the steel products are manufactured:
9. Testing facilities available within the works:
10. Types of tests conducted:
11. If so, by whom conducted:
12. Are the tests conducted by the firm/company acceptable to the other organisations of the country? If so, by whom?
13. Is the firm/company prepared to conduct tests in accordance with the Indian Boiler Regulations, 1950?
14. Is the firm/company recognised as "Well Known Steel Maker" in any other country?
15. Whether the firm/company has any previous experience to produce steel in accordance with the provision of Indian Boiler Regulations, 1950 under the inspection of any recognised Inspecting Authority.

    If yes, details thereof.

16. Whether the firm/company is prepared to furnish certificates under the provision of Indian Boiler Regulations, 1950.

17. In case of renewal of recognition, had you manufactured and supplied steel as "Well Known Steel Maker" under the Indian Boiler Regulations, 1950 during the last five years?

    If yes, details thereof.

18. Whether the firm/company manufacture steel from the ore itself or from ore and scrap or scrap only:

19. Whether the firm is agreeable to show their manufacturing process and in-house testing facilities to a team consisting of three members appointed by the Board.

20. Are you aware that the recognition is for a period of five years only which is renewable after every five years on fresh assessment?

QUESTIONNAIRE TO BE ANSWERED BY FOUNDRY/FORGE SEEKING RECOGNITION BY CENTRAL BOILERS BOARD TO BE NOTIFIED AS "WELL KNOWN FOUNDRY/FORGE"

1. The registered name and address of the firm/company:
2. Works address:
3. The year in which the factory was established:
4. Capacity of the foundry/forge:
5. (i) Capacity for production of forgings/castings:

   (ii) Maximum weight and size of forgings/castings:
6. Detailed description of the type of job done by the firm/company:
7. Materials of castings/forgings (ferrous-plain or alloy steel, non-ferrous alloys):
8. Range of forgings/casting produced in each variety:
9. Testing facilities available within the works:
10. Details of testing facility, namely chemical and physical tests:
11. Types of test conducted:
12. If so, by whom conducted?
13. Are the tests conducted by the firm/company itself acceptable to the other organisations of the country? If so by whom?
14. Is the firm/company prepared to conduct tests in accordance with the Indian Boiler Regulations, 1950?
15. Is the firm/company recognised as "Well Known Foundry/Forge" in any other country?

16. Whether the firm/company is in a position to produce forgings/casting in accordance with any national/international specifications fulfilling the minimum requirements of Indian Boiler Regulations, 1950:

17. Whether the firm/company has any previous experience to produce forgings/castings in accordance with the provision of Indian Boiler Regulations, 1950 under the inspection of any recognised Inspecting Authority.

If yes, details thereof.

18. Whether the firm/company is prepared to furnish certificates under the provision of Indian Boiler Regulations, 1950.

19. In case of renewal of recognition, had you manufactured and supplied castings/forgings as "Well Known Foundry/Forge" under the Indian Boiler Regulations, 1950 during the last five years?

If yes, details thereof.

20. Whether the firm/company is agreeable to show their process of manufacture, in-house testing facilities to a team of members appointed by Central Boilers Board.

21. Are you aware that the recognition is for a period of five years only, which is renewable after every five years on fresh assessment?

QUESTIONNAIRE TO BE ANSWERED BY TUBE/PIPE MAKER SEEKING RECOGNITION BY CENTRAL BOILERS BOARD AS "WELL KNOWN TUBE/PIPE MAKER"

1. Registered name and address of the firm/company:
2. Works address:
3. The year in which the factory was established:
4. Capacity of production of Tube/Pipe and the tonnage details per during the last three years:
5. Steel grades of Tube/Pipes under production:
6. Size range of Tubes/Pipes under production:
7. Process of manufacture of Tube/Pipes:
8. (a) Whether the firm/company is producing the raw material or purchasing the raw material.

   (b) If the raw material is purchased, give the details of purchase in last three years.

   (i) from well known steel makers under Indian Boiler Regulations, 1950.
   (ii) from other sources.

9. If purchase is as per 8(b)(ii), state whether the raw material is tested at Tube maker's/Pipe maker's premises under Indian Boiler Regulations, 1950.
10. If the firm/company is producing raw material, state whether the firm/company is recognised as Well Known steel maker under Indian Boiler Regulations, 1950.
11. Major manufacturing facilities available with the firm/company:
12. Testing facilities available with the works:
13. Types of tests conducted on Tubes/Pipes (enclose complete quality control plan from raw material stage to finished stage along with the quality control and inspection personnel of the firm):

14. The details of failures and rejection

    (a) By Non-Destructive Testing(NDT)

    (b) By Destructive Testing.

15. Whether the firm/company is in a position to manufacture Tubes/Pipes and also provide for their necessary testing facilities in accordance with the provision in Indian Boiler Regulations, 1950.

16. Whether the firm/company has any previous experience to produce Tubes/ Pipes in accordance with the provision of Indian Boiler Regulations, 1950 under the inspection of any recognised Inspecting Authority.

    If yes, details thereof.

17. Whether the firm/company is prepared to furnish certificates under the provision of Indian Boiler Regulations, 1950.

18. In case of renewal of recognition, had you manufactured and supplied Tubes/ Pipes as "Well Known Tubes/Pipes Maker" under the Indian Boiler Regulations, 1950 during the last five years?

    If yes, details thereof.

19. The name of the firms to whom the firm /company has supplied Tubes/Pipes:

20. Whether the firm/company is agreeable to show their manufacturing process and in- house facilities to a team consisting of three members appointed by the Board.

21. Whether the firm/ company is aware of the fact that the recognition is for a period of five years only, which is renewable after every five years term on fresh assessment?

QUESTIONNAIRE TO BE ANSWERED BY A LABORATORY SEEKING RECOGNITION BY CENTRAL BOILERS BOARD AS A "WELL-KNOWN MATERIAL TESTING LABORATORY"

1. The registered name and address of the laboratory:

2. Address of the laboratory:

3. The year in which the laboratory was established:

4. (a) Whether the laboratory is recognised by the Central Government or by a State Government:

   (b) If so, please furnish particulars of recognition:

5. Name and address of branch or associate laboratory, if any:

6. How long the laboratory has been functioning for testing of the products?

7. Equipment or machines available in the laboratory for carrying out the non-destructive or destructive testing:

8. Type and range of tests carried out by the laboratory:

9. Details of testing personnel and their qualifications or experience:

10. Are you prepared to conduct the testing of specimens strictly as per the requirements of the Indian Boiler Regulations, 1950?

11. Has your request for recognition as an approved laboratory been rejected by any authority? If so, please give details.

12. Are you prepared to issue the certificates for the products you test in the formats of the Indian Boiler Regulations, 1950?

13. Whether you have any previous experience of conducting tests in accordance with the provision of Indian Boiler Regulations, 1950 under the inspection of any recognised Inspecting Authority.

    If yes, details thereof.

14. In case of renewal of recognition, had you conducted tests under the provisions of Indian Boiler Regulations, 1950 during the last five years?

    If yes, details thereof.

15. Are you agreeable to show your laboratory and in- house facilities to a team consisting of three members appointed by the Board?

16. Are you aware that the recognition is valid for a period of five years only, which is renewable for five years on fresh assessment?.

QUESTIONNAIRE TO BE ANSWERED BY A FIRM SEEKING RECOGNITION BY CENTRAL BOILERS BOARD AS "REMNANT LIFE ASSESSMENT ORGANISTION" UNDER REGULATION 391A

1. The registered name and address of the firm/company :

2. Address of the firm /company :

3. The year in which the firm /company was established :

4. (a) Whether the firm/company is recognised by the Central Government or by State Government :

   (b) If so, furnish particulars of recognition :

5. Name and address of branch or associate firm, if any :

6. How long your firm has been functioning for Remnant Life Assessment of Boilers and Boiler Parts :

7. Equipment or machines available in the laboratory for carrying out the non-destructive or destructive testing :

8. Type and range of tests carried out by the firm/company:

9. Details of testing personnel and their qualifications and experience :

10. Are you prepared to conduct the testing of specimens strictly as per the requirements of the Indian Boiler Regulations, 1950? :

11. Has your request for recognition as an approved organisation been rejected by any authority? If so, please give details. :

12. Are you prepared to issue the certificates for the tests recommended in the formats of the Indian Boiler Regulations, 1950?

13. In case of renewal of recognition, had you conducted Remnant Life Assessment of Boilers and Boiler parts under the Indian Boiler Regulations, 1950 during the last five years? If yes, details thereof.

14. Are you agreeable to show your laboratory and in-house facilities to a team consisting of three members appointed by the Board?

15. Are you aware that the recognition is valid for a period of five years only, which is renewable for five years on fresh assessment.

QUESTIONNAIRE FORM FOR REPAIRER OF BOILERS/ECONOMISER/STEAM LINE/FEED WATER LINES

1. (a) Registered name of the firm and its permanent address……

   (b) Address of the workshop:

2. Year of establishment ……..

3. Classification applied for—

   (a) Special Class (For any Boiler Pressure)

   (b) Class I (For Boiler Pressure upto 125 kg.cm^2)

   (c) Class II (For Boiler Pressure upto 40 kg./cm^2)

   (d) Class III (For Boiler Pressure upto 17.5 kg/cm^2)

4. Type of jobs executed by the firm earlier, with special reference to their maximum working pressure, temperature and the materials involved, with documentary evidence ……

5. (a) Whether the firm has ever been approved by any Boilers' Directorate/Inspectorate? If so, give details……

   (b) Has your request for recognition as a repairer under Indian Boiler Regulations, 1950 been rejected by any Authority? If so, please give details…….. …….

6. Whether having rectifier/generator, grinder, general tools and tackles, dye penetrant kit, expander and measuring instruments or any other tools and tackles under regulation 392(5)(i). ……

7. Detailed list of technical personnel with designation, educational qualifications and relevant experience (attach copies of documents) who are permanently employed with the firm ……

8. How many working sites can be handled by the firm simultaneously?……

9. Whether the firm is prepared to execute the job strictly in

conformity with the regulations and maintain a high standard of work?……

10. Whether the firm is prepared to accept full responsibility for the work done and is prepared to clarify any controversial issue, if required?……

11. Whether the firm is in a position to supply materials to required specification with proper test certificates if asked for? ……

12. Whether the firm has an internal quality control system of their own? If so, give details……

13. List of welders employed with copies of current certificate issued by a Competent Authority under the Indian Boiler Regulations, 1950.

……

Date ……
Place ……

Name & Signature of the authorised signatory of the firm with stamp

Note 1: The recognition of the firm as a repairer shall be for a period of two years, thereafter they shall apply for renewal of their recognition at least two months before the expiry of the said period.

Note 2: In case the repairer is found violating the provisions of the Act or Regulations knowingly or unknowingly, the firm shall be blacklisted under intimation to Chief Inspectors or Directors of Boilers of all the States/Union territories and renewal shall not be done in any case.".

"FORM XIX

DETAILS TO BE FURNISHED ALONGWITH APPLICATION FOR INSPECTION OF BOILER AFTER TWELVE/TWENTY FOUR MONTHS OF THE CERTIFICATION UNDER REGULATION 390 AS PER APPENDIX 'JA' AND APPENDIX 'JB'

1. Name and address of the owner ……
2. Registry number of the boiler ……
3. Steam pressure and temperature ……
4. Rate of steam generation……
5. Heating surface ……
6. Year of make ……
7. Brief description of boiler ……
8. Type of construction (Whether riveted or welded) ……
9. Whether fired or waste heat boiler ……
10. Date of registration……
11. Details of past exemption granted by the Government, if any ……
12. Date of last annual inspection ……
13. Expiry date of current certificate ……
14. Working pressure at which last certificate was issued ……
15. Details of past repairs (year-wise) ……
16. Remark as entered in the last certificate ……
17. Quality of boiler feed water ……
18. Whether requisite number of feed pumps are in satisfactory working condition at present?……
19. Number of safety valves mounted on shell/drum and super heater……..
20. Total number of soot blowers provided in boiler ……

21. Number of soot blowers in working condition ……

22. Whether safety valves are blowing satisfactorily at or below design pressure?……

23. Whether safety valve assembly is free from jamming as verified by operating casing lever?……

24. Whether high and low water level alarm is in good condition? ……

25. Whether main steam stop valves, feed check valves, blow down valves and master pressure gauge in working condition? ……

26. Whether additional requirements for automatic boilers as per regulation 281A are complied with? (If 'No', give details) ……

27. Last date of calibration for master pressure gauge, temperature indicator/recorder for superheater, hot reheat, cold reheat and main steam line.……

28. (a) Last date when boiler protection devices were satisfactorily tested and details thereof ……..

    (b) Last date when boiler protection devices were tested by simulation**……**

29. Details of boiler stoppages in last twelve months with reasons and remedies thereof. ……

30. Present irregularities in instruments and controls if any observed in control-room of boiler house.……

31. Details of present boiler leakage. ……

32. Present operating pressure of the boiler ……

33. Whether water quality is tested on-line (enclose copy of test report showing values of analysis including Total Dissolved Solids(TDS) ……

34. State at what intervals such test is carried out ……

35. When boiler was last opened for internal and/or external cleaning? ……

36. State at what intervals such cleaning is carried out……

37. Whether there was any shut down since last inspection when the boiler could have been offered for inspection?……

38. Whether working pressure of the boiler ever exceeded in the past beyond certified limit? If any, give details……

39. Details of boiler accident which took place in the past, if any ……

40. List of Boiler Operation Engineers/Attendants ……

41. Irregularities, if any, noticed in the past in compliance of the Act. ……

42. Whether guidelines laid down by Central Boilers Board for granting exemption to the waste heat boilers are fulfilled or not? ……

General Manager (Generation)

Remarks of the Competent Person who verified correctness of above statement paying check visit to the Boiler House.

Competent Person".
