FOREWORD

Indiana University provides a variety of benefit plans to its employees, including Group Life, Long Term Disability and Supplemental AD&D Insurance; medical and dental coverage; Tuition Benefit; tax savings plans; and retirement plans. This booklet describes participant rights and responsibilities associated with termination of coverage for each of these benefit plans.

Upon termination from the university or transfer to an ineligible employment class or position, active participation in group insurance, medical and dental care, and tuition benefit plans ceases; and participation status changes for retirement plans (i.e., no additional contributions or benefit accruals). However, participants in these plans have certain rights and privileges.

This booklet provides an overview of each benefit plan, the opportunities available after participation ceases, and contacts and follow-up actions that are required to take advantage of any residual value that these benefit plans may provide. Some actions must take place within specific time frames, e.g. 31 days for conversion of insurance policies and 60 days for COBRA medical and dental plan continuation. Follow-up is the responsibility of each employee after coverage ceases.

Material in this booklet is for informational purposes only and is not intended to serve as a legal interpretation of benefits. If there is a conflict between the wording in this booklet and any policy, contract, or law, the contracts, policies, and applicable laws govern. Indiana University reserves the right to amend or terminate all or any part of its benefit program at any time. The information in this booklet describes termination rights and responsibilities for plans as of July 26, 2022.

MEDICAL & DENTAL PLANS

BENEFIT SUMMARY

Indiana University sponsors a choice of comprehensive medical care plans. Benefits under these plans include medical, prescription drug, mental health/substance abuse, vision, and transplant coverage, and, in the case of the high deductible health plans (HDHPs), a Health Savings Account (HSA). The university also sponsors a separate dental care plan.

ELIGIBILITY

Full-time (75% FTE or greater) appointed Academic and Staff employees are eligible for IU-sponsored medical and dental coverage. Spouses and children who meet the dependent eligibility requirements may also be covered.

DISCONTINUATION OF ACTIVE PARTICIPATION

Participation in IU-sponsored medical or dental coverage ends on the date that:

- the plan terminates; or
- you fail to make all required contributions; or
- your employment terminates or you are no longer an eligible employee.

Coverage for your dependents terminates when:

- your coverage terminates; or
- they become eligible for employee coverage; or
- they cease to meet the definition of a dependent; or
- all dependent coverage is discontinued under the plan.

RIGHTS AFTER PARTICIPATION ENDS

Under federal law, employees have the right to continue healthcare coverage under the Consolidated Omnibus Budget Reconciliation Act (COBRA), and in the case of termination due to military service, under the Uniformed Services Employment and Reemployment Rights Act (USERRA). In addition to COBRA or USERRA continuation coverage described below, employees with IU Retiree Status have additional options for healthcare coverage upon termination from the university. Those options are described in the [IU Retiree Status](#) section of this booklet.

COBRA Continuation Coverage

You and your covered dependents have the opportunity to temporarily extend your healthcare coverage (called COBRA continuation coverage) at group rates in instances where coverage under the plan would otherwise end. You and/or your dependents are responsible for the entire cost of COBRA coverage plus a 2% administrative charge.

COBRA continuation coverage is offered only to "qualified beneficiaries" and only after a "qualifying event" has occurred. A qualified beneficiary is an employee who was covered by an IU-sponsored health plan on the day before a qualifying event occurred, and the employee's covered spouse and child(ren). Qualifying events are events that cause an individual to lose IU-sponsored health coverage.

As a covered employee, COBRA coverage is available to you when your healthcare coverage is lost due to the following qualifying events:

- a reduction in work hours, or
- termination of employment (other than for gross misconduct), including retirement.

Your covered dependents also have a right to elect COBRA coverage (independent from you) if they lose healthcare coverage due to any of the following qualifying events:

- you pass away;
- termination of your employment (other than for gross misconduct) or reduction in your work hours at IU;

- divorce or legal separation from you;
- you become entitled to Medicare; or
- they cease to meet the definition of a dependent.

Coverage is extended only to those who are covered at the time of termination and may only continue at the level of coverage that was in effect on the day of termination, or a lower level of coverage. If moving out of a health plan's medical network service area, coverage may be changed to another IU-sponsored health plan that provides benefits in the new location.

Required Notice. Under COBRA regulations, you or your dependents must inform the university if the qualifying event is a divorce, legal separation, or a child losing their qualifying status. Such notice must be within 30 days of the later of the following dates: date of the event, or the date on which coverage would end under the plan because of the event.

Electing COBRA Coverage. When the university determines that you or your dependents have experienced a qualifying event, IU will provide you with written notice of your COBRA rights and an application for coverage. You and/or your dependents have 60 days to elect coverage from:

- the date of the qualifying event; or
- the date of the COBRA offer letter, whichever is later.

Each qualified beneficiary has a separate right to elect continuation coverage, but a parent may elect to continue coverage on behalf of any/all qualified children. You or your spouse can elect continuation coverage on behalf of all of the qualified beneficiaries. If you elect COBRA coverage and have a newborn child placed with you for adoption, then that child will be considered a dependent for COBRA purposes.

When deciding whether or not to elect continuation coverage, you should take into account any other group health plan options that are available to you and your family (such as a spouse's plan). When you lose coverage, you have the right to request HIPAA Special Enrollment in another group health plan for which you are otherwise eligible within 30 days after your IU-sponsored health coverage ends.

You may also consider other healthcare coverage options through the Health Insurance Marketplace or Medicaid. Some of these options may cost less than COBRA continuation coverage. You can learn more about many of these options at www.healthcare.gov and www.medicaid.gov.

Length of Coverage. The length of COBRA coverage is between 18 and 36 months depending on the type of qualifying event:

- 18 months when coverage is lost due to termination (other than for gross misconduct) or reduction in hours;
- 36 months when coverage is lost due to death, divorce, legal separation, or a child's losing qualifying status; or
- 29 months when coverage is lost and the enrollee becomes disabled within 60 days of termination.

Reasons COBRA May End. If you do not elect COBRA within 60 days, the option to reinstate IU-sponsored coverage ends and you will not have coverage beyond the date your coverage as an active employee ended. COBRA coverage may also terminate for any of the following reasons:

- premiums are not paid on time;
- the enrollee gains coverage under another group health plan which does not limit coverage for an enrollee's pre-existing condition;
- the enrollee becomes entitled to Medicare;
- the enrollee's COBRA coverage was extended due to disability, and there is a final determination that the enrollee is no longer disabled;
- IU no longer provides group health coverage to any employees; and/or

COBRA benefits are provided subject to continued eligibility for coverage. Indiana University has the right to terminate COBRA coverage retroactive to the date that eligibility ends.

USERRA Health Plan Protection

If you terminate employment to perform military service, you have the right under USERRA to elect continued IU-sponsored health plan coverage, including coverage for your dependents, for up to 24 months while in the military. The university administers this coverage by extending your COBRA eligibility period to a total of 24 months. You are responsible for the entire premium plus a 2% administration fee.

Even if you don't elect to continue coverage during military service, you have the right to reinstate IU-sponsored health plan coverage upon reemployment, generally without any waiting periods or exclusions, except for service-connected illnesses or injuries.

For additional information on USERRA health plan rights, contact the Veterans' Employment and Training Service (VETS) at 1-866-4-USA-DOL or visit their web site at www.dol.gov/agencies/vets. An interactive online USERRA Advisor is also at webapps.dol.gov/elaws/vets/userra. This is only an overview of USERRA health plan coverage rights. Actual coverage may vary depending on circumstances.

GROUP LIFE INSURANCE

BENEFIT SUMMARY

The university provides basic group life insurance at no cost to eligible employees, with the option to add more coverage for yourself and your dependents. All of the IU-sponsored group life plans are underwritten by The Standard Insurance Company ("The Standard").

- **Basic Group Life Insurance.** Indiana University pays for the full cost of your Basic Group Life Insurance. The amount of coverage is two times your budgeted base annual salary up to a maximum of \$50,000 (1.3 times base annual salary at the age of 70). Dependent coverage is \$3,000 for your eligible spouse and \$1,000 for each eligible child. The plan also provides an Accidental Death and Dismemberment (AD&D) benefit equal to the amount of Basic Group Life insurance.
- **Supplemental Employee Life Insurance.** Employees who are eligible for Basic Life Insurance may purchase additional Supplemental Life Insurance. Coverage is available in one, two, three, or four times your budgeted base annual salary up to the guaranteed issue or maximum coverage amount. The cost of Supplemental Life Insurance is deducted from your paycheck on an after-tax basis.
- **Supplemental Dependent Life Insurance.** Employees who are enrolled in Supplemental Employee Life Insurance may purchase additional Supplemental Dependent Life Insurance. Spouse coverage is available in four benefit amounts: \$10,000, \$20,000, \$30,000, or \$45,000. Dependent coverage is \$10,000 per dependent child from live birth through age 25. The cost of Supplemental Dependent Life Insurance is deducted from your paycheck on an after-tax basis.

ELIGIBILITY

Full-time (75% FTE or greater) appointed Academic and Staff employees are provided Basic Group Life Insurance, and are eligible to purchase Supplemental Employee Life Insurance. Employees enrolled in Supplemental Employee Life Insurance are also eligible to purchase Supplemental Dependent Life Insurance.

DISCONTINUATION OF ACTIVE PARTICIPATION

Participation in both Basic and Supplemental Life Insurance ends on the date that you:

- the plan terminates; or
- you fail to make all required contributions; or
- your employment terminates or you are no longer an eligible employee.

Coverage for your dependents terminates when:

- they become eligible for employee coverage; or
- they cease to meet the definition of a dependent; or
- when your coverage terminates; or
- when required contributions are not made.

RIGHTS AFTER PARTICIPATION ENDS

When employee group life coverage ends or, in the case of Basic Life Insurance, reduces at age 70, you and your covered dependents may apply to continue your group life insurance coverage as an individual policy with the policy underwriter, The Standard. No evidence of insurability is required.

Two continuation options are available and each has its own rates and eligibility criteria:

- **Portability**—IU group coverage can be transitioned to an individual term life plan. This type of plan is less expensive initially, but the premiums increase with age. The maximum amount of insurance eligible for portability is \$300,000.
- **Conversion**—IU group coverage can be converted to an individual whole life policy that has a fixed premium and accumulates a cash value.

The amount of insurance that is purchased under the portability and conversion options may not exceed the amount for which you or your dependents were insured on the day before your group life insurance coverage ended. Applications for conversion or portability and the required premium payment must be mailed to The Standard within 31 days after the group life insurance ends.

PARTICIPANT RESPONSIBILITIES

1. When IU-sponsored group life insurance ends, review the information on the [Group Life Portability Application](#) and the [Whole Life Conversion Application](#).
2. Complete the appropriate application. Note: the group policy number is **135262-F**.
3. Mail your completed application with your premium payment to the policy underwriter, The Standard, at the address listed on the form.

IU Human Resources will submit the *Employer Statement* portion directly to The Standard, therefore it does not need to be included in your mailing. Your application and payment must be received within 31 days from the date your group coverage ended.
4. Notify The Standard of any future address, beneficiary changes and/or name changes.

LONG TERM DISABILITY (LTD)

BENEFIT SUMMARY

Indiana University provides the opportunity for employees to purchase voluntary Long Term Disability (LTD) insurance. LTD insurance is designed to pay a monthly benefit to you in the event you cannot work because of a covered illness or injury. You choose between an unpaid waiting period of 90 days or 180 days of disability, and may also elect an optional annuity contribution benefit which provides contributions to a retirement annuity fund while you are disabled. Premiums are based on age, salary, and the coverage option selected. The plan's underwriter is The Standard Insurance Company ("The Standard").

ELIGIBILITY

Full-time (75% FTE or greater) appointed Academic and Staff employees are eligible to purchase LTD Insurance.

DISCONTINUATION OF ACTIVE PARTICIPATION

Participation in LTD Insurance ends on the date that you:

- the plan terminates; or
- you fail to make all required contributions; or
- your employment terminates or you are no longer an eligible employee.

RIGHTS AFTER PARTICIPATION ENDS

If coverage ceases, it will not affect benefits for a disability existing on or before that date. If you pass away while receiving LTD benefits, your beneficiaries may be eligible for a survivor benefit equal to three times the monthly income benefit. Indiana University will notify The Standard, who will contact all designated beneficiaries upon notification of death.

The group policy allows you to convert the group LTD coverage to an individual disability policy without submitting proof of good health. You must, however, complete the conversion application within 31 days from the date employment terminates. Additionally:

- You must have been insured under the group policy for at least 12 continuous months
- Insurance is ending for a reason other than termination or amendment of the group policy, or your failure to make a required premium contribution
- Insurance is not ceasing because of your retirement
- You are not disabled.

A conversion policy only includes the monthly income benefit.

CUSTOMER SERVICE

To obtain information on converting Long Term Disability Insurance to an individual policy, contact The Standard at 800-378-4668 and reference group policy number **135262**.

PARTICIPANT RESPONSIBILITIES

Summary of actions to convert to an individual policy:

1. Review and complete the [LTD Conversion Application](#).
2. Mail your completed application with your premium payment to the policy underwriter, The Standard, at the address listed on the form.

IU Human Resources will submit the *Employer Statement* directly to The Standard. For this reason, the Employer Statement does not need to be included in your mailing. Your application and payment must be received within 31 days from the date your group coverage ended.
3. Notify The Standard of beneficiary changes, address changes, and/or name changes.

SUPPLEMENTAL AD&D

BENEFIT SUMMARY

Indiana University provides the opportunity for employees to purchase optional Supplemental Accidental Death & Dismemberment (AD&D) Insurance from \$30,000 to \$500,000 of coverage. The plan pays benefits in the event of accidental loss of life or severe injuries which result in dismemberment. Various additional benefits are available for such situations as violent crime, death of both the employee and spouse in one accident, and education or training for surviving children or spouses. Premiums are based on the level of coverage selected and are deducted from your salary on a pre-tax basis. The Supplemental AD&D policy is underwritten by The Standard Insurance Company ("The Standard").

ELIGIBILITY

Full-time (75% FTE or greater) appointed Academic and Staff employees (including Residents) may purchase Supplemental AD&D for themselves and their eligible dependents. A dependent is a legal spouse or dependent

children (live birth through age 25). Coverage for disabled dependents may be kept in force beyond the age limit if proof of total disability is provided within 31 days of the date when coverage would have ended due to the age limit.

DISCONTINUATION OF ACTIVE PARTICIPATION

Participation in Supplemental AD&D Insurance ends on the date that you:

- the plan terminates; or
- you fail to make all required contributions; or
- your employment terminates or you are no longer an eligible employee.

Coverage for your dependents terminates when:

- they become eligible for employee coverage; or
- they cease to meet the definition of a dependent; or
- when your coverage terminates; or
- when required contributions are not made.

RIGHTS AFTER PARTICIPATION ENDS

You (and your dependents in some cases) have the right to port Supplemental AD&D Insurance to an individual policy without showing proof of good health. There are specific conditions that must be met in order to be eligible for portability, which can be found on the Supplemental AD&D Portability Application.

- **Employee Portability.** When Supplemental AD&D Insurance ceases under the group policy due to termination of employment with the university or transfer to an ineligible class, coverage may be ported to an individual policy without providing proof of good health. Portability is only available if you are under age 70. You must apply for portability and pay the initial premium within 31 days after group coverage ends.
- **Dependent Portability.** Your dependents may also port group coverage when they cease to be eligible for any reason except age. Dependents must apply for portability and pay the initial premium within 31 days after group coverage ends.

CUSTOMER SERVICE

For additional assistance with portability of Supplemental AD&D, including determining premium costs for coverage and completing the forms for portability, please call The Standard at 800-378-4668 and reference group policy number **135262-E**.

PARTICIPANT RESPONSIBILITIES

Summary of actions to port to an individual policy:

1. Complete and return the [Portability Application](#) to The Standard at the address listed on the form. IU Human Resources will submit the *Employer Statement* directly to The Standard. For this reason, the Employer Statement does not need to be included in your mailing. Your application and payment must be received within 31 days from the date your group coverage ended.
2. Send the initial premium to the address on the application within 31 days after the date that group coverage terminates.
3. Notify The Standard of beneficiary changes, address changes, and/or name changes.

HEALTH SAVINGS ACCOUNT (HSA)

BENEFIT SUMMARY

An HSA is a tax-advantaged savings account that pairs with an IRS-qualified high deductible health plan (HDHP). Established under Internal Revenue Code Section 223, HSA funds can be used to pay for your and your IRS-qualified tax dependents' qualified healthcare expenses. The university makes an annual contribution to your account based on your medical plan and level of coverage. You are required to make a minimum annual pre-tax contribution of \$300, and you can choose to make additional contributions up to the IRS-allowed annual maximum. Funds in your HSA can be used for current or future health expenses, and your balance rolls over each year, even after you leave the university or retire. The HSA is administered by The Nyhart Company ("Nyhart").

ELIGIBILITY

To be an eligible for an HSA you must:

- have a valid Social Security Number,
- be covered under a high deductible health plan (HDHP),
- have no other medical coverage (see next section for details),
- not be enrolled in Medicare, and
- not be claimed as a dependent on someone else's tax return.

No Other Medical Coverage Requirement. In order to be eligible to make or receive tax-free contributions into an HSA, the IRS requires that you have no other medical coverage other than an IRS-qualified high deductible health plan (HDHP). You are disqualified for tax-free contributions if:

- You are enrolled in a federal government plan like Medicare A, B, or D, or Tricare (if you have VA benefits, receiving preventive care or treatment for a service-related disability from the VA does not disqualify an individual from participating in an HSA);
- Your spouse covers you on a medical plan that is not an HDHP.
- Your spouse has a Health Reimbursement Account (HRA) or flexible spending account (including IU's Healthcare FSA) that is unrestricted, and the account could be used to cover your HDHP deductible.

You are still eligible to make tax-free HSA contributions if your spouse has other medical coverage, however you cannot be covered on their non-HDHP medical plan and still be eligible for tax-free HSA contributions.

If you are ineligible to make tax-free contributions, you can enroll in an HDHP and waive the HSA. If you are ineligible to make tax-free contributions and choose to elect the HSA, you are responsible for working with Nyhart to remove all ineligible ("excess") contributions from your HSA, and for reporting those excess contributions as taxable income on your annual tax return. Consulting a tax advisor about reporting excess contributions is advised to avoid unforeseen taxes and/or penalties.

DISCONTINUATION OF ACTIVE PARTICIPATION

Participation in the IU-sponsored HSA will end as of the first to occur of:

- the date that the plan terminates; or
- the date you fail to make all required contributions; or
- the date your employment terminates or you are no longer an eligible employee; or
- the date your HDHP coverage terminates (funds remaining in the HSA will become an individual account); or
- the last day of the plan year in which you elect to participate in the plan.

When your HDHP coverage ends, you are no longer eligible to make tax-free HSA contributions. However, the money in your HSA is yours until you spend it, meaning you will continue to have access to the funds to pay for qualified healthcare expenses. If you terminate HDHP coverage mid-year, your maximum HSA contribution for that year is prorated based on the number of months that you were enrolled in the HDHP.

RIGHTS AFTER PARTICIPATION ENDS

You are no longer eligible to make payroll contributions or receive any IU contributions to your HSA as of the date you terminate IU employment or transfer to an ineligible position. Upon termination of IU eligibility, the HSA custodian will provide you with information describing your options for transferring your IU-affiliated account

funds and investments to an individual HSA, or other IRS-allowed options. Any account fees related to an individual HSA are your responsibility. Information on using the funds in an individual HSA and the associated tax reporting requirements can be found in IRS Publication 969 available at www.irs.gov.

PARTICIPANT RESPONSIBILITIES

1. Work with the HSA custodian to transfer any remaining HSA balance to an individual account or elect other IRS-allowed options.
2. Understand the IRS regulations for reporting and use of an HSA by reading IRS Publication 969 (available at www.irs.gov) or by consulting a tax advisor.
3. If terminating mid-year and not continuing HDHP coverage, either through COBRA or another HDHP, confirm you have not made contributions in excess of the IRS prorated maximum. If your contributions have exceeded the IRS prorated maximum, work with Nyhart to resolve the excess contribution issue.
4. Understand the IRS reporting requirements for excess contributions—see [IRS Instructions for Form 8889](#).

FLEXIBLE SPENDING ACCOUNTS

BENEFIT SUMMARY

IU's Flexible Spending Account (FSA) plan allows the reduction of your salary to purchase certain benefits with pre-tax dollars. The plan is offered in three distinct provisions: a pre-tax Premium Conversion provision and two optional pre-tax spending accounts.

Pre-Tax Premium Conversion Provision. Your contributions for IU-sponsored medical, dental, and/or Supplemental AD&D coverage are automatically taken from your salary on a pre-tax basis.

Optional Pre-Tax Flexible Spending Accounts. Eligible employees may participate in one or both spending accounts, or may elect not to participate in either.

- **Healthcare FSA.** Set aside pre-tax dollars in an account to pay for IRS-qualified medical, prescription, dental, and vision expenses that are not covered by any type of insurance program.
- **Dependent Care FSA.** Set aside pre-tax dollars in an account to pay for IRS-qualified dependent day/evening care which allows you and your spouse to work.

In order to receive preferential tax benefits, the plan must be administered within very specific IRS regulations. For example, mid-year changes in contributions are limited to those consistent with an IRS-defined qualifying life event, such as, marriage, birth of a child, or change in dependent care provider rates. Additionally, the IRS determines which expenses are eligible for pre-tax benefits. Flexible spending accounts and associated claims are administered by The Nyhart Company ("Nyhart")

ELIGIBILITY

Full-time (75% FTE or greater) appointed Academic and Staff employees (including Residents) are eligible to

participate in the plan. Employees do not need to be enrolled in an IU-sponsored medical or dental plan to participate.

DISCONTINUATION OF PARTICIPATION

Participation in the FSAs will end as of the first to occur of:

- the date that the plan terminates; or
- the date you fail to make all required contributions; or
- the date your employment terminates or you are no longer an eligible employee; or
- the last day of the plan year in which you elect to participate in the plan.

RIGHTS AFTER PARTICIPATION ENDS

Premium Conversion. There is no residual value to Premium Conversion after participation stops.

Optional Pre-Tax Flexible Spending Accounts. If you terminate FSA coverage during the year for a reason other than termination of employment, you are not eligible to participate for the remainder of the plan year.

- **Healthcare FSA.** You will not be eligible to make any further contributions or incur any further expenses as of the date that your participation terminates (unless you elect COBRA coverage). If you have a remaining balance when your participation ends, you will receive a COBRA notice, election form, and instructions from Nyhart. If you choose to elect COBRA your contributions will continue on an after-tax basis, and you may continue to incur eligible expenses. These contributions may be subject to a two percent (2%) administrative fee. Regardless of whether or not you elect COBRA, you have until February 28 of the following year to submit any claims for reimbursement. Any unclaimed funds are forfeited.
- **Dependent Care FSA.** You will not be eligible to make any further contributions or incur any further expenses as of the date that your participation terminates. You have until April 15 of the following year to submit any claims for reimbursement. Any unclaimed funds are forfeited.

PLAN DISTRIBUTIONS AND WITHDRAWALS

You may only withdraw vested funds from your IU Retirement Plan account upon termination of employment with Indiana University. Distributions are allowed for former employees rehired into non-eligible positions if the rehired employee has at least a continuous 30-day break in service from their last day of employment.

Mandatory Federal income Tax Withholding. Plan distributions are generally subject to a 20% mandatory federal income tax withholding rate. However, the amount withheld will be credited against any taxes you owe for the year when you file your annual tax return. There are exceptions to the mandatory federal income tax withholding rule, including receiving the plan distribution as a lifetime annuity payment or directly rolling over the plan distribution to an eligible retirement plan (e.g., an IRA).

Early Withdrawal Penalty. Failure to withdraw the RMD annually by the applicable deadline can result in substantial tax penalties.

PUBLIC EMPLOYEES' RETIREMENT FUND (PERF)

BENEFIT SUMMARY

The Public Employees' Retirement Fund (PERF) is a retirement plan established by the State of Indiana to provide retirement, disability, and survivor benefits for its participants. PERF has two separate and distinct benefits, both funded by Indiana University. Participants are not required, nor permitted, to make additional contributions.

- **Defined Benefit ("Pension").** The pension benefit is a monthly benefit payable for life. The formula for the benefit is based on final average salary and years of PERF-covered service. Final average salary refers to a participant's highest five years of compensation in a PERF-covered position. A participant must have at least 10 years of PERF creditable service (or at least 5 years of PERF creditable service before becoming eligible for the IU Retirement Plan) to have a vested right in the pension benefit.
- **Defined Contribution (DC) Benefit:** The DC benefit (formerly called the ASA) is an employer contribution equal to 3% of a participant's compensation per pay period that is contributed to an individual participant's account at the end of each pay period. Contributions to the DC benefit are immediately 100% vested and non-forfeitable.

ELIGIBILITY

IMPORTANT: This section uses classification language (e.g. "Support and Service Staff") that has been retired. For information on the new classification structure for appointed Staff under the Job Framework review the [Summary of new Salary Plans, Grades, Functions, and Families](#).

50% or more FTE Support and Service Staff, and Part-Time with Retirement employees, hired before July 1, 2013, are eligible to participate in PERF, unless covered by another university- or state-sponsored retirement plan.

DISCONTINUATION OF ACTIVE PARTICIPATION

University contributions will no longer be made as of the date your employment terminates or you are no longer an eligible employee. Contributions will stop being made to the plan with your last regular paycheck or the last paycheck attributable to employment in an eligible class of employees. You have the same rights as active participants, except that no additional contributions will be made to the plan on your behalf by Indiana University.

RIGHTS AFTER PARTICIPATION ENDS

Your rights & responsibilities after termination of IU employment will differ depending on the following circumstances:

- if you terminate employment and do not qualify for a pension benefit ("Cash-Out Provision");
- if you terminate employment with 5 or more years of PERF creditable service and are disabled ("Disability Provision"); or
- if you terminate employment and qualify for a full or reduced pension benefit ("Retirement Provision").

Cash-Out Provision

If you terminate IU employment and are no longer employed in a PERF-covered position, you may elect to withdraw the balance of your DC upon satisfying the following conditions:

- you are not rehired by IU or another employer who participates in PERF (regardless if your new position is a PERF-covered position or not);
- you are not eligible for a PERF disability benefit; and
- you wait 30 days after termination.

The DC cash-out consists of the 3% mandatory contributions made by Indiana University and all accumulated earnings credited to the account. Money contributed to PERF on your behalf to fund the pension benefit does not belong to you until you become eligible to receive the pension benefit from PERF. Therefore, the pension benefit cannot be cashed out to you. You may elect to withdraw your DC balance and still be entitled to receive your pension benefit so long as you are vested at the time of retirement and retirement occurs after December 31, 2008.

You do not have to take a withdrawal of your DC upon termination of employment with Indiana University, even if you qualify for a withdrawal. You may leave the accumulations in your DC and continue to manage account investments with PERF.

Disability Provision

You are eligible to apply for PERF disability benefits upon satisfying the following conditions:

- you have accrued five or more years of PERF creditable service before: a) you terminate employment; b) the employer-provided income protection benefits expire; c) leave under the Family Medical Leave Act (FMLA) expires; or d) worker's compensation benefits expire;
- you are determined to be disabled by the Social Security Administration; and
- you were receiving salary, employer-provided income protection benefits, or were on leave under FMLA as of the disability onset date established by the Social Security Administration.

You will be entitled to receive PERF disability benefits for as long as you continue to be eligible for Social Security disability benefits.

Retirement Provision

To be eligible to receive a **full** (unreduced) pension benefit, you must satisfy the following conditions:

- Terminate IU employment or is in a "non-covered" IU position; and
- Satisfy one of the following age and service conditions:
 - a. Age 65 with 10 or more years of PERF creditable service (or at least 5 years PERF creditable service before becoming eligible for the IU Retirement Plan);
 - b. Age 60 with 15 or more years of PERF creditable service (or at least 10 years PERF creditable service before becoming eligible for the IU Retirement Plan); or
 - c. Age 55 with the participant's age and total number of years of PERF creditable service equaling 85 or more ("Rule of 85").

To receive a **reduced** pension, you must satisfy the following conditions:

- not be rehired by Indiana University or any other employer who participates in PERF in a PERF-covered position within 30 days of the date payment of PERF benefits began.

PLAN DISTRIBUTIONS & WITHDRAWALS

You may withdraw funds from your PERF DC upon attainment of age 59½ while employed at Indiana University. If you had PERF and are no longer in a PERF-covered position, you may be eligible to begin pension benefits while still employed by Indiana University if you meet Retirement Provision age and service eligibility rules (i.e. age 65 with 10 years of service, age 60 with 15 years of service, or meet the rule of 85). Roth Qualified Distributions. Distributions of Roth contributions are tax-free when they are a "qualified distribution." A distribution is considered "qualified" if it is made after a five-year holding period and is made either on or after the date you reach age 59½, made after you pass away, or attributable to your being disabled. The five-year holding period begins on January 1 of the year the first Roth contribution is made.

Required Minimum Distributions (RMDs). Federal law requires you must begin receiving at least a partial distribution of your tax-deferred retirement account funds by April 1 of the calendar year following the year you reach age 72, or upon retirement/separation, whichever is later. Failure to withdraw the RMD annually by the applicable deadline can result in substantial tax penalties.

REEMPLOYMENT AT IU AFTER RETIREMENT

IRS regulations state that employees who retire from IU must have a continuous 30-day break in service, also known as a bona fide separation, to access retirement funds from IU-sponsored retirement plans or PERF. To comply with this regulation, distributions from IU retirement plans are allowed for former employees rehired into non-eligible retirement plan positions if they have had at least a continuous 30-day break in service from their last day of employment. All IU positions, including part-time positions, are subject to this provision. In addition to the 30-day break, there must be no pre-arranged (written or verbal) agreement for reemployment.

IU RETIREES

IU Retiree Status Eligibility

Employees with "IU Retiree Status" at the time of separation are entitled to certain benefits. Detailed information on these benefit programs is available at hr.iu.edu/benefits/retirees.html. IU Retiree Status is determined by the following age and service criteria:

Age at Separation ¹	Minimum Years of Service ²
55	30
56	28
57	26
58	24
59	22
60 ³	20

Age at Separation ¹	Minimum Years of Service ²
61 ³	18
62 ³	16
63	14
64	12
65 and Over	10

¹ Separation from IU or employment status change that results in discontinuation of Basic Life Insurance benefits.

² "Years of IU Service" means the years of full-time appointed service at Indiana University. Sabbatical leaves and leaves for purposes of research of distinction are included in the "Years of Service" calculation, however some periods of leave without pay may not be counted. The "Years of IU Service" requirement will be prorated for ages that fall between the ages that are listed in the above table.

³ For employees covered by PERF, Retiree status is reached with at least 15 years of IU service for employees separating at ages 60, 61, or 62.

Retiree Medical Plans

BENEFIT SUMMARY

In addition to the temporary COBRA continuation coverage, Indiana University offers two medical plan options to employees with IU Retiree Status and their eligible dependents. Retirees pay the full cost for coverage.

- **Anthem U65 PPO HDHP:** The Anthem Under 65 (U65) PPO HDHP is available to eligible IU Retirees and dependents under age 65. The plan includes comprehensive coverage for medical, prescription, vision, behavioral health, and organ transplant services with no pre-existing condition limits or waiting periods. When network providers are used, participants receive full benefits. Partial benefits are received from non-network providers, except in the case of an emergency. Network providers include Anthem Blue Access PPO providers in Indiana, National PPO (BlueCard PPO) providers nationwide, and BCBS Global Core providers internationally. Prescription coverage is administered by CVS Caremark and is the same as for active employees in this plan.
- **IU Blue Retiree Plan:** The IU Blue Retiree Plan is designed specifically for IU Retirees and eligible dependents age 65 and older who are enrolled in Original Medicare (Parts A and B). It's not a standardized Medicare supplement (Medigap) plan, though it acts in much the same way as a Medicare Type G supplement. The most notable difference is that the IU Blue Retiree Plan covers the Part B deductible, while a Type G plan does not. The plan includes vision and visionwear coverage through Anthem Blue View Vision, and a wellness benefit that provides limited coverage for dental and hearing. This plan does not include prescription drug coverage, therefore participants must enroll in a Medicare Part D plan in order to obtain prescription coverage.

ELIGIBILITY

Former employees with IU Retiree Status are eligible to enroll in IU Retiree medical coverage if they are covered by an IU-sponsored medical plan at the time of separation from the university (or when COBRA continuation coverage eligibility ends).

Eligible dependents include the Retiree's spouse and children who meet the definition of dependent as defined by

the university for active employee coverage (see hr.iu.edu/benefits/needknow.html). All dependents must have been covered by the Retiree's IU-sponsored medical plan at the time of separation (or when COBRA continuation coverage eligibility ends).

Dependents are only eligible if the Retiree is enrolled in an IU-sponsored retiree healthcare plan. An exception is that the surviving spouse and children are eligible if the former employee has Retiree status at the time of death or the Retiree's death occurs while the dependents are covered under the Retiree's IU-sponsored plan.

ENROLLMENT

You must submit a Retiree medical plan enrollment form to IU Human Resources no later than 60 days from the date your IU-sponsored employee coverage ends, or for those who have elected COBRA, 60 days from the date continuation coverage ends. Enrollment forms are mailed to Retirees upon termination of employment and are available by contacting IU Human Resources at askhr@iu.edu or 812-856-1234.

Once enrolled in an IU-sponsored Retiree medical plan, you cannot add dependents. Other plan enrollment changes are limited to certain circumstances:

- During Open Enrollment each year, participants enrolled in COBRA can switch to a different plan.
- When you or your covered spouse turns age 65 you can elect coverage under the IU Blue Retiree Plan by contacting IU Human Resources at askhr@iu.edu or 812-856-1234 within 60 days.
- If you are enrolled in the IU Blue Retiree Plan you may add a new spouse within 31 days of the date of marriage.
- You may terminate coverage at any time by notifying IU Human Resources in writing at askhr@iu.edu.
- You must notify the plan administrator of any event that terminates dependent eligibility (for example, divorce).

COBRA CONTINUATION COVERAGE

COBRA coverage is available to Retirees and eligible dependents. At the end of COBRA eligibility, the Retiree and eligible dependents may elect the Anthem U65 PPO HDHP Plan or the IU Blue Retiree Plan. The length of COBRA coverage is generally 18 to 36 months, depending on the circumstances. If the participant reaches age 65 after COBRA coverage begins, COBRA eligibility ends at age 65.

COBRA coverage may be attractive because it allows you to temporarily:

- maintain medical coverage including transplant benefits, and dental coverage; and
- maintain Open Enrollment options (e.g., adding dependents, which is not allowed in the retiree plans).

To avoid Medicare penalties, participants in COBRA generally need to enroll in Medicare Part A (hospital benefits), Part B (outpatient benefits), and Part D (Rx benefits) at the time employment terminates (if already age 65 at termination), or when initial Medicare eligibility begins upon reaching age 65.

Medicare enrollment can be delayed without penalty if you or your spouse still work at IU and are covered by an active employee medical plan. In this case there is an eight (8) month Medicare Special Enrollment Period (SEP) starting when IU coverage ends. Delaying enrollment beyond the SEP can result in a waiting period (gap in coverage) and higher Medicare premiums. There is no SEP when COBRA coverage ends.

DISCONTINUATION OF PARTICIPATION

Retiree coverage ends on the first day of the month for which you have not made the required contribution. Dependent coverage under an IU-sponsored Retiree medical plan ends when:

- your coverage ends for a reason other than death;
- the dependent ceases to meet the definition of an eligible dependent;
- all dependent coverage under the plan is discontinued; or
- the dependent becomes eligible for employee coverage.

It is also important to note the following conditions of participation in IU-sponsored Retiree medical coverage:

- If you and your dependents do not elect coverage under an IU-sponsored medical plan at the time of retirement, you cannot participate at a later time.

- After dropping IU-sponsored Retiree medical coverage, participants cannot re-enroll at a later time.
- If you pass away, your surviving spouse and dependents may continue coverage.

PARTICIPANT RESPONSIBILITIES

Summary of actions the participant must take:

For Medical Plans

1. Review the plan options and rates for IU-sponsored Retiree medical coverage.
2. Complete an enrollment form for the Anthem U65 PPO HDHP or the IU Blue Retiree Plan, and submit it to IU Human Resources no later than **60 days** from the termination date of your IU-sponsored coverage.
3. Pay premiums on time.
4. If age 65 or older, enroll in Medicare Parts A, B, and D.*

*If you wish to continue participation in the Anthem PPO HDHP, enrollment in any part of Medicare (Part A, Part B, or Part D), will disqualify you from making contributions to the Health Savings Account (HSA).

For Those Electing COBRA

1. Complete an application form for COBRA within 60 days of:
 - the date that coverage ended; or
 - the date of the COBRA offer letter, whichever is later.
2. Pay initial COBRA premiums to-date within 45 days of electing COBRA.
3. Pay monthly COBRA premiums on time.
4. If eligible for Medicare at the time COBRA is elected, check with the Social Security office to fully understand how Medicare Part B and Part C enrollment coordinates with COBRA coverage. COBRA almost always pays only after Medicare pays first.
5. Make any desired plan changes during Open Enrollment.
6. For those under age 65 with IU Retiree Status—if you wish to continue coverage under an IU Retiree medical plan once your COBRA eligibility ends, complete and submit the appropriate IU Retiree medical plan enrollment form.

For All Options

1. Provide timely notice to the plan administrator of any IRS-qualifying life events such as, divorce, change in disability status, or death of a covered individual.
2. During coverage, notify the plan administrator of changes that will effect communications or eligibility, including address changes, entitlement under Medicare, and/or coverage under another health plan.

Retiree Life Insurance

BENEFIT SUMMARY

When an employee terminates from the university, participation in Basic Group Life Insurance (including the the associated Accidental Death & Dismemberment (AD&D) coverage) and Supplemental Life Insurance ends on the day the individual terminates. Dependent coverage terminates at the same time. The university provides a Retiree Life Insurance benefit to terminated employees with IU Retiree Status. There is no dependent coverage provided as part of this benefit, and no associated AD&D coverage. The amount of Retiree Life Insurance provided by the university is \$6,000 for those terminating with IU Retiree status January 1, 2003, or after.

ELIGIBILITY

All terminated employees with IU Retiree Status are automatically covered by the Retiree Life Insurance benefit. This insurance is fully paid by the university.

CONVERSION OF LIFE INSURANCE

Conversion of Life Insurance for Retirees. Coverage for the difference between the amount of active Basic Life Insurance and the amount of Retiree Life Insurance may be converted to an individual policy without providing proof of good health. Supplemental Life Insurance may also be converted up to the amount of coverage you held at the time of termination.

To convert to an individual policy, you must submit the [Conversion Application](#) and pay the initial premium for that policy within 31 days of your insurance ceasing under the IU-sponsored Group Life Insurance policy. The underwriter, The Standard, makes every effort to provide a conversion offer to employees upon discontinuation of IU-sponsored Life Insurance coverage; however, it is your responsibility to convert your policy in a timely manner, whether or not a conversion offer is extended at the time of termination. If you pass away during the 31 days allowed for conversion, The Standard will pay the amount of Life Insurance that could have been converted.

Conversion of Life Insurance for Dependents. Retiree coverage does not include dependent coverage. Dependents may purchase an individual policy when coverage ends due to the employee's coverage ceasing or when the dependent no longer meets the definition of a dependent for coverage under the employee's Basic Life Insurance. The amount of the individual policy is limited to no more than the amount at the time coverage ceased. The dependent must submit the [Conversion Application](#) and pay the initial premium within 31 days of the date on which coverage ends.

Retiree IU Tuition Benefit

RETIREE ELIGIBILITY

Former employees with IU Retiree Status are eligible for the IU Tuition Benefit. The benefit for retirees is the same as the benefit for active employees. For retirees, graduate-level tuition subsidies above the \$5,250 IRS annual limit are treated as taxable income. For spouses, all graduate-level tuition subsidies are treated as taxable income to the associated retiree.

DEPENDENT ELIGIBILITY

The spouse and tax dependent children of an IU Retiree are also eligible for the IU Tuition Benefit. Proof that an individual is an eligible dependent is required at the time of initial enrollment and periodically thereafter. To be eligible for the IU Tuition Benefit, a dependent must meet the definition of an eligible dependent (as defined by the plan), of an eligible retiree or of a deceased retiree who was eligible at the time of their death, by the first day of the semester or term.

The IU Tuition Benefit will be discontinued at the conclusion of the semester/term in which:

- the dependent ceases to meet the definition of a dependent as specified in this plan; or
- the child receives a bachelor's degree or accumulates 140 credit hours of IU Tuition Benefit awards*, whichever comes first.

*Hours that accumulate toward the 140-credit hour limit include any earned hours, failed or incomplete course hours, and withdrawn courses that received a "W" after the 100% tuition refund period that have been subsidized by the IU Tuition Benefit.

RIGHTS AFTER PARTICIPATION ENDS

A participant may complete coursework for any semester/term that began while they were eligible. Any refund due from the university or amount owed to the university for the IU Tuition Benefit will be paid or collected after the end of the semester/term. In the event that you pass away while eligible, your eligible dependents may receive the IU Tuition Benefit, the same as if you were still employed.

Indiana University's Health Care Plans Notice of Privacy Practices

This notice describes how medical information about you may be used and disclosed and how you can get access to this information. Please review it carefully.

Effective Date: April 14, 2003

Updated: July 12, 2021

As the Plan Sponsor of employee health care plans, Indiana University is required by law to maintain the privacy and security of your individually identifiable health information. We protect the privacy of that information in accordance with federal and state privacy laws, as well as the university's policy. We are required to give you notice of our legal duties and privacy practices, and to follow the terms of this notice currently in effect.

This notice applies to all employees covered under an IU-sponsored health plan, but particularly those enrolled in IU self-funded plans.

How the Plan May Use and Disclose Protected Health Information about Members

Protected Health Information (PHI) is health information that relates to an identified person's physical or mental health, provision of health care, or payment for provision of health care, whether past, present or future and regardless of the form or medium, that is received or created by the Plan in the course of providing benefits under these Plans.

The following categories describe different ways in which Indiana University uses and discloses health information. For each of the categories Indiana University has provided an explanation and an example of how the information is used. Not every use or disclosure in a category will be listed. However, all of the ways Indiana University is permitted to use and disclose information will fall within one of the categories.

Treatment

Health information may be reviewed to provide authorization of coverage for certain medical services or shared with providers involved in a member's treatment. For example, the Plan may obtain medical information from or give medical information to a hospital that asks the Plan for authorization of services on the member's behalf, or in conjunction with medical case management, disease management, or therapy management programs.

Payment

Medical information may be used and disclosed to providers so that they may bill and receive payment for a member's treatment and services. For example, a member's provider may give a medical diagnosis and procedure description on a request for payment made to the Plan's claim administrator; and the claim administrator may request clinical notes to determine if the service is covered. Similarly, a physician may submit medical information to a Business Associate for purposes of administering wellness program financial incentives. Medical information may also be shared with other covered entities for business purposes, such as determining the Plan's share of payment when a member is covered under more than one health plan.

Explanations of Payments may be mailed to the physical or email address of record for the employee, the primary insured.

Health Care Operations

Health information may be used or disclosed when needed to administer the Plan. For example, Plan administration may include activities such as quality management, administration of wellness programs and incentives, to evaluate health care provider performance, underwriting, detection and investigation of fraud, data and information system management; and coordination of health care operations between health plan Business Associates. Genetic information will not be used or disclosed for health plan underwriting purposes.

Medical information may also be used to inform members about a health-related service or program, or to notify members about potential benefits. For example, we may work with other agencies or health care providers to offer programs such as complex or chronic condition management.

Individuals Involved in Your Care or Payment of Care

Unless otherwise specified, the plan may communicate health information in connection with the treatment, payment, and health care operations to the employee and/or any enrolled individual who is responsible for either the payment or care of an individual covered under the plan. Also, when a member authorizes another party in writing to be involved in their care or payment of care, the Plan may share health information with that party. For example, when an employee signs an authorization allowing a close friend to make medical decisions on their behalf, the Plan may disclose medical information to that friend.

Legal Proceedings, Government Oversight, or Disputes

Health information may be used or disclosed to an entity with health oversight responsibilities authorized by law, including HHS oversight of HIPAA compliance. For example, we may share information for monitoring of government programs or compliance with civil rights laws. Health information may also be disclosed in response to a subpoena, court or administrative order, or other lawful request by someone involved in a dispute or legal proceeding.

Research

Health information may be used or shared for health research. Use of this information for research is subject to either a special approval process, or removal of information that may directly identify you.

Uses & Disclosures Requiring Your Written Authorization

In all situations, other than the categories described above, we will ask for your written authorization before using or disclosing personal information about you. The Plan will not share member information for marketing purposes, including subsidized treatment communications, or the sale of member information without written permission. Members can also opt-out of fundraising communications with each solicitation. If you have given us an authorization, you may revoke it at any time. This revocation does not apply to any uses or disclosures already made in reliance on the authorization.

Mental health information, including psychological or psychiatric treatment records, and information relating to communicable diseases are subject to special protections under Indiana law. Release of such records or information requires written authorization or an appropriate court order.

Member Rights Regarding Protected Health Information

Right to Inspect and Copy

Members have the right to inspect and obtain a copy of the Protected Health Information maintained by the Plan including medical records and billing records.

To inspect and copy PHI, members must submit in writing a request to the plan administrator. Requests to inspect and copy PHI may be denied under certain circumstances. If a member's request to inspect and copy has been denied written documentation stating the reason for the denial will be sent to the member.

Right to Amend

Members have the right to request an amendment to PHI if they feel the medical information is incorrect for as long as the information is maintained.

To request an amendment, members must submit requests, along with a reason that supports the request, in writing to the plan administrator.

The Plan may deny a member's request for an amendment if it is not in writing or does not include a reason to support the request. Additionally, the Plan may deny a member's request to amend information that:

- Is not part of the information in which the member would be permitted to inspect or copy;
- Is not part of the information maintained by the Plan
- Is accurate and complete

Right to an Accounting of Disclosures

Members have the right to an accounting of PHI disclosures during the six years prior to the date of a request.

To request an accounting of disclosures, members must submit requests in writing to the plan administrator. Requests may not include permitted PHI disclosures made to carry out treatment, payment or health care operations included in the six categories listed above.
