

Information Packet

Master of Arts in Education and Master of Science

Welcome to the Master of Arts in Education (MAEd) and Master of Science (MS) degree programs in the Department of Curriculum and Instruction (C&I) in UAB’s School of Education (SOE). The first purpose of these master’s degree programs is to guide educators in meeting the evolving needs of learners in today’s rapidly changing society. Their second purpose is to deliver cutting-edge instruction through a standards-based, inquiry-focused approach based on constructivism for preparing educators to use state-of-the-art instructional strategies. The third purpose is to ensure that a quality program is available to educators regardless of where they live. Depending on the teaching field, the corresponding master’s degree program is either fully online, mostly online, or blended.

New Location. In Summer 2020, the SOE moved from its original home in the Education Building to the Education-Engineering Complex (EEC) which was renovated to meet the needs of SOE faculty and students. From its new home at 1150 Tenth Avenue South, the SOE is now located close to two public schools (Glen Iris and EPIC) and also within easy walking distance of street parking (free and metered).

Driving and Parking. <https://www.uab.edu/education/home/about/location-directions-parking>. Before the SOE’s move to the EEC, parking was a big challenge. It would often take 30 minutes to find a parking space, even with a UAB parking decal. After the move and also due to the COVID pandemic, parking has not been an issue. Nonetheless, whenever coming to campus, it is best to come with time to look for a parking space and also with quarters to use in the parking meters.

Candidate/Student. The words *candidate* and *student* are used interchangeably in this packet. The word *candidate* refers to current and prospective students in the SOE. The word *student* usually refers to learners in instructional settings who are being taught by SOE candidates.

MAEd: The following information corresponds to UAB policies and procedures in effect on the date of this packet. For MAEd programs, this information also corresponds to codes and regulations mandated by the Alabama State Department of Education (ALSDE). Updated versions of this packet will take precedence over what is stated here. Such updates are usually in response to changes in ALSDE codes. The ALSDE periodically updates its codes to provide Alabama schools with educators prepared to meet the changing needs of today’s society. NOTE: If an updated program checklist offers more advantages to already-admitted students, candidates may request switching to the updated checklist.

Program Directors/Coordinators and Faculty Advisors

Prospective applicants should contact their Program Coordinators. After admission, faculty advisors will be assigned by program area.

Test-Taking Tips

- 1) Free Webinars:** ETS offers free live webinars for certain exams. These webinars offer in-depth information, examples of study plans, and the opportunity to ask questions. Topics include test overviews, free resources for test preparation, and tips for reducing test anxiety.
- 2) Study materials:** Students should prepare by purchasing study materials, online, at the UAB bookstore, or at other major bookstores. Applicants are encouraged to take several practice tests (included in purchased test preparation materials) in a secluded area and by setting a timer for the allotted time.
- 3) Disability Support:** If students have a disability, they should register with UAB's Disability Support Services (205) 934-4205. This takes time. So, if students plan to seek a disability designation at UAB, they must start this process at least 3 months before the test date. Once students have been designated by UAB's Student Disability Services as having a disability, they will be allowed to take an admission exam with accommodations. The exact accommodation depends on the type of disability.
- 4) Arriving on Time:** Test takers should arrive at the test center at least 30 minutes before the test is scheduled to start. Test-takers must be inside of the designated testing room before the time indicated on the instructions. For example, if test-takers are told to arrive by 10:30, this means that the door of the testing room closes at 10:30 and no one else is permitted to enter.
- 5) Default Response:** If test takers do not know the answer to a question, they should mark their pre-selected default response rather than leaving it blank. "C" is often recommended. Test takers should not worry about marking "C" numerous times. Using a default response works well since the passing scores on the MAT often correspond to about 40% of the questions being correct. Of a test taker's default responses, about 25% are often correct. For example, of 20 "simply mark C" responses, about 5 will be correct. For some test takers, this is the difference between passing and not passing. Instead of "C," test takers may wish to use "B" or another letter. *NOTE: This approach will not work as well when a higher cut score is required. It also does not work on other types of exams, e.g., Advanced Placement or Nursing Boards; it depends on the test design.*
- 6) Slow Readers:** If test takers are slow readers, they can avoid getting bogged down with reading long questions. When slow readers see a confusing question, they may wish to consider not taking lots of time to think about it. Instead, they could "simply mark C" and go on to the next question. If they have time left at the end, they can come back to the long questions where they had "simply marked C."
- 7) Keeping track of time:** One minute before the test ends, test takers should "simply mark C" on the remaining questions. That way, if they run out of time, they will have responded to all questions. For computer-based tests, the time appears on the screen. Test takers cannot rely on their cell phone for telling time because they are not allowed to bring cell phones into the testing room.

Non-Degree Seeking Status

UAB Graduate School, 205-934-8227 gradschool@uab.edu

Applicants (secondary, K12 single subject, non-cert) who do not meet degree-seeking application deadline and wish to start taking courses that semester.

- 1. Instructions:** Read the instructions for non-degree seeking students at <http://www.uab.edu/graduate/nondegreestudents>
- 2. Non-degree application:** Submit a non-degree seeking application five business days before the start of the targeted term.
- 3. Degree choice:** After clicking "Start new application", respond to the four key questions as follows:
 - a. For which of the following are you applying? **Non-Degree Seeking**
 - b. Intended Program of Study: **Education Non-Degree**
 - c. Concentration: **Not Applicable – the selected program does not offer concentration options**
 - d. Term: Select the term that you are interested in registering for as a non-degree seeking student.
- 4. Payment:** Pay \$40 online (debit card or credit card) and click SUBMIT.
- 5. Transcripts:** Non-Degree students must submit a copy of their transcript from a regionally accredited university showing that a bachelor's degree or higher has been awarded. This transcript may be unofficial, and can be uploaded within the application prior to submission. If you would like to submit an unofficial copy of your transcript after submission, please send it via email to gradschool@uab.edu. Your application cannot be processed until the Graduate School has received a copy of your transcript. If you submit an official transcript for non-degree seeking admission, this transcript can later be used for degree-seeking admission.
- 6. Admissions:** Once you have completed your application by paying the fee and submitting a transcript showing that a bachelor's degree or higher has been awarded from a regionally accredited university, the Graduate School will process your application within 1-3 business days. After an admissions decision has been rendered, you will be notified via email and will need to log back into the application dashboard to view your decision. You will find crucial information within your decision letter, such as a link to complete the Acknowledgement of Non-Degree Policies form, how to process your BlazerID if you do not already have one, and information regarding required overrides that must be issued to non-degree seeking students.
- 7. No financial aid:** During the terms in which you take courses as non-degree seeking, you are NOT eligible for student loans.
- 8.** After you earn degree-seeking status, submit the form *Change non-degree seeking credit to degree-seeking credit*. You can find this form at <https://www.uab.edu/graduate/students/current-students/academic-policies-progress/forms>

English Language Arts		12 graduate credit hours ² with 9 hours in English & 3 graduate credit hours in another area English: 3 courses with an EH prefix selected in conjunction with SOE faculty advisor. Theater: THR 520 or 562 (offered during alternating summers) or other advisor-approved course
Mathematics		12 credit hours in math: Courses with an MA prefix selected in conjunction with SOE faculty advisor

Potential Transfer Courses: If you have already completed graduate courses in your Teaching Field (TF) and did not use them towards another graduate degree, you might be able to use some of these TF courses (e.g., biology) towards traditional Class A teacher certification issued by the ALSDE. This does not apply to education courses taken at another institution. Since each applicant's situation is different, individual approval must be sought. After submitting your admission application to UAB, you must send corresponding transcripts and course syllabi electronically to the faculty advisor for your TF (page 2). The advisor helps select potential TF courses and seeks approval from Ms. Tashara Walker (tawalker@uab.edu), Director of the SOE Office of Student Services. If a course prefix differs from the TF prefix and the course has not been approved previously by ALSDE, Ms. Walker submits a request to the ALSDE for approval/denial.

Eligibility to Teach in a Community College: After completing a master's degree and 18 graduate hours in a single teaching field (e.g., English) and not a comprehensive field (e.g., English Language Arts), candidates will be eligible to teach that subject at a post-secondary level such as in a community college.

I am aware of the following:

- 1) Applicants should read and follow the stipulations in this information packet and keep themselves informed regarding any changes.
- 2) All regulations described in this information packet **are valid only up until the date** on this packet.
- 3) Policies are established by UAB and ALSDE, these policies are subject to change, and all candidates must abide by all such changes.
- 4) Candidates must submit their admission applications to UAB's Graduate School by the deadline. However, it is usually OK for exam scores to arrive a few days after the deadline.
- 5) When communicating with UAB faculty and staff by email, candidates should always use professional email etiquette, should fully identify themselves, and should also provide some background information.
- 6) After candidates have obtained a UAB email, they must check it frequently and always use it in official communication.
- 7) Candidates must take all of the education courses on their program checklist (no substitutions) and follow all procedures to earn an master's degree from UAB and, for an MAEd, to earn Class A certification from the ALSDE.
- 8) If recommended by a course instructor or the program director, candidates must take GRD 727 Academic Writing.
- 9) Candidates must always demonstrate a high level of professional dispositions worthy of the teaching profession. Failure to do so will result in being exited by the SOE.
- 10) Candidates must maintain 3.25 GPA to progress from semester to semester and be eligible for a master's degree and, if an MAEd, for Class A certification. The Graduate School exits candidates following the second semester of academic probation (lower than 3.0).
- 11) Candidates must confer with their SOE faculty advisor or with their program director whenever they have questions concerning their program. Advisors and program directors give advice but that they are not responsible for a candidate's program or degree.
- 12) Candidates must submit an Application for Degree to the program director and/or to the SOE Office of Student Services about 7 months before their anticipated graduation. Failure to do so may delay their graduation by a full semester.
- 13) Upon discontinuing studies for more than a year, even with leave of absence, candidates must follow program in effect upon re-entry.
- 14) MAEd: Candidates must submit an Application for Certification to the Office of Student Services during their final semester. If this application is not submitted within 60 months of graduation, candidates lose their eligibility for Class A certification.
- 15) MAEd: After the master's degree has been posted on their transcript, candidates should submit a request to UAB for an official transcript to be sent to their school system in order to become reclassified in a new salary bracket. This salary reclassification will be finalized after the school receives official notification of the Class A certificate.
