

INGREDIENTS LIST AND ALLERGENS 2021/2022

(Updated: February 2021)

ERRORS AND OMISSIONS EXCEPTED

Whilst every precaution is taken at time of production, we cannot guarantee that traces of any allergens are not transferred from one product to another during handling, decorating or packing.

NUTS: All products are produced in a facility that handles nuts, including peanuts.

SOY: No soy is added to any product, but is usually present in margarine and vegetable oil.

"FLOURLESS" products do not have wheat flour as part of the recipe, but it may be present in traces due to general use of flour throughout the bakery.
