Integrated Preparedness Overview

- The purpose of the Integrated Preparedness Plan (IPP) is to document overall preparedness priorities and activities for Minnesota Emergency Management.
- Incorporating all elements of the Integrated Preparedness Cycle allows for maximum efficiency of resources, time, and funding.
- This works towards improving Minnesota's capabilities.

Part of the updated HSEEP guidance

- IPPW and IPP replace the TEPW and TEP
- Exercise cycle shown here is the same.
- Continuous improvement is always the goal
- Striving for the highest level of service and support every day **and** in an emergency or disaster

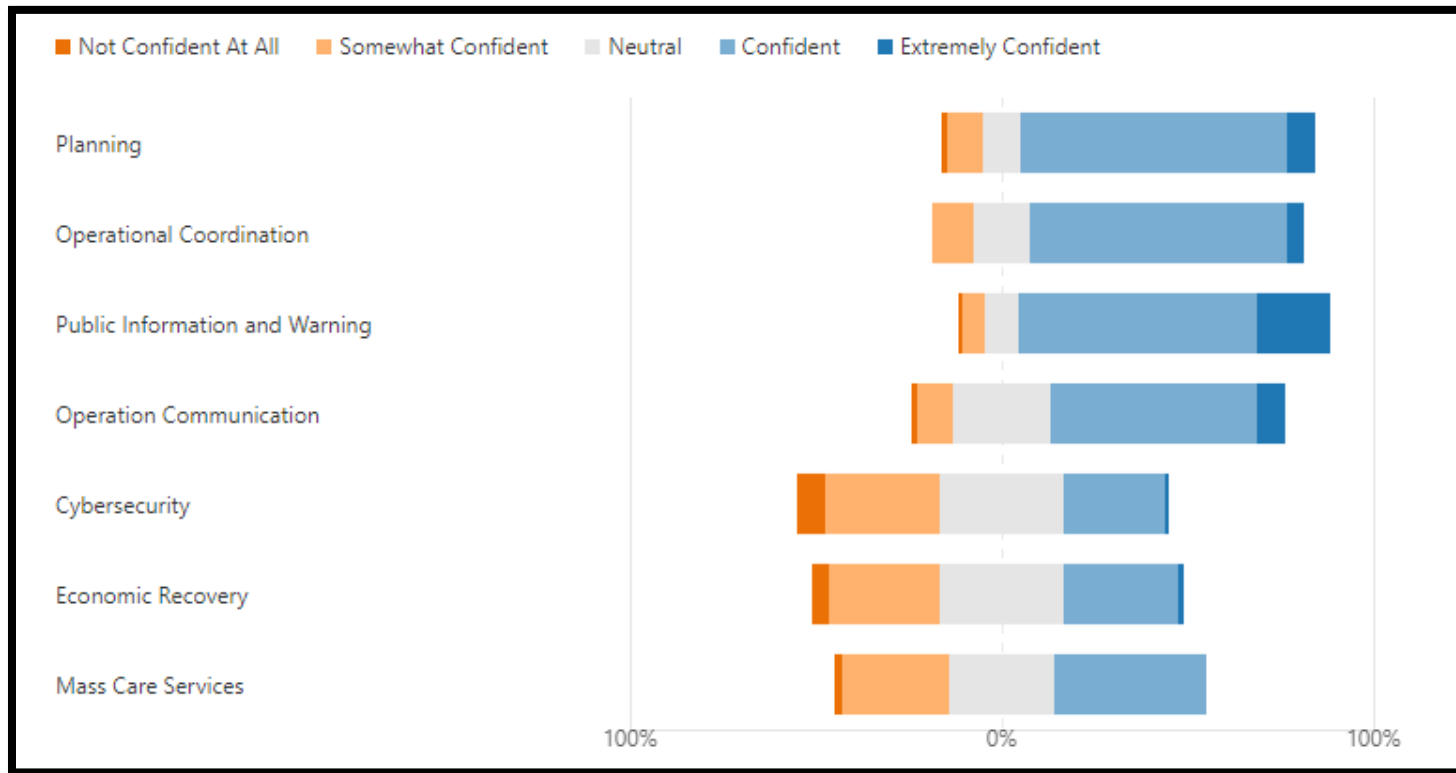

IPPW Purpose

The purpose of the IPPW is to consider the range of preparedness activities within the Integrated Preparedness Cycle, and along with the guidance provided by senior leaders, identify and set preparedness priorities, and schedule preparedness activities for the multi-year Integrated Preparedness Plan.

Review Integrated Preparedness Priorities

Considering FEMA's Core Capabilities, how confident are you in your county's/tribe's ability to perform the following Core Capabilities?

Review Integrated Preparedness Priorities

Which Core Capabilities would you like to prioritize when considering 2021 training topics?

Community Resilience	Threats and Hazards Identification
Long-term Vulnerability Reduction	EOC Operations
Critical Transportation	Operational Communication
Access Control and Identity Verification	Housing
Risk and Disaster Resilience Assessment	Fatality Management

Changes to HSEEP Doctrine (February 2020)

- IPPW/IPP instead of TEPW/TEP
- Geared toward Whole Community Approach
- Better layouts of information
- Suggestion for planning team organization - alternative to ICS
- Better info on planning and conduct differences between discussion-based exercises and operations-based exercises
- Suggests making corrective actions **SMART**, because they *are* objectives (**S**pecific, **M**easurable, **A**chievable, **R**ealistic, **T**ask oriented/**T**ime bound)
