## Business Solutions

Interact became a leader in providing the latest technologies and using the best practice to deliver optimized solutions to our customers.

With our large umbrella of offerings from technology partners and prompt on the ground support, our fully accredited team brings real results

- Microsoft Dynamics 365
- Microsoft SharePoint Online
- Microsoft Flow
- Power BI
- NCR Aloha POS
- eCopy
- SafeCom
- Nuance Output Manager

Cloud Solutions are internet-based solutions where shared resources, data and information are provided to computers and other devices on-demand via "the cloud". This enables on-demand access to a shared pool of configurable computing resources.

Cloud computing and storage solutions provide individual and enterprise segment with various capabilities to store and process their data in third-party data centers, relying on the sharing of resources to achieve coherence and economies of scale.

Our Cloud solutions allow organizations to benefit from all services being backed by a 99.9% scheduled uptime SLA, and a premium disaster recovery service that allows a fast switchover to a geographically separated data center in case of primary data center failure. We also provide Private Cloud solutions implemented behind a corporate firewall, under the control of the IT department, as well as Big Data projects.

- Cloud Security Solutions “Cisco Umbrella, DUO and Email Security
- Online meetings and collaboration solutions “Cisco Webex
- Microsoft Public Cloud Office 365
- Microsoft Azure
- Private Cloud
- Big Data

## Consulting & Professional Services

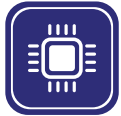

Like the vast majority of our customers, IT is probably not your core business. Trying to solve all of your IT challenges internally can become a major distraction, and other aspects of your business can suffer. More often than not these challenges end up costing way in excess of your initial expectations.

If you need help with a special project involving your IT Environment, we're eager to assist you. We have the expertise to an expert team provide advisory and managerial services that will meet any of your short, or long-term IT objectives.

- IT Project management
- IT Assessments
- Network Security Services
- Disaster Recovery
- Site Infrastructure Documentation

Interact offers a full range of equipment for every IT solution for variable IT environments. Through our Pre-Sales specialists we discuss all the existing factors in order to deliver the most effective solution that meets your needs.

- Pre-Sales Assistance
- Hardware Product Delivery plus Supply Chain
- After-Sales Support
- Warranty Services
  - HP Care Pack and warranty services
  - Lenovo warranty Services
- Spare Parts

## Security Solutions

Interact can provide End to End security, our philosophy for Security solution is simple: identify what security threats challenge organizations and provide the appropriate solutions for them. To this Target, we have partnered with several specialized Security vendors to provide best-of-breed solutions to our clients.

We aim to offer a variety of products and services that fit almost any budget and fulfill the needs of organizations regardless of their size

The perimeter Layer	The Network Layer	Host Layer	Application Layer	Data Security
Remote Access (VPN)	NAC	Host IPS	WAF	DLP
Packet Shaper	Web Proxy	Anti Malware	Dynamic App Testing	Data Classification
WAN Optimization	Content Filtering	Patch Management	Static App Testing code Review	Database Monitoring Scanning
Mail Security	Web Filtering	I/O control	Identity & Access Management	Data Wiping Cleansing
Firewall	Wireless FW	Mobile Security		Encryption
DDoS protection	VOIP Protection	DLP		MDM , EMM and UEM

What are your business priorities, Attracting or retaining new customers? International expansion?  
Cost savings and operational efficiencies?

Our outsourcing services give you access to the specialized IT skills and capabilities you require to grow your business and have it performing at the highest levels. Interact's Outsourcing team works with you closely and recommends tailored best-fit solutions as well as continually monitoring and reporting progress, making your business more agile, flexible and innovative.

- Security Operation Center (SOC)
- Network Operation Center (NOC)
- IT Staffing
- IT Service Desk
- Application Management Outsourcing (AMO)
- IT Service Management Processes Outsourcing
- Software Development and Technical Analyst

#### **Benefits:**

- Reduces operation overheads and controls operating costs
- Frees up resources to focus on mission critical projects
- Gain access to specialized skills and capabilities
- Offloads non-core functions, redirecting personnel to core business operations

## Printing Solutions

As an HP Authorized Service Partner, Interact provides standard warranty, Care Packs and Service Level Agreements (SLAs) for a full range of HP commercial Printers and Plotters including HP LaserJet, MFPs and Design Jet

In today's economy, Managed Print Services (MPS) is the only solution to control the unaudited corporate expenses in Office Printing in respect of the "Opportunity for Savings".

Interact, accordingly, provides several types of Service Contracts and agreements including or excluding Spare parts and PPU "Pay-Per-Use" contracts

- Imaging and Printing
- Managed Print Services
- HPAC and SafeCom Smart & Secure Printing

Technologies, systems and processes are important tools to achieve your business goals. In today's fast changing world, your business needs reliable expertise and experience, coupled with solid business knowledge to execute its corporate strategy.

Interact provides its customers with a variety of technical ICT services to keep them ahead of the technology curve using a first class certified technical team.

- Active Directory Implementation (Single Server / separate sites)
- Active Directory Implementation (Multiple Servers on Single Site)
- Active Directory Implementation (Multiple Geographic Locations via WAN)
