

CORPORATE PRESENTATION

Q3 2020 Corporate & Operational Update

DISCLAIMER

These presentation slides have been prepared by, and are the sole responsibility of, the directors of Hummingbird Resources plc ("Hummingbird Resources" or the "Company"). Those directors have taken all reasonable care to ensure that the facts stated herein are true to the best of their knowledge, information and belief. The information in this document is subject to updating, revision and amendment. This document neither constitutes nor forms nor should be constructed as constituting or forming part of any offer or invitation to sell or any solicitation of any offer to purchase or to subscribe for any securities in Hummingbird Resources or any other body corporate or an invitation or inducement to engage in investment activity under section 21 of the UK Financial Services and Markets Act 2000 nor shall it or any part of it form the basis of or be relied on in connection with any contract therefore. This document does not constitute an invitation to effect any transaction with Hummingbird Resources nor to make use of any services provided by Hummingbird Resources. No reliance may be placed for any purpose whatsoever on the information contained in this document nor on assumptions made as to its completeness. No representation or warranty, express or implied, is given by Hummingbird Resources, any of its subsidiaries or any of its respective advisers, officers, employees or agents, as to the accuracy, fairness or completeness of the information or opinions contained in this document or expressed in the presentation and, no liability is accepted for any such information or opinions (which should not be relied upon) or for any loss howsoever arising, directly or indirectly, from any use of this document or its contents or information expressed in the presentation.

The information and opinions contained in this document and the presentation are provided as the date of this document and the presentation and are subject to change without notice.

This presentation contains forward-looking statements that are based on Hummingbird Resources' current expectations and estimates. Such forward-looking statements involve known and unknown risks, uncertainties and other factors that could cause actual events or results to differ materially from estimated or anticipated events or results implied or expressed in such forward-looking statements. Any forward-looking statement speaks only as of the date on which it is made and Hummingbird Resources disclaims any intent or obligation to update any forward-looking statement, whether as a result of new information, future events or results or otherwise. Forward-looking statements are not guarantees of future performance and, accordingly, undue reliance should not be put on such statements due to the inherent uncertainty therein.

Q3 2020 Performance: Corporate & operational highlights

Corporate Highlights:

- **Balance sheet & Deleveraging:** Group cash of US\$9m at 30 September 2020 (US\$6m at Q2 2020). Total bank debt of US\$19 million having been reduced by ~US\$7 million during the quarter, bringing net-debt down to ~US\$10 million
- **Gold inventory:** 4,600 oz gold inventory at 30 September 2020 worth approximately US\$9m. **Including gold inventory value, net-debt reduces to ~US\$1m**
- **2020 guidance:** Production guidance maintained at 110-125koz. Now into the dry season expectations are for a better quarter with realistic expectations for the full year to be at the lower end of guidance
- US\$995 AISC guidance now more at risk with increased cost pressures: Excessive rain, COVID-19, temporary Mali border closures
- **Exploration:** Over 95% of the US\$5m 2020 Exploration programme complete with +21,000m of drilling. Encouraging results giving confidence of our resource and LOM extension potential at Yanfolilla. **Recent notable drill hole 16m @ 9.64 g/t from 47m depth** from our Sanioumale East ('SE') deposit
- **Other: Dugbe, Liberia** JV Pasofino is funded and started DFS & exploration works. New exploration targets being explored encouraging | **Kouroussa Guinea** pre-development progressing. Awaiting mining license to be awarded

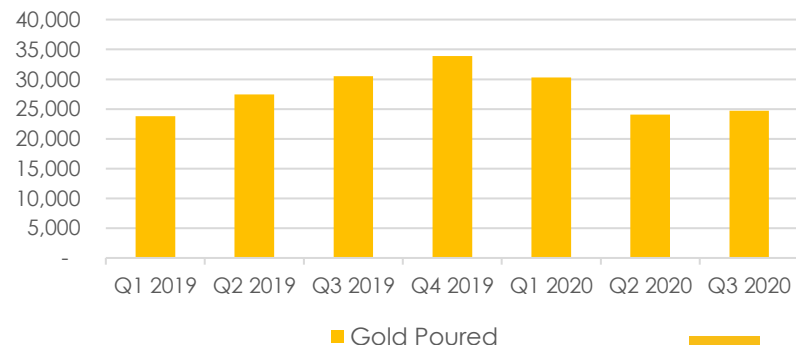

Operational Highlights:

- **Production:** 24,722 ozs of gold poured in Q3 2020 (24,054 oz in Q2 2020)
- **AISC:** US\$1,283/oz AISC in Q3 2020 (US\$983/oz AISC in Q2 2020)
- **Gold sales:** 23,794 ozs of gold sold in Q3 2020 at an average price of US\$1,919/oz
- **TRIFR** rate of 0.91 below company target rate of 2.5

Total Bank Debt & Net Debt
(US\$m: Including gold inventory value)

~2 Year Quarterly Production Numbers
(Koz)

Hummingbird Resources plc: An overview

Strong production base

110 – 125koz
(2020 guidance)

1H21 current debt paid off

~US\$32m debt & interest
forecast to be paid in 2020

Growing cash flow¹

\$45m for H1 2020 (vs \$16m
for H1 2019)

Clear growth strategy

Targeting +200koz by 2022/23
from Yanfolila & Kouroussa

Multi asset & jurisdiction base

1 producing & 2 development
assets in 3 West African countries

ESG policy

ESG policy & procedures
central to everything we do

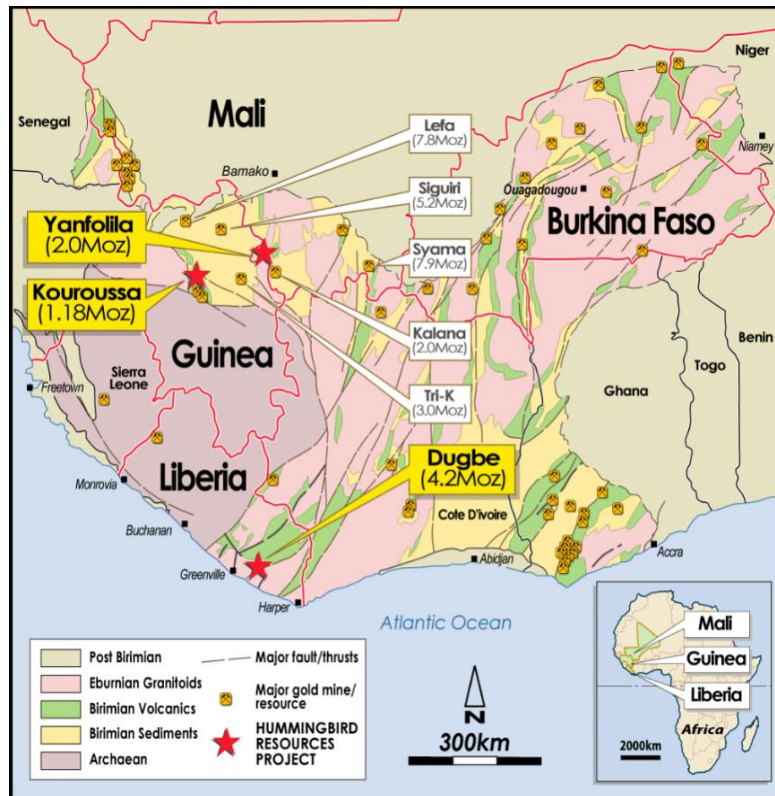

Exploration upside

2020 drilling programme shows
LOM extension potential

Proven management team

Proven operational & project
development teams

Note: 1) Cash flow is operating cash flow before working capital movements

Hummingbird Resources plc: 2025 vision

**>350 – 500koz
gold producer**

**Multi asset &
jurisdiction production**

<\$1,000/oz AISC

**>10 year
mine life**

**Strong cashflows &
capital management
initiatives**

**Environmental, social &
governance focussed**

The team implementing the vision: Experienced Board & senior management

Hummingbird Board

Russell King
Non-Executive Chairman

- Former Chief Strategy Officer at Anglo American & member of the Executive Committee for 8 years & former Senior Non-Exec of Aggreko Plc
- Former Senior Advisor to RBC on Metals & Mining

Dan Betts
CEO

- Founded Hummingbird in 2005
- Developed the business from a private explorer to a listed company with 6Mozt gold
- 18 years' previous experience in metals industry
- Former Management Consultant at Accenture in 2000

Tom Hill
Finance Director

- 17 years' experience in the resource sector
- Metallurgy, Economics & Management Oxford university graduate
- Former Senior Manager within BDO LLP's natural resources department

David Straker-Smith
Non-Executive Chairman

- Director of London-based investment research and advisory firm, CrossBorder Capital Ltd
- Director of New Vision Management Ltd and Nomad Energy UK Ltd
- Former positions at ING Barings Securities Ltd and Gerrard & National Holdings Plc

Attie Roux
Non-Executive Director

- 42 years' operational, technical and executive experience
- Former COO of Endeavour Mining
- Chairman of the TAC

Ernie Nutter
Non-Executive Director

- Mining analyst formerly with Capital Group
- Former Director and Managing Director of RBC Capital Markets
- Former Chairman of RBC Dominion Securities
- BSc Geology

Stephen Betts
Non-Executive Director

- Over 40 years' experience in trading with gold and related businesses in developing countries
- Chairman of the Stephen Betts group of companies
- Established several businesses in West Africa during his career

Senior management team

Edward Montgomery
Chief Strategy & ESG Officer

- 20 years' experience in global financial markets
- Accounting & global equity market experience with: PwC, Goldman Sachs, Osprey Asset Management, Credit Suisse & Canaccord Genuity

Shaun Bunn
Senior VP Project Delivery

- 30 years' experience in exploration, mining, processing and project development
- BSc & GDip from WA School of Mines & MBA from Deakin University

John Meneghini
Senior VP Operations

- 47 years' experience in operational & management mining
- BSc in Mine Engineering from WA School of Mines

Saidou Idé
Senior Executive
Stakeholder Relations

- 20 years' of industry experience
- Former admin & finance positions at Avocet, Resolute & Glencore
- BSc from University of Quebec
- Well-versed in operating in West Africa

Edrich Welthagen
General Manager - Mali

- 15 years' experience in open cast & underground mining in numerous commodities in various countries around Africa
- B(Eng) Mining Engineer (University of Pretoria - South Africa)

Tim Huskinson
VP Finance

- 10 years' accountancy experience, covering a range of sectors, including natural resource & engineering
- Qualified as a chartered accountant with BDO LLP

William Cook
VP Operations

- Former officer of the British Army
- Security sector experience for Control Risks, Rubicon & Salamanca Risk Management
- Experienced in operational & logistical management of projects in challenging environments

Murray Paterson
VP Geology

- 20 years' experience as a mine (OP & UG)
- Mineral resource and exploration geologist
- Experience as a geological & mining systems consultant & an exploration and mine geologist

Wayne Galea
VP EPCM

- 31 years' experience in the mining industry, specialising in gold
- Process engineer background for AMEC, Bateman & Signet
- Experience working for gold mining companies such as KBK Gold

David Hebditch
Project Manager - Guinea

- Over 7 years' industry experience, inc: Shec & project manager roles at Yanfolia, Mali
- MSc London School of Economics & Certified Project Management Professional

Hummingbird 2025 Vision: +350-500koz production company comparison

Hummingbird's 2025 production vision vs peer company June 2020 mid-range production guidance *

Note: Hummingbird's 2025 production vision does not include company comparison future growth expectations

Source: Company Reports; midpoint production guidance for 2020

The next two years: Production & development plans

Environmental social & governance: At the heart of our strategy

Environment

- **Diversity improvement** – Commitment to repair, improve & enhance the diversity environment on and around our mine sites
- **WGC Membership** – Commitment to implementation & adhere to the Responsible Gold Mining Principles ('RGMPs')
- **Commitments focus on:**
 - Reforestation
 - TSR monitoring & upgrades
 - Water management

Social

- **Leave a positive legacy for our communities** - Committed to building a lasting positive legacy for those living in the communities where we operate
- **Commitments focus on:**
 - Water & Sanitation
 - Education
 - Health
 - Alternative Livelihoods
- **Examples inc:** Markets Gardens | Soap Manufacturing | Poultry Farm | School funding | Honey initiative | Malaria community spraying

People & Ethics

- **Operate responsibly and ethically** – Committed to operating at the highest levels both responsibly and ethically
- **Commitments focus on:**
 - High local and region employment
 - Local and country supply chain focus
 - WGC RGMP adherence
- **Examples inc:** Member of Single Mine Origin ('SMO') | RGMP implementation

HSE

- **Zero harm policy** – Committed to operating to achieve Zero Harm with every employee, contractor and visitor returning home safely each day
- **Commitments focus on:**
 - Below industry average LTIR
 - Award individual & team good work ethics
 - COVID 19 minimisation strategies work practices
- **Examples inc:** Monthly site safety awards | LTIR free rate of 1.25 (pre 1m hours) | CCI health expertise on site | Ongoing training

Financial comparisons: Strong cashflow yield & relative evaluations attractive

- Strong cash flow generation giving funding certainty for growth aspirations while trading at attractive relative valuations

Strong free cash flow yields (2021E)

EV/EBITDA (2021E)

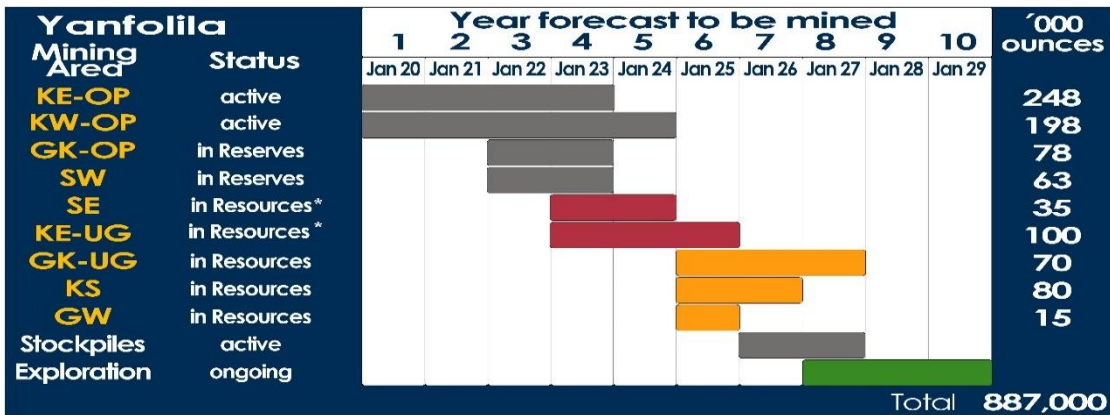

EV/Operating cash flow (2021E)

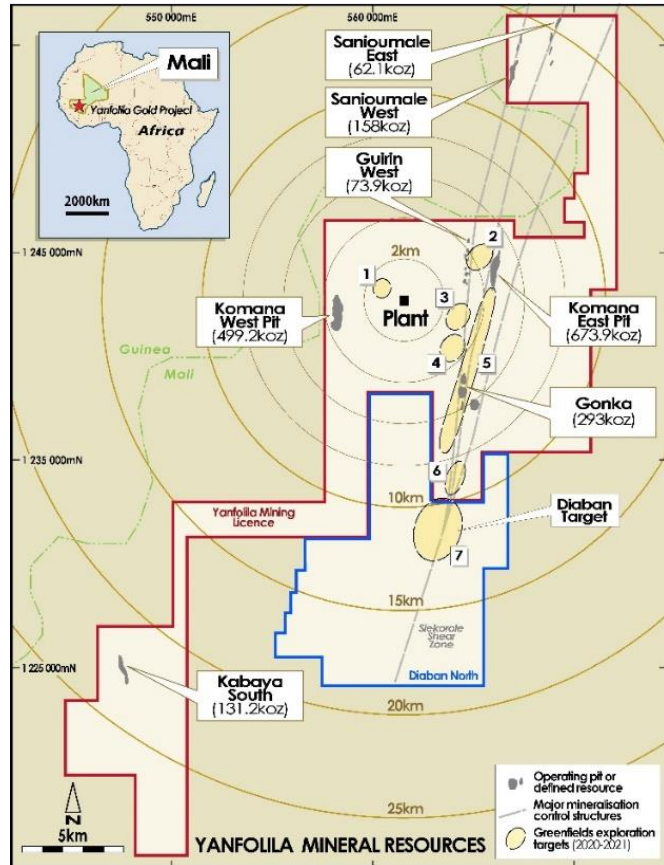

Yanfolila, Mali: Life of mine extension potential

- **Komana East & West ('KE & KW')** open pits 3-4 years mine life remaining
- **Komana East UG ('KE-UG')** post solid drilling likely to be developed
- **Sanioumale West ('SW')** drilling results highlight additional open pit potential
- **Sanioumale East ('SE')** showing further mineral resource and new reserve growth potential
- **Kabaya South ('KS') & Gonka ('GK')** underground potential provide further LOM upside
- **Diaban & BBC** greenfield initial exploration results encouraging

Mine plan potential outlook: *Note: timeframes are estimates only & subject to change*

* Further enhancing drilling work expected

The Kouroussa Gold Project, Guinea: Our next production asset

HIGH GRADE OPEN PITTABLE PROJECT IN GUINEA WITH POTENTIAL TO BECOME A C.100,000 OZ PRODUCING PROJECT WITHIN ~2 YEARS

Location

Eastern Guinea: 150kms from our Yanfolila Mali mine (synergy benefits)

Mining & processing

Open pit mining and 1Mtpa CIL processing

Exploration upside

High impact targets in a prolific gold belt

Production & LOM

Ave 100Koz pa & minimum 5 years LOM with upside

Resources

Measured, Indicated & Inferred resources of 1.18moz @ 3.08g/t

Existing infrastructure

Infrastructure with replacement value of \$20m in place

Project economics

Capex of ~\$100m, AISC of \$800-\$900 & pre-tax NPV \$160-\$330m*

Guinea

Established mining code & existing operating mining sector

1. Based on internal management estimates

* NPV based on \$1,500 - \$2,000/oz gold price

Dugbe Gold Project, Liberia: JV with Pasofino Gold Ltd who will fund & develop

OPTIONALITY & SCALE TO DRIVE HUM SHAREHOLDER VALUE RETURNS

HUM JV with Pasofino Gold

Pasofino fund & deliver a DFS & exploration works. When completed earn in a 49% stake

Production forecast & LOM

High annual production forecast of 200-250Koz & long LOM of 20 years

Location advantage

70 km by road from port with airstrip located outside the city

Exploration

2,355 km² under MDA for 25 years, with +100 exploration targets

Pasofino team experienced

Highly experienced management & development team

Two mineral resource deposits

4.2 Moz gold resource. 2.0 Moz at 1.5 g/t Indicated & 2.2 Moz at 1.3 g/t Inferred

PEA completed

Positive Pre-Economic Assessment in varying gold price environments

MDA passed

Mineral Development Agreement passed into law in Q2 2019

Capital structure: Supportive & diverse shareholder base

AT A GLANCE: AIM:HUM

Market Cap (at 23.10.2020)	US\$ 182M
Cash and gold inventory (at 30.09.20)	US\$ 18M (unaudited)
Debt paid during Q3 2020	US\$ 7M
Debt total at end Q3 2020	US\$ 19M
Ordinary shares in issue	354,424,378

OFFICIAL BROKER COVERAGE WITH FORECASTS

CANACCORD GENUITY
Target Price 55p

BERENBERG
Target Price 67p

SIGNIFICANT SHAREHOLDERS (%)*

MALI: YANFOLILA GOLD MINE

The Yanfolila Gold Mine, Mali: Overview

HIGH-GRADE PRODUCING GOLD MINE

Project delivery

Yanfolila Gold Mine built on time and on budget. First gold pour December 2017

High grade deposit

+ 2Moz Resource base with reserves of 675.9koz at 2.66 g/t*

Carbon-in-leach plant

Capacity of up to 1.4 Mtpa following completion of second ball mill in 2019

Production ramp up

Ramp-up achieved with 116,000 ounces poured in 2019. 2020 guidance of 110-125koz

Exploration & development

Scope to increase Reserve base and LOM through on-going near mine exploration & underground development

TRIFR less than 2.5 target

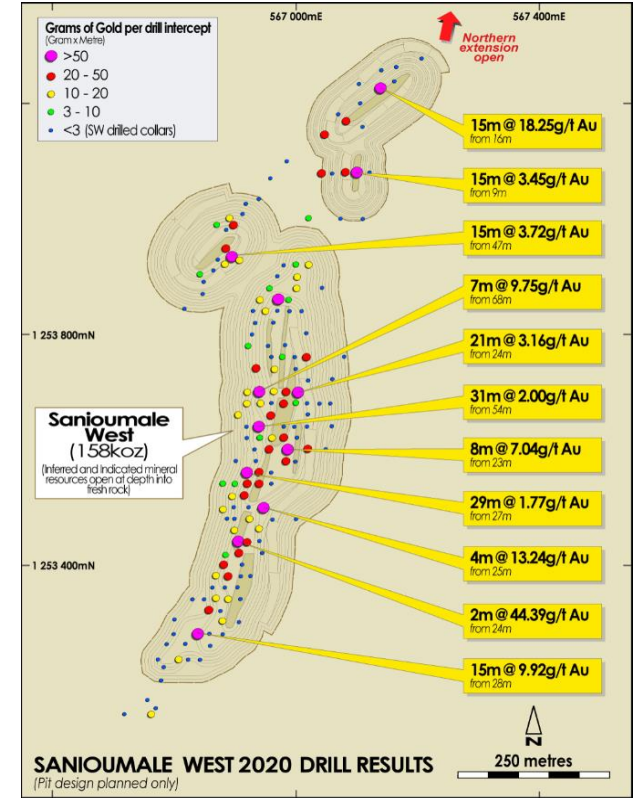

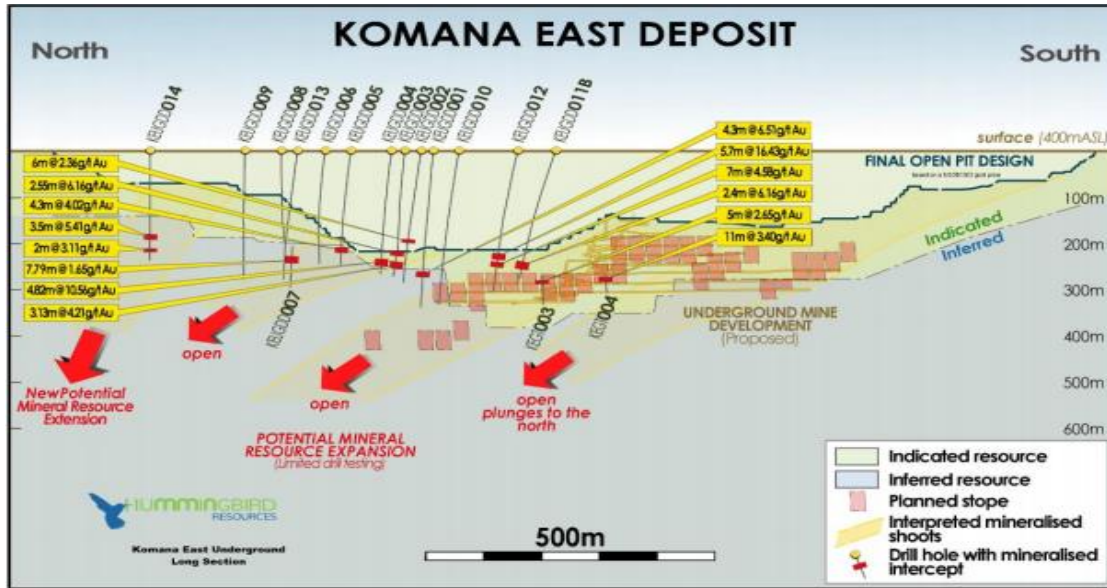

Total recordable injury frequency rate of 0.91 Q3 2020

* As at 31st October 2019

Future mining areas: Komana East Underground & Sanioumale West

- 2020 drilling results show resource and LOM extension potential at our Yanfolila Gold Mine
- Komana East Underground:** Drilling results show underground & northern pit extension potential
- Sanioumale West:** Additional open pit potential increasingly being highlighted

Yanfolila, Mali: Reserves & Resources

SIGNIFICANT RESOURCES TARGETED FOR RESERVE CONVERSION AT THE YANFOLILA PROJECT

CURRENT GOLD INVENTORY

Category	Tonnes (Kt)	Grade (g/t)	Gold (oz)
Current Reserves*	7,890	2.66	675,900
Total Mineral Inventory **	27,952	2.23	2,005,300

*JORC compliant figures at 31 October 2019

** Including non-JORC compliant figures at 31 March 2019

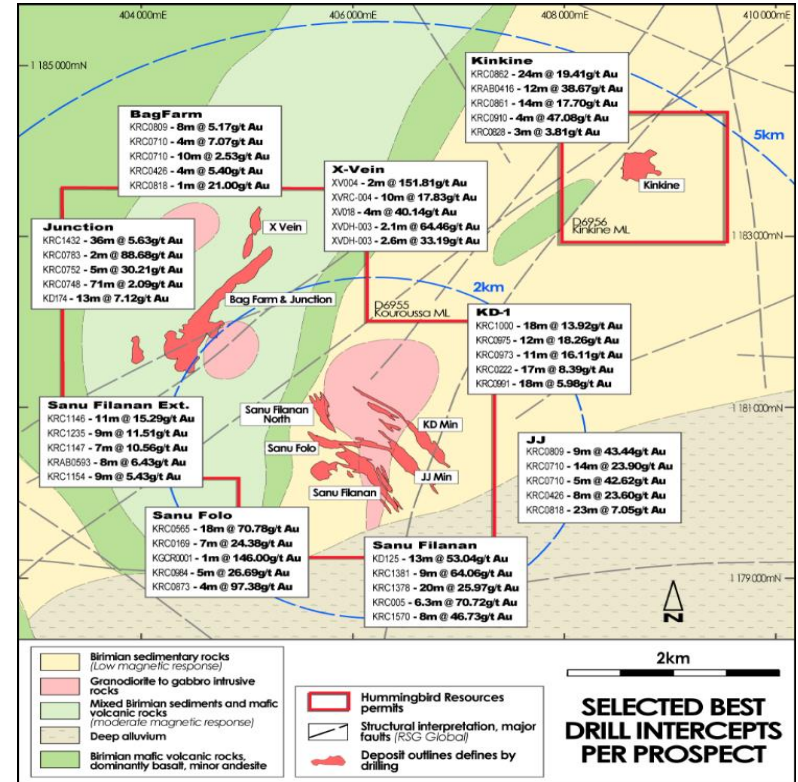

A close-up photograph of a person's hands using a yellow measuring tape to measure a roll of material. The person is wearing a blue shirt and a black watch with a gold-colored case. The background is blurred, showing green foliage. A dark blue horizontal bar is overlaid at the bottom of the image, containing the text "GUINEA: KOUROUSSA GOLD PROJECT" in yellow, bold, uppercase letters.

GUINEA: KOUROUSSA GOLD PROJECT

Kouroussa land area: Notable drill intersections & exploration upside

Hummingbird's initial review of the Kouroussa project & notable drill intercepts per this map highlighted:

- **High grade systems:** Areas on the map of note include: Koekoe, Kinkine, X-Vein, Bag Farm & Junction
- **Upside resource potential:** Potential open pit and underground resources outside the current stated mineral resource of 1.18Mozs
- **Underground potential:** The presence of gram metre intervals greater than 100 gram metres
 - A sign of the potential world class nature of the Kouroussa gold system
 - Further focused exploration is planned to confirm this
- **Exploration upside:** All deposits remain open and further exploration work is being planned to fully evaluate the potential of the Project

Kouroussa Gold Project: Resource & Reserve upside

SIGNIFICANT RESOURCES TARGETED FOR RESERVE CONVERSION AT THE KOUROUSSA PROJECT

CURRENT GOLD INVENTORY (Indicated & Inferred)

Pit	Tonnes (Kt)	Grade (g/t)	Gold (oz)
Koekoe	7,436	3.54	846,000
Kinkine	2,368	2.11	160,300
X-Vein	354	7.33	83,000
BagFarm-Junction	1,743	1.59	89,000
Total Mineral Inventory *	11,901	3.08	1,178,300

*JORC compliant figures at May 2020, compiled by Mining Plus Ltd

Guinea as a mining jurisdiction: A top gold exporter

GUINEA HAS A WELL-ESTABLISHED MINING CODE AND EXISTING OPERATING MINING SECTOR

The Mining Code

- **Mining code:** Amendments to a “new” code completed April 2013
- **Government holdings:** The Government has the right to 15% non-dilutable free-carried interest & to acquire up to a further 20% interest for cash

Mining in Guinea

- Mining accounts for over 70% of the country's exports
- Several “majors” are already present in the country
- Deposits of bauxite, iron ore, gold and diamonds with significant geological potential

Transitioning to democracy

- Guinea's first democratic presidential elections were held in November 2010 and parliamentary elections were held in September 2013
- Guinea subsequently received increased support from global institutions including the UN, the World Bank, the IMF and the EU
- New elections are currently underway as of October 2020

One of the top African gold exporters

Guinea: Companies invested in the country

RioTinto

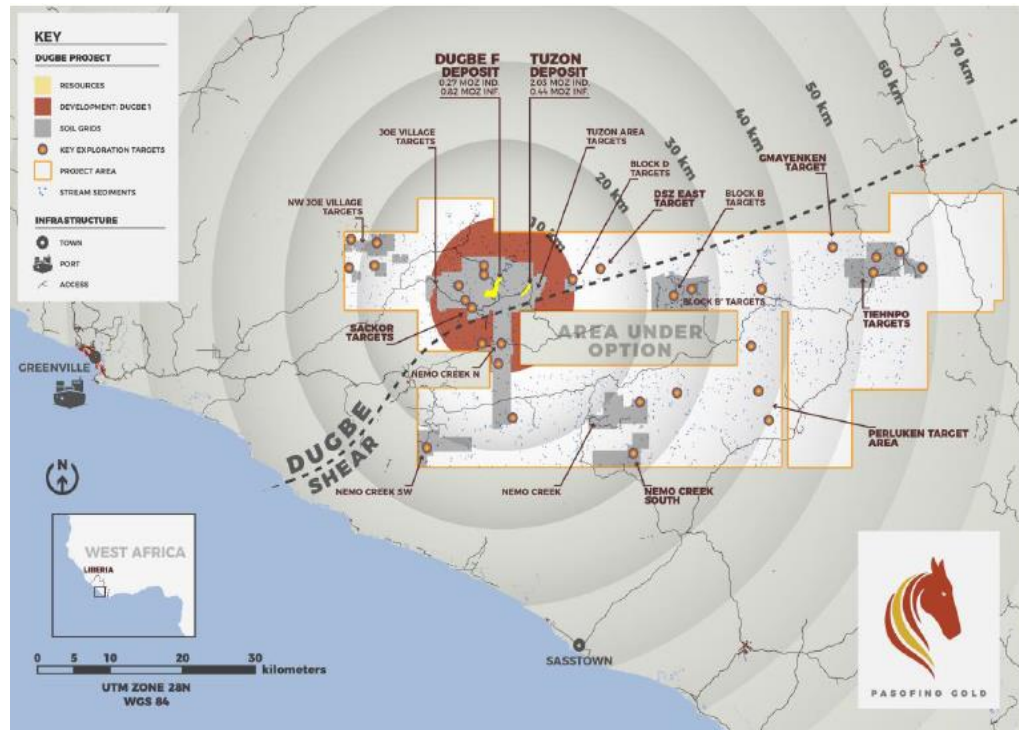

LIBERIA: DUGBE GOLD PROJECT

Dugbe, Liberia: HUM control in JV with Pasofino Gold Ltd to fund & develop

- 2,355 km² property with 100+ exploration targets
- In-pit contained ounces: 4.2 Moz gold resource. 2 Moz at 1.5g/t indicated & 2.2 Moz at 1.3 g/t inferred
- The Project's main two deposits are located within 3km of the Dugbe Shear Zone
- JV with Pasofino Gold Ltd (VEIN TSX)
- HUM to retain control with Pasofino to earn a 49% economic interest in the Project over a two-year period through an agreed:
 - Completing of a Feasibility Study to produce 200-250koz pa;
 - Exploration programme; and
 - Covering the overhead and operating costs associated with the Project during the 2 year earn in period

Dugbe Gold Project: Pasofino Gold Limited earn-in agreement details

UNLOCKING SHAREHOLDER VALUE IN LIBERIA

Transaction highlights

- US\$2m nonrefundable deposit made to Hummingbird by Pasofino
- Pasofino earn a 49% economic interest once a defined workplan of a DFS and exploration works are completed
- Pasofino fund this workplan
- Hummingbird management oversight committee in place to monitor work programs

Pasofino Gold Ltd team

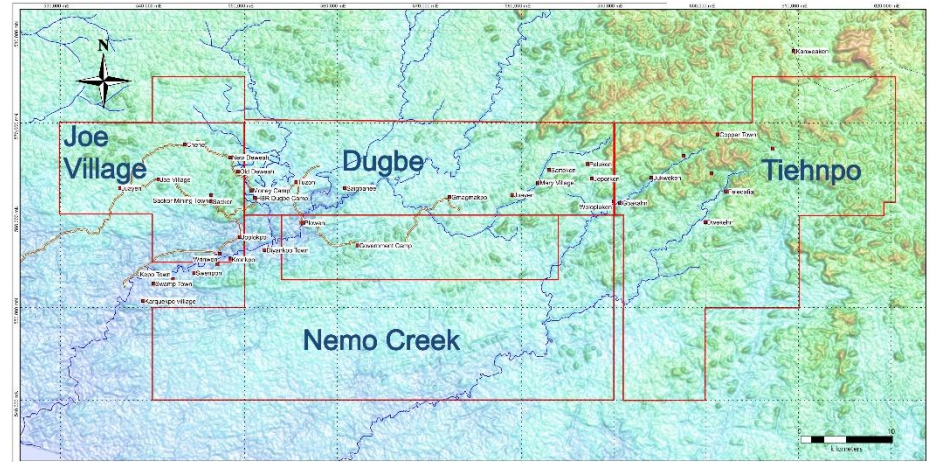

- Experienced & proven team developing West African mines
- Founded by Stephen Dattels former Executive Vice President & Director of Barrick Gold Corporation & Michael Beck, a former partner of N.M.Rothschild & Sons
- CEO Ian Stalker with over forty-five years of “hands on” experience in resource development, mine construction and operations in Europe, Africa, South America, and Australia former Executive Vice President and a Director of Barrick Gold Corporation, and Michael Beck, a former partner of N. M

Strategic rational

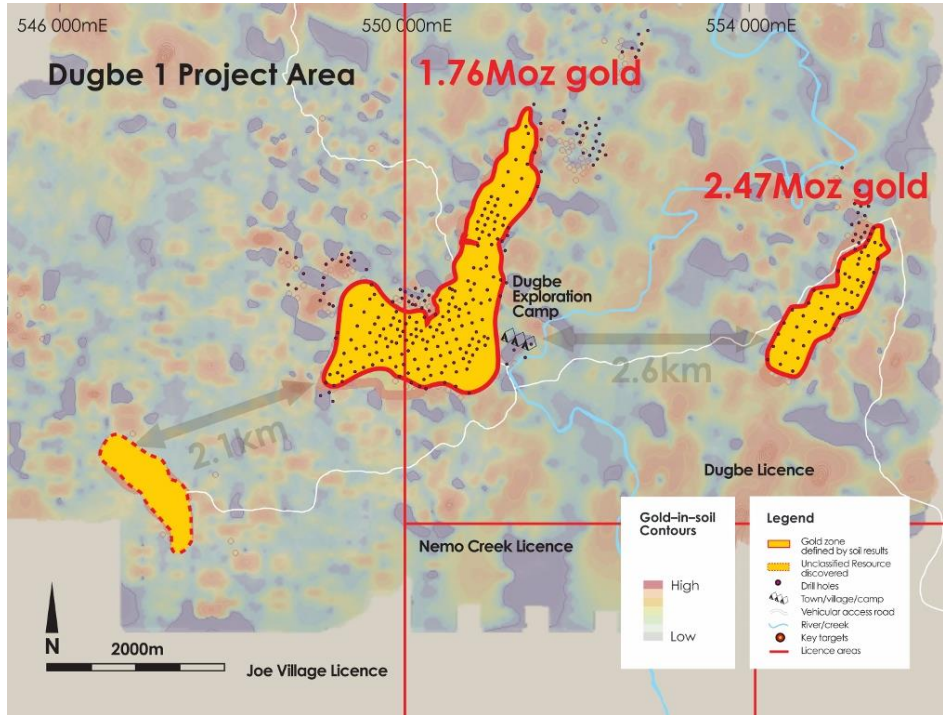

- Retained control whilst working with a highly experienced team with significant West African experience who share our vision for unlocking the significant intrinsic value at the Dugbe Project
- Hummingbird shareholders retain the significant upside potential in the project (currently limited value in the share price) whilst not shouldering the capital risk allowing the free cash flow generated from Yanfolila to be deployed as part of the wider group capital allocation strategy

Dugbe Gold Project: Exploration history

- Over US\$70m spent on the Dugbe Gold Project historically
- The Dugbe Project MDA comprises four exploration permits: Dugbe, Joe Village, Nemo Creek and Tiehnpo
- Grassroots exploration conducted between 2006 and 2014 included:
 - Stream sampling
 - Soil sampling
 - Airborne and ground geophysical surveys
 - Topographic surveying (LiDAR)
 - Trenching
 - Diamond and RC drilling

Dugbe Gold Project: Mineral Resources

Tuzon represents first 10 years of mine life in PEA

	Tonnes (m)	Grade (g/t)	Ounces (m)
--	------------	-------------	------------

Tuzon¹ (US\$1,500 pit)

Indicated	41.8	1.51	2.03
Inferred	10.2	1.32	0.44

Dugbe F²

Inferred	43.0	1.28	1.76
----------	------	------	------

Notes:

1. SRK Consulting (UK) Limited, Mineral Resource Statement for the Tuzon deposit with an effective date of March 5, 2014.
2. Wardell Armstrong, Mineral Resource Statement for the Dugbe F deposit with an effective date of March 1, 2013.
3. Mineral Resources are not Mineral Reserves until they have demonstrated economic viability based on a feasibility study or pre-feasibility study. The contained Au represents estimated contained metal in the ground and has not been adjusted for metallurgical recovery. See Mineral Resource Estimate table in the Appendix for further details.

RESPONSIBLE MINING: BEST IN CLASS

Responsible mining: To leave a lasting positive legacy

A targeted, year-round programme to enhance local living. This included:

- **Reforestation:** 20 hectares reforestation plan for 2020 completed. Further reforestation programmes planned for 2021 and beyond
- **Schools:** Sponsor 11 teacher salaries at 8 local schools in our neighbouring communities
- **Soap Manufacturing:** Sponsor local soap manufacturing continues to be successful. In particular increased soap usage from the Yanfolilla mine being used to compact COVID-19 spread
- **Garden Markets:** We sponsor 10 garden markets, employing 675 local workers with produce sold at local markets and the Yanfolilla mine site
- **Poultry Farms:** We sponsor 4 local poultry farms with 40 full time employees. Plans to develop 2 poultry farms at the Tiemba and Donsosso villages
- **Honey Initiative:** Sponsor Beehive manufacturing education with the aim to divert local artisanal miners towards sustainable employment. 75 bee hives in operations. Q3 2020 training of 15 people
- **Water:** Ongoing water enhancement activities including: rehabilitation works, water tower & latrine construction
- **Malaria spraying:** Our ongoing malaria spraying programme continues in conjunction with a number of our key contractors supporting this initiative

Single Mine Origin ('SMO') & The "Hummingbird 1oz" coin

1oz pure gold coin

- SMO certification and stamping provides an auditable chain of custody for every gram of gold produced from mine site, batch produced, to end usage. "Mine to Market" tracing
- Provides peace of mind that this metal has been produced within strict parameters of corporate, social and environmental responsibility
- Furthermore, SMO guarantees that the communities living locally to the gold source are benefitting from sustainability initiatives carried out by the mining operation
- Hummingbird Resources initiated SMO with The Betts Group
- Collectable coins representing HUM's industry, journey and company values: Explore; Develop; Mine; Produce; Conserve
- Price based on the spot gold price at the time of purchase
- Minted at Betts Metals, HUM CEO Dan Betts' family 260 year old gold refining and trading company in Birmingham
- www.bettsinvestments.co.uk

SUMMARY

SUMMARY

- Strong mine economics, including high future cash flow from Yanfolila Gold Mine, Kouroussa, Guinea Gold project to come on line 2022/23 and valuation upside from the Dugbe, Liberia gold project
- Strengthening balance sheet with rapid deleveraging occurring
- Significant gold inventory, with a total of +6Mozs in West Africa
- Exciting Exploration & Drilling initiatives showing LOM extension potential at Yanfolila, Mali
- Executing on a growth strategy through our next producing asset to come on line: Kouroussa, Guinea
- Backed by strong institutional shareholders
- Team with a proven track record
