

An aerial photograph of Auckland, New Zealand, taken during the golden hour of sunset. The sky is a mix of orange, yellow, and light blue, with scattered clouds. In the foreground, a large steel truss bridge spans across a body of water. The city skyline is visible in the middle ground, featuring the prominent Sky Tower. The water is calm, reflecting the warm light of the sun. The overall scene is peaceful and scenic.

INTERNATIONAL PROSPECTUS 2021

AUCKLAND UNIVERSITY OF TECHNOLOGY

Auckland University of Technology (AUT) is one of the best modern universities in the world and the second largest university in NZ. We have been a university since the year 2000, but a place of learning for 120 years. We are a public university, government funded and operate in accordance with the Education Act 1989.

We offer exceptional learning experiences to develop outstanding graduates

TOP 1%

We foster new thinking, discovery and achievement

- AUT students are taught by academics who are expert, and active in advancing their fields.
- We have more than 60 research institutes and centres including artificial intelligence, tourism, data mining, geo-informatics, forensics, nutrition, financial forecasting, sports science, rehabilitation, epidemiology and biotechnology engineering.
- We collaborate with more than 5,000 industry, education and research partners worldwide.
- AUT alumni enter the workforce able to challenge routine thinking and provide innovative solutions to industry and society. They are outstanding graduates who are highly capable, enterprising and ready to contribute to a changing world.

3 campuses across Auckland:

- City Campus: Auckland CBD
- North Campus: North Shore
- South Campus: Manukau

3 specialist locations:

- AUT Millennium – high performance sports centre
- Warkworth Radio Astronomical Observatory
- AUT Centre for Refugee Education

We have a strong focus on students and graduates

- We want our students to be challenged, successful and useful. We encourage them to collaborate, experiment and experience working life beyond the classroom.
- We are welcoming and inclusive, with a diverse student and staff population in New Zealand's largest and most multicultural city.
- 93% of undergraduate students complete a work placement or internship. We aim to make it 100%.
- We aim to have all of our students experience an international opportunity.
- We contribute to the social and economic development of Auckland, New Zealand, and the wider world through our graduates, research and innovation, and our engagements with industry and communities.

STUDY ABROAD

Study Abroad (6 months)	6 months	Mar/Jul	12,500 (per semester)
Study Abroad Internship	6 months	Mar/Jul	1,000 (full placement fee)

New international students can choose to pay their fees with one of the options below:

Annual payment option

Your required payment will be the tuition fees charged for the year you first enrol in your programme of study, with subsequent years' fee increases capped at the yearly approved % increase set by AUT Council, provided that study is undertaken on a continuous basis (in 2020 it was 2% increase and in 2021 it is 1.1%). You may choose to pay by semester or full year.

Student services levy, building levy and insurance will be charged separately on an annual basis at the rate applicable for that year.

Please note that enrolment exceeding the normal duration of the programme of study will result in fees being charged at the standard published rate for the year in which the continued or additional study is undertaken.

Full programme tuition fees option

You can pay for your entire programme of study tuition fees upfront, thus avoiding any tuition fee increases in later years. Please note that any break in study will result in fees being charged at the standard published rate for the year in which the continued study is undertaken.

The tuition fees are annual rates for full-time study in 2021 unless specified – students should expect and budget for fees increasing on an annual basis. The tuition fees shown are for planning purposes only and do not constitute a financial agreement. As at date of printing every attempt has been made to present accurate information. For the latest information please visit www.aut.ac.nz

AUT reserves the right to change without notice programmes, programme intakes, fees, terms and conditions both before and after the student's admission.

Correct at time of publication, November 2020.

Scholarships and awards

There is a wide range of scholarships and awards available to AUT students at all stages of their study. Visit www.aut.ac.nz/scholarships for a current list of scholarships offered by AUT and external funders, as well as application forms and closing dates.

PhD study

A PhD can be undertaken in any of AUT's faculties. Within each faculty, specific research institutes are available. Visit www.aut.ac.nz/courses/doctor-of-philosophy

Student accommodation

Living in student accommodation is a great option – especially if you're in your first year of study or from outside Auckland. AUT's student accommodation is convenient and modern, just minutes away from our City or North Campus. Visit www.aut.ac.nz/accommodation to find out more.

The Education (Pastoral Care of International Students) Code of Practice

AUT has agreed to observe and be bound by the New Zealand Government's Code of Practice for the Pastoral Care of International Students.

Copies of the code are available in six languages at www.nzqa.govt.nz/the-code
