The report highlights the details of Internship Program being undertaken by the students of BBA and BCA (Batch of 2015-18) of SGIT Institute of Management, Ghaziabad at some of the leading companies of India.

## Message from the Director

SGIT Institute of Management, Ghaziabad reinforced its position as one of the premier institute in the region as it helped students in various domains gain right platforms to shape their careers. SGIT was able to provide such opportunity to its students on the basis of strong relationships with Alumni Community and Corporate Partners.

This year saw a steep rise in the number of companies that visited the campus compared to previous years. The Administrative staff and the dedicated Training and Placement department at SGIT made comprehensive efforts to achieve such positive results.

A strong background check on the companies was carried out to ensure the future prospects of the student getting internship opportunity. The Institute also plans to maintain regular communication with all its students to check their progress during the entire project. The work done by each student during his / her 2-month summer internship will be assessed by a separate committee formed at the end of the project.

Summer Internship provides a unique opportunity to all our students to put their knowledge at test and get acquainted with some of the best corporate practices around the world. A successful stint at Internship will help provide our students with good recruitment options and shape their careers accordingly. SGIT will continue to improve on such endeavors and ensure that our students are provided with best opportunities.

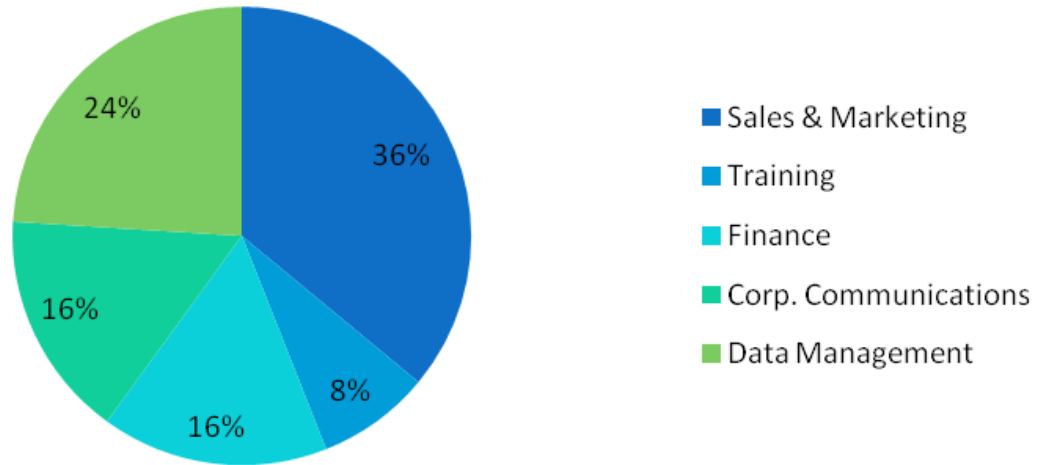

With Best Regards,

**DR. BHAVANA AGARWAL**  
**Director, SGIT School of Management**
