Welcome to this Myss.com Reflections Parallel Series!

As we entered the Internet Age, everything about our relationships began to change. It was as if a new electricity plugged into our Relationship Systems, amping up more and more as time when on – until we reached various karmic tipping points, and a deep crisis in our ways relating and relationships. Take a moment to consider how much the Internet has impacted every area of your Relating and Relationship Patterns...

The karmic tipping points, manifesting in our exterior and interior worlds, were set up by new media and social media forces never seen before. And these new Forces have exposed the Shadow Side of our Relationship Magnetism. Magnetism, that were always active, have now become hyperactive. And, thus, many of our Shadow Archetypes are now hyper-magnetized. Bringing us much of the angst and challenges that we now experience, while activating a longing for something new regarding our deepest personal and collective needs in Relationships.

The aim of this course is to guide you deeply into the Magnetism of your Relationships and your Relationship Magnetic Systems. In these profound times, you truly are called to take the reins consciously of the Magnetism that work within the Mystical Laws that govern every relationship in your Life. The time has simply come to co-create something new.

What's more, in an era of waking up to our multisensory and intuitive nature, this kind of 'Magnetic Management' is essential to every level of your being. It is my distinct pleasure to guide you as your Teacher from the current Dark Magnetism to Mystical Magnetism. As I know that doing so will profoundly and irrevocably change all of your Life, your Relationships, & the World. I'm so glad you are here are joining me for this powerful and transformative series!

Lesson One:

The Relationships that are Magnetically Attracted vs. Soul-Contracted

- **My 2008 Story about Paul in Chicago...**
 - **What is this unseen Force that attracts people to us, and us to them??**
 - Going deeper, who's in our Lives and why?
 - Our Archetypes and their Magnetic Matches
 - A common misconception regarding the Power of Magnetic Attraction as solely a mental force...
 - The Power of the Mind and the misinterpretation of certain Laws vs. the Power of a Pattern
 - What Archetype in YOU magnetically Match with what – and why?
 - Teacher/Student, Vampire/Blood-donor, Pessimist/Pessimist, Optimist/Pessimists...etc?
 - What you'll discover is that Not all Archetypes inside us have the same Magnetics and work the Mystical Laws the same way! WHY?
 - There are four different categories of Archetypes
 - And not all Archetypes work with the Six Mystical Laws of Archetypal Attraction the same way...
- **Aquarian Prep: The Pandemic Reboot of our Collective Relationship Systems**
 - Why this class, why now?
 - The Evolutionary Pressures of the New Age of Aquarian Relationship/Times...
 - **Pandemic = Tipping Point of this Pressure**
 - We are forever changed...some folks are clearing out an entire closet of relationships...
 - Who's in Your Life & Why?
 - The answer to this has many levels – all of which we will address!

Our Soul Contracts

- What is a Soul/Sacred Contract? – Sacred Agreements made pre-birth
 - Plato...The Republic
 - These are Karmic, Technical, and Meticulously Planned
 - X-Factor Creative Space in Our Contracts (Aquarian)
- Some are 'contracted' to be in our lives – it's as simple as that, and **anything 'contracted' is inherently magnetized to come together...**
 - So it's not really Soul Contracted vs. Magnetically Attracted – it's Soul Contracted = Magnetized to be Attracted
 - **Soul Contracts are magnetic agreements!**
 - **YET – BOTH/AND:** Even in our Soul Contracts we are meant to learn how to consciously & skillfully work with our Magnetics...and take the reins of this on Earth via conscious co-creative choice
 - This Destiny is part of this new Aquarian Age

(A First Look) at Archetypes & Their Magnetic Power of Attraction

- What is an Archetype?
 - How I define an Archetype depends on the category I would assign it to per its co-creative role in our lives, but for now:
 - **Archetypes:** Look at a **consistent** Pattern of behavior active in your Life, or that you can see in others, and give it a name.
 - **Ex:** Gossip, Mother, Bully, Victim, Rescuer, Codependent, Perfectionist
 - **Archetypes and the Roles You Play:** If you were to consider your Life as a movie, what character are you playing?
 - **Ex:** Healer, Heroine, Detective, Vigilante, Hopeless Romantic, etc
 - **Archetypes & Plato:** Look at a Collective Creative Pattern or Force of Creation
 - **Ex:** Birth, Truth, Love, Beauty, Justice, Hate, Grief, Victory, Death
 - **Carl Jung & Archetypes**
 - Primal Symbols and Forces that exist in the Collective Unconscious that are embedded in us and emerge as Psychic Instincts that support or process of Individuation
 - **Caroline Myss & Archetypes**
 - Archetypes are Energy Guides that direct people toward their Spiritual Purpose, their Sacred Contracts.

Archetypes & Their Magnetic Power of Attraction in Relationships

- **The goal of this course is to help you master your Relationship Magnetics**
 - Why this matters now more than ever
 - What else is Life than relationships?
 - We Inter-be...Relationships are EVERYTHING & you are in Relationship to EVERYTHING
 - **The Internet Age** has pushed so much more voltage into this Truth – and our wires were not ready!
 - **We must now regulate the magnetics in play....**
 - **We must ask Who & What are you relating to?**
- **Close your eyes and get a sense of all that you are in relationship to...**
 - Get a sense of your 'Energy Field' that both attracts and repels
 - Now consider someone that you are in relationship to
 - What brought you into this relationship? What your magnetics with this person?
 - Why are they a 'Match' for you?
 - Of the many reasons they are a Match – the main reason is that you share in an Archetype Match with them based on certain Mystical Laws...
- **For now, explore (what might be) some 'Matches' (with your) Archetypes?**
 - Ex: Knight/Damsel (King/Queen?), Mother/Child (also someone still a child), Healer/The Wounded (Archetypes), Rebels/Rebels, Rebel/Oppressor, Mystic/Mystic - or Mystic/Addict – or the Match of this inner polarity inside you?
 - **How are these Matches set up?**
 - Well, that depends on which category of Archetypes we are dealing with, and which of the Six Mystical Laws of Archetypal Attraction are in play ...(coming later)
 - **For example: Do we have 'Shadow Matches'?**
 - Absolutely – And these can be painful. They often emerge out of our Archetypes of Survival Adaption – or the repressing of a Soul Archetype in us that goes into Shadow Magnetics

Let's begin the Journey to new Relationship Magnetics...

Your Soul Contract with Archetypes – The Set-up of your Relationship Magnetics

- **The Four Categories of Archetypes that comprise your Soul Contract:**
 - **Soul Archetypes**
 - Forces of your Soul that incarnate into Life with you as part of your Soul Contract and are expressions of your Grace, Past Lives, and then some!
 - Ex: Child Protégés, Healer, Writer, Artist, Alchemist, Teacher, Singer, etc.
 - **Fate Archetypes and the Soul's Incarnation into Earth's Magnetic Field**
 - Dominant, formative, and often tribal Archetypal Patterns & Magnetics that you were born into per the World, Culture, Society, and Family (Show Diagram of how you were Magnetized by Fate)
 - **With this comes cultural inheritance...and this can be Archetypal**
 - Ex: Patriarchy, Nordic, Latin, Asian, Christian, Male/Female, Tribalism, Democracy, Male/Female, Healers, Farmers, Doctors (reference UofM)
 - **How do certain countries/cultures express Archetypes?**
 - How does yours?
 - Ex: Japan, France, Italy, USA, Brazil, China, North Korea, Russia, etc.
 - How are certain countries 'magnetized' to draw to them certain Allied and Adversarial Archetypal Matches with other Countries?
 - How & Why?
 - **Survival Archetypes of Adaptation**
 - Survival Forces that express often as reactive Patterns your Subconscious Mind adapted/recruited, most often times during Childhood, to help you manage threats to your safety, security, esteem, and survival (not often a conscious process)...Trauma can also play a big part in their origins
 - These are not only Patterns, but also their Magnets that's been handed down over generations
 - Can be a survival 'Psychic DNA' inheritance that's been handed down over generations...you can indeed an Archetypal Lineage
 - Ex: Invisible Child, Addict, etc.

- **Destiny Archetypes**

- Creative developmental Forces & Patterns that you are contracted to work with this Lifetime as a way to evolve into new power, esteem, self-connection, choice, and creative potential (can be both unconscious/conscious)...
 - These as your Magnetic Allies that can attract others
 - (that can also draw to you Noble Adversaries as part of their development)
 - Ex: King/Queen, Love Rebel, Revolutionary, Alchemist. etc

Throughout this course we will revisit these categories and explore how their magnetics work in our Relationships – most notably how their magnetics make us a match with others.

For now, use the space below to write down any insights, or ‘ahas’, that you’ve already have about your Archetypes and what you’ve been learning through this Lesson so far!

(Introducing) The Six Mystical Laws of Archetypal Attraction & Relationship Magnetism

All Archetypes magnetically operate through these fundamental Laws:

- 1. The Law of Soul Contracts**
 - a. Anything in your Soul Contract is inherently magnetized to come together...both/and
- 2. The Law of Dimensional Magnetism**
 - a. Your Archetypes generate a Dimensional Experience of Life that has all the Laws in play – most notable the Laws of Attraction & Repulsion
- 3. The Law of Archetypal Matches**
 - a. Some Archetypes Pair Up because their Magnetic Exchange is also a 'Power Exchange' (this relates to Esteem)
 - i. Healer/The Wounded – The Bully and The Victim – The Wicked Queen Mother/Princess Daughter
- 4. The Law of Activated Magnetic Attraction**
 - a. Like Attracts Like
 - b. Opposites Attract
- 5. The Law of Activated Magnetic Polarity**
 - a. The Law of Duality – Holism splits into Duality
 - b. Light attracts Dark, etc.
- 6. The Law of Activated Magnetic Repulsion**
 - a. Worked with unconsciously this Law keeps something out of your Dimension you may want...
 - b. Worked with consciously, keeps things out you don't want...

All Six Laws are connected to the Karmic Law of Cause & Effect

**If you change your own Magnetism –
You will also change your Family, Society, and Culture!**

Questions for Self-Evaluation: Answering these questions and identifying your Archetypes is essential in helping you understand how your Magnetics were, and are, activated. It will also be the beginning of clarity as to why certain Relationships are no longer suited to your Destiny...and, perhaps, the new Relationships you may need!

- **What are your Soul Archetypes?**
 - What seems to have always been an interest, passion, gift, skill, or talent that you've always had? Is there a certain way you've always seen the World for as long as you can remember? Is there a Pattern that you've expressed since the time you were young? Take a look at some of the options below as a way to begin identifying what some of your innate Soul Archetypes may be!
 - **Ex:** Teacher, Healer, Bodhisattva, Alchemist, Artist, Mother, Rebel, Humanitarian, Lover, Counselor, Empath...
- **What are your Fate Archetypes?**
 - Map your Fate by charting every level of incarnating into the Earth's Matrix and Magnetic Field as per the 9 Steps in the image on the next page. Name the Archetypal Energy and Archetypes of your collective History, Culture, Society, and Family – what Patterns did your Soul fuse with, or inherit, as part of being born?
 - **Ex:** Patriarchy, White Trash, Slavery, Socialism, Democracy, Dictator, Christianity-Catholicism, Buddhism, Shame, Healer, Male/Female, Nazism, Homophobia, Liberalism/Conservatism, Racism, Sexism, Fundamentalism, etc.
- **What are your Survival Archetypes of Adaptation?**
 - Consider what Patterns your Subconscious Mind recruited to help you survive within your Culture, Society, and Family. What adaptations have you, and do you still consistently express as reactive/reflexive Patterns that manage your Safety, Security, Esteem, and Survival?
 - **Ex:** Codependent Empath, Invisible Child, Prostitute, Addict, Perfectionist, Adult Child, Narcissist, Shadow Victim, Scapegoat, 'Good Child', Blood-donor, Shadow Rescuer, etc.
- **What are your Destiny Archetypes?**
 - How has Life set up your challenges such that you become more like certain Archetypes? Have you been challenged to own yourself (Sacred Prostitute), be your own sovereign (Queen/King), be practical and grounded (Pragmatist), keep getting back up when you get knocked down (Survivor), etc.
 - **Ex:** Entrepreneur, Love Rebel, Artist, Designer, Teacher, Mother/Father, King/Queen, Humanitarian, Whistleblower, Revolutionary, Mystical Lover, Detective, Integrator, Healer, Teacher, etc.

**What are the possible Magnetics of the Archetypes that you've identified thus far?
What are some of the possible 'Matches' your Archetypes might have?**

Hint: Look to your Relationships!!!
