2009 Canadian Woodworker Anniversary Event

This year has been the most exciting year in recent memory of Canadian Woodworker's history. As I write this we are in the middle of wood show season which coupled with the Grand Openings of our two new stores and now our Anniversary Events we will have taken part in 8 sales events in 9 weekends across western Canada this fall. It seems opening two new stores has created three times the work load. While it is very exciting it will be nice to reach a "calming of the seas."

Our Anniversary Event is a huge weekend sale we have planned for you with unbelievable specials and savings to take advantage of. We have factory reps on hand, lots of new tools, and of course pricing we know you will like.

In past events I used the years in business at each location as our event number. Calgary was our third or fourth anniversary and I have always counted our Winnipeg anniversary since we moved into our current location in 1994. This was the first Grand Opening Sale we put on. We have actually been in the woodworking tool supply business since my father started the company in Winnipeg back in 1967. With the addition of the two new stores in Edmonton and Saskatoon it seems silly to try to list different anniversary dates for each store. I have decided to just say that 2009 is actually Canadian Woodworker's 42nd Anniversary event. My father is very proud of what he started and deserves this recognition.

Our stores are specifically designed for and dedicated to woodworking enthusiasts. We have a designated area for selling "how-to books" from publishers such as Sterling, Fox Chapel, Taunton Press and a huge selection of detailed plans for making furniture, toys, yard ornaments etc. from Workshop Originals.

Our Winnipeg store has a classroom where we offer woodworking classes for beginners to advanced woodworkers to help them with their woodworking skills. We specialize in classes for woodturning, carving, intarsia, furniture building and cabinet making. At this point in time we have cut back our course selection in Calgary and we are not offering classes in the new stores. This may change in time. Please check out our

website at www.canadianwoodworker.com for our updated class selections and dates and times they will be running in both the Winnipeg and Calgary locations.

As you browse through this flyer you will see we have tools and supplies from companies like Pfiel (Swiss Made), Crown Tools, Oneway, Dremel and Foredom. We carry hand tools, saw blades, router bits, and woodworking clamps from Samona, Big Bear, Shop Fox, Adjustable Clamp, and CMT. We offer power tools from Dewalt, Porter-Cable, Bosch, Fein and Panasonic along with a huge selection of machinery and accessories from General, Delta, SawStop, Laguna Tools, and Rikon Tools.

We are really excited about the new tool lines in our Canadian Woodworker stores this year. They have been selling extremely well. New are Laguna Tools, Rikon Tools, Bosch, Dremel, Roto-Zip, Fein, Grex and SawStop. Stanley Tools are also on their way too.

Our Anniversary Show and Sale starts on Friday November 13th in Winnipeg and Edmonton ending on Sunday November 15th. Our sale in Calgary and Saskatoon starts on Friday November 20th and ends on Sunday November 22nd. I want to take this opportunity to invite you to attend our Anniversary Event to see for yourself how Canadian Woodworker can assist you with your woodworking needs. We will be offering tours of our facility, demonstrations, and of course fantastic savings on all of our woodworking tools. Many of our factory reps will be on hand to show their latest tools, share their knowledge and address any concerns or questions you may have.

Make sure to notice we have included a "Beaver Bucks" coupon on the back of this flyer which is valid only during our anniversary event. It is worth \$5.00 off on any purchase over \$25.00. We also have great door prizes, promotional incentives, and a chance to win a new Rikon 12" Bandsaw or one of 5 Bosch Colt routers.

Thank you for your support and a special welcome to our new customers Edmonton and Saskatoon.

Cole Moore

NEW INDUSTRIAL

Educational Division

@ Canadian Woodworker

My name is Cole Moore and I am the president of Canadian Woodworker. I am based out of our head office in Winnipeg, along with my sister Erin Taylor. Our company was founded on our fathers love for woodworking, and drive

as an industrial representative serving his customers in the educational and manufacturing sectors of Manitoba. I am thrilled that with the help of some great new people we are more able than ever to service the woodworking industry in Manitoba, Saskatchewan, and Alberta.

We are absolutely delighted that a gentleman by the name of Wayne Maron, based in Edmonton, has joined our team and will oversee, not only all four of our stores, but will head up our new Industrial/Educational division. Wayne has over 20 years experience serving our industry

in Western Canada and we welcome all of his old customers to look him up in his new role with us. Over the last couple of months Wayne has been assembling his team. You will meet them all here in this flyer, as well as when they come calling at your door. These gentlemen are all well experienced, seasoned, professionals we know will be a great help to you and your classroom or business.

In addition to the many great lines of tools and supplies we already have for woodworkers in western Canada, we are pleased to have acquired some new product lines which will better round out our services. I have included a supplier list to show the companies we are now representing.

We look forward to being able to work with you industrial/educational requirements in the near future.

Cole Moore

WAYNE

EDMONTON

My name is WAYNE MARON and I am responsible for overseeing the operations of our four stores as well as manage our sales force for Industrial/Educational sales in Alberta, Saskatchewan and Manitoba. I am pleased to bring to Canadian Woodworker my twenty years of woodworking industry related experience which has spanned western

Canada. These are very exciting times as we take well established stores in Winnipeg and Calgary, and now add Edmonton and Saskatoon. Through the strength of a company that has been in business since 1967 and my new sales team, we have a vast amount of knowledge to help you with your woodworking needs. Please contact me or our representative in your area with any questions or information you may need. I look forward to working with all of you in my new roll and hope to see many of my past and future customers in the coming months.

ROD

N. SASKATCHEWAN

Let me introduce myself, I am ROD MARKEWICH, one of two Industrial/Educational Account Managers for Canadian Woodworker in Saskatchewan. Having 18 years experience in industrial tool sales spanning three cities in Western Canada I have come to appreciate the hard work it takes everyday for you to get the job done. That is why I chose Canadian

Woodworker, and I look forward to travelling the province assisting woodworkers finding solutions to meet their woodworking needs. Through our great showroom, extensive product selection and knowledgeable staff, I know we have what it takes to find you the right tool for the job, every time. We are excited about the opening of our latest location in Saskatoon at 805 Circle Drive and are ready to provide you with great quality products and great service. Stop in and check us out, from machinery and accessories to fine carving chisels and everything in between, we have what you need to complete any woodworking project.

My name is DANIEL MESSETT. I have been involved in the construction industry for over 30 years in both the commercial and residential sectors. After my carpentry apprenticeship at S.A.I.T. Polytechnic in Calgary, and acquiring a diploma in adult education, I became head instructor for the Southern Interior Construction Association in British Columbia. I eventually moved into management of various new home construction companies, one of which was a recipient of the Alberta Award of Excellence in Housing Design and Innovator of the Year from C.M.H.C. In my new role as team leader and account manger of our Calgary operation I look forward to meeting many of you as I travel around to the schools and cabinet shops in and around Calgary. Our company Canadian Woodworker has a fantastic range of products and I look forward to helping you choose the tools the best suit your needs.

DANIEL

CALGARY

MICK

S. SASKATCHEWAN

My name is MICK WEST, I have lived in Saskatchewan all my life, except for attending school for four years in Toronto. I worked for 25 years in commercial industrial photography, everything from Potash mines to Medical. I then spent nine years in the heavy steel fabrication industry before joining a former tool house as an industrial account manager for the

last five years. Throughout my time I have been an avid woodworker spending every spare minute in my 800 square foot shop. Over many years I have come to know the many shop teachers, cabinet shop and construction owners in southern Saskatchewan. I have always been able to solve any problems and be able to recommend and source the proper tools for my customers.

I look forward to seeing my past customers and always enjoy making new ones. I will be based out of Regina and can be contacted on my cell phone anytime. If I have not as yet met you, I look forward to doing so.

CLAUDIO

CALGARY

Hi, my name is CLAUDIO GORSEGIN. I have 22 years experience selling industrial power tools in Calgary and am very pleased to be able to share my experience with the customers of Canadian Woodworker.

I promise to bring my hard work ethic, professionalism, and knowledge to my new customers as well as invite my past customers to come down and visit me in my new roll. Store manager Wayne Maron has asked me to be the in store contact person for all of our educational and industrial customers, and I look forward to be of service. We have many new product lines on the shelves in addition to our outstanding line up of tool brands to assist you on all your woodworking needs.

LAGUNA TOOLS

NOW at Canadian Woodworker

Laguna 3mm Gluepot Edgebander 1 Phase • Reg. \$18,995.00 \$17,995.00

The Laguna Bandit 2/3 sets the new standard for compact edgebanders. It provides rapid, reliable production with a smaller footprint than full-sized edgebanders. Great for the small shop it has single phase power, 3mm PVC and strip capacity, and built in castors for mobility. This machine uses the same heavy-duty internal components found in our larger, full-function edgebanders for maximum reliability. The micro-adjustable gluepot allows for precision control of glue application while the automatic end and edgetrimming units trim all four sides in a single pass. This is the perfect machine to increase your production and profits.

Laguna 8mm Gluepot Edgebander 3 Phase • Reg. \$37,995.00 \$34,995.00

The NEW Laguna Bandit 4/8 is the new heavyweight in their line of automatic edgebanders. This machine has the capacity to handle up to 8mm edgebanding as well as individual laminate strips. The gluepot allows for maximum flexibility for use with PVC, wood tape, laminate and wood strips. Standard features include automatic end trim with dual blade end cutting units, edge trimming with dual high frequency motors, scraping unit, buffing unit, adjustable overhead control panel, pull out support rollers for wide panels, and electronic temperature control with digital readout.

Laguna 10' Panelsaw 7.5 hp 3 Phase • Reg. \$14,995.00 \$13,995.00

The C45 Panel Saw features a massive 10.5 foot anodized precision sliding table. The ergonomic design of this saw includes tilted control panel and tilted scales on the cross cut fence for ease of use. The 7.5 HP Baldor main motor provides plenty of power for the toughest of jobs and is equipped with automatic star-delta start. The scoring unit features a separate motor and external controls for quick set up. Standard features include micro-adjustable rip fence, parallelogram blade guard, mitering crosscut fence, and motorized raising and lowering of the main blade.

Laguna 2 hp Portable Cyclone Dust Collector w/Remote Start • Reg. \$2,195.00

\$1,995.00

Laguna 3hp Portable Cyclone Dust Collector w/Remote Start • Reg. \$2,495.00

\$2,395.00

The Laguna Mobile Cyclone Dust Collectors with remote start/stop offer the benefits of a cyclone and the portability needed for workshops of all sizes. The cyclone collection unit allows the wood particles and dust to be separated from the air stream before going to the pleated cartridge filter. This provides superior dust collection and air filtration so that the wood particles do not pass through the efficient fan unit. Dust is collected in a 29 gallon metal collection drum which features quick release and separate wheels for quick and easy emptying. Motorized automatic filter cleaning insures that the pleated filter is always ready for the next use of the machine and remains in top shape. The convenient remote control included with this machine allows you to start the machine from anywhere in the shop saving you time and steps. Industrial casters allow it to move easily around your shop. This machine is also very quiet, protecting your ears as well as your lungs.

Laguna 14" 3hp Deluxe Bandsaw • Reg. \$1,899.95

\$1,799.95

Laguna has used their 25 years of experience, knowledge and continuous innovation to bring you this latest 14" bandsaw, the LT 14 SUV. Offering a full 14" of resaw capacity—more than any other 14" bandsaw—and loaded with features such as the proven Laguna Tools guides, 3 HP Leeson motor, rack and pinion controls, cast iron table, quick release blade and foot brake with micro-switch for extra safety and convenience.

Laguna 16" 3 hp Deluxe Bandsaw • Reg. \$2,295.00

\$2,195.00

Laguna's award-winning LT16-3000 bandsaw just got better by incorporating features from their Heavy-Duty series bandsaws. The long list of standard features now includes foot brake with micro-switch, rack and pinion for the upper guidepost, geared trunions with gas spring, quick tension release, and aluminum Laguna Guides. This new version features a 3 HP Leeson motor for plenty of power when resawing. The cast iron trunions, table, and wheels provide the stability needed to accurately slice wafer thin veneers from a tall block of hardwood. The award winning Laguna Guides insure positive control and tracking for your blades while the dual 4" dust ports provide optimum dust control.

Laguna 18" 4 hp Deluxe Bandsaw • Reg. \$2,595.00

\$2,495.00

The LT18 3000 series is the new "Senior" member of Laguna's best selling 3000 series. This new saw provides a perfect balance between very large capacities and price. With 16" of resaw capacity and a maximum blade width of 1" it is powered by a 4HP TEFC motor and will handle almost every job a typical custom woodworking shop will encounter. Some of the features are a blade tension mechanism with quick release, foot brake with micro-switch for convenience and safety, 2 dust ports, and a unique rack and pinion tilt system to tilt the table which is counter balanced with a gas spring.

Laguna 10' Panelsaw 5.5hp 1 Phase • Reg. \$12,495.00

\$11,995.00

The P32 Panel Saw features a massive 15" x 10.5' anodized precision sliding table. The ergonomic design of this saw includes digital display for the tilting/angle scales and LED RPM. The 5 HP single phase 220 volt main motor provides plenty of power for the toughest of jobs and is equipped with start/stop switches right on the end of the sliding table. The scoring unit features a separate 3/4 hp motor and external controls for quick set up. Standard features include micro-adjustable rip fence, deluxe blade guard, and mitering crosscut fence.

Laguna CNC 3 Axis Panel Saw 7.5 hp 3 Phase • Reg. \$29,995.00

\$28,995.00

Laguna 10' Digital Panelsaw 7.5hp 3 Phase • Reg. \$14,995.00

\$13,995.00

The P3200-TA Panel Saw features a massive 15" x 10.5 foot anodized precision sliding table. The ergonomic design of this saw includes digital readouts for RPM and blade angles, digital blade tilting adjustment, and motorized adjustment of both the main blade and scoring blade. The 7.5 HP main motor provides plenty of power for the toughest of jobs and the scoring unit features a 1 hp separate motor and external controls for quick set up. Standard features include micro-adjustable rip fence, miter fence, parallelogram blade guard, and crosscut table with digital stop.

Laguna 5' Sliding Panelsaw 4hp 1 Phase • Reg. \$6,995.00

\$6,495.00

Laguna 8' Sliding Panelsaw 4 hp 1 Phase • Reg. \$9,495.00

\$8,795.00

The all-new Laguna Pro-Series sliding panelsaws feature heavy-duty cast-iron internal components for rock solid performance. The 14" wide precision sliding table is anodized for durability and features a rugged support table and a telescoping crosscut fence with dual flip-stops. The crosscut table sports a roller and is supported by a large swing-arm and is ideal for sheet goods. On and off switches for the motor are conveniently located in the handle of the sliding table so you never have to reach under the panel again. The standard 4 HP single phase motor provides plenty of power for the toughest of jobs while the scoring blade is powered by a separate motor. Our Euro-style slider, riving knife, and micro-adjustable rip fence system provide safety and precision for flawless cuts every time. The 5' saw has a crosscut capacity of 67" and the 8' will crosscut up to 106" panels.
