## THE TURKEY'S THE THING

For most people, it's not really Thanksgiving if you don't have turkey, and we want the turkey on your table to be the most richly flavored and healthiest bird you can get.

Since we started back in 1982, we've handpicked our turkeys to very exacting standards, and today, we're proud that every Bristol Farms turkey is free-range, raised in California, and delicious as can be.

# Born-Free Turkeys

---

All of our delicious turkeys come from Mary's, a ranch in the Central Valley of California run by the Pitman family. Mary's turkeys are fed an all-vegetarian diet and are free to roam in open pastures full of sunlight and fresh air.

We even offer Mary's coveted heritage turkeys: the Bourbon Red and the Narragansett, the oldest turkey variety in America

ONE OF THE BEST WAYS TO MAKE YOUR THANKSGIVING EASIER  
AND MORE JOYFUL IS TO LET US PREPARE IT FOR YOU.
