Tithi Program

Life Time / Annual Tithi Program

We have received a very good response to the Tithi Program. It allows all members to select a day (or days) in a year (or Lifetime) when they can do all religious rituals that happen in our temple for the entire day. The rituals include Pakshalji, Ashtprakari Puja, Aarti and Mangal Divo. Multiple families can participate and ask for a tithi.

There are approximately 340 tithis during the year excluding certain tithis when we have Jain Center functions. Each tithi is available for \$101 per member family for one year or for \$2,501 for Life Time.

For Life Time Tithi, your name will be posted on board and newsletter. You can keep a photograph of your loved one for that day for paying tribute, well wishes or recognition, on TV.

For people who have already submitted their names for this program and also for people who want to signup, please send email to Dr. Mahendra Shah at mahendra.shah@jaincenter.net and provide the following information.

Paryushan 2015

Jain festivals are characterized by both internal and external celebrations. The internal celebration is through praying and expressing devotion to Jinas, practicing meditation, spiritual studies, and renunciation. Paryushan and Das Lakshana are important Jain festivals. It happens during late August / September commencing on the twelfth day of the fortnight of the waning moon cycle and ending in the fourteenth of the fortnight of the waxing moon cycle. During this 18 day period, Jain scholars and monks visit temples and explain the Jain philosophy. Jains during this period practice external austerities such as fasting, limiting their normal activities, long distance travel etc. At the conclusion of the festivities, a look back is encouraged, and Pratikraman is done for repentance of faults and forgiveness is given and asked for from all living beings.

English Lectures during Paryushan

Subject: Correlation between Jain Doctrine of Karma & Modern Science.

Presentation will include following topics:

Jain Doctrine of Karma is scientific and is based on the **cause and effect** principle.

Topic	Doctrine of Karma vs Modern Science	
Mind control/Intelligence	Ghati Karma	Nervous system
Feeling/Emotions	Ghati Karma	Endocrine Glands
Bodies of all species	Naam Karma	Genes/DNA
Pain/Disease	Vedaniya Karma	Bio-photon emission
Life-span	Ayusya Karma	Division of cells
Karma Storage	Karma body	Bio-photon

It is the power of the Soul that controls & regulates millions of chemical & biological activities in a cell per second in all the trillions of cells at a time in physical body.

The Karmas are stored in the form of light structure of Bio-photon of the living cell.

The knowledge of soul manifests in the subtle and physical body through Adhyavasaya (Karmic vibration).

Bio-photon provides intra & inter-cell communication and manages biological functions.

In the areas of genetic science & bio-photon theory puzzling the scientists may have their answers in the Doctrine of Karma perceived by the Arihanta Lord.

The relationship between Doctrine of karma & modern science not only supports each other but also enhances our understanding of the subtle secrets of life which are guiding and governing our behavior physically, mentally and emotionally.

This is presented as a power point presentation with visual animations.

Jains Got Talent Winner from JCSC

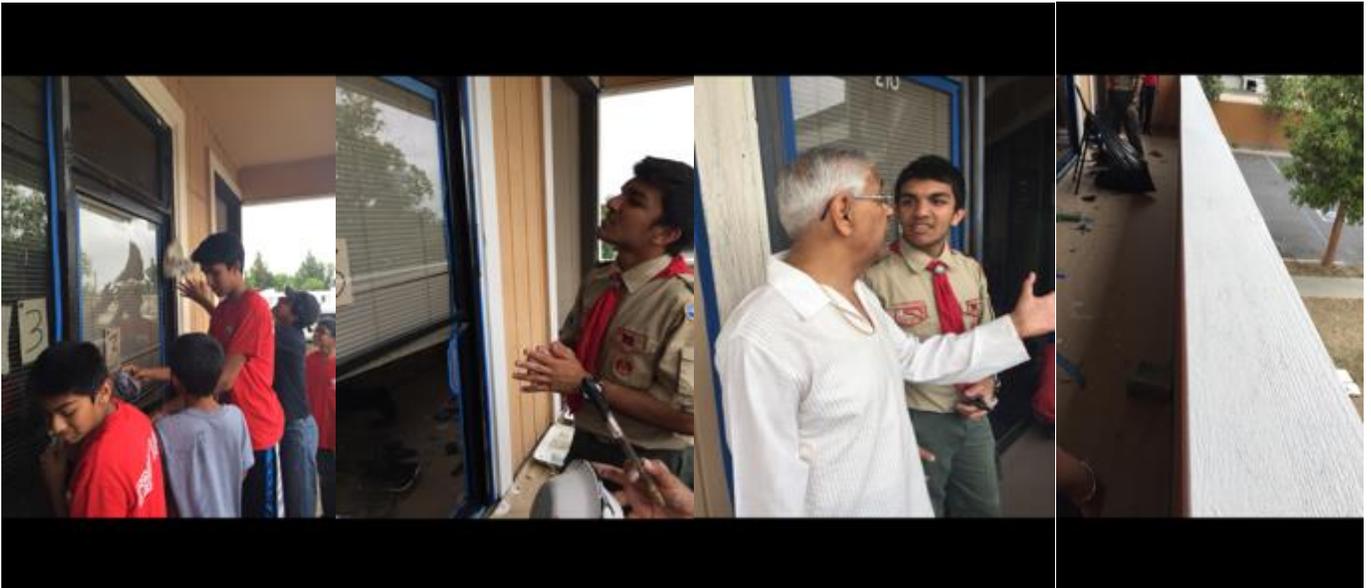

It is a proud moment for JCSC that **Anjal Jain** has won the **Jains Got Talent (JGT)** contest at the recently concluded JAINA convention in Atlanta. There were around 50 entries and Anjal performed a dance in the solo category to win this contest. For those who may not be aware, Anjal had won the same contest in the JAINA 2013 convention in Detroit for Singing in solo category. So this current accomplishment was second in a row!! There were two rounds. Out of the first round of 50 contestants, only 4 got selected for the final round. Anjal got an opportunity to perform in front of a huge audience of 4000 for final round and was declared the Grand Winner!

We congratulate Anjal on her achievement!

Volunteer Work at JCSC

On June 13th, Rushabh Doshi and his team of approximately 40 Boy Scout and few Pathshala friends came to Jain Deraser with a mission to give back to the Jain Community. After partaking in Pathshala for many years and seeing splintered wood and rusting metal in the post office on a weekly basis, Rushabh decided to take action. He selected his Boy-scout eagle project as repairing and coloring of that damaged ledge and surrounding borders and all the window frames and began the process to get his eagle project approved. He presented his proposal to the EC committee and after a lot of support from EC committee, he got the approval to sand down all the wood in the ledge and the borders and fill up all of the holes and cracks and repaint it so it would look safe and appealing to the Pathshala kids who use it weekly. He also witnessed major rusting from the metal of the doors and the panels and decided to repaint them in the hopes that it would look better and be safer. Lastly, he also cleaned many of the tables that are used in the kitchen for lunch and dinner. He was very well supported by his brother Jay who also is a Boy Scout throughout and before the project. At this project, almost 70 people showed up, ranging from his family and friends, his Boy Scout troop, and some even from our very own Jain center.

The cost of the paint and all the equipment was over \$500, which Rushabh donated from his savings account. Almost 70 people spent an average of 5-6 hours each. He hopes that his actions inspire other Jain Youth to give back to our Jain Center and urges them to participate in the Jain community as much as possible.

State of California Unclaimed Property

State of California has almost \$ 7.0B in unclaimed property, cash and security.

Please use web link <http://www.claimit.ca.gov/>

- SELECT UNCLAIMED PROPERTY SEARCH
- Try to use your last name so that it will include your family members as well as others that you may know them. Eg. I just use Vora and it has several pages with Voras, including familiar names from JCSC
- Those who are in business-also search using your dba in addition to individual search
- Each State has its own site and you need to search it, if your family members have history of living and or any kind of financial dealing in any state.
- There is no time line for unclaimed property, it could be there for last 20-30 years
- Try not to use commercial site (.com) as they will not be free and you can get same search from each State site for no cost.
- This is a Public Records information

Please consider DONATING to JCSC if you are successful in recovery of unclaimed property.
