

**JAMES O. EASTLAND COLLECTION  
FILE SERIES 4: LEGISLATIVE FILES  
SUBSERIES 11: INTERNAL SECURITY SUBCOMMITTEE  
LIBRARY**

The U.S. Senate eliminated the Internal Security Subcommittee in 1977. In 1977-78, Senator James O. Eastland began transferring his congressional papers to the University of Mississippi. Among the items shipped were publications from the subcommittee's library.

Due to storage space concerns and the wide availability of many titles, the volumes were not preserved *in toto*. However, this subseries provides a complete bibliographic listing of the publications received as well as descriptions of stamps, inscriptions, or enclosures. The archives did retain documents enclosed within the Internal Security Subcommittee's library volumes and these appear in Box 1 of this subseries. The bibliographic citation that follows will indicate the appropriate folder number.

Call numbers and links to catalog records are provided when copies of the books are in the stacks of the J.D. Williams Library or Special Collections. Researchers should note that these are not necessarily the same copies that were in the Internal Security Subcommittee library or even the same editions. If the publications were previously held by the Internal Security Subcommittee, the library catalog record will note James O. Eastland's name in the collector field.
