There's no blending in when it comes to our latest pattern — Woodland Camo was made to stand out. Aesthetically cool, rugged, durable, camo has evolved over the years into a wardrobe staple. Our interpretation draws from utilitarian roots, but features cool, forest-green tones for a refreshing take on a nostalgic motif. Laidback yet bold. Functional yet fun. Woodland Camo is the perfect neutral pattern to take with you from season to season in style.

**MINIMUM ADVERTISED PRICE POLICY (MAPP)** Corkcicle values its relationships with those members of its wholesale retailer program and recognizes each Retailer's commitment to providing consumers of Corkcicle® products with the highest level of service and support. Additionally, the Company understands that the success of Corkcicle® products correlate with the success of the Retailers, and that certain types of advertising is not only damaging to Corkcicle® products' achieved standards and reputation, but would be detrimental to Corkcicle's and the Retailers' service and support efforts. Therefore, we have implemented a Minimum Advertised Price Policy (the "MAPP"). The highlights are listed below but it is critical that each wholesaler review the complete policy at [corkcicle.com/mapp](http://corkcicle.com/mapp) and abide by our guidelines. 1. No 3rd party e-commerce selling on sites such as Amazon, eBay, etc. 2. No print advertising reflecting prices below published MSRP pricing in Corkcicle Wholesale Pricing Sheet 3. No online pricing or advertising reflecting prices below published MSRP pricing in Corkcicle Wholesale Pricing Sheet 4. Retail partners are prohibited from bidding on Corkcicle branded search terms in online search engine advertising channels. Cannot bid on anything containing the word Corkcicle or any common misspellings of that word
