## NOTE FROM THE PRESIDENT AND CEO

### IT SEEMS LIKE ONLY YESTERDAY

When you're young, a 50th birthday is inconceivable. But eventually, that magic benchmark does arrive, and you wonder where the years have gone. That's where **WTVP** is as we begin the new year.

2021 is the 50th anniversary of Bradley University professor Phil Weinberg's dream becoming a reality. In June 1971, **WTVP** took to the airwaves for the first time. PBS is also turning 50, as is *Masterpiece*, a mainstay of PBS programming. We're looking forward to a year-long celebration that recalls the rich past and significant impact of public media, highlights the present and moves confidently into the future.

The coming year will see studio upgrades that enhance **WTVP's** local production capabilities, more local documentaries, a multi-part leadership seminar, incredible national programming like *All Creatures Great and Small* on *Masterpiece* and a Ken Burns film on Ernest Hemingway, and so much more. Stay tuned — it's going to be a memorable year!

This is a good time to remind ourselves **WTVP** would not be where it is today without you, our loyal members, viewers, underwriters and supporters. For five decades the people of Central Illinois have shown that what we do is important to our community. Thank you for joining us as we commemorate the rich history and bright future of **WTVP**.

*Lesley*

## NETA AWARD FINALISTS INCLUDE WTVP COVID-19 AND EASTERSEALS CAMPAIGNS

The excellence viewers and supporters have come to expect from **WTVP** has been recognized by the National Educational Telecommunications Association (NETA) through its 52nd Annual Public Media Awards. **WTVP** has finalists in two award categories:

### COVID-19 COMMUNITY ENGAGEMENT

Recognition is given in this category for "exemplary community engagement services" in response to the COVID-19 pandemic. **WTVP's** extensive information and awareness campaign began within days of the statewide lockdown in March and includes a live, 90-minute town hall meeting; hosting a regional simulcast with commercial television stations; expanded weekly call-ins on *At Issue* with H Wayne Wilson; more than 80 Coronavirus Updates and Staying Healthy messages and official department communications.

### OVERALL EXCELLENCE: WTVP/EASTERSEALS

Launched in November 2019, the **WTVP/Easterseals** Better Together campaign is designed to help children relate to people with differing abilities and to promote inclusion in everyday interactions. **WTVP** produced and continues to air two on-air messages spotlighting Easterseals clients and referring parents and caregivers to PBS Kids programming and PBS LearningMedia.

According to NETA, the Public Media Awards "honor our members' finest work in education, community engagement, marketing/communications and content." Winners will be announced in January 2021.

**NOTE FROM THE STATION MANAGER**

**WATCH FOR A NEW BRITCOM,  
STATION UPGRADES AND MORE IN 2021**

January brings one set of planning to an end and begins a new one. Now that the holidays are over, everybody's focus seems to change from cooking, decorating and connecting with family members in a COVID-safe manner, to looking ahead and making plans for the new year. It is no different at **WTVP**, where we are excited about some of the changes slated to happen in our facility and broadcast schedule.

Thanks to generous donations, the programming department is looking at bringing at least one new British comedy to our main channel in 2021. For **WTVP REMOTE**, the broadcast-only channel dedicated to distance learning, our nationwide search for new content will bring programs from Tennessee and Missouri designed for various grade levels.

Inside the station, **WTVP** engineers are starting to replace outdated equipment so the number of HD (high definition) sources can be increased. This is being done in preparation for the installation of new HD studio cameras later in the year. All these plans would not be possible without your support. Thank you for being a member and helping **WTVP** update its facilities as we continue to provide some of the best programming on television.

## PRESERVING ILLINOIS PRAIRIES THURSDAY, JANUARY 7, 8:30 PM

Filmed at locations across the state, this documentary explores the natural forces that created the different types of prairies once found in Illinois, the complex bio-systems that exist above and below the rich black soil, and wildlife such as bees, birds and monarch butterflies. As the title suggests, *Preserving Illinois Prairies* also looks at pockets of natural prairie that survive (remnant prairies) and the mostly volunteer work to reclaim and reconstruct prairies for future generations to study and enjoy.

## PEORIA PLAYERS THURSDAY, JANUARY 21, 8:30 PM

Peoria Players Theatre is the oldest continuously running community theater in the state and the fourth oldest in the nation. Craftsmanship and materials come together with the human spirit to allow us to suspend our disbelief and to be transported into another world outside ourselves. Three locations, the great depression, two major wars, and over 1,000 productions... Journey through 100 continuous years of Peoria Players Theatre.

## PEORIA'S PLAYGROUND THURSDAY, JANUARY 28, 8:30 PM

What began as a scattering of private and city-operated parks in the late 19th century has turned into a 21st century network of recreation opportunities for all of Central Illinois to enjoy. From the original ornate concept for Glen Oak Park, to the rugged wilderness of Detweiller Park, the goal of the district has always been to continually meet the needs of the public by shaping and reinventing how these land resources are used and preserved.

## NOTE FROM THE CHAIRMAN

### AMPLIFY YOUR VOICE AS A KLYSTRON SOCIETY MEMBER

We've all seen what happens when a pebble is dropped into a quiet pool. The pebble doesn't just disappear — its tiny impact is amplified, radiating out in all directions. The same thing happens when **WTVP** members donate to this station. Every gift, regardless of size, ripples across Central Illinois, touching people of all ages with engaging and inspiring programs and educational services.

I'd like to invite every **WTVP** member to take the next step in community engagement by becoming a member of the **WTVP** Klystron Society. The generous gifts of Society members and all of our friends make tremendous waves across Central Illinois, touching education, the arts, business and more. By investing in public television, **WTVP** members amplify their voices and have a positive impact on the lives of thousands in the region.

You can become a member of the Klystron Society with an annual gift of \$1,000 or more. You'll receive some special benefits and the satisfaction of knowing you are helping to carry **WTVP** further into the future. I can't think of a better way to start the new year! Visit [wtvp.org](http://wtvp.org) or call **309.677.4747** to learn more about the Klystron Society and other giving opportunities.

## EXPANDING HORIZONS IN HIDDEN PLACES

Occasionally we get a glimpse of the impact **WTVP** and its five channels have on someone's life. That was the case when our Development Department received a letter and handmade thank you card from a detainee at the Illinois River Correctional Center in Canton.

After requesting and receiving a **WTVP** program schedule, the detainee wrote: "It is easy to believe, once you have been locked away behind prison walls, that the world has forgotten about you and/or just doesn't care. I can't begin to tell you what your act of kindness means to myself and the men I will share the monthly programming schedule with. PBS gives us an opportunity to learn new things, expand our horizons, and at times, to sail beyond these walls."

Since **WTVP REMOTE** went live in September 2020, **WTVP** has met with a number of potential users of the service, including officials at correctional facilities. The types of content that they believe would be most helpful are the types of content already on the air, helping students, detainees and others explore, learn and grow.

Thank you for supporting television that makes a difference!

## KLYSTRON SOCIETY MEMBERS SHARE THEIR PASSION FOR **WTVP**

Look up "volunteer" in the dictionary and you are likely to find a picture of Rebekah Bourland. That's how completely she embodies the spirit of volunteerism that is at the heart of the **WTVP** Klystron Society. As a Klystron Society member, Rebekah's investment continues the impact on culture, the arts and education started a generation before by her parents.

When Phil Weinberg turned to the community to find the resources to create **WTVP**, the first person he called was Rebekah's mother, Jane. She hosted fundraising teas and events and twisted the right arms to help secure the resources to launch the station. Jane and her husband, Fredrick, also helped raise interest in the business community, and they both continued their involvement with the station throughout their lives. The Bourland Award, established in 2006, is presented annually to honor volunteers who exemplify long-term commitment to the station.

Perhaps the Bourlands' greatest legacy is their daughter, who has served **WTVP** in so many ways: on air as a performer, as talent, as an auctioneer; in politics as a strong voice for public television and the arts; on the Board of Trustees; and in many more untold ways.

"People are surprised to learn that our family did not have a television when I was growing up," Rebekah remembers. "My parents did not believe the content merited having one in the house and they did not want their four children spending time with it. Imagine my surprise when I came home from Northwestern University on my first college break to see a color set in the living room! That's when I learned that my mother had become a disciple of Phil Weinberg. She and my dad were inveterate Channel 47 viewers from that time forward."

Rebekah says she is a **WTVP** Klystron Society member and continues to support the station because it is always educational and informative and watching the programs maximizes your time. She also loves the arts and knows her investment in **WTVP** will continue to enrich the community for generations to come. To learn how you can join Rebekah and other community leaders in the Klystron Society, contact **WTVP Development**, **309.495.0547** or **development@wtvp.org**.

# Thank You!

**WTVP** is grateful to everyone who pledged during the December Winter Membership Drive.

Your contributions help the station remain strong. Membership drives are a vital fundraising mechanism for **WTVP**. During select times throughout the year, PBS releases common carriage so local stations can air special programming designed to raise funds. Through these opportunities, **WTVP** can reach out and ask viewers to become new members. Viewers can also call to make their annual contribution, initiate ongoing sustainer support, make additional gifts or rejoin the **WTVP** family. The dollars raised through on-air fund drives make future programs that engage and inspire possible for all of Central Illinois. Thank you!

**WTVP** relies on volunteers to help with our on-air fund drives. We extend a hearty thank you to everyone who volunteered during our recent drive, including:

When you make your contribution before December 31, it helps **WTVP** plan and prepare for the coming year and secures the future of the station to continue providing trusted, valued, essential programming on all five of our channels: **WTVP-HD**, **PBS Kids**, **World Channel**, **Create TV** and **WTVP REMOTE**.

*Thank you! You make our future bright! Happy New Year!*

# LOOKING DEEPER

## WITH NOVA

WTVP HD 47.1

### NOVA: PREDICTION BY THE NUMBERS

WEDNESDAY, JANUARY 6, 8 PM

In a fascinating, fast-paced investigation, *NOVA* takes viewers from the glitz of casinos and TV game shows to the life and death stakes of storm forecasts and the flaws of opinion polls that can swing an election.

### NOVA: SECRETS IN OUR DNA

WEDNESDAY, JANUARY 13, 8 PM

Caught up by an explosion of popular interest in genealogy research, more than 12 million Americans have sent their DNA to be analyzed by companies like 23andMe and AncestryDNA, hoping to obtain hidden clues to family origins and forecasts of their future health. But what actually happens once the sample is in the hands of testing companies? What are they looking at and how accurate are their results? *NOVA* explores the value of this information and the risks of entrusting our most private data to commercial enterprises and online databases.

### NOVA: DECODING DA VINCI

WEDNESDAY, JANUARY 20, 8 PM

How was Leonardo da Vinci able to think so far "outside the box" that he envisaged developments in engineering, astronomy and anatomy that were only realized centuries later? His inventions and insights have come down to us through his notebooks, each page packed with a profusion of ingenious ideas and breathtaking drawings but revealing little about his personal life or character. As a result, the man behind the Mona Lisa and a host of futuristic inventions remains a shadowy figure.

### NOVA: FORGOTTEN GENIUS

WEDNESDAY, JANUARY 27, 8 PM

*NOVA* tells the remarkable life story of Percy Julian — not only one of the great African American scientists of the 20th century, but an industrialist, self-made millionaire, humanitarian and civil-rights pioneer. The grandson of Alabama slaves, Julian won worldwide acclaim for his research in chemistry and broke the color barrier in American science more than a decade before Jackie Robinson did so in baseball. He discovered a way to turn soybeans into synthetic steroids on an industrial scale, enabling drugs like cortisone to be widely available to millions. In a special two-hour presentation, *NOVA* traces the vivid and moving saga of Julian's dazzling scientific achievements and sometimes stormy personal life. His largely unknown story is brought to life with vivid period re-enactments based on newly accessible family archives and interviews with dozens of colleagues and relatives.

**WORLD** Channel (47.3) continues to bring you unique and powerful voices from across the country and around the world. Tune in for the most amazing storytelling on television.

## LOCAL, USA

MONDAYS, JANUARY 4 AND 18, 8 PM

## STORIES FROM THE STAGE

MONDAYS 8:30 PM

DAILY 10:30 PM

Imagine an intimate conversation with some of the movers and shakers in world history, people whose decisions shaped our world and whose lives still inspire us today. These historical characters are telling true stories of the pivotal moments in their lives, with humor and drama. *History in Person* is a series of Chautauqua style biographies that includes scientists, explorers, political leaders, artists and writers, using first person historical accounts to integrate the curriculum.
