Bestop® Trailmax™ front seats

Fit all Jeep® Models from 1976-2002*. All Bestop® Trailmax™ seats are shipped pre-assembled with mounting hardware. Available in factory matched vinyl or vinyl with fabric inserts. Each sold separately. Add color code to end of part number when ordering.

* 1997-02 TJ Models require adapter #51256-01 for each seat.

trailmax™ classic

Patterned after the early model factory Jeep® seats this seat has all 21st century features. This fixed lowback seat boasts an Atlas Frame™, V-ROR™ springs and Ultimate Foam™ to ensure a comfortable trail ride while staying true to the period. Available in vinyl only.

ACCESSORIES

trailmax™ sport

A step up from the standard Trailmax™ seat, the Trailmax™Sport boasts all the same features of the standard seat but adds an infinitely adjustable backrest and rear elastic storage pocket. Available in either all vinyl or vinyl with fabric inserts.

For 1976-02 CJ and Wrangler

Trailmax Sport Vinyl

---	----------

BESTOP® SUNRIDER™

The Sunrider is a fully convertible top with a unique cam-action header to allow the front portion to open like a sunroof. Utilizes Bestop's patented belt rail system for a draft-free fit. An easy open tailgate design (86-02 Wranglers only) allows tailgate to be opened without unzipping the rear window. With sealed seams, factory matched colors and YYK zippers this top is feature packed. Designed to work with full steel doors, Supertop 1/2 and 2-piece doors and TJ factory upper soft doors (will not work with factory CJ/YJ soft upper doors). Installation video included. One year warranty. Made in the USA. *DOORS SOLD SEPARATELY*

Stock No.

1976-95 CJ-7 & YJ WRANGLER* COLOR CODE: 01, 09, 15, 37	51698-##
---	----------

1997-02 WRANGLER COLOR CODE: 09, 15, 33, 37	51699-##
--	----------

2003-06 WRANGLER COLOR CODE: 35, 36	51719-##
--	----------

*note: YJ/CJ vehicles with softtop must remove existing window channel to allow the Sunrider header system to function properly.

BESTOP® HALFTOP™

The Halftop is similar to the Bikini, Windjammer, Duster combo except it has a completely sealed cockpit. Allows more efficient interior heating and cooling and features a fold-back sunroof and zip-out rear window (complete with mesh screen) for open-air motoring. This top has all the features that make Bestop the leader in the industry: color-matched fabric, galvanized & powder-coated hardware, Bestop's belt-rail attachment and patented tailgate system. One year warranty. Made in the USA. *DOORS NOT INCLUDED*

Stock No.

1997-02 WRANGLER COLOR CODE: 15, 37	53809-##
--	----------

1997-02 WRANGLER W/HARDTOP* COLOR CODE: 15, 37	53819-##
---	----------

1992-95 YJ WRANGLER COLOR CODES: 15, 37	53818-##
--	----------

*note: for P/N 53809 the factory door surrounds and tailgate bar are required for installation.

BESTOP® SUPERTOP™

The Supertop is the industry standard in replacement softtops. The patented belt-rail mounting system ensures a tight, draft-free fit and it does not require drilling any snap holes. Adjustable bows prevent sagging and buffeting while zip out rear and side windows allow near instant open-air driving. Bestop's unique tailgate bar allow access to the trunk without unzipping the rear window (86-02 Wranglers only). Other features include: Haartz® mildew and stain resistant fabric, factory-matched colors, YYK Zippers and powder coated hardware. Each top comes with hardware, fabric and windows. One year warranty. Made in the USA

If your bows and hardware are in good condition the Replace-a-top may be the solution to a worn and faded softtop. Since Bestop is the supplier to Jeep® (and most others) the Replace-A-Top is the only aftermarket soft top produced using OE specs and materials. Features no-drill installation, factory-matched colors and heavy-duty YYK zippers. Fits only factory bows and hardware. Optional 31% tinted windows available on some models. One year warranty (two year for wrangler models). Made in the USA.

Want a soft-top that's as quiet as a hardtop? The Sailcloth Replace-a-top's design and heavy 30oz. Haartz® fabric significantly reduce wind and road noise as well as increase insulation. The fabric also prevents buffeting, shows fewer waves and wrinkles and is easier to maintain than a standard softtop. This new material and design is so much better it is used as the factory material on all 2001 and newer Wranglers. Optional tinted windows available. Kit includes fabric and 1/2 door skins. Factory hardware required. 2 year warranty. Made in the USA.

All window kits consist of two side windows and one rear window (except P/N 51160). The 31% tinted windows block the sun's harmful rays from damaging the interior as well as keeping the interior cool on hot summer days. Mesh window kits are made of vinyl coated polyester for strength and tear resistency. One year warranty. Made in the USA.

BESTOP® UPPER DOOR SLIDERS

Bestop's upper door sliders feature DOT approved, thermally insulated glass for reduced road noise and increased ventilation. Each kit comes with one pair of upper doors with latching sliding glass windows. High quality weatherstripping keeps out ice, snow, dirt and debris. YJ Wrangler version is single slide while the TJ version boasts dual sliding glass for maximum convenience.

BESTOP® TRADITIONAL BIKINI®

The Traditional Bikini includes footman loops for rear strap tie-down. Reinforced edges reduce flapping and genuine Haartz® stretch and set fabric is perfectly color matched to original colors. Marine-grade thread, heavy-duty composite buckles and industrial-grade webbing ensure this bikini will last a very long time. Made in the USA.

NOTE: When removing a hardtop a windshield channel must be installed before installing a Bikini top.

*** When Removing An Existing Hardtop, A Windshield Channel Must be Installed before Installing a Bikini Top**

WINDSHIELD CHANNELS

To fit a bikini top to a hardtop vehicle a windshield channel must be installed. 51209-01 can also be used to replace old or worn channels.

TJ Wrangler notes: All 97-02 TJ Wrangler vehicles must install a channel regardless of whether the vehicle has a hardtop or soft top. If the vehicle has a Bestop Supertop the vehicle already has a 51235-01 channel. The drill-in channel must be removed when using a soft top or hardtop. Windshield channels and Bikini top combinations are not interchangeable.

BESTOP® TRAILMAX™ CONSOLES

BESTOP TRAILMAX™ CLASSIC

The Classic is Bestop's original center console. Covered in factory matching fabric it features a locking storage compartment, padded armrest, dual cup holders and a storage tray. One year warranty. Made in the USA.

Application	Stock No.
1976-83 CJ-5, 1976-86 CJ-7, CJ-8 & 1986-95 WRANGLER	81507-##
Dimensions: 23.5L X 7.5W X 12.75H	
Color Codes: 01, 04, 09, 15, 37	

BESTOP TRAILMAX™ AND TRAILMAX™ PRO

The successor to the Classic console is the new Trailmax™ and Trailmax™ Pro center consoles. Both are produced from injection molded plastic for durability and water resistance and feature a slide-out writing board, removable beverage cooler large enough for four 12 oz. cans, lockable, padded armrest oversized removable cupholders and multiple exterior storage trays. The Trailmax™ Pro console adds a 12V outlet for electronic equipment, a self-activating interior light and a first aid kit. One year warranty. Made in the USA.

Application	Stock No.

BESTOP® SOUNDBARS

Bestop® has upgraded their Soundbar and Supersoundbar with better speakers, upgraded bracket design and covered U-bolts while lowering the price! New Cuspid® speakers feature beefier magnets for better power handling, stronger materials for longevity and built-in crossovers to ensure the right frequencies reach the correct driver. The upgraded bracketry ensures smooth and reliable operation and the covered U-bolts protect your sportbar covers from damage. The Soundbars still feature tuned SpiralPort™ chambers inspired by the human ear that deepen and enrich the music and tuned ports for truer more powerful bass response. Made in the USA.

The Super Soundbar:

3-Way 6 1/2" speakers with crossovers, SpiralPort™ design, Tuned Ports, dual adjustable map lights. 3 position settings. 4 factory matched colors.

Bestop Super Soundbar	63715-##
Color Codes: 09, 15, 33, 37	

BESTOP® FENDER FLARES

Each Bestop fender flare kit comes with 4 flares and 2 stone guards (86-02 Wrangler). A Perimeter Frame™ adds structural integrity without compromising flex. The Mud Bulge™, also a Bestop trademark, helps to keep flying mud and water from landing in the vehicle. Made of flexible, impact resistant polyurethane Bestop flares provide up to 6" of fat tire coverage. Most applications do not require drilling.

BESTOP® OVERSIZED TIRE CARRIER

Bestop's tire carrier mounts to the body with reinforcing bracket so it can be used with a variety of aftermarket bumpers. It's unique design allows the carrier and the tailgate to open as one unit. Can hold up to a 35" tire and 200 lbs. Heavy duty tubular steel is powder coated in a black wrinkle finish for durability and good looks. An easily adjustable arm prevents wobble and play in the mechanism. Drilling and assembly required. One year warranty. Made in the USA.

Hinged Roof Rack

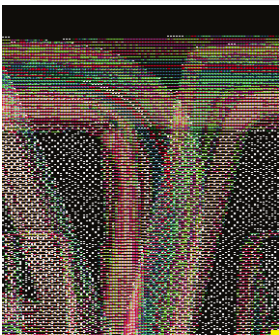

Bestop's new Rack Systems provide you with convenient overhead storage for open-air driving. Rack Systems' modular design allows a universal tray to be installed in multiple locations around your Jeep® — the versatility to put storage where you want it. Depending on where they're installed, trays can each hold up to 200 pounds of gear. The thermoformed plastic tray is lighter than steel and has better impact resistance. Rounded corners help prevent injury if bumped. Cargo is tightly secured with tie-down straps anchored by installed I-bolts.

The Hinged Roof Rack can stay in place while dropping the soft top or while changing from soft top to hard top. The universal trays pivot off to the side to allow top changes without removing the rack system.

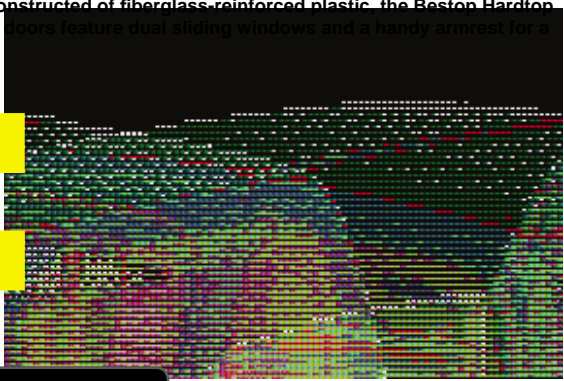

Cargo Bracket

BESTOP® HARDTOPS

Introducing the new Bestop Hardtop - loaded with more unique features and progressive styling than any other top on the market. The one-of-a-kind design of this 2-piece hardtop lets you easily remove the front cockpit cover and store it on the optional roof rack, leaving your interior free for occupants and gear. The rear window features a defroster, while gas charged shocks hold the rear window up for easy loading. The rear window also locks without a key when the tailgate is closed. All windows are DOT-approved tinted glass. An automotive grade, washable headliner reduces noise while increasing insulation and an overhead dome light illuminates the interior of your Jeep®. Vents help keep the side windows clear of frost and a molded-in gel coat provides UV-resistant color. On the inside, overhead mesh pockets in the cockpit cover keep small items like sunglasses, CDs, cell phones and garage door openers handy. And on the outside, grooves in the cockpit cover and over the doors help channel water away from the door opening. Constructed of fiberglass-reinforced plastic, the Bestop Hardtop is available with or without matching upper doors. The upper doors feature dual sliding windows and a handy armrest for a comfortable ride.

BESTOP® EXTENDABLE TOWING MIRRORS FOR TRUCKS

No more ugly tow mirrors! Bestop's Extendable Towing Mirrors are designed to provide greater visibility while towing large trailers and then retract when not in use. They provide a greater surface area for a better side view of both the vehicle and trailer and fold flat against the doors for tight maneuvering (built in stops prevent them from contacting doors). Made of tough impact-resistant ABS plastic they feature vibration damped bi-pillar design that provides crisper, clearer reflections. Available for American trucks in manual-tilt, power-tilt and power-tilt with defroster. Easy to install and fit just like OE mirrors.

**BLACK CHROME
STAINLESS STEEL**

Rugged Ridge Black Chromed Stainless Kits are designed to give your Jeep that rich, dynamic look found only in the most expensive vehicles. The unique Black Chrome process begins with prime 304 stainless steel polished to a mirror finish that is specially treated with black chrome. This process lets the beauty of the polished finish shine through the richness of the black chrome giving each piece a three-dimensional look!

The Rugged Ridge Program also features:

BC = BLACK CHROME

- Special designed kits that dress up portions of your Jeep. Gives you the true black chrome look throughout.
- A limited life time warranty against rust
- Individual tailgate hinge and Black Chromed mirrors to complete the look on your vehicle

SOUNDBARS AND SOFT ACCESSORIES FOR CJ, YJ & TJ WRANGLER

Deluxe 2-Way Soundbar 1987-02 YJ & TJ Wrangler

The Mud & Shine 2-way soundbar features marine grade 6 1/2" coaxial speakers capable of handling up to 80w peak power each. Designed to handle the rigors of off-roading and power of aftermarket amplifiers the speakers feature a polyurethane coated woofer, Mylar tweeter and butyl rubber surround for weather resistance as well as an ASV material, copper wound voice coil for distortion free power handling. Available in three high quality, factory matching colors: Black, Charcoal and Spice.

Ultimate Six Speaker Soundbar 1987-02 YJ & TJ Wrangler

For the audiophiles out there Mud & Shine has developed the 6-speaker soundbar. Separating the frequencies means each speaker receives only those sounds it was designed for and in turn can handle more power with less distortion (up to 100w peak power per side). The 6 speaker system includes a 6" woofer that boasts a large 10 oz. magnet, a 3 1/2" high compliance midrange and a 1" tweeter with a neodymium magnet and ferrofluid for superior dispersion and efficiency. The tweeter also swivels to adjust imaging. Maplight not included. Now available in 3 factory matching colors: Black, Charcoal and Spice.

COMPRESSOR KITS

Compressor Kit 200P for 33 inch and smaller tires.

Every off road vehicle needs an on board compressor to air up after a ride, repair a leaking tire or inflate an air mattress in camp. This new air compressor will inflate a 33 inch tire from 15psi to 30psi in less than 3 minutes. With a 1.94cfm flow rate and maximum duty cycle at 20% with maximum pressure of 160psi and a thermal overload protection system, this compact compressor is quite powerful. The kit comes complete with an 18' coiled air supply line and inline gauge with screw on air chuck, 7.5' power cord with battery clamps and a sturdy, water resistant carrying case.

Compressor Kit 400P for 35 inch and larger tires

This new air compressor will inflate a 35 inch tire from 15psi to 30psi in less than 3 minutes. With a 2.5cfm flow rate and maximum duty cycle at 20% with maximum pressure of 160psi and a thermal overload protection system, this compact compressor is very powerful. The 25amp 12 volt motor has a continuous duty cycle of 30 minutes, which provides more than enough time to inflate your tires at the end of the ride and then some. The kit comes complete with an 18' coiled air supply line and inline gauge with screw on air chuck, 7.5' power cord with battery clamps and a sturdy, water resistant carrying case

9.5XP
Self-Recovery Winch
Stock No. **W68500**

The 9.5xp winch features an all new, High Output Parallel Series Wound winch motor that's the strongest and most durable in the industry. The 6 hp motor, 3-stage planetary gearing and continuous duty control pack work in sync to tackle the most demanding pulls. Full face contact drum seals, motor and end housing gaskets deliver extreme-duty water resistance.

XD9000i
Self-Recovery Winch
Stock No. **W27550**

You'll probably see more XD9000i winches on trail rigs than any other winch. No load line retrieval of 38 ft. per minute and three-stage planetary gearing are just a few reasons why. It's also a terrific fit in a hidden mounting system.

9.5ti
Thermometric Self-Recovery Winch
Stock No. **W67550**

The new 9.5ti packs 9500lbs of pulling capacity into a massive 12.5 lb 360-aluminum die-cast body. Seals at the key points give extreme-duty water resistance. A Gen II Bosch motor delivers just the right balance between torque and speed. The thermometric indicator gives the operator information about motor temperature during the winching operation.

M8274-50
Self-Recovery Winch
Stock No. **W38631**

Loved by off-roaders who compete for prizes, its Warn's fastest winch. No load retrieval speed is a very quick 73.4 ft per min and with 150 ft of 5/16" cable it has extremely long line capacity. The spur-gear drive-train and upright design make it very rugged while the braking system delivers smooth operation with superior heat rejection. 8000lb capacity.

M8000
Self-Recovery Winch
Stock No. **W20910**

Compact, tough and an outstanding value. Comes with hawse fairlead and 80 ft. 5/16" wire cable.

Rock Crawler Bumpers

Warn incorporates years of off-road experience to deliver well engineered, durable and great looking bumpers. The first thing you'll notice are the tapered ends which dramatically increase approach angles. Other features include welded eyelets to mount D-ring shackles and pre-drilled holes for lights in front. Outback a 2" receiver for portable winch or shackle bracket increase recovery options. Both are laser cut from 3/16" steel, CNC formed and robotically welded for precise fit and powder coated black for durability.

Rock Sliders

One of the most vulnerable parts of your Jeep's body are it's rocker panels. The Rock Sliders are designed to protect your sheetmetal during off road excursions while not adding anything for your Jeep to get hung up on. Made from thick 3/16" reinforced steel they bolt directly to the body and are powder coated black for durability. Mounting hardware included. Some drilling required.

Rock Crawler Bumpers & Tire Carriers

Designed to carry the oversized tires all serious off roaders use, the new WARN tire carrier can handle heavier tires up to 36". It pivots on a large 1.5" welded, solid steel shaft pin which rises from the bumper into the carrier frame.

Structural t-joint welds (vs. corner welds) ensures long, trouble-free operation. Polyurethane pad reduces rattling. Includes frame reinforcing brackets.

Lockout Hub Sets

Premium Hub

All metal construction and ZA alloy dial ensure years of reliable operation. Features include full 9/10th turn for robust engagement/disengagement, wave spring technology that increases reliability, heavy detents for positive engagement. Built to last. Limited Lifetime warranty

Standard Hub

The ideal choice for OEM hub replacement and virtually the same hub supplied by WARN to the OEM's for years. Features 4140 steel clutch and inner drive gear as well as a precision cast

Front Hub Conversion Kits

Hub conversions improve vehicle flat towing and reduces driveline wear by allowing complete front end disengagement. High strength alloy axles help increase front end strength and durability. CJ kit converts hubs to 5x5.5 premium internal hubs. Cherokee and Wrangler kits uses standard flange mount hubs. NOTE: P/N W38006 & 7 lose ABS ability and require new brake rotors.

1995-06 YJ & TJ, 297 U-JOINT	W38007
27 SPLINE, 5x4.5 BOLT PATTERN	

Floating the axles eliminates the axle shaft from having to support the vehicle weight as well as hold the wheels on. These kits use high yield strength axles and feature the largest spline count possible, limited only by the differential. Internal splined wheel hubs eliminate bolts and are guaranteed never to loosen. Other features include spring-loaded lip seals in the wheel hubs and spindles as well as o-ring seals on the hub lock interface. Now sold as a two-part system: the "foundation kit" and either drive flanges or hubs. Drive flanges are designed for people who do not flat tow or who experience excessive driveline backlash from a mechanical locker.

Deluxe Stereo Security Console

16 gauge steel console has a separate compartment for mounting a stereo or other DIN sized electronic equipment. Lockable rear storage space has enough space for a CD changer, tools and other valuables. Other features include the exclusive pry-guard locking system, weather proof lid and durable powder coat finish. Removable shelf and a rubber mat for rear compartment included. Other accessories sold separately. Drilling required. STEREO NOT INCLUDED. **PLEASE SPECIFY COLOR CODE WHEN ORDERING.**

1997-06 TJ WRANGLER	TUF-04901	

Overhead Consoles

Here's a great way to mount your CB, radio or any DIN sized electronics. These expandable (from 32 1/2" - 36 1/2") overhead consoles mount between the sport bar and the windshield frame. The compartments swing up flush when not in use and are secured with the Pry-Guard locking system. They use unique U-bolts for the sport bar and existing footman holes on the windshield frame (bracket for TJ Wrangler included). No drilling required! Available in black only.

ARB has been challenging the conventional thinking of off road equipment for over 26 years, and the ARB Air Locker has been a success from the very beginning. Created to provide 100% traction on demand, without sacrificing any of the vehicles highway driving performance. ARB Air Lockers employ a 12 volt air compressor (sold separately) to activate, and deactivate, a solid and durable locking mechanism inside the differential. This provides the traction you need, when you need it, the flip of a switch, all within the comfort and safety of the drivers seat. Each locker is manufactured from the highest quality alloy steels and when purchased with the

compressor, includes everything required for proper installation such as switches, air lines and fittings. Professional installation recommended but not required.

ARB Air Locker: 'CAUSE THE EARTH AIN'T FLAT

ARB Bull Bars

Absolutely the highest quality aftermarket bumper ever. Each bar is made from premium cold rolled sheet steel and 250 grade heavy wall tubing. Computer controlled laser cutting equipment, mandrel bending and MIG welders shape the material into a structurally sound shell. Additional reinforcements and gusseting are then added along with provisions for lighting and recovery points. They feature fully integrated or recessed winch mounting systems (designed for use with Warn XD and XD model winches) able to withstand the high stresses incurred when winching. Finished in a 3 stage, ultra high quality powder coating for long lasting durability and good looks.

Cargo-Logic™
Cargo Area Protection

FLOOR PROTECTION & CARGO PROTECTION IN ONE

Cargo Logic offers total cargo bay protection for your Jeep floor and cargo. This molded liner is stain and moisture resistant barrier, while the Cargo-Loks protect cargo from shifting while in transit.

1983-98 ZJ FRONT HEAVY DUT TOW HOOK PAIR KIT	NEW	11236.06

HEAVY DUTY TRANSFER CASE CROSS MEMBER

Protect your transfer case and add durability at the same time. The Rugged Ridge Heavy Duty Transfer Case Crossmember is made of 3/16 inch steel, welded, reinforced and powder coated black to protect it and the soft underbelly of your XJ from the elements.

1984-01 XJ HEAVY DUTY TRANSFER CASE CROSSMEMBER	NEW	12035.60
---	-----	----------

HEAVY DUTY OFF ROAD BUMPER

Replace that stock TJ bumper with a rugged and durable Heavy Duty Off Road Bumper from Rugged Ridge. Our low profile bumpers are ideal for tight approach angles and will fight off the rocks with sturdy 3/16 inch laser cut steel. Bumpers have integrated and welded eyelets for attaching D-Ring shackles, top holes for mounting tow hooks, and they are predrilled for mounting off road lights. Bumpers are powder coated black for superior appearance and durability.

HARD PARTS

ULTRA AXLE SHAFTS FOR GM, FORD & DODGE

These axle shafts are made with the highest quality materials and with the latest technology to ensure superior fit, performance and appearance. These axle shafts are manufactured from 4140 Chromemoly Alloy Steel, forgings Normalized for Uniform Grain Flow, CNC machined and Induction Hardened on a medium frequency hardening machine. Splines are Rolled (versus Hobbing) to add durability for the differential side. Smooth bright surface finish enhances its look and prevents rust. And continued to be offered at our customary low prices:

**Cautionary Notes:**

- A. When replacing Fulltime 4WD (NP203 only) requires conversion kit (see chart)
 B. Very early vehicles may require that the threaded axle end be cut off.
 C. Not compatible with Quadra-Trac equipped models.
 D. When replacing automatic 3 hole cap screw hubs, one will need to convert their spindle nuts.
 E. One must obtain special snap ring (26 mm or 11/16).
 F. When replacing automatic hubs with manual hubs, one must also change their spindle nuts (dealer item).

1990-03 DANA-35	W61748
1997-02 DANA-44	W61746

WARN FRONT HUB CONVERSIONS:

MAKE YOUR VEHICLE MORE FUNCTIONAL AND DURABLE. THE ABILITY TO DISENGAGE THE FRONT DRIVELINE IMPROVES DRIVABILITY, REDUCES WEAR AND INCREASES MILAGE. HIGHLY RECOMMENDED WHEN USING A FRONT DIFFERENTIAL LOCKER.

DESCRIPTION	Stock No.
1972-86 CJ 27 SPLINE	W37132
1987-94 YJ WRANGLER & XJ CHEROKEE 27 SPLINE	W38006

HARD PARTS

WARN HEAVY-DUTY FRONT AXLES:

WARN'S HEAVY DUTY FRONT AXLES ARE THE TOUGHEST MADE. 4340 CHROME/NICKEL AIRCRAFT ALLOY AND A YIELD STRENGTH OF 230,000 PSI MEAN THESE AXLES WILL SURVIVE ALMOST ANYTHING YOU CAN THROW AT THEM. DESIGNED TO ACCEPT FULL-CIRCLE RETAINING RINGS (REDUCES U-JOINT FAILURES) AND FOR THOSE WITH THE EARLY DANA-30 YOU CAN UPGRADE TO THE LARGER 297X U-JOINT.

WARN FRONT OUTER AXLE

LOCK-RIGHT PERFORMANCE LOCKERS:

THE LOCK-RIGHT PERFORMANCE TRACTION DEVICE DIFFERENTIATES ITSELF FROM OTHER LOCKERS WITH ITS EASE OF INSTALLATION. NO SHIMMING OR LASH ADJUSTMENTS ARE NEEDED BECAUSE THE RING AND PINION ARE NEVER TOUCHED. REQUIRES NO SPECIAL TOOLS AND CAN BE INSTALLED IN JUST A FEW HOURS. DESIGNED TO RE-USE ORIGINAL CROSS SHAFT. CROSS SHAFT IS NOT INCLUDED IN MOST CASES.

LOCK-RIGHT LOCKERS

POWERTRAX NO-SLIP TRACTION SYSTEM:

NO MORE RATCHETING SOUND!! REVOLUTIONARY DESIGN ALLOWS THE NO-SLIP TO COMPLETELY DISENGAGE WITHOUT A SOUND WHEN THE WHEELS BEGIN TO TURN AT DIFFERENT SPEEDS BUT REMAIN FULLY LOCKED WHEN POINTED STRAIGHT. IT DOESN'T USE CLUTCHES OR FRICTION PLATES THAT EVENTUALLY WEAR AND IT INSTALLS JUST AS EASILY AS THE LOCK-RIGHT.

Applications

THE ARB AIR LOCKER IS THE BEST METHOD OF ATTAINING 100% LOCKED DIFFERENTIAL TRACTION FOR OFF ROADING WHILE STILL MAINTAINING THE STOCK HANDLING CHARACTERISTICS ON THE STREET. UTILIZING A 12 VOLT AIR COMPRESSOR (SOLD SEPARATELY), THE SYSTEM IS DESIGNED TO ACTIVATE (AND DEACTIVATE) A LOCKING MECHANISM IN THE DIFFERENTIAL WHICH ALLOWS THE DIFFERENTIAL TO BE FULLY LOCKED OR FULLY OPEN AT THE FLIP OF A SWITCH. IT IS MANUFACTURED FROM THE HIGHEST QUALITY MATERIALS AND TESTED IN THE MOST EXTREME CONDITIONS. LET ARB TAKE YOU WHERE YOU WANT TO GO.

FLEX-A-LITE COOLING PRODUCTS:

DESCRIPTION

1973-86 CJ (6 or 8 CYL) WITH 2" THICK RADIATOR, ELECTRIC PULLER FAN KIT W/ADJUSTABLE THERMOSTAT	FAL-575
1987-01 WRANGLER (4 or 6 CYL) WITH 18"x16"x4.25" RADIATOR, ELECTRIC PULLER FAN KIT W/ADJUSTABLE THERMOSTAT	FAL-475
REPLACEMENT BRACKET FOR P/N # FAL-475 WHEN USED ON 4 CYL WRANGLER	FAL-30927
REPLACEMENT BRACKET FOR P/N # FAL-475 WHEN USED ON 6 CYL WRANGLER	FAL-30928
1994-98 ZJ GRAND CHEROKEE (V8) ELECTRIC PULLER FAN KIT (REQUIRES FAL-504 SPACER)	FAL-150
1987-99 XJ CHEROKEE, ELECTRIC FAN 10" W / O CONTROLS, (2) REQUIRED FOR VEHICLE (REQUIRES FAL-504 SPACER)	FAL-108
SPACER, 0.5" FOR USE WITH FAL-150 & FAL-108	FAL-504
14" UNIVERSAL ELECTRIC FAN, 3-3/4" WIDTH, 14.5" x 14" MOUNTING AREA, W / O CONTROL, W / S-BLADE	FAL-394
14" UNIVERSAL ELECTRIC FAN, 3-3/4" WIDTH, 14.5" x 14" MOUNTING AREA, W / O CONTROL, W / STRAIGHT BLADE	FAL-114
16" UNIVERSAL ELECTRIC FAN, 3-3/4" WIDTH, 16.5" x 16" MOUNTING AREA, W / O CONTROL, W / STRAIGHT BLADE	FAL-116
THERMOSTATIC ADJUSTABLE SWITCH KIT FOR ABOVE (3) ELECTRIC FANS (FAL-394, FAL-114, FAL-116)	FAL-31147
MANUAL ON/OFF SWITCH KIT FOR ABOVE (3) ELECTRIC FANS (FAL-394, FAL-114, FAL-116)	FAL-31148
TRIMLINE EXTENDER FAN BRACKET KIT FOR ABOVE (3) ELECTRIC FANS (FAL-394, FAL-114, FAL-116)	FAL-32124
1972-86 6 CYL CJ, 17" OE STYLE 6-BLADE FAN, MUST BE USED WITH FAN CLUTCH	FAL-5717
1972-83 AMC V8 CJ, 18" OE STYLE 6-BLADE FAN, MUST BE USED WITH FAN CLUTCH, BLACK	FAL-5718
1972-83 AMC V8 CJ, 18" HIGH PERFORMANCE 6-BLADE FAN, (REQUIRES SPACER KIT FAL-14548 OR 14556)	FAL-1318
1972-86 CJ, (NOT FOR CJ's W / SERPENTINE REVERSE ROTATION), 17" HIGH PERFORMANCE 6-BLADE FAN	FAL-1317
1980-89 6 CYL CJ & YJ, W / SERPENTINE REVERSE ROTATION BELT, 17" HIGH PERFORMANCE 6-BLADE FAN,	FAL-1517
1" FAN SPACER KIT, REQUIRED WHEN REPLACING FAN WITH KITS FAL-1318, 1317 OR 1517	FAL-14548
2" FAN SPACER KIT, REQUIRED WHEN REPLACING FAN CLUTCH FOR FAN KITS FAL-1318, 1317	FAL-14556

RUGGED RIDGE HEADERS:

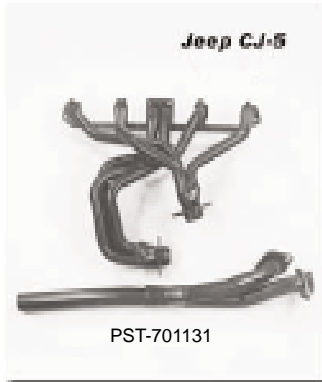

The new **Tube Style Exhaust Header** for 1991-1999 4.0L motors is sure to increase performance and horsepower. This header is a great upgrade to any stock 4.0L engine. The complete bolt on kit includes manifold, gasket, hardware and down pipe flange gasket. Available in Standard Steel, 409 or 304 grade stainless steel for long lasting durability, rust resistance and performance life.

RUGGED RIDGE TORQUE TUBE HEADERS

SKYJACKER®
THE BEAR OF SUSPENSIONS

ROCK READY Lift Kits for 97-02 TJ Wrangler

Wanna be a rock star? Skyjacker's RockReady lift kits for Wranglers are designed to provide maximum articulation and unparalleled traction on rocky terrain. These extreme kits come with everything you need to turn your daily driver into a serious rock crawler.

8" ROCK READY System breakdown

- New front & rear coils
- Unique front axle differential cradle
- Integrated 2-piece sub-frame assembly
- Lower D.O.M flex links are 80% longer than stock which dramatically reduce link angle during articulation therefore allowing no more than 1.5 degrees of caster change through suspension cycle.
- Upper D.O.M flex links are longer with 3-piece teflon lined spherical rod ends
- Adjustable flex front track bar
- Adjustable flex rear track bar (optional in 6" and 4")
- Double disconnect front sway bar end links
- Dropped pitman arm
- D.O.T. approved extended front and rear stainless steel braided, polyurethane coated brake lines
- Heavy duty steering stabilizer
- Four SoftRide Hydro or Nitro shocks
- Available for aftermarket Dana 44 or Ford 9" front dif-

SYSTEM BREAKDOWN:

- Four Monolinear springs
- Front extended, greaseable tow bar shackles
- Rear extended, greaseable boomerang shackles
- New extended front track bar
- Double disconnect extended sway bar end links
- Drop pitman arm
- D.O.T. approved stainless steel braided brake lines
- Four SoftRide Nitro shocks

6" Rock Ready Monolinear Spring Lift for YJ

- with Power Steeing & Nitro shocks
- with Manual Steeing & Nitro shocks

**2.5 AND 4" LIFT KITS:
FOR 1997-02 TJ WRANGLER**

Skyjacker offers flexibility in more ways than one. The Standard 2.5" and 4" lifts come with everything you need to lift you Wrangler properly. The FLEX series comes in 2 different versions: single flex and double flex. That allows you to decide the median point between ride quality and off-road ability. If that wasn't a hard enough decision, check out the VALUE FLEX series that includes a steering box skid plate!

3" LIFT KITS FOR 1984-01 XJ CHEROKEE

The 1984-01 XJ Cherokee is fast becoming a popular choice for off-roaders everywhere. Multi-link front coil suspension and solid axles allow it to tackle

even the most severe obstacles. Skyjacker has addressed this demand with 3 suspension lifts. These 3" lifts give the little Cherokee a whole new look and provide enough room for 31" tires. NOTE: Kits include full length add-a-leafs; Systems include full height, 2-stage SOFTRIDE® rear springs.

Just because they bought a grocery getter doesn't mean Grand Cherokee owners can't join in on all the off-road fun. What most don't know is the ZJ's coil suspension offers great potential as a serious off-road machine. Skyjacker's well engineered 3" lift kits allow the use of 31" tires and offer excellent off-road capabilities. They come with everything you need to get your ZJ up and you out on the trail.

WHEEL SPACER KITS/WHEEL ADAPTER KIT

Spaces your wheels out an extra 1.25" to help fit larger wheels and tires or give your jeep a wider stance and stability.

Constructed of double anodized black extra thick 6061T6 Aluminum for long life and extra corrosion resistance. All bolt hardware is top of the line grade 8 hardware.

Each Wheel spacer kit comes with two wheel spacers, 10 preinstalled grade 8 wheel studs, 10 lug nuts and thread locker.

Wheel spacer adapter kit converts your bolt circle on the hub from a 5" on 4.5" pattern to a 5" on 5.5" pattern.

Front Tube Bumper

When only the very BEST will do!

Rugged Ridge Bumpers and Side Tube Steps have been engineered to the industries most exacting specifications. Constructed of only the finest materials available and finished like no other tubular product, Rugged Ridge products are designed to last. Only Rugged Ridge offers all these features:

- All painted Rugged Ridge products are “E-coated” to ensure a no rust finish. This special process provides an electrostatic applied under coating that seals the raw steel. By having this exclusive undercoating, Rugged Ridge bumpers and side steps can take small rock chips and still maintain its rust protection. No other Front or rear Tube Bumper offers this kind of ultimate rust protection!
- The finish on a Rugged Ridge Bumper or Side Step is either dual staged powder coat painted or mirror finish polished stainless steel. These finishes are the very finest available and along with the “E-coat” under coating, carry a five year limited warranty on painted product and a limited life time warranty on polished stainless.
- All Rugged Ridge Front and Rear Bumpers feature smooth ground welds for an unbelievable look and further rust protection. No other tubular bumper manufacturer goes to the expense of smooth grinding their welds. This exclusive smooth grind process virtually eliminates small weld “pockets” that never seem to get full paint coverage and tend to rust over time.
- All Rugged Ridge Bumpers feature welded end caps rather than plastic end caps. Gone are the days of constantly replacing those lost tube bumper end caps after a long day on the trail. Welded end caps not only look great they also eliminate yet another rust point on the bumper by sealing the tube from the elements.
- Rugged Ridge Rear Tube Bumpers feature an optional frame mounted Hitch that allows for lightweight towing (2,000lb towing weight, 200lb tongue weight capacity). Most other rear tube bumpers with integrated hitch boxes do not recommend towing, therefore making the hitch box virtually useless.
- Rugged Ridge Tubular products are available in Gloss Black, Textured Black, Polished Stainless and Titanium finishes.

JEEP® SURPLUS STOCK

XJ - CJ - YJ - TJ

The legend of the "Jeep" in a crate has been around for years. Nobody has been able to prove this legend until now. Hundreds of surplus crates containing CJ -XJ -YJ- and even TJ parts from all over the globe, have been sourced and brought to our warehouse. Each crate contains just one piece to a puzzle of a thousand parts that make up any number of Jeep® systems or even complete vehicles.

JEEP CHEROKEE (RHD)

We have thousands of OE high quality factory fresh replacement parts for your 1984-1996 Jeep® Cherokee. These crates were packed at the Toledo factory in 1996 for the export of 288 Cherokees to be assemble in an overseas market. Crates range from full body sides to complete 2.5L (4cyl) motors. All items were packed in bulk and have been sealed in their crates for the past nine years. All parts look like the day they came off the assembly line here in the U.S. and Canada. All of the surplus parts were either manufactured here in the States or in Canada and are of true OE quality. Looking for that factory fresh motor? We have it. Looking for that replacement axle assembly? We have it. Looking for that small bolt or fastener that's just not stocked anymore? We have it. The truth is that if it was made for the first generation XJ's then odds are we have what you are looking for.

CJ - YJ AND TJ SURPLUS

As with the XJ stock we have acquired a large number of crates containing many CJ, YJ, and TJ components. The crates are being opened and new stock is being readied for sale daily. Items range from transmissions to mirrors and many more items you will find listed in the following pages of this catalog.

For complete listing, please visit our website.

Please keep in mind that even though there is a large supply of these surplus parts, quantities are limited. When the part you need sells out, it is gone for good. For this reason we are selling on a first come first serve basis.

CHRYSLER-JEEP® 2.5L 4CYL ENGINES (SURPLUS - LIMITED SUPPLY)

The 2.5L surplus engines were originally supplied for 1996 XJ (Cherokee) vehicles, but can be used for many Jeep® applications where the 2.5L fuel injected (non-TBI) engines were installed by the factory. The Cherokee 2.5L came from the the factory with a slightly higher output in horsepower and torque than the standard YJ -TJ (4cyl).

S-53021471

Jeep® models that used the 2.5L EFI engine.
1991-96 YJ
TJ Wranglers 1991 - 2002
1991 to 2000 Cherokees
1996-2001 Dodge Dakota Pick-up.

S-53021471

This OE original motor assembly will reduce time and money typically spent with a standard engine replacement. The following components are included with the engine and make for an easy swap, or engine replacement.

2.5L long bock (includes head assembly)
Fuel injection system, Intake throttle body, Injectors,
Fuel Rail, Exhaust manifold, Water pump, Thermostat
Timing cover and gears, Harmonic balancer, Clutch
and Flywheel assembly

S-53021471

ALL SURPLUS EQUIPMENT IS OF A LIMITED SUPPLY AND WILL BE SOLD ON A FIRST COME FIRST SERVE BASIS ONLY.

CHRYSLER-JEEP® TRANSMISSIONS (SURPLUS LIMITED SUPPLY)

The following transmissions were originally supplied for 1996 export XJ (Cherokee) vehicles, but can be used for any Jeep® application where they were installed by the factory.

SURPLUS

S-4810179

AW4 Automatic Transmission used with 4.0L High Output engines, and has a 23 spline output shaft. Gear ratios were 2.80, 1.53, 1.00, and .75

- Jeep® models that used the AW4 automatic transmission
- 1991-2001 Cherokee (XJ), Comanche pick-ups (MJ) 6cyl
- 1993 Grand Cherokee (ZJ) 6cyl

AX5 Manual Transmission used with 2.5L 4cyl engines.

- Jeep® models that used the AX5 manual transmission
- 1984-2001 Cherokees with 2.5L 4cyl engines
- 1987-2002 YJ, TJ Wranglers with 2.5L 4cyl engines

S-52108046

32RH Automatic Transmission

with (23) spline output used with 4.0L 6cyl engines.

This automatic transmission was originally supplied for 1994 - 1996 export YJ Wranglers with 4.0L 6cyl engines, but can be used for any Jeep® application where part number 52118024 was installed by the factory.

- Jeep® models that used the 32RH automatic transmission
- Jeep® part number S-52118024
- 1992-1995 YJ wranglers with 4.0L 6cyl engines
- 1996 Export YJ with 4.0L 6cyl engine

CHRYSLER-JEEP® TRANSFER CASES (SURPLUS LIMITED SUPPLY)

The following transfer cases were originally supplied for 1996 export XJ (Cherokee) vehicles, but can be used for any Jeep® application where they were installed by the factory

S-52099310

NP231 (S-52099310) Chain drive transfer case

for 2.5L 4cyl with manual transmissions.
Has a (21) spline input, and a 1.2" short shaft.

- Jeep® models that used the NP231 21 spline transfer case.
- Any 4cyl Jeep with an AX4, or AX5 manual transmission
- Any 4cyl Jeep with an AW4 up to 1990 with (21) spline output.

NP242 (S-52098384) Chain drive full time transfer case

for 4.0L 6cyl engines, (23) spline input.

- Jeep® models that used the NP242 (23) spline full time transfer case.
- 1991 to 2001 Jeep Cherokee with 4.0L 6cyl engine and automatic transmission.

S-52098384

The following transfer cases were originally supplied for 1994 - 1996 export YJ Wranglers with 4.0L 6cyl engines, but can be used for any jeep® application where the listed part numbers were installed by the factory.

NP231 (S-52098358) Chain drive transfer case

for 4.0L 6cyl with manual transmissions, (23) spline input, (1.2" short shaft)

- Jeep® models that used the NP231 23 spline transfer case with manual transmission and some automatics.
- Any 6cyl Jeep® equipped with a 1989 - 1994 AX15
- Any 6cyl Jeep® equipped with an AW4 after 1990 (23) spline output.

S-52098360

NP231 (S-52098360) Chain drive transfer case

for 4.0L 6cyl with automatic transmissions, (23) spline input, (2.1" long shaft)

- Jeep® models that used the NP231 23 spline transfer case with automatic transmissions, and some manuals.
- Any 6cyl Jeep® equipped with a 1996 - 2001 AX15
- Any 6cyl Jeep® equipped with a 31RH or 32RH Automatic

ALL SURPLUS EQUIPMENT IS OF A LIMITED SUPPLY AND WILL BE SOLD ON A FIRST COME FIRST SERVE BASIS ONLY.

CHRYSLER-JEEP® FRONT AND REAR AXLE ASSEMBLIES (SURPLUS LIMITED SUPPLY)

SURPLUS

The following axle assemblies were originally supplied for 1996 export right hand drive XJ (Cherokee) vehicles, but can be used for any Jeep® application where they were installed by the factory.

S-52069795 Dana 35 rear axle assembly
with 3.54 gears

- Jeep® models that can use the Dana 35 axle.
- 1884-2001 Jeep Cherokee (XJ)
 - Comanche pick-up
 - Any YJ or ZJ with rear leaf spring design.

Axles come with leaf spring mounting perches

ANY TRUCK APPLICATIONS?

S-52069381 Chrysler 8.25 rear axle assembly
with 4.10 gears with Track-Lok

- Jeep® models that can use the 8.25 rear axle.
- 1884-2001 Jeep Cherokee (XJ)
 - Comanche pick-up
 - Any YJ or ZJ with rear leaf spring design.

Axles come with leaf spring mounting perches

The front axle assembly was exported as a RHD unit but can be used domestically with modifications.
RHD = right hand drive vehicle.

S-52069201 High Pinion Dana 30 front assembly with 4.10 gears.
RIGHT HAND DRIVE (RHD)

S-52069200 High Pinion Dana 30 front assembly with 3.54 gears.
RIGHT HAND DRIVE (RHD)

Jeep® models that had a coil spring Dana 30 front axle assemble.
1994-2001 (RHD) Jeep Cherokee (XJ)

Note: these front axle assemblies can be modified to work with other front applications (LHD) but will require some cutting and rewelding.
