Why Form the IBS?

- Poll taken by Bo Janzon in Tarragona showed that a clear majority preferred to create a society.
- International Ballistics Committee considered the results and at the New Orleans symposium charged the executive committee of the IBC to form the International Ballistics Society.
- The committee worked hard to accomplish it and on 25 January 2010 the IBS was founded.

What did the IBC do?

- For the past 18 years, the IBC has taken steps to ensure that these International Ballistics conferences have been successful.
- Guidelines for hosting were developed by the IBC.
- Potential Hosts submitted proposals to the IBC.
- The Venues were selected by the IBC.
- Paper Selections were assisted by the IBC.
- There is a paper in these proceedings with additional historic information.

Board of Directors

- Board members will normally serve 3 “terms”.
- All Board Members are “at large”, meaning they are elected by you, the members of the society.
- A term is the period between symposia.
- Three members of the founding board will serve 1 term.
- Three members will serve 2 terms.
- Three members will serve 3 terms.
- **Staggering the terms will ensure a smooth transition from the IBC to the IBS and will always maintain board continuity.**
- All members of the society will be eligible.

Honors

- The Board of Directors would like to recognize and honor a couple of our distinguished colleagues.

Dr. Marc Giraud

- Dr. Marc Giraud has attended most of the International Ballistic Symposia.
- Dr. Giraud organized the founding meeting of the IBC.
- Dr. Giraud served as Chairman of the IBC.
- Dr. Giraud continues to support the community by serving on the Publications Committee and becoming a Founding Lifetime Member of the International Ballistics Society.
- He has worked tirelessly to improve the quality of these conferences and expand the international ballistics community.
- He will receive one of the reserved member numbers.
- The Board of Directors would like to recognize Dr. Giraud's contributions by making him a Fellow Member of the Society.

MEMBER #1

- Professor Dr. Manfred Held has attended **every** International Symposium on Ballistics.
- In recognition of Dr. Held's many contributions extending over the entire history of the ISB, the Board of Directors is assigning him Member Number 1.

Ballistic Science Fellow

- *The Title of Ballistics Science Fellow is an honorary position within the International Ballistics Society.*
- *It is awarded to individuals who have distinguished themselves within the Ballistics community through numerous significant contributions, or a single outstanding contribution.*

Professor Dr. Manfred Held

The International Ballistics Society
hereby bestows the Title of

Ballistics Science Fellow

to

Professor Doctor Manfred Held

The Title of Ballistics Science Fellow is an honorary position within the International Ballistics Society. It is awarded to individuals who have distinguished themselves within the Ballistics community through numerous significant contributions, or a single outstanding contribution.

Prof. Dr. Manfred Held has done both. He has presented papers at every International Symposium on Ballistics from the first one, he has made numerous outstanding contributions to the science of ballistics, and he has personally arranged instructional lectures preceding several of the ISBs.
