20<sup>th</sup> ANNIVERSARY!

# MISS<sup>2020</sup>

Minimally Invasive  
Surgery Symposium

Dear Colleague,

It is my pleasure to invite you to join us for the 20th Anniversary Minimally Invasive Surgery Symposium (MISS), March 16-19, 2020 at the Aria in Las Vegas, Nevada.

MISS is the premier meeting of thought leaders in minimally invasive colon, hernia, foregut, and metabolic/bariatric surgery as well as enhanced recovery after surgery. Attending MISS will provide you with practical tips and tricks you can immediately apply to your practice.

With flexible registration options, discount rates, and our collegial Chairman's Reception (included in your registration fee), MISS is an affordable, and enjoyable way to elevate your skills in the most advanced minimally invasive techniques while you earn essential CME credit (including optional MOC self-assessment credit).

Our world-class host property, the Aria Las Vegas, is certain to add to your enjoyment of the conference.

I hope to see you and your colleagues at the 2020 MISS.

Sincerely,

Philip R. Schauer, MD  
Executive Director, MISS

## About our Venue

**Aria Las Vegas**  
3730 South Las Vegas Blvd  
Las Vegas, NV 89158  
P: (866) 359-7757

**Discounted Rate:** \$229\* for single/double  
**Deadline:** February 13, 2020  
**Phone Reservations:** (866) 770 7555  
Identify yourself as *Minimally Invasive Surgery Symposium* attendee and mention code **SMIS0320AR** to receive the discounted rate.

**Just \$229 a night at the Aria Las Vegas!**

The 2019 Minimally Invasive Surgery Symposium will take place at the Encore Wynn Las Vegas where we have arranged for a discount room rate of just **\$229\* a night** (subject to availability) for MISS participants. To make your reservation, please call (866) 770-7555. You must identify yourself as Minimally Invasive Surgery Symposium attendee and mention code **SMIS0320AR** to receive the discounted rate.

Discount rate expires **February 13, 2020**, but we urge you to make your arrangements before that date as our room block will sell out.

\*plus \$37 amenity fee

## FACULTY

Faculty and agenda subject to change.

### EXECUTIVE DIRECTOR

**Philip R. Schauer, MD**  
Professor of Metabolic Surgery  
Director of Bariatric and Metabolic Institute  
Pennington Biomedical Research Center of  
Louisiana State University  
Baton Rouge, Louisiana

### COLON PROGRAM CO-CHAIR

**Bradley R. Davis, MD**  
Colon and Rectal Surgery  
Professor of Surgery  
Vice Chair  
Surgical Education  
Surgery Care Division  
Atrium Health  
Charlotte, North Carolina

### ENHANCED RECOVERY AFTER SURGERY CO-CHAIR

**Julie K. Marosky Thacker, MD**  
Medical Director, Clinical Research Unit  
Associate Professor of Surgery  
Duke University Medical School  
Durham, North Carolina

### HERNIA PROGRAM CO-CHAIR

**Guy R. Voeller, MD**  
Professor of Surgery  
University of Tennessee Health Science Center  
Memphis, Tennessee

### FOREGUT PROGRAM CO-CHAIR

**Aurora Pryor, MD**  
President, SAGES  
Professor of Surgery  
Professor & Vice Chair of Clinical Affairs  
Chief, Division of Bariatric  
Foregut & Advanced GI Surgery  
Stony Brook Medicine  
Stony Brook, New York

### METABOLIC/BARIATRIC PROGRAM CO-CHAIRS

**John B. Dixon, MBBS, PhD, FRACGP, FRCP, Edin**  
Professor  
Baker Heart & Diabetes Institute  
Melbourne, Australia

**Philip R. Schauer, MD**  
Professor of Metabolic Surgery  
Director of Bariatric and Metabolic Institute  
Pennington Biomedical Research Center of  
Louisiana State University  
Baton Rouge, Louisiana

### KEYNOTE SPEAKERS

**Lee M. Kaplan, MD, PhD**  
Harvard Medical School

**Steven E. Nissen, MD, MACC**  
Cleveland Clinic

**Aurora D. Pryor, MD**  
President, SAGES

## MISS FACULTY

Subject to change. Please see Web site for complete, updated information

### COLON FACULTY

#### Bradley R. Davis, MD, FACS, FASCRS

Colon Program Co-Director  
Atrium Health  
Charlotte, North Carolina

#### Jamie A. Cannon, MD, FACS, FASCRS

University of Alabama at Birmingham  
Birmingham, Alabama

## AGENDA

(subject to change. Please see website for updates.)

### MONDAY MARCH 16, 2020

6:30AM	Breakfast
7:10 - 7:55AM	Breakfast Symposium

#### Colon Program

##### Colon Session I

8:00 - 8:15AM	Welcome and Course Overview
8:15 - 8:30AM	Colon Surgery 20 Years Ago: Then, Now and Future
8:30 - 8:45AM	Robotic Surgery: Who Should Use It?
8:45 - 9:00AM	Robotic Right Colectomy: From Trocar Placement to Anastomosis
9:00 - 9:15AM	Transanal Surgery Using Robotic Technology: Who and How?
9:15 - 9:30AM	Q&A/Panel with Faculty
9:30 - 9:45AM	I Want to Start a Robotics Program: What Does That Take?
9:45 - 10:00AM	Bowel Preps: What Are the Current Evidence and Recommendations?
10:00 - 10:15AM	Reducing Surgical Site Infection in CRS
10:15 - 10:30AM	Break
10:30 - 10:45AM	What Is New in the CRS ERAS Updates?
10:45 - 11:00AM	Q&A/Panel with Faculty

#### Colon Program, continued

##### Colon Session II

11:00 - 11:20AM	Parastomal Hernias: Avoidance and Best Management
11:20 - 11:40AM	Inflammatory Bowel Disease - What's new?
11:40 - 11:55AM	Diverticulitis: Are There Any Medical Therapies?
11:55 - 12:15PM	Diverticulitis and Abscess Management
12:15 - 12:30PM	Q&A/Panel with Faculty

#### Colon Program, continued

##### Colon Session III

12:30 - 12:45PM	Lunch
12:45 - 1:30PM	Lunch Symposium (Non-CME)
1:30 - 1:45PM	Break
1:45 - 2:30PM	Case Studies: Colovesical Fistula Management; Malignant Bowel Obstruction; Ostomies in the Morbidly Obese; Large Bowel Obstruction
2:30 - 2:45PM	Q&A/Panel with Faculty
2:45 - 3:00PM	Anastomotic Leak: Prevention and Management
3:00 - 3:15PM	Current Management of Colon Polyps: Surgery or Endoscopic?
3:15 - 3:30PM	Malignant Colon Polyp: Should Everyone Have a Formal Resection?
3:30 - 3:45PM	Q&A/Panel with Faculty
3:45PM	Colon Program Adjourns

#### Hernia Program

##### Hernia Session I

4:00 - 4:15PM	The "Tell" of the Preoperative CT Scan in AWR
4:15 - 4:30PM	Measuring Abdominal Wall Tension for AWR
4:30 - 4:45PM	Abdominal Wall Anatomy for the AWR Surgeon
4:45 - 5:00PM	Robotics for Ventral/Incisional Hernia Repair: What Does the Data Show?
5:00 - 5:15PM	Q&A/Panel with Faculty
5:15 - 5:30PM	Components Separation: From Knowing Everything to Nothing and Partially Back Again
5:30 - 5:45PM	Hernia Prevention Strategies Including Prophylactic Mesh
5:45 - 6:00PM	Preoperative Optimization in AWR: Data from the AHSQC
6:00 - 6:15PM	Q&A/Panel with Faculty

### TUESDAY, MARCH 17, 2020

6:30 - 7:30AM	Breakfast/Exhibits/Posters
7:10 - 7:55AM	Breakfast Symposium

#### Hernia Program, continued

##### Hernia Session II

8:00 - 8:15AM	My Experience with the Preperitoneal Space for AWR
8:15 - 8:30AM	My Experience with TAR: The Good, Bad and the Ugly
8:30 - 8:45AM	My Experience with MIS Extraperitoneal AWR
8:45 - 9:00AM	Q&A/Panel with Faculty
9:00 - 9:15AM	Hernia Surgery Past, Present and Future
9:15 - 9:30AM	Coding and Billing for AWR: Maximizing Reimbursement Appropriately
9:30 - 9:45AM	Q&A/Panel with Faculty
9:45 - 10:15AM	Break/Exhibits/Posters

(Faculty and agenda subject to change. Please see web site for updated schedule.)

### Hernia Session III

10:15 - 10:30AM	Robotic Inguinal Hernia: Yes or No?
10:30 - 10:45AM	Non-permanent Prosthetics in AWR: When and How?
10:45 - 11:00AM	Botulinum Toxin in AWR: Fad or Here to Stay?
11:00 - 11:15AM	Stump the Experts: Case Presentations
11:15 - 12:00AM	Q&A/Panel with Faculty
12:00PM	Hernia Program adjourns
12:00 - 12:15PM	Lunch
12:15PM - 1:15PM	Lunch Symposium (Non-CME)
1:00 - 1:30PM	Dessert Break/Exhibits/Posters

### Enhanced Recovery after Surgery Program

1:30 - 1:45PM	What's New in Enhanced Recovery? Update from ASER President
1:45 - 2:00PM	Perioperative Hyperglycemia: Dexamethasone, Carb Loading, Stress, Diabetes
2:00 - 2:15PM	Perioperative Fluid and Hemodynamic Management
2:15 - 2:30PM	Regional Anesthesia for Enhanced Recovery
2:30 - 2:45PM	Enhanced Recovery for High-Risk Surgery
2:45 - 3:00PM	Q&A/Panel with Faculty
3:00 - 3:15PM	Management of Patients on Chronic Opioid Therapy
3:15 - 3:30PM	Tip for Implementation
3:30PM	Break
3:45 - 4:00PM	Opioid-free Anesthesia: How, Who, and Why?
4:00 - 4:15PM	Postoperative Bowel Recovery and Management of PONV
4:15 - 4:30PM	Preventable Complications and Readmissions
4:30 - 4:45PM	Q&A/Panel with Faculty
4:45PM	Enhanced Recovery Program Adjourns

### Foregut Program

#### Foregut Session I

Moderators: Aurora D. Pryor, MD; James C. Rosser, MD

4:45 - 5:00PM	Foregut Surgery 20 Years Ago: Then, Now and a Vision of 20 Years from Now
5:00 - 5:15PM	Endoscopic Options for GERD Management
5:15 - 5:30PM	How to Select Surgical Alternatives for Reflux
5:30 - 5:45PM	Falciform Flap? What's That?
5:45 - 6:00PM	The Recurrent PEH: What To Do
6:00 - 6:15PM	Q&A/Panel with Faculty
6:15 - 8:00PM	Chairman's Welcome Reception/Exhibits/Posters

### WEDNESDAY, MARCH 18, 2020

6:30AM	Breakfast/Exhibits/Posters
7:10 - 7:55AM	Breakfast Symposium

### Foregut Program, Continued

#### Foregut Session II

Moderators: Aurora D. Pryor, MD; William O. Richards, MD

8:00 - 8:30AM	Stump the Experts: Case Studies
Moderator: Leena Khaitan, MD	
8:30 - 8:45AM	Median Arcuate Ligament Syndrome: Fact or Fantasy?
8:45 - 9:00AM	Watts 3D and CLE: What Are These New Tools and When Do I Use Them?
9:00 - 9:15AM	How to Incorporate New Tricks into Practice and Get Paid for It
9:15 - 9:30AM	Q&A/Panel with Faculty
9:30 - 10:00AM	Break/Exhibits/Posters
10:00 - 10:15AM	Working Up Motility Disorders
10:15 - 10:30AM	Modern Management of Achalasia
10:30 - 10:45AM	What to Do with Epiphrenic Diverticula and Other Esophageal Oddities
10:45 - 11:00AM	Q&A/Panel with Faculty
11:00	Foregut Program Adjourns

### Metabolic/Bariatric Surgery Program

#### Session 1: The Science

11:00 - 11:30AM	KEYNOTE: Obesity and CVD
11:30 - 11:50AM	Obesity and CVD Drivers
11:50 - 12:10PM	KEYNOTE: CVD Outcomes of New Diabetes Agents: GLP1, SGLT2
12:10 - 12:30PM	CVD Outcomes of Metabolic Surgery
12:30 - 12:50PM	How does Obesity Cause HF/Effects of BS on HF
12:50 - 1:05PM	Q&A Panel with Faculty
1:05 - 1:20PM	Lunch
1:20 - 2:05PM	Lunch Symposium (Non-CME)
2:05 - 2:35PM	Dessert Break/Exhibits/Posters

### Metabolic/Bariatric Surgery Program, continued

#### Metabolic/Bariatric Session II: Hot Topics

2:35 - 2:55PM	Bariatric Surgery 20 Years Ago: Then, Now and a Vision of 20 Years from Now
2:55 - 3:10PM	SADI - Now Ready for Prime Time?
3:10 - 3:25PM	Obesity Stigma is the Root of all Barriers to Obesity Treatment
3:25 - 3:40PM	Using Social Media to Combat Obesity Stigma
3:40 - 4:00PM	DEBATE: Does Gastric Sleeve Cause Barrett's?
4:00 - 4:15PM	How to Use Weight Loss Medications in your Surgical Practice
4:15 - 4:35PM	Surgeon Burnout
4:35 - 4:45PM	Q&A/Panel with Faculty

#### Metabolic/Bariatric Session III: Access, Quality and Optimizing Outcomes

4:45 - 5:00PM	New MBSAQIP Standards- Medical Weight Loss
5:00 - 5:15PM	Standards for Patient Safety and Efficacy in Metabolic and Bariatric Surgery
5:15 - 5:30PM	Round Table Discussion: Board Certification for Metabolic Bariatric Surgery, Is it Coming?
5:30 - 5:45PM	Recent Changes in Insurance Coverage for Bariatric Surgery
5:45 - 6:00PM	What Happens to Patients Who are Denied for Bariatric Surgery? 12-year Follow up
6:00 - 6:20PM	KEYNOTE: Surgeon Volume Does Predict Outcomes
6:20 - 6:30PM	Q&A/Panel with Faculty

### THURSDAY, MARCH 19, 2020

6:30AM	Breakfast /Exhibits/Posters
7:10 - 7:55AM	Breakfast Symposium

### Metabolic/Bariatric Surgery Program, continued

#### Metabolic/Bariatric Surgery IV: Your Practice/ Videofest/ Complications

8:00 - 8:15AM	Laparoscopic Ligamentum Teres Fundoplication for GERD after Sleeve or DS (video and results)
8:15 - 8:30AM	Technical Pearls for Revisional Bariatric Surgery
8:30 - 8:45AM	RYGB for Failed Nissen - Tips and Tricks
8:45 - 9:00AM	Sleeve Leaks - Still an Issue
9:00 - 9:15AM	Bariatric Surgery in LVAD Patients - Tips and Tricks
9:15 - 9:30AM	Robotic Techniques for Bariatric Surgery
9:30 - 9:50AM	Stump the Experts
9:50 - 10:00AM	Q&A/Panel with Faculty
10:00 - 10:30AM	Break/Exhibits/Posters

#### Session V: Controversies and New Frontiers

10:30 - 10:45AM	Machine Learning - Our Future?
10:45 - 11:05AM	Balloons without Endoscopy and the New Expanding Cellulose Pill
11:05 - 11:20AM	Aspiration Therapy, Really?
11:20 - 11:35AM	New Apps to Individualize Care in Metabolic Surgery
11:35 - 11:50AM	Distal Bypass after RYGB
11:50 - 12:05PM	Duodenal Switch after RYGB
12:05 - 12:20PM	Endoscopy Frontiers in Bariatric Surgery
12:20 - 12:35PM	OAGB for Failed Sleeve Gastrectomy
12:35 - 12:50PM	Banding the Sleeve - Better Results?
12:50 - 1:05PM	Decision Regret after Procedure Selection: What are Patients Telling Us?
1:05 - 1:25PM	DEBATE: Robotics for Metabolic Surgery
1:25 - 1:40PM	Q&A/Panel with Faculty
1:40PM	MISS Adjourns

## COURSE OBJECTIVES

### COLON PROGRAM

6 AMA PRA Category 1 Credits™

After completing this activity, the participant should be able to:

- Detail the different options for minimally invasive surgical procedures for colorectal concerns.
- Review the different techniques of intracorporeal anastomotic creation and the potential ways to avoid and treat anastomotic leaks.
- Discuss the current approaches in the management of diverticulitis.
- Discuss the available strategies to improve peri- and post-operative outcomes and minimize complications.

### ENHANCED RECOVERY AFTER SURGERY

3 AMA PRA Category 1 Credits™

After completing this activity, the participant should be able to:

- Recognize the science and evidence supporting best practices in Enhanced Recovery to optimize patient outcomes
- Develop a functional knowledge of core ERAS elements, understanding how several targets vary from traditional practices.
- Summarize the challenges facing the adoption of ERAS programs.

### HERNIA PROGRAM

6 AMA PRA Category 1 Credits™

After completing this activity, the participant should be able to:

- Discuss abdominal wall anatomy with respect to reconstruction.
- Compare the benefits and risks of biological and biosynthetic mesh with synthetic mesh for hernia repair.
- Identify situations when robotic approaches are appropriate for inguinal hernia repair
- Review current evidence regarding hernia repair techniques for parastomal hernia, flank hernia, and loss of domain.

### FOREGUT PROGRAM

4 AMA PRA Category 1 Credits™

After completing this activity, the participant should be able to:

- Describe medical and surgical management of GERD.
- Describe preferred surgical management of Barrett's esophagus.
- Develop strategies using mesh and minimally invasive surgical approaches to manage patients with PEH.
- Apply the 2014 update of the Chicago Classification (CC) of esophageal motility disorders to help assess motility.
- Integrate the most current evidence into the diagnosis of gastroparesis and management of EGJ outlet obstruction.

### METABOLIC/BARIATRIC PROGRAM

11 AMA PRA Category 1 Credits™

After completing this activity, the participant should be able to:

- Identify factors that suggest safety and efficacy of weight-loss surgery in older adults.
- Identify factors that suggest safety and efficacy of weight-loss surgery in children and adolescents.
- Discuss the benefits and risks of the numerous approaches to revisional surgery.
- Discuss the role of medications and surgical interventions for the obese patient with diabetes
- Identify common causes of complications and approaches to address these complications.
- Identify both sides of common controversies in bariatric surgery.
- Discuss the EndoBarrier device and laparoscopic endoluminal surgery.

QUESTIONS:

[MISS@globalacademycme.com](mailto:MISS@globalacademycme.com)

### GENERAL SESSIONS REGISTRATION OPTIONS

(All options include admission to the 2020 MISS Exhibit Hall 3/17-3/19)

	Until 1/10	Until 2/10	After 2/10
<b>• PLATINUM PASSPORT</b>			
(Includes admission to all Colon, Enhanced Recovery, Hernia, Foregut, and Bariatric General Sessions)			
<input type="checkbox"/> PHYSICIAN	\$895	\$995	\$1095
<input type="checkbox"/> RESIDENTS/FELLOWS	\$295	\$350	\$395
<input type="checkbox"/> ALLIED HEALTH	\$495	\$595	\$695
<b>• COLON/HERNIA/FOREGUT/ERAS OPTION</b>			
(Includes admission to all Colon, Enhanced Recovery, Hernia, and Foregut General Sessions)			
<input type="checkbox"/> PHYSICIANS	\$795	\$895	\$995
<input type="checkbox"/> RESIDENTS/FELLOWS	\$245	\$295	\$345
<input type="checkbox"/> ALLIED HEALTH	\$395	\$495	\$595
<b>• BARIATRIC/HERNIA/FOREGUT OPTION</b>			
(Includes admission to all Bariatric, Hernia, and Foregut General Sessions)			
<input type="checkbox"/> PHYSICIANS	\$795	\$895	\$995
<input type="checkbox"/> RESIDENTS/FELLOWS	\$245	\$295	\$345
<input type="checkbox"/> ALLIED HEALTH	\$395	\$495	\$595
<b>• ENHANCED RECOVERY ONLY OPTION</b>			
	\$175	\$195	\$245

**Cancellation Policy:** A refund less a \$50 administrative fee as follows: You may cancel your registration using our online registration system prior to February 10, 2020. After February 10, 2020 no refunds will be granted. After the refund date, you have two options: you can transfer your registration to another party using our online registration system, or receive a credit in the amount you paid less a \$50 administrative fee to be applied to your registration for next year's conference. Refunds will not be issued to no-shows.

## CONTINUING MEDICAL EDUCATION

### Accreditation Information

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the University of Cincinnati and Global Academy for Medical Education, Inc. The University of Cincinnati is accredited by the ACCME to provide continuing medical education for physicians.

### Physician Credit Designation

The University of Cincinnati Continuing designates this live activity for a maximum of 30 AMA PRA CME Category 1 credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

### American Board of Surgery Maintenance of Certification (MOC) Self-Assessment Credit

Optional American Board of Surgery Maintenance of Certification (MOC) Self-assessment will be offered at 2020 MISS. Optional MOC self-assessment credit will be available for delegates who complete curriculum related questions. Self-assessment is a written or electronic question-and-answer exercise that assesses your understanding of the material presented in the CME program. Diplomats must achieve a score of 75% or higher for the self-assessment to count for MOC.
