

SECOND HARVEST HEARTLAND

Joining forces to end hunger

2006 ANNUAL REPORT
OCTOBER 1, 2005 - SEPTEMBER 30, 2006

From the Board Chair and Executive Director

Greetings to you from the Board and Staff of Second Harvest Heartland!

On October 1, 2001 the Greater Minneapolis and St. Paul Food Banks merged to form Second Harvest Heartland. On that date in 2006, we celebrated the fifth anniversary of what became the 7th largest food bank in the U.S.

During the past five years, Second Harvest Heartland has distributed more than 125 million pounds of food and household products. We were able to distribute this staggering amount only through the combined efforts of thousands of dedicated financial supporters, product donors and the tireless efforts of volunteers, member agencies, Second Harvest Heartland staff and additional partners in the fight against hunger. Second Harvest Heartland is presently more focused, stronger financially and better-positioned to carry out our mission than ever before.

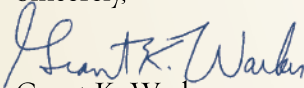

And yet, coexisting with these organizational strengths and accomplishments is an endemic and rapidly-rising incidence of hunger among our Heartland neighbors. Senior citizens, financially and physically independent through decades of contributions to our society, now find their livelihood threatened by not having the monthly income for proper nutrition. Rapidly increasing numbers of low-income working families are being forced to downsize portions, water down recipes and often skip meals completely to save enough money to pay bills. Hungry children fidget in classrooms and watch the clock eagerly for school lunch — the only decent meal of the day. Here in America. Here in the Heartland. Here in your community.

Confronting these sobering realities, Second Harvest Heartland's Board this year adopted a stronger mission. It moves us from fighting hunger through community partnerships to *ending* hunger through community partnerships. Though just a change of one word, imagine the world of difference the realization of that vision would mean to those wearing the face of hunger.

We at Second Harvest Heartland feel the attainment of this bold goal is entirely possible. We have calculated the gap between the amount of food we distribute and the amount we estimate would be needed to provide access to all those who need hunger relief in our service area. We are now working on the details of a plan involving one-year, five-year and long-term strategies and tactics that will systematically reduce, and eventually eliminate this gap. Second Harvest Heartland has the resolve; we will provide the planning and execution with your ongoing support of this vision and our mission. Working together with our valued partners, we are effectively putting hunger on the "endangered" list. With extinction soon to follow.

Please accept our heartfelt thanks for your support this year and into the future.

Sincerely,

Grant K. Wacker
Board Chair

R. Jane Brown
Executive Director

SECOND HARVEST HEARTLAND: WORTHY STEWARD OF YOUR DONATIONS

The 7,200 sq. ft. addition of the new cooler/freezer was funded by Cargill, Inc. and Sunny Fresh Foods; F.R. Bigelow Foundation; General Mills Foundation; Land O' Lakes Foundation; Mardag Foundation and the St. Paul Foundation.

for an additional 483 pallets, a 265% increase, and an additional 194 pallets in the cooler, an increase of 162%. Again, savings were recognized immediately with the release of costly rental off-site freezer space. The expansion will move SHH closer to reaching our goal of a 20 percent increase in the distribution of nutritious frozen foods and enhancing the selection of products for our member agencies.

These investments and countless others are hallmarks of the keen attentiveness to building efficiencies and capacity that has become a driving force of Second Harvest Heartland's mission to end hunger. These investments are only possible through the benevolence of donors who can vividly imagine our community as one with full access to nutritious food for everyone.

The largest ever capital donation came to Second Harvest Heartland this year from the charitable Frey Foundation. This donation enabled SHH to purchase one semi tractor, one straight refrigerated truck, a trailer and logo identification for the vehicles. The shiny, new vehicles arrived with "zeros" on the odometers, replacing expensive leased and high-mileage vehicles that were constantly breaking down.

Six generous donors made the expansion of the cooler/freezer capacity at the Maplewood location possible. The 7,200 square-foot addition allows freezer space

Purchased with funding from the Frey Foundation, the largest capital gift ever given to SHH, new trucks and trailers replaced leased and high-mileage vehicles.

HUNGER IN AMERICA 2006 STUDY SHOWS HUNGER IS INCREASING IN THE HEARTLAND

Hungry people are working families, seniors and children. Families and seniors face tough choices – buying food or paying for housing, healthcare or utilities. Demand for emergency food continues to rise. Those are just some of the findings of the local data from the Hunger in America 2006 study, sponsored by America's Second Harvest – The Nation's Food Bank Network. The local study included nearly 500 in-depth individual client interviews as well as responses to an agency survey by member agencies.

2006 HUNGER AWARENESS CAMPAIGN ONE OF OUR MOST SUCCESSFUL

Minnesotans joined thousands of organizations and individuals to recognize National Hunger Awareness Day on June 6, 2006. Initiated in 2002 by America's Second Harvest, this public awareness initiative was created to inform individuals, communities, corporations and policy makers that hunger is a serious domestic issue, but a solvable one.

In addition to participating in the national effort to get out the word about ending hunger, Second Harvest Heartland kicked-off a local campaign when Governor Tim Pawlenty proclaimed June 5-11, 2006 "Minnesota Hunger Awareness Week." Among the highlights of the week was a first year partnership with Bremer Banks and the Otto Bremer Foundation. Bremer Banks throughout Minnesota, North Dakota and Wisconsin raised \$78,050.50, while an Otto Bremer Foundation's Challenge Grant generated an additional \$50,000 for SHH and the other five America's Second Harvest food bank network members serving Minnesota.

"While many of us look in a full closet or a full fridge and say, 'I have nothing to wear; I have nothing to eat,' for nearly 500,000 kids in Minnesota, North Dakota and Wisconsin, nothing is hunger. Without school lunches, hunger for kids is all too real." This was the basis of the "Nothing" campaign, which was the inspiration for Bremer's activities of the week. Events included a luncheon of saltines and water for corporate leaders; bank statement stuffers/donation appeals that were sent to more than 200,000 customers in May and June; "Changing Face of Hunger" video; and Public Service Announcements (PSAs) featuring comedian and former food shelf client Colleen Kruse that aired on local Hubbard Broadcasting-owned radio stations.

Other highlights included *The Rake's* Twin Cities' Restaurant Week, Swenson Anderson Financial Group's 3rd Annual Ice Cream Social, Cub Foods on Nicollet Mall and Cub Foods Community Cupboard Match.

Do you know the face of hunger?

donate money, products and your time
 educate yourself and others about the problem of hunger
 advocate for programs and solutions that fight hunger

"Through our participation with Second Harvest Heartland, our food shelves have access to large-scale donation networks, giving us more options for food purchasing in these times of rising need for food shelf services and decreasing resources. We could not continue to meet the need of our community without the programs of Second Harvest Heartland."

— Christine Pulver, Basic Needs Program Director
Keystone Community Services, St. Paul, MN
