## In Memoriam.

### REV. JEROME DUNCAN.

The Central Texas Conference suffered an unparalleled loss when Rev. Jerome Duncan, one of its foremost members and most efficient leaders, while yet in the meridian of life and at the flood-tide of his usefulness, was unexpectedly called from labor to rest and reward.

His birth was in Stewart County, Tennessee, October 14, 1860. He was the worthy son of a worthy father. Rev. Thos. J. Duncan a tender and affectionate father, was for thirty-seven years an itinerant preacher and a wise, aggressive, positive, influential leader in the church. His mother, likewise, was a strong character, true wife, loving mother, ideal home-maker. In such a home Jerome Duncan was born and reared, and his intense love, implicit obedience, and affectionate admiration for his parents placed him in position to receive the best that such a home and such parents could inspire and impart. And his relation to his three brothers and two sisters was just as admirable. Indeed, his whole life was characterized by well nigh ideal family relationships, whether as son, brother, husband or father.

He attended school at Cross Plains, Tennessee, and later went to that famous school, the Southwestern Presbyterian University, while Dr. Joseph R. Wilson, father of President Woodrow Wilson, was at its head. Thus did rich heritage, excellent home training, true education and great associations enter into the make-up of Bro. Duncan. He was converted and joined the church under the ministry of Rev. J. D. Barbee, D. D., for whom to the end he had a warm affection. He was twice married, first to Miss Sarah Holmes, of Clarksville, Tenn., in 1885, who died in 1888; and again, September 15, 1891, to Miss Mattie Reagan, daughter of Rev. R. A. Reagan, more than fifty years an honored itinerant preacher. To this happy union were born five worthy daughters and one son. All survive with their mother, except one girl who died in infancy.

He was licensed to preach August 9, 1889, in Clarksville Station, Clarksville District, Rev. W. R. Peeples, preacher in charge and Rev. J. W. Hill, presiding elder; and that fall he was admitted on trial into the Tennessee Conference. He was ordained a Deacon by Bishop Wilson, November 1, 1891 and an Elder by Bishop Keener, October 22, 1893. In his home Conference he served one year on Trinity Circuit, two years at Guthrie, Ky., and one year at Cedar Hill, Tenn. It was at this latter place, New Year's Day, 1893, that the present writer's acquaintance and friendship with Bro. Duncan began, a friendship that never ended, shall never end.

In the fall of 1893, Bro. Duncan transferred to this Conference where without intermission, he labored until the day of his death. He served the following charges: Morrow Street, Waco, 1894-7; Vernon, 1898-1901; Hillsboro. 1902-4; Fifth Street,

Waco, 1905-6. This closed his work as a pastor, seventeen years in all, thirteen in this Conference. In the Fall of 1906, he was elected and appointed president of Stamford Collegiate Institute, and for three years and a half he served with ability in that capacity. The breadth of foundation and success of administration of that great training school are due in large measure to the optimistic faith and untiring energy of its first president. He resigned the presidency in June, 1910, and was appointed to the Dublin District for the remainder of the year. That fall, he was sent to the Fort Worth District where he served two years and eight months, until his translation. He was a member of the General Conference of 1910, and would undoubtedly have been sent to the next, had he lived.

In the make-up and character of Bro. Duncan, we do not find over-shadowing greatness or notable weakness in any one single line, but rather the happy union of more than ordinary ability in all lines. A better all-round man it would be hard to find. Born of the best of parentage, he had excellent native ability. To this was added careful rearing in the best type of homes, a solid, sensible education, wide observation, and the life-time habit of reading and mastering good books. He learned to see clearly, think accurately, and to express himself with remarkable force and clearness. But above all else in his make-up was the grace of God. He had been deeply convicted, soundly and happily converted, and thus had a definite, clear-cut experience. Henceforth, he grew in grace and in the knowledge of God as his Father and Christ as his personal Savior. He was first of all, a deeply religious, truly spiritual man.

He was an excellent preacher, a true, evangelical, Gospel preacher. He dealt but little in metaphysics, science, philosophy or poetry, and was never given to platitudes or second-hand religion. He read and studied the Bible, accepted it as the Word of God, and preached its great truths made real and vital to him by his own personal experience. He entered heart and soul into his message, preaching with consecrated earnestness and enthusiasm. Under his preaching, men were convicted, converted, strengthened and established in their religious life. Any congregation, whether rude and unlearned, or intellectual and cultured, heard him gladly and profitably. His experience, his observation, his reading good books and the Bible, and his deep interest in all classes made his preaching fresh and vigorous.

He was a fine pastor. All departments of church work prospered under his leadership. He invariably had all the organizations of the church and each in prosperous operation. He saw clearly the needs of his charge, was a fine organizer, a resourceful, indefatigable worker, a wise counsellor, and a safe leader. The published Minutes show that in all his years as a pastor, there was never a dollar of deficit in salary or collections; that there were always many additions on profession of faith; and a large net increase in membership except during his fourth year when he would religiously clean up his roll. Never given to gadding about, he visited with a purpose. He knew his flock, knew their surroundings, hence was well acquainted with their wants and needs. He never failed to minister to the sick, the sorrowing, the needy and erring. We have no better pastors than was he.

He was a manly, courageous man. There was nothing effeminate, time-serving, selfish or craven about him. He never cringed when he looked into his own heart, or when he looked into the face of mortal man. He was a man of definite, profound convictions, could withstand any man to the face, declare himself with all the force of his nature, make a whole city to tremble, if need be; and yet all the while maintain the well-nigh universal respect and admiration of men. It is a remarkable tribute to him that such a positive man should have made so few enemies. He never sought place or honor for himself. There was in him, no likeness to Diotrephes who loved the pre-eminence, and sought it over his brethren.

He was a true friend. He made friends by the hundreds, grappled them to him as with hoops of steel, and held them to the end. Many supposed that they were his special friends, only to find later that the loving heart that had opened so wide to them had opened just as wide to a host of others, for it was his nature to be a friend. No man among us was truer or happier in his relation to his brethren of the ministry than was he.

As a leader, he was wise, vigorous, aggressive, safe. Pastors and people of the Districts he served, believed in him and followed him, and the work prospered under him. As a member of the last General Conference he immediately took high rank both in the committee room and on the floor. His vision was wide, his judgment safe, his counsel sane. He was genuinely connecticutal. He never sought to build up his charge at the expense of others, but he labored for the common good of our universal Zion, and was interested in every other worker.

He closed his earthly career grandly. He was at the height of his popularity and usefulness. His health had not been the best for six months, but without wavering he went to every appointment, being just as attentive and considerate to the demands of the smallest mission as of the largest station. On July 19th, he went to White's Chapel, on the Smithfield Circuit, to assist in a meeting. On Monday evening he took his text: "So likewise ye, when ye shall have done all things which are commanded you, say, we are unprofitable servants; we have done that which was our duty to do,"—text illustrative of his life, expressive of his obedience and humility, a text a bigot would never use. A few minutes later he staggered and fell, stricken with apoplexy. Removed to a near-by home, physicians and loved ones were summoned. But his work was done. He lingered eight hours, and at 5:30 a. m., July 22, his spirit passed on high. His body was carried to Fort Worth, and on Thursday afternoon, the 25th, in the Polytechnic Church, in the presence of an overflowing house, including more than forty of his brethren of the ministry, the funeral service was held. The next day the remains were taken to Hillsboro for burial. He had served there as pastor only three years, and had been away nearly nine years, yet such was the love and esteem in which he was held that every business house was closed, and a long, long procession followed him to the beautiful cemetery overlooking the city. Slowly and sadly we laid him down, heaped the sod above him, and covered it over with flowers. The grass shall wither, the flowers fade, but the spirit

of such as he shall live forever and ever. The world is better because of his life; it seems poorer to us because of his death.

In fields where worthy work is done, in gatherings where counsel is sought and wise plans laid, in social circles where friends rejoice to meet, we will sorely miss Jerome Duncan. But most of all he is missed in the lonely home, so long enriched by his princely love. But we know where he is, and in Our Father's Home above we will meet him in the sweet by and by.

SAMUEL J. RUCKER.

#### C. E. BROWN.

Charles Edward Brown was born in Macon, Ga., June 4, 1847. His father, Col. John T. Brown, was one of the most wealthy and highly influential men in the State. His mother, Mary Ousley, was the daughter of a Methodist preacher. She was a graduate of Salem, N. C., and was a woman of great talents. Up to the time of her death she kept herself in touch with Latin, Greek and other languages and read and understood them well. From her childhood, she made it a regular practice to read her Bible through each year. She retained her wonderful memory and took delight in her studies up to the last of her life, which closed with her eightieth year.

Brother Brown inherited many of the noble traits and excellent characteristics of his mother. For a number of years he was a student in the Georgia Military Institute, and from that enlisted at the age of sixteen, in the Confederate army, in which he served with distinction for two years.

On March 2, 1866, he was united in marriage to Miss Loe Elam, at Americus, Ga. To this union were born four children, two of whom are living.

In his nineteenth year he was happily converted, and at once felt his call to the work of the ministry. His father had high ambitions for his son and was deeply disappointed that he should choose such a calling, but true to his conviction, Brother Brown was licensed to preach in August, 1867, and joined the South Georgia Conference in the Fall of 1868. When his father found that he could not dissuade him from the ministry, he then insisted that his son should make the best possible preparations for a large and useful ministry. Notwithstanding this urging for preparation, his father could not stand the strain and took his room for three months. His wife, becoming uneasy about him, sent for her "boy preacher" to come to see his father. It was late in the afternoon when he received the message and he hastily hitched his horse to the buggy and drove twenty miles through the cold and rain. He reached home near bedtime. When his mother went into the room and said to his father, "Our boy preacher has come to see us," he said, "I know it is your custom to ask all ministers to pray in our home, but do not ask him." Brother Brown went into the room to see his father, sat down by his bed, and talked with him a few minutes. His father said, "It is bedtime, son, and you had better retire to your room." The son said, "Father, I should like to pray with

you," and before the father could object, the boy preacher was on his knees by the bed. He did not sleep much that night because of the deep anxiety which he felt for his father. He arose early the next morning, and when he entered his father's room, his mother handed him the family Bible. He read a few verses and talked from them, sang two stanzas of "A charge to keep I have," and then knelt with his mother at his father's bedside. Before the prayer was ended, the father was happily converted.

Brother Brown was a close student for years. He took out a four-year course of study in two years. It was not unusual for him to study and pray all night.

Our brother was a loyal Methodist preacher. He believed that the authorities of the Church were ordained of God, and that his appointments were ordered of the Lord. As a Presiding Elder, he was efficient, and was faithful and true to his preachers. He was self-sacrificing and unselfish in all that he did. As a pastor, he was popular and wielded a wonderful influence wherever he went. On his first charge he purchased a piece of ground, and established a camp ground, and it is kept up to this day, and called Brown's camp ground. By the end of his fourth year, he was known as a great revival preacher and was sent for far and near to hold meetings. Moticallo, Florida, built a great tabernacle and sent for him to hold the first camp meeting.

In the fifth year of his ministry, his wife's health having failed, his friends advised him to seek a climate to suit her case. The Bishop advised him to travel with Bishop Keener, and find the proper climate, but having come to Texas in advance, he found so many friends who had been relieved of asthma, he decided that this was the place to which he should come. In 1872, he met Bishop Keener at Belton and was given work in the Northwest Texas Conference. Calvert was his first appointment. There, during his first year, he built a church and a parsonage. While at Calvert he edited the Calvert paper, and published the first agricultural magazine published in Texas, entitled "The Farm and Home."

In 1873, the city of Calvert was visited by yellow fever. When the scourge drove all other pastors and the Catholic Priest from the town, Brother Brown remained at his post, visiting the sick and burying the dead of all denominations. He was untiring in his efforts, until he was stricken with the dread disease. Even then, he was sent for, and until unable to leave his bed he never refused to go.

He was once elected to the General Conference and served with distinction.

While pastor in Waxahachie, Marvin College, located at that place, was about to be sold, and was about to be purchased by the Roman Catholics. Brother Brown sold his farm and other property and bought it, to save the property to the Church. He was president of the school for four years, and then sold it to the city.

As nearly as we can learn, Brother Brown served the following charges: The Whitney Charge of the South Georgia Confer-

ence, two years and the Thomasville Charge, two years. In 1872 he was transferred to the Northwest Texas Conference. Here he served Calvert two years; Marlin two years; Waxahachie Station, two years; Waxahachie District (and College, I suppose), four years, and then located. Returning to the Conference in 1893, he spent one year at Coutts Memorial; four years at Brownwood; one year at Dublin, three years at Abilene and three years at Main Street in Cleburne. In 1905 he was appointed agent for Superannuate Homes, and was reappointed from year to year to this agency to the close of his life. In this office, he did a monumental work, and many rise up and call him blessed, and will do so forever. He loved the old men of the Conference and many a time did he exhort the brethren to remember these honored, useful servants of the Lord who had made possible the great blessings and privileges they are enjoying.

In the summer Brother Brown found it necessary to go to the Baptist Sanitarium at Dallas for treatment. While here, came the end, which was not the end, but the beginning of an everlasting triumph. He was rational to the last. Just before his departure he repeated the Apostles' Creed, and, looking up into the face of a dear friend, said, "I believe it all. The way is clear. Nothing of that kind to worry about. That is settled." At another time he sang, and said, "I am coming! Coming! I love Him, because He first loved me." With his last whisper he said "Halleluiah? I love Him" He then closed his eyes on the fading beauties of earth to open them on the fadeless glories of heaven.

He died in the Sanitarium at Dallas, October 20, 1913. The next day funeral services were held in the home of his daughter, and his precious dust was deposited in the Greenwood cemetery to await "the resurrection of the just."

## Report of Boards.

### BOARD OF MISSIONS—REPORT NO. 1.

To your Board has been referred the report of the Commission to the Foreigners heretofore created, requesting that this Board and Conference unite in its effort with the other English speaking Conferences in the State to evangelize the one million foreigners.

The Commission was unanimous in its belief that a settled and effectual policy could best be carried out by the Texas Boards of Missions, through a permanent organization that may have power to collect and administer funds, appoint and supervise missions, employ a superintendent with approval of the General Board.

Said Commission has also recommended that the several Annual Conferences appropriate the following amounts:

North Texas .....	\$1,000
Central Texas .....	1,000
Texas .....	800
West Texas .....	600
Northwest Texas .....	400

for the work of the commission.

Your Board recommended that we concur in making the Commission permanent, and that we accept our part of same. In the event the other Conferences do not concur, the Board will not be bound for the amount, and we only obligate ourselves to pay proportionately from the time the Superintendent is in the field.

To the creation of this Mission, the Bishop has consented.

M. S. HOTCHKISS,  
Secretary.

W. H. MATTHEWS,  
President.

### BOARD OF MISSIONS—REPORT NO. 2.

Your Board of Missions would submit this report of their work, and statements of facts concerning the General Board:

We are pleased to note that, the General Board is making good progress in liquidating its indebtedness, as \$98,178 of its outstanding obligations has been retired the past two years. We regret that because of the fact that we delayed until the end of the year to send in our remittances, the Board must pay annually \$7,500, or a like amount for interest. This would keep several missionaries in the field, and surely the Board should be relieved of this matter.

Our Conference had paid before the assembling of the session, \$1,118.96, and the Teller received \$9,626.00, making a total of \$10,744.96 for Foreign Missions on an assessment of \$14,500.00. This leaves a deficit of \$3,755.00 and is \$1,533.00 less than the

payments of last year. This is doubtless due in large measure to the wide spread drougthy conditions throughout the Conference.

Prosperity has attended the work of the Board in all the fields in which we have missions planted. In some of these fields our prosperity embarrasses us.

In Mexico and Cuba, disturbed conditions have greatly retarded the work, but our missionaries have been faithful and remained at their post, except when the Board has deemed it wise to recall them.

The pathfinders, Bishop W. R. Lambuth of our Church and Prof. J. W. Gilbert of the C. M. E. Church, are now en route to the distant Batetele tribe, forty days journey above navigation on the Lower Congo. Go read the providential openings; the preservation of our Missionaries, their reception by this Chief and his earnest entreaty to them to return, and with devout thanksgiving, plead that the great Head of the Church may lead in all things in planting and conducting this Mission.

During 1912, thirty Missionaries have been sent out—eleven men and nineteen women—and sixty-one thousand dollars were expended in buildings and equipments.

We are pleased to report that the sixty-nine Missionaries operating under this Conference Board, have been successful in their respective fields; souls have been converted, backsliders reclaimed and the material interests advanced. These Missionaries have had their drafts paid punctually, notwithstanding the fact that we have operated on borrowed money. The total amounts paid on your assessment, \$18,000.00, was \$14,757.00, leaving a deficit of \$3,242.14, and this is \$1,294.00 less than last year.

On the assessment of \$4,600.00 for the Home Department, you have paid \$3,771.46, leaving a deficit of \$828.54. Checks for the above and also for the amount paid for Foreign Missions have been handed to Dr. Pinson.

Report of the Women's Missionary Society has been forwarded your Board, and the following facts are gleaned in the Home Department:

There are 185 Auxiliaries, with 4,883 members. There are 1,355 members in the Junior and Young Peoples Societies. Amount of money paid for dues, \$4,247.30. Amount of pledge, \$2,663.61, and for Conference Specials, \$1,852.55. Total \$8,763.46.

In the Foreign Department, there are 4,350 members; 36 new adult auxiliaries, 2 young people's and 3 Junior divisions have been organized; four Missionaries, 35 scholarships and 12 Bible women are supported by these auxiliaries and \$10,325.25 has been raised to carry on the work.

We are glad to report that all the indebtedness of the Board has been paid. The total amount paid on the losses of this Board was \$9,395.05.

We enter the new Conference Year with \$686.61 in Bank, and your first quarter's drafts are unpaid. Your Board has been given instructions to again borrow, and in the hands of your

out-going Missionaries, immediately after the reading of the appointments, their drafts will be placed.

We are glad to note the splendid work of our Laymen, and the Board heartily approves the Special which they have undertaken to build, a church at Hong Kong, China, at a cost of \$10,500.00.

The General Office reports that less than 1,500 subscribers receive the Missionary Voice, in a church membership of more than 76,000; only 33 men in the Bounds of the Conference receive it in their homes. Doubtless many of their wives receive it, but it is the opinion of your Board that the subscription list ought to be greatly increased.

The assessments for Conference Missions remain the same as last year, viz: \$18,000.00, and the amounts apportioned to the Conference by the General Board is unchanged. Foreign Missions \$14,500.00, and Home Missions \$4,600.00, and these are apportioned to the Districts according to the scale prepared by the Presiding Elders.

W. H. Matthews is elected Conference Missionary Secretary and M. S. Hotchkiss and F. F. Downs are elected Commissioners to the Foreigners.

**BOARD OF EDUCATION.**

Your Board has given to the many interests committed to its supervision by the Church, the most patient and careful consideration. In response to the request made by us at your last session the institutions coming under our care have submitted full and detailed statements of their affairs so that we can present to you an intelligent report of their status. Never before has there been such an awakening of interest in the cause of education. We believe that the Church we represent has been intelligently aroused to the importance of keeping pace with the State in providing educational advantages, facilities and equipment. We are now prepared to recognize that we must provide not only religious environments and influences for our young people, but equipment that means the highest order of intellectual training.

The time has come when we cannot hold the patronage of our own people by an appeal to Church loyalty unless we can assure them that we offer just as good advantages for the highest intellectual development and training as can the State and private institutions.

There have come to us no reports from Vanderbilt University or the Correspondence School.

We recommend for your endorsement the following, sent from the Educational Commission:

"For Polytechnic College. A campaign is now in progress in the Central Texas Conference for \$100,000.00.

"For Meridian College. A plan to raise \$70,000.00.

"For Southwestern University. A plan for raising \$300,000.00.

"For Southern Methodist University. A campaign to raise an additional \$1,000,000.00, \$500,000.00 for Endowment, \$250,000.00 for a Theological Department, and \$250,000.00 for a Sanitarium. This in addition to a plan already approved, to raise, with the assistance of District Commissioners, \$50,000.00 for a Chair of Religious Pedagogy."

#### Southern Methodist University.

Never in the history of our Church has there been a movement so extraordinary as that connected with the launching of this institution. This has been and is the most extraordinary event in our educational history. The facts relative thereto have been kept so fully before the Church there is scarcely an item that needs presentation at our hands in order to bring it to your attention. Not merely Texas Methodism but our entire connection is to be congratulated upon the accomplishment of the wonderful feat of raising \$500,000.00 within a few months' time. This movement has been brought to this happy consummation by the leadership of Dr. H. A. Boaz, ably assisted by Commissioners Barton, McClure, Watts and Young.

We call special attention to the movement looking to the raising of the sum of \$250,000 for building a sanitarium. The time has come, though late, when we are being awakened to the call of our Master to care for suffering humanity. Other Protestant Churches have gone ahead of ours in this important matter. Not only must we hear the call of our Divine Lord for His suffering ones and respond to this just claim upon us because He calls, but for our own sakes must we show forth His spirit if we would continue to hold the confidence of the people. Our insistence cannot be too emphatic nor our plea too urgent for this great enterprise.

#### Southwestern University.

This institution, for forty years our most conspicuous and successful educational enterprise, still justifies the faith of our fathers and challenges the loyalty of their sons by maintaining the highest ideals and doing the most thorough work.

The present session shows the largest attendance of students of college grade ever enrolled in the history of the school. This is true though the requirements for such grade are being constantly raised and the most thorough preparation required. No college of our Church can boast of a more glorious record for the same period. Thorough work in her class rooms, the highest ethical standards for her student body, and the ever-present recognition that there is a soul to be saved, a life to be redeemed as well as a mind to be instructed and trained have ever been the dominant principles with this institution. Never has this school been in better condition, and never has

it had an abler faculty. The dormitories for young men are overflowing, while the woman's building is unduly crowded and more girls would come if room could be provided.

The time is at hand when there must be inaugurated without delay and pushed to completion in the shortest time possible a campaign for buildings and endowment. The need is imperative and delay would mean disaster. The trustees at their last meeting asked for \$100,000 for buildings and \$200,000 for endowment. This request has the endorsement of the Educational Commission. The urgency of the need cannot be overstated. The importance of immediate action whereby all the available forces at the command of the Church throughout the State can be concentrated upon this effort, cannot be unduly emphasized. It is a supreme moment with this school. It is a supreme opportunity to the Church.

We urge that this campaign be given the foremost place until this result is accomplished. We request the Educational Commission to put into the field all the forces possible to raise this \$300,000 and that we call upon all our pastors not only to open their Churches to those representing this interest but also themselves to present this matter both privately and publicly to the people. We recommend the adoption of the following amendments to by-laws:

First. Article 2, be so recast as to read: "The Conferences shall elect Trustees on the nomination of their respective Boards of Education, and these Trustees shall hold office for four years, respectively, their term of office for the incoming quadrennium to be so arranged, whenever possible, that not less than two nor more than three Trustees be elected annually, by the English-speaking patronizing Conferences. The Alumni Trustees shall also hold office for a term of four years, and these Trustees shall be elected at the annual meeting of the Alumni Association."

#### Polytechnic College.

The report from this school shows an attendance equal to that of last year, although it is known that the institution is in a state of transition from a co-educational college to a woman's college. This we regard as most extraordinary. Another remarkable fact is that the heavy indebtedness in the institution is being provided for. Since Dr. H. A. Boaz's assumption of the presidency the people of Fort Worth have rallied to the school with a splendid loyalty and are pledging their hearty co-operation and subscribing most liberally their money.

There are fifty-two young men studying for the ministry and fifty-one students from the homes of our preachers.

We endorse the plan of the Commission in making this the woman's college of the State, and urge that the other Conferences of Texas do the same.

We likewise endorse the plan of the Commission for a campaign for \$100,000 for this school.

#### Meridian College.

This is the only secondary school within the bounds of our Conference. Under the wise administration of the President,

Rev. G. F. Winfield, this school has been brought to a place worthy of the confidence and patronage of the people. Its faculty is composed of unusually strong and well-equipped teachers.

Of its last graduating class of seventeen, sixteen are now in colleges completing the courses for which this school prepared them. The student body is composed of 200 young men and women.

The remarkable achievement of raising over \$30,000 for payment of debts on the buildings was accomplished under the leadership of Rev. W. B. Wilson, and now unencumbered by debt, with a territory unoccupied by any other such an institution this school should enter upon a period of prosperity and usefulness.

Dormitories are the present and imperative need. A campaign has been launched for \$70,000 for this purpose. To this movement we give our endorsement.

#### Weatherford College.

There has been no school conducted in Weatherford College since last June, one year ago. The Trustees through Rev. E. Hightower have tendered this property to the Educational Commission through this Conference for a Junior College for young men. We recommend the following:

"1. That we accept the tender of Weatherford College through Rev. E. Hightower, acting for the Trustees of said college, and elect the following Trustees to serve until their successors are chosen: E. Hightower, I. W. Stephens, G. H. Holland, T. F. Temple, G. W. Barcus, W. W. McCrary, M. S. Hotchkiss, Jas. W. Hill.

"2. That we request the Commission to consider carefully the advisability of establishing a Boys' School for all Texas Methodism."

By the will of J. R. Coutts this school will receive in 1924 \$100,000 for endowment, thus giving us the only endowed training school in our Church.

#### Recommendations.

**Trustees**—1. We recommend the election of W. L. Nelms, W. B. Andrews, M. B. Lockett, H. S. Wilson, A. F. Bentley as Trustees of Southwestern University.

2. That H. D. Knickerbocker, Lee Penn, Ocie Speer, F. P. Culver, G. W. Armstrong, I. W. Burney, Clay Johnson, W. C. Stripling, T. B. Yarbrough be elected Trustees of Polytechnic College.

3. That W. L. Nelms be elected Conference Secretary of Education.

#### CHURCH EXTENSION—Report No. 1.

We hereby present to you the following report of action taken by the West Texas Conference in reference to paying the indebtedness of University Church. We heartily endorse the

purpose of this resolution and recommend the same to your favorable consideration, with the distinct understanding and agreement that under no circumstances are the collections contemplated to be an assessment:

Resolved, That it is the sense of the Board of Church Extension of the Central Texas Conference that we assume \$2,500.00 of the indebtedness of the University Methodist Church, and that it be distributed to the various districts on a basis that shall be agreed upon by the Presiding Elders.

Resolved further, That the collection of said amount be left to the Presiding Elders, and that the campaign for the securing of said amount shall close with the last Sunday in March, which shall be observed as University Church Day by our pastors and people.

This resolution becomes effective when enough Conferences of the State shall have taken similar action so that the total amount thus assumed, together with amounts otherwise available, shall cover the entire indebtedness on said Church.

J. J. CREED, President.

**CHURCH EXTENSION—Report No. 2.**

We congratulate the Conference upon the work already achieved in this department and call special attention of all our pastors to our Conference Loan Fund and urge upon each one of them to advise every Church seeking aid, as far as practicable, to accept a loan instead of a donation. These loans are made on easy terms and with small interest. In this way the Board can give immediate relief, and yet preserve its funds to aid other similar enterprises. The Board is always ready to make donations when a loan will not meet the exigencies of the case.

We regret to say that in some instances applications have come into the hands of the Board too late to be considered. We urge every member of the Board to make special note of the fact that these applications must be in the hands of the Board not later than the first day of the Conference session. The Board can not and will not consider applications that come later than that date.

The policy of your Board is to give aid to every applicant in some amount so far as it seems advisable to do so, believing that it is wiser to distribute the funds among the various applicants in small amounts rather than to make large donations to the few. After dividing equally with the General Board the amount at our disposal, \$3,088.20, there remains in our treasury to be divided among the various applicants the sum of \$4,044.10, which is applied as follows:

**Donations to Parsonages.**

We record the election of T. S. Barcus and Henry Stanford to fill the vacancies on the Board made by the retirement of J. A. Whitehurst and Ed R. Wallace.

The Teller reports that \$881 has been paid in at this Conference for our National Capital Church at Washington, D. C., and this amount also will go to the credit of our Church Extension work.

The assessment made by the General Board for Church Extension for the ensuing Conference year is \$10,725.00.

Respectfully submitted,

J. J. CREED, President.

**SUNDAY SCHOOL BOARD.**

According to the report of the Sunday School Editor, the net increase in enrollment of Sunday School scholars is only 14,608. This is especially astonishing in the face of the largest increase in the circulation of literature during any single year in the history of the Church.

It is clear that at the approaching General Conference there is need to consider the wisdom and feasibility of devising a more effective plan than we now have for Sunday School extension.

**Children's Day.**

The Children's Day collections remain practically the same from year to year. It is evident that either some of this income is being diverted into other channels than the discipline requires, or the people are not yet awakened as to the great need of Children's Day Fund for Sunday School work.

**The Vanderbilt Chair.**

There is yet to be raised \$11,900.00 to complete the \$50,000.00 endowment for the Chair of Religious Pedagogy and Sunday Schools in Vanderbilt University. When this sum is finished there will be 30 per cent of the Children's Day offerings heretofore going to the cause that will be devoted to the much-needed strengthening of our force of field workers.

**Wesley Adult Bible Class.**

It is gratifying to note the great increase in the organized Bible Class work. There are now enrolled about 3,000 adult, senior and intermediate classes, with a membership of 80,000. This is perhaps the wisest movement ever inaugurated in Sunday school life. We urge that all organized classes in our schools be enrolled in the Wesley Bible Class Department, for the sake of the fellowship of all other Southern Methodist classes. We insist upon the use of the Adult Student, the official organ of this Department.

**Teacher Training.**

It is difficult to overestimate the value of the Teachers' Training Class. Let all our pastors and superintendents see to it that at least one such class be maintained in every school, for surely the time is upon us for more thoroughly prepared teachers.

**Teachers' Meeting.**

The experience of those who have Teachers' Meetings confirms us in the belief that no more important service can be held among the working forces of the school. Let the pastors and superintendents have Teachers' Meetings.

**Plans for Extension.**

It is the opinion of your Board that our most urgent need in the Sunday School field at this time is to have the spirit and methods of the modern Sunday School brought home to the masses of the people.

Experience has shown that the most effective plan for securing this result is the district, circuit or local institute. In the absence of field workers, the responsibility for such work must rest upon Conference Boards, presiding elders and pastors. The results already achieved in some quarters through systematic work is a source of encouragement.

The Executive Committee of our State Sunday School Conference has tried to evolve a plan that would meet this difficulty economically but effectively. They have suggested to the Sunday School Boards of the English-speaking Conferences of Texas that an office be opened at our Publishing House in Dallas, and that said Boards, through the Chairman and Secretary of this Committee, for the first five months of the year 1914, shall have a State Secretary, who shall be a competent stenographer, and shall be subject to the order of the Conference Sunday School Boards, and of presiding elders, district secretaries and any others whose province it is to lead in the Sunday School work. This office to be under the direction of the State President and Secretary or of some one designated by them.

Your Board has approved this plan and has made the necessary appropriation. The Board of the West Texas Conference took the same action. The approval of one or more of the remaining Annual Conferences will make the plan effective.

We urge our presiding elders to arrange for institutes early in the year, and we tender them the services of this office in carrying out their plans. The chief difficulty in rendering effective even the smaller institute lies in the fact that many superintendents and teachers who need to attend these meetings are so situated that they cannot be away from home at night nor for more than a few hours at a time. Some districts have met this difficulty in part by one-day sectional meetings. We therefore suggest that in districts where railroad facilities render the plan feasible a one-day institute be held for superintendents, another for teachers, and perhaps another for pastors. Let the time then spent be given, not to speech-making, but to actual discussion of real problems.

Where it is not possible for the workers of a district to all get together in these one-day meetings, we suggest that districts be divided into convenient groups of pastoral charges, and that such a meeting be held for each group.

We suggest that our Publishing House be urged to send a Sunday School exhibit to all Sunday School Conferences and Institutes that are held under the auspices of our Church. The educational value of such exhibits is incalculable.

**Sunday School in Southern Methodist University.**

Your Board also notes with approval the proposal of the Texas Methodist Educational Commission to establish a Department of Sunday Schools in Southern Methodist University.

We commend to your favorable consideration the plan which the Commission has adopted looking to the raising of a \$50,000.00 endowment for this Department.

After Conference with Mr. Frank Reedy, who has been placed in charge of the matter, we make the following suggestions:

First. That the Sunday Schools of Texas, New Mexico and Oklahoma be asked to raise as soon as possible an endowment of not less than \$50,000.00 for a chair of Sunday School Pedagogy in Southern Methodist University.

Second. That every Sunday School Board request the Sunday Schools under its supervision to devote a Rally Day collection for 1914 to this cause, and that special stress be placed upon Rally Day.

**EPWORTH LEAGUE.**

While we are gratified to learn from the report of the General Secretary that there have been 334 new chapters organized with a membership of 7,000, and many of these new chapters are in the bounds of our own Conference, yet we feel that the League needs a more hearty support and endorsement on the part of our pastors and presiding elders, and we are sure the League does not get the support often it deserves.

And this is strange, because the League occupies a unique place in the organizations of the Church. There is no other organization that can do as efficiently the work the League proposes to do in the training of our young people as efficient workers in the Master's Kingdom. And it is admitted, that the great need of the Church is efficient workers.

It is claimed by those who ought to know that a large part of our present mission force, Sunday School workers and pastors were trained for service in the Epworth League.

We call attention to the Epworth Era and most heartily commend it in its present form, and also its adaptability to the needs of our young people.

We feel that it is absolutely necessary if the League has its proper place and does its work for us to have Special Conferences in districts and in the Annual Conference.

It is imperative that our pastors see to it that the Leagues pay the ten cent assessment and also take the free will offering on League Anniversary Day, in order that the General Office may meet its financial obligations and do its work for the Church.

We rejoice to recognize the value of the encampment movement in the League. These encampments have been fruitful in bringing in inspiration, and in presenting proper ideals of social life. We also are glad to note what has been accomplished at Epworth-by-the-Sea, and we feel that we must provide for the future of this great encampment, and therefore endorse the sale of the present site by the Trustees and purpose to select a more suitable site.

W. J. HEARON, President,  
W. T. JONES, Secretary.

## AMERICAN BIBLE SOCIETY.

Though much has been said from time to time about the American Bible Society as a missionary agency, we fail to appreciate what a wonderful force this Society is in propagating the gospel at home and abroad.

The American Bible Society is at work in five continents. It has six main printing centers, and over twelve hundred distributors. The Society is now in the ninety-seventh year of its usefulness. As missionary operations move forward the demand upon the Society increases. The most remarkable demand comes from China, being one million copies in 1912, and indications are that at least two million copies will be needed in 1913. Even in Mexico with all her internal strife, the demand for the Bible is increasing. Thus the American Bible Society is pioneering in missionary work, and preparing the way for the organized efforts of the Church.

Thirty-two languages are represented in our own South-western Agency. The world is stirred. Things are happening. Nations long dormant are calling for the light. There are calls at home and abroad for advancement. Now is the time for all who love God and His cause to move forward. The Board expended nearly \$760,000 in 1912, while receipts were only \$601,966. In view of the increased demand the Board has authorized an expenditure for 1914 of \$800,000. The Treasurer of your Conference Board has received during the year \$75.55. From the Conference Teller \$851.00. Total, \$926.55. We appropriate for publishing minutes \$25.00. Assessed for the coming year \$1,000.00.

### SABBATH OBSERVANCE.

The importance of the prescribed weekly rest to both man and beast is beyond a proper estimation. It is indispensable to man mentally, physically and morally. The Sabbath is essential to our Christianity, and its proper observance fosters every institution. Its desecration leads to the greatest sins, and debauches society. There is a growing tendency to ignore its sanctity and to convert the day into a day of convenience for anything that the individual may elect. One element of society makes it a day of commercial gain; another a day for pleasure; while comparatively few people regard it as a holy day to be kept as a day of rest and of worship.

The wholesale desecration of the Sabbath calls for the most serious consideration. We can but look with alarm upon the sentiment that tolerates, without protest, the constant inroads being made upon the sanctity of this day. It is hardly necessary to mention the many profanations of this day; yet we will mention Sunday excursions, riding on trains, ball games of all descriptions, the opening of fairs, selling and buying.

We regret to say that many of our Church members are to be found among the Sabbath desecrators. We believe the time has come when our ministers, and members of the Church, should by strict observance of the Sabbath as well as by precept seek to create Sabbath sentiment and should withhold support and encouragement from any phase of Sabbath desecration. We quote approvingly the following from the action of our last General Conference:

"1. Never before has humanity so much need to devote one day in seven to rest, and communion with God as in these days of absorption in material, worldly enjoyment and social unrest, and, at the same time, never has the temptation to obliterate the Lord's day been so great.

"2. That we therefore appreciate and commend the faithful efforts of the Sunday League of America to secure in sentiment, in law and in customs, the proper observance of this day throughout this great nation.

"3. That we render our endorsement of the League and commend its purpose, plans and representatives to the cordial co-operation of all our people."

In this connection we most heartily endorse the work done so faithfully by Rev. R. C. Armstrong, and request the Bishop to reappoint him State Secretary of the Sunday League in America, and urge our pastors to co-operate with him in this great work by giving him access to the people through their pulpits.

Signed:

J. A. RUFFNER, Chairman.  
J. F. CLARK, Secretary.

#### BOOKS AND PERIODICALS.

We rejoice to learn from our Book Agents that the business of the Publishing House is in a prosperous condition, and that during the past year there has been a steady growth over the business of previous years. The future is big with hope for this important factor in our Church life.

The total sales for the past year were \$907,949.30, and the total profits were \$97,388.71, being an increase over the previous year of \$15,049.53. During this year a new branch house has been opened at Richmond, Va., and we are gratified to know that it is being loyally supported by our people in that part of our great connection.

We urge our ministers and members to patronize our own Publishing House, for there they will find the best of literature, and by so doing they will foster the business that is our common property.

Our Sunday School literature is as good as the best, and much superior to the stuff peddled over the land by so-called undenominational propagandists. The Sunday School Magazine, the Adult Student, the Senior Quarterly and graded literature are worthy of special commendation, yet we feel that these periodicals could be materially improved by incorporating therein special teachings on the distinctive doctrines, polity and history of our own Church, thereby training our young people in the "way they should go."

Our great central organ, the Christian Advocate, published at Nashville, Tenn., stands at the top in the family of religious advocates, and should be in the homes of all our leading members. It is with deep humility that we are forced to report that this worthy paper has been published at a loss during the past year.

The Epworth Era, though splendidly edited, continues to be a losing enterprise. We specially commend to our preachers and leading laymen our peerless Review, than which there is no better in the land.

The Texas Christian Advocate continues to be the pride of our Texas Methodism. It is in a prosperous condition and is popular with all of our people. We rejoice to note that during the past few months there have appeared in its columns some timely and strong articles on some of our cardinal doctrines. We urge our people to continue to give this splendid Conference organ their moral and material support.

L. A. WEBB, Chairman.

FRANKLIN MOORE, Secretary.

#### TEMPERANCE.

Since Paul before Felix preached "righteousness, temperance and judgment to come," the Church of Christ has ever held temperance as a cardinal doctrine of Christianity, essential to any nation's welfare. The conflict between the forces of evil and of right intensifies that doctrine today, and places it in the very forefront of the age-long conflict for righteousness.

The record of the last few years shows that prohibition has proved the most effective measure for promoting temperance that the world has ever attempted. In the last few decades the people of the United States, in righteous indignation, have driven the licensed saloon out of more than one-half of the counties of the entire nation, and 51 per cent of the people are now living in "dry" territory. For some time the enemy contended that prohibition did not prohibit, that they sold more liquor in "dry" territory than in "wet" territory. But at last they have been pressed so far that they now confess that it is ruining their trade. Last year thirty-one breweries closed for want of patronage, and more than one million barrels of beer less than the year before was drunk. During the fight prohibition has reduced the amount of distilled liquor consumed by the American people from four gallons annually per capita to about one. A beer journal is responsible for the statement that in wet territory the total amount drunk now averages thirty gallons annually per capita, while in the dry State it is only one and a half. As a means of preventing drink, prohibition is overwhelmingly the greatest success of any measure that has ever been attempted by the American people, and in it lies the only hope of the solution of the liquor problem.

Being a successful temperance method, prohibition becomes essentially a moral question. The Church is not concerned about the politics involved, but preaches prohibition purely as a moral question. This being the case, there is only one consistent position for a Christian to take on this moral question, and a Methodist misrepresents his Church when he either speaks or votes for the saloon.

In as much as the press generally and some politicians are vigorously contending that the temperance question is not the leading question before the people of Texas today, we warn our people against this subtle method of lulling them to sleep on this all-important question. We assert that there is no issue before the people of Texas or of the United States equal in importance to the liquor problem, slaying as it does 300,000 annually in our nation, and corrupting society wherever it touches it. Our members are citizens of a free land and have the obligations of citizens resting upon them. Their obligations to their God demand that they assume the duties of citizenship and help to solve the problems of a Christian nation. No man can be a good Methodist and refuse to assume this obligation.

The record of the past few years shows clearly that the success of prohibition hangs on the election of officers of state in sympathy with the cause. This being the case, we heartily endorse the move to concentrate the votes of the Christian citizenship upon one man in each race for office so as to insure the success of the moral element in the coming elections and ask our constituents to co-operate with such movements. We believe that the question of state-wide prohibition should be re-submitted to a vote of the people of Texas this coming year because of the manifest frauds connected with the last election.

We heartily endorse the work of the Anti-Saloon League of Texas. We believe it to be the one organization that offers to the people hope of final victory to our cause. But we find that criticisms that have appeared in public speech and in the

press hostile to our cause have been accepted by some of our pastors and laymen as true without investigation. Investigation has shown that all such statements have been utterly untrue. We beg our people, pastors and members, to treat the League fairly, and accept no criticism without getting the facts from the League, or its friends. The League belongs to all of our Churches—ours among them. We ask our pastors and laymen to give it unqualified support.

As means of promoting temperance we also heartily endorse the Home and State and the Texas Christian Advocate made so effective in this work by our able editor, Dr. Rankin.

We rejoice to know that the Anti-Saloon League has launched a campaign for nation prohibition, and believe that the day is near at hand when there will remain in the United States not one licensed saloon.

Your Committee recommend the appointment of Rev. Atticus Webb as Superintendent of the Fort Worth District of the Anti-Saloon League in response to a request from the State League.

C. W. IRVIN, President,  
ATTICUS WEBB, Secretary.

#### DISTRICT CONFERENCE RECORDS.

The Fort Worth Record is a good record, and well kept, however, there are a few erasures and interlinings.

The Waxahachie Record is splendidly arranged, well written and very neat.

The Brownwood Record is in good condition, has a few erasures, and blots. The Chairman failed to sign the minutes.

The Hillsboro Record has no marginal reference. The ink used is not the same color as that used in the rest of the record. Otherwise this is a very neat record.

The Dublin Record is fairly good in arrangement, penmanship and neatness. The marginal reference is incomplete, and awkwardly arranged. The record fails to state the preaching services and who preached. The Presiding Elder failed to sign the minutes. Some other minor irregularities.

The Cleburne Record is poorly kept, arrangement bad, and penmanship not good. No marginal reference. No separate official roll. Void in capitalization, punctuation, also deficient in spelling and neatness.

The Corsicana Record is a model.

The Georgetown Record is very well kept. The penmanship is not very good, but is free from erasures.

The Weatherford Record is poorly kept. No official roll and no marginal reference. Pages are crowded and too many abbreviations.

The Gatesville Record is a model of neatness and correction.

The Cisco Record has no official roll.

The Waco Record is well kept.

R. F. BROWN, Secretary.

GENERAL STATE OF THE CHURCH.

We rejoice that the great head of the Church is still with us in saving power. There is a clearer note of a greater spiritual awakening among the ministry and membership. The revivals of the year have been more generally powerful to the saving of souls than heretofore, and in many instances great ingatherings have resulted. But we have not yet reached the mark of revival tide that is needful for the saving of the multitudes within the influence of our Church. We respectfully urge our people and preachers to pray for a sweep of revival fire that will grip the souls of all coming under the influence of our ministration.

We note with sadness that there is a decided worldliness creeping in among us that is proving exceedingly harmful. The attractions and enticements of the world are stealing away the love and service of many of our people from our Lord. We call upon our preachers everywhere to sound no uncertain note as to all forms of worldliness.

Believing the family altar to be the bulwark of vitality of our holy religion, a vigorous campaign is urged to induce our people to worship God around the sacred family altar.

The increased liberality of our people in building and equipping churches and in benevolence is a cause for profound gratitude. The Church within our borders is contributing more than ever before for purely benevolent objects.

A cheering note of increased interest and more definite plans of the laymen in the active work of the Church gives encouraging promise that they recognize their joint responsibility in the great work of the Church.

We heartily commend the proposed Social Service Commission and trust it will be the means of making our Church more helpful to the churchless laboring classes.

Rejoicing in past achievements, we press forward to greater things.

J. N. VINCENT, Chairman.

W. H. KEENER, Secretary.

ORPHANAGE.

With the official report of our Orphanage at Waco, we join in gratitude for exemption from the epidemic of measles, mumps or typhoid fever, when there has been a scourge of all three in the city.

We attribute this blessing of health largely to the sanitary conditions of the building made possible by the good doctors who attend the Orphanage and the many prayers which have ascended from hearts loyal to the Home all over the State.

The making of men and women of these boys and girls not only requires sturdy bodies, but proper clothing.

It is gratifying to note that these children are being clothed by individuals, Epworth Leagues, Sunday Schools and Women's Missionary Societies.

The laid-aside old worn garments have been discarded, and as should be. The children are being clad with good new clothing made to fit.

Under the management of Prof. A. N. Brown and his corps of teachers, which include the grade teachers, the domestic science and music teachers, all the children of the Home are in our school this year and are beginning their work with great zeal and enthusiasm.

The playground equipment, which was installed by the city, adds much, not only to the pleasure, but to the physical development of the children.

While the girls are busy with the domestic training, the boys, under the Assistant Manager, Rev. J. N. McCain, are being taught agriculture and dairying.

The crop realized on the farm amounts to 1,800 bales of first-class hay, 1,000 bushels of good heavy corn. The dairy has furnished all milk and butter consumed by the Home.

This is not the only cause of gratitude, but we rejoice in the fact that there have been about forty conversions in the Home and thirty-three accessions to the Church, and three girls who have dedicated their lives for service in the foreign field.

Your Committee had before it Dr. R. A. Burroughs, our General Manager, whom we commend most heartily for his wide-awake interest in the Home and faithful management during the past year, who addressed the Committee in behalf of the work so much needed to prepare the children for life's responsibilities, stating that we needed and must have in the near future a school building, which should be provided with ample chapel room and apparatus for vocational training. By doing this the school rooms now occupied in the two buildings could be utilized for kindergarten-music department and dormitories, thereby greatly increasing our capacity and usefulness.

We also heartily recommend Rev. J. N. McCain, the Assistant Manager, for his efficient work and ask his continuation in the same position.

We recommend and heartily insist that not only the pastors throughout the Conference, but our laymen, co-operate in the securing a Christmas offering commensurate with the needs of the Orphanage and in keeping with the great Church to which we belong.

We further recommend that the same amount (\$4,000.00) be assessed as last year for the new Conference year.

This report would be very incomplete without reference to the deep concern displayed by Rev. A. D. Porter of Morrow Street Church, Waco, who has taken the initiatory step in securing and equipping a modern method of heating the buildings of the Home at a cost of about \$3,000.00.

We heartily commend this and insist that all pastors and laymen enlist our Sunday Schools, Epworth Leagues and Women Mission Societies in raising monies to pay for same.

MAC M. SMITH,  
Secretary.

I. E. HIGHTOWER,  
Chairman.

**SUPERANNUATE HOMES.**

It is with profound regret that we record the fact that the voice of Bro. C. E. Brown, which has so earnestly pleaded for the Superannuate Homes work since its organization eight years ago, has been silenced forever. We wish to record our appreciation of his efficiency and faithfulness in this great work. His death makes a vacancy in this Board, and the Presiding Elders, in conformity to the constitution of the Board, have nominated S. J. Vaughan to fill the vacancy and we request you to confirm the same.

At the time of Bro. Brown's death, he was preparing a brief history of each Home to be placed upon our records, and printed in the Journal of the Conference. We regret that he was not able to complete this work. We therefore earnestly request the occupants of these Homes to send to our Secretary, W. B. Andrews, a brief statement of the history of their Homes.

Just at this time there is urgent need for several new Homes, and we earnestly request the Presiding Elders and Pastors to open the way in their charge for the prosecution of this work in order that these homeless ones may be provided with shelter.

We recommend that the Bishop appoint D. L. Collie to the agency for Superannuate Homes.

J. A. WHITEHURST, President.

W. B. ANDREWS, Secretary.

**REPORT OF COMMITTEE ON RESCUE HOME AND WORK  
IN SAN ANTONIO.**

Your committee on the Rescue Home and Work in San Antonio has had a full statement and explanation from Rev. J. D. Scott, Commissioner appointed by the West Texas Conference to look after the interests of the institution. Approximately 1,020 girls have passed through this Home. It is now proposed to place it upon a firmer basis and to enlarge its scope. The work done does not cover the same ground as that of the Virginia K. Johnson Home in Dallas. The salary of the Commissioner is provided for by the West Texas Conference, but the co-operation of the other Conferences of Texas Methodism is now sought. We make the following recommendations:

1. We express our hearty sympathy with this good cause, and as far as practicable, open our churches to Brother Scott during the present Conference year, extending to him our good will and hearty co-operation.
2. The future relationship of our Conference to this work will require more extended consideration and we refer the subject to our Social Service Commission for report at our next annual session.

Two other matters, not directly connected with the San Antonio Rescue Home, but having a more general bearing, have been brought to our attention.

First, next Sunday has been set aside as Purity Sunday. We hope that our pastors will on suitable occasion, give the subject adequate treatment.

Secondly, the International Purity Congress is now meeting in Minneapolis. We recommend that the Christian greeting and hearty good-will of this Conference be transmitted to the Congress in a night letter.

C. R. WRIGHT,  
J. A. RICE.

BOARD OF ADJUSTMENT.

We, the Board of Adjustment, respectfully recommend the following assessments:

Church Extension .....	\$10,725.00
Conference Claimants .....	15,000.00
Education and Educational Extension..	20,720.00
Orphanage .....	4,000.00
Bishops .....	3,286.00
Foreign Missions .....	14,500.00
Home Missions .....	22,600.00
Bible Society .....	1,000.00
Total.....	\$91,831.00

These figures represent a decrease in the aggregate assessment of \$518.00 as compared with last year.

The Boards have asked for only those amounts that are absolutely necessary for the maintenance of their work and any reduction in these assessments would seriously hinder and retard the work of the Conference.

RESOLVED, that at the appointment of the Quadrennial Boards next year, the Board of Adjustment be made a standing Board of this Conference.

(Signed)

F. P. CULVER, President.  
ALONZO MONK, JR., Sec.

## Resolutions.

### BOARD OF ADJUSTMENT.

WHEREAS, according to our past custom of presenting reports from Boards and Committees at different sessions of the Conference, we are not able to act wisely on such reports because, first, we do not know what the aggregate amount of the assessments will be or what they should be; and we do not know what an equitable division of this aggregate amount among the Boards and Committees will be;

Therefore Be It Resolved, First, that there be constituted a Board of Adjustment of one man from each district to be appointed by the Presiding Elder of each district and that the representative from the Fort Worth District shall call the Board for organization.

Second, that it shall be the duty of the said Board to ascertain the aggregate amount of all assessments and collections sought, and if deemed best, to correct this amount, and by this final amount to suggest, if necessary an alteration to any Board or Committee in the appropriation sought by that Board or Committee. It shall be the further duty of the said Board to adopt any measures to facilitate its work.

Third, that no assessment or collection shall be placed upon the Churches by this Conference until the said Board shall have recommended an aggregate amount for all assessments and the amount for said assessment or collection.

Fourth, that this resolution shall constitute the Ninth Standing Rule of this Conference.

(Signed)

ALONZO MONK, JR.,

E. B. HAWK, and many others.

### VANDERBILT UNIVERSITY CONTROVERSY.

Whereas, the question of appointment of trustees, and hence the ownership and control of Vanderbilt University, is now pending on appeal before the Supreme Court of the State of Tennessee, and

Whereas, the only decision thus far rendered in the litigation has wholly sustained every contention of the Church against the present majority of the Board of Trustees, and

Whereas, in the light of this decision already rendered, the presumption is altogether in favor of Church ownership and control of the University, and

Whereas, in the solicitation and later acceptance of the recent gift of \$1,000,000 from Mr. Andrew Carnegie despite the conditions attached, which expresses disapproval of Church ownership and control and would impair the rights of the Church in the

University, the majority of the Board of Trustees have acted contrary to the wishes of the College of Bishops acting for the Church and in the capacity of a Board of visitors to the University, Therefore, be it

Resolved, by the Central Texas Conference of the Methodist Episcopal Church, South, in annual session assembled,

1. That we deplore and condemn the action of Chancellor Kirkland and the Executive Committee of the University in soliciting this donation at this time; and in view of the litigation now pending, such action is not only inconsiderate of the feelings and wishes of the Church, but is open to the serious suspicion of design to influence public sentiment against the Church, and, if possible, the pending litigation.

2. That the acceptance of this gift with the conditions attached, despite the veto of the Board of Visitors, constitutes a gross breach of trust, and is a betrayal of the ideals and spiritual interests of the Church for a pecuniary consideration.

3. That we heartily indorse the action of the College of Bishops and the Minority Trustees in this matter, and assure them of our appreciation of their course and pledge them our sympathy and support.

**THE COMMISSION ON SOCIAL SERVICE OF TEXAS  
METHODISM.**

Whereas, there is a great and increasing emphasis laid by the moral and spiritual leaders of today upon the social mission of the Christian Church, an emphasis that we believe to be an expression of the thought of Him who came to open blind eyes, make the lame to walk, and the deaf to hear, to set the prisoners free and proclaim the Gospel to the poor, and

Whereas, In order most clearly and fully to occupy our place in this great modern movement and make ourselves as a Conference most effective in the exercise of our social function, it is necessary to create an instrument for the expression of the thought and the doing of the will of the Church,

Resolved, That we unite with the German Mission Conference and the West Texas Conference, the following plan of organization of a Commission of Social Service to Texas Methodism and invite the other Conferences to unite with us in the adoption of the plan:

1. Each of the five Conferences shall elect two members of the Commission, preachers or laymen, to act as the Conference Commission and to form part of the State Commission. The German Mission Conference and the Mexican Border Conference and the New Mexico Conference (for that part lying within Texas), shall each be entitled to one member.

2. The members shall be elected on nomination of the Presiding Elders, and shall serve for two years. During an interim, vacancies may be filled by the Commission itself.

3. Five shall constitute a quorum of the Joint Commission. The first one chosen by any one of the Conferences shall have authority to call all together for organization. The form of organization shall be determined by the Commission itself. There must be a meeting of the Joint Commission at least once a year.

4. The failure of any Conference to approve the plan or to appoint members of the Commission shall not vitiate the plan.

5. The Conference Commissions and the State Commission shall do everything possible to apply Christian principles to our social life, and to keep before the Church the urgency of her social mission, especially in connection with the State Conference of Charities and Correction; provided, however, that the Church shall be held responsible for acts of the Commission only so far as the Church has spoken.

(Signed)

JOHN A. RICE,  
W. L. NELMS, and many others.

**THE MEMORIAL ADOPTED BY CLEBURNE DISTRICT CONFERENCE JUNE 3, 1913 AND ENDORSED BY THE ANNUAL CONFERENCE.**

Whereas, The present law of the Church which authorizes a District Conference and prescribes its membership, does not make said Conference uniform throughout the Church, as are all other Conferences, and,

Whereas, The present method of selecting delegates to the District Conference, as prescribed by this Annual Conference and many others, does not make the lay members of the District Conference a bona fide representative of the laity of the church and,

Whereas, There is a manifest desire throughout the connection, for a more definite and active alignment of the laymen with the whole work of the Church, and,

Whereas, We believe that a change in the method of selecting the lay members of the District Conference, and the adoption of a method uniform throughout the Church will go far toward securing this end, Therefore be it

Resolved, by the Cleburne District Conference that we request that Central Texas Conference in its Annual Session at Temple, Texas, to memorialize the General Conference at its next session to change the discipline as follows:

1. Strike out all that part of Paragraph 69, answer to beginning with "And of laymen." Insert in the place thereof the following: "And one Layman for every seventy-five members of the Church or fraction of two-thirds thereof, to be elected by the Church Conference, provided that each organized society shall have at least one member, the preacher in charge shall call a Church Conference in each organized society annually previously to the meeting of the District Conference for the purpose of electing these delegates. The election may be either viva voce or ballot, and every member of the Church shall be entitled to a vote."

**BISHOP ATKINS' EDUCATIONAL WORK.**

RESOLVED, That this Conference appreciates profoundly the educational work achieved under the remarkable leadership of Bishop Atkins during the quadrennium now closing.

JOHN A. RICE,  
SAM J. RUCKER.

**BISHOP ATKINS' PRESIDENCY.**

WHEREAS, Bishop James Atkins has served our Conference as president for the past quadrennium and,

WHEREAS, he led us wisely through a most important and critical period in the history of our Church. Therefore be it,

Resolved, First, That we hereby express our sincere appreciation of his wise and statesmanlike leadership, his considerate and courteous treatment from the chair and his brotherly fellowship shown in private.

Resolved, Second, that whether he be sent elsewhere or returned to us in the future, our sympathy and prayers shall continue with him indefinitely.

Signed:

H. D. KNICKERBOCKER,  
F. F. DOWNS,  
JOHN R. NELSON, and others.

**MR. LESESNE AS REPORTER.**

WHEREAS, for several years the Galveston-Dallas Daily News has had at the sessions of our Conference, Mr. S. M. Lesesne, a man who thoroughly understands Methodist terminology and who is attentive to the business of the body, whose reports have ever been fair and truthful, and,

Whereas, the next session of our General Conference is expected to have very important matters affecting our Southern Methodism before it, and,

Whereas, these papers have extensive circulation throughout this State and have the confidence of the people as news organs.

Therefore be it Resolved, That this Conference request the publishers of these papers to send Mr. Lesesne to the seat of our next General Conference as reporter of its proceedings.

JEROME HARALSON,  
H. A. BOAZ.

EDUCATIONAL UNITY.

Resolved, That we heartily approve the plea of Bishop Atkins just made, for unity of action in our educational work, and here and now enter into solemn covenant with one another as brethren in the Christian ministry and with God that we will at all cost and by all means, stand together in untiring united effort to establish a system of educational institutions for Texas and the Southwest.

JOHN A. RICE,

THANKS FOR HOSPITALITY.

Resolved, That the sincere thanks of this Conference are due and are hereby tendered to the good people of Temple for their generous hospitality, to Rev. E. A. Smith, P. C., and his committees, for their untiring efforts in our behalf, to the First National Bank for courtesies tendered, to the railroads for reduced rates, and to the Dallas News, Fort Worth Record and the Temple Telegram for reports given.

H. A. BOAZ,  
JOHN A. RICE,

MINUTES OF LAYMEN'S MEETING, FRIDAY, NOV. 7th, 1913.

A meeting of the laymen in attendance on the Conference was called by Judge W. E. Williams in the Board of Missions room at 2:30 p. m. of Nov. 7th. About fifty laymen were present, also several members of the Conference Board of Missions.

Judge Williams was nominated for Leader for the following year, and his name was presented for election before the Conference at the proper time. Jno. H. Garner, of Cisco, was elected to the position of Vice-Leader of the Conference, to assist Judge Williams in the work. Walter Amsler, of McGregor, was elected Secretary.

Reports were had from all District Leaders present, viz.: Jno. H. Garner, Cisco District; C. C. Lewis, Cleburne District; Prof. Blair, Corsicana District; Prof. Webb, Fort Worth District; Walter Amsler, Gatesville District; Prof. Barcus, Waco District; and W. R. Witherspoon, Weatherford District. Reports showed that considerable activity had been displayed in the laymen's work during the past year.

Upon motion and second it was decided unanimously to indorse the proposition to raise as a special in the Conference this year \$10,500 for the building of the great institutional plant in Soochow, China. The declaration, as published below, was unanimously adopted by the laymen.

The meeting closed with a very interesting short address by Dr. W. W. Pinson, General Secretary of the General Board of Missions, his talk bearing mainly upon the work the laymen of this Conference are undertaking to do this year, with special reference to the history of the work at Soochow, China, where the new church is to be built.

This meeting of the laymen at Temple was the most interesting and enthusiastic meeting the laymen have held at Conference for the last four years, and it portends a great awakening interest among the laymen for the work of the coming year.

WALTER AMSLER, Secretary.

#### DECLARATIONS OF THE LAYMEN.

We, the Laymen of the Central Texas Conference, wish to renew our allegiance to the cause which has for its object the evangelization of the world in this generation; and to hereby express our faith in the accomplishment of this great work by the help of God.

We rejoice in the hope that the time is rapidly approaching when every layman shall find a place for work in the Church of our choice, and gladly fill that place with earnest labor, and thereby grow into the full stature of Christian manhood.

In order that we may have some definite object toward which to work for the coming year, and at the suggestion of the General Board of Missions, and with the indorsement of our Conference Lay Leader and the several District Leaders, we desire to undertake to raise a fund of \$10,500 for the building of a great evangelistic and institutional plant on Hong Kong Avenue, in Soochow, China.

We further commend "A FINANCIAL METHOD FOR METHODISTS" as adopted by the Secretaries of the General Boards of Missions, Church Extension, Education and Laymen's Missionary Movement, the essential factors of which are:

1. The Preacher in Charge.
2. The Church Lay Leader.
3. The Missionary Committee.
4. The Every-Member Canvass.
5. A Weekly Offering.
6. The Duplex Envelope.

We urge all our people to adopt the plan.

We recognize as binding upon us the command of God, that we pay to the promotion of His cause on earth the tenth of all He gives us, and we therefore pledge ourselves to use our best efforts to induce our church members to agree to tithe their incomes: being confident that when all our people realize

that they owe Him one tenth of all He gives them, then all assessments will be easily raised, His treasury be full, and He will pour out upon us such blessings as we shall not be able to contain.

As a help in the work to which we set our hands, we make the following requests:

1. That our presiding elders and pastors, with help and assistance of the District Leaders, see to it that a Leader is elected for each charge at the first quarterly conference of the new year.

2. That this declaration be printed in the Conference Journal.

## Of course—

Nearly all Methodists know and all of them should know, that the earnings of the Publishing House cannot be devoted to any other purpose than the support of the superannuates and their widows and orphans.

### *This Is Your Business*

Try sending all your orders to us this year. If all the Methodists will do this, it will double the usefulness of the House.
