### **Exciting News for 2019-2020**

In our efforts to improve the school and its programs, we have investigated a number of ideas that will enhance, augment, or revitalize the academic and co-curricular programs at SFA.

We are pleased to announce that our school has been selected to participate in the 2019-20 Finch Robot Loan Program. The program will provide the school free access to 10 Finch Robots for the fall trimester, allowing our students exposure to an engrossing and interactive tool for learning computational thinking. The Finch robot is a product of Carnegie Mellon University's CREATE lab. It is designed to support an engaging S.T.E.M. and technology program. The Finch is equipped with temperature and light sensors, a speaker, a light that can change color and a three-axis accelerometer.

**Registration** is on-going for the 2019-2020 school year, PreK-4 through Grade 8. Registration forms are available at the school or on the school website. Call the school for a tour or more information.

### **Kindergarten - Why St. Francis Academy?**

Your child's first years of school are crucial to forming a positive attitude towards learning. At St. Francis, **the full day program** takes place in a loving and nurturing environment. There is no greater gift to give your child than a strong foundation of daily prayer and morals. Our teacher, Mrs. Jackie Youse, is degreed and certified. Mrs. Kathleen DiPietro is the full-time classroom aide. Did you know your parish school has the highest standardized test scores in the Diocese? What about tuition? There are numerous grants available to offset the cost.

### **SFA Pre-K**

The Pre-Kindergarten 4-year-old Program, at St. Francis Academy, gives parents the opportunity to choose three options for their child's first formal learning experience.

1. A traditional three-day program from 8:30 to noon.
2. An expanded five-day program from 8:30 to noon.
3. A full day program from 8:30-3:30, 3 days or 5 days a week.

The mornings are designed for academic structures. The afternoon sessions include academic structures and extended activities. Our teacher is Mrs. Maria Crail. She is a degreed and certified teacher. Mrs. Crail is joined by Mrs. Renee Heydt as her experienced aide.
