**Cattle Industry Development Council**      **NOTICE OF ANNUAL MEETING**  
**Monday June 20, 2016 – 1:30 p.m.**  
South Thompson Inn & Conference Centre  
3438 Shuswap Road East, Kamloops, BC ph: 250-573-3777

**A proposal to increase the cattle check-off (levy) in BC from \$3 to \$5 per head will be presented to the annual meeting of the Cattle Industry Development Council. Special guests will report on work successes and plans related to the check-off funds. This meeting is your opportunity to learn about the proposed increase in the check-off and to share your views.**

The Canadian beef industry came together to develop the National Beef Strategy presenting a 5-year plan about how organizations can work together to best position the Canadian beef industry for greater profitability, growth and continued production of a high quality beef product of choice in the world. Achieving the Strategy goals requires an increase in the national check-off from the current \$1 per head to \$2.50 per head. The provincial levy which supports project work of the four provincial cattle associations is proposed to increase from \$2 per head to \$2.50 per head.

Videos about the work plans have been developed and are easily viewed at <http://beefstrategy.com/> - producers are encouraged to hear the important messages detailed in these videos.

Cattle producers in British Columbia are invited to attend the annual meeting of the Cattle Industry Development Council on June 20 at 1:00 p.m. at the South Thompson Inn in Kamloops.
