### 2nd Grade Math Choice Boards Bundle

Value: \$16.80

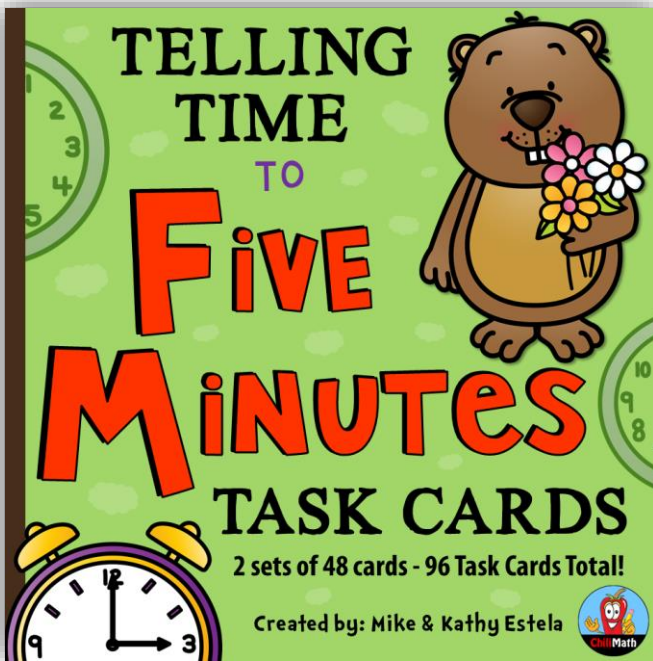

This bundle of editable choice boards was designed to meet 2nd grade Common Core math standards, but each choice board is editable so you can edit to fit the needs of your classroom. 18 unique tasks on each choice board were designed to engage your students while also reinforcing content.

## Summer Math Picture Puzzles (1st Grade)

Value: \$8.00

This packet includes 10 picture puzzle activities that are perfect to use with your End-of-Year or Summer-themed math lessons and at any time during the year. These puzzle activities will provide a fun way for your students to practice different math skills covered in First Grade. The goal for these activities is to put each puzzle together by answering all problems correctly.

## Telling Time to Five Minutes Task Cards

Value: \$7.00

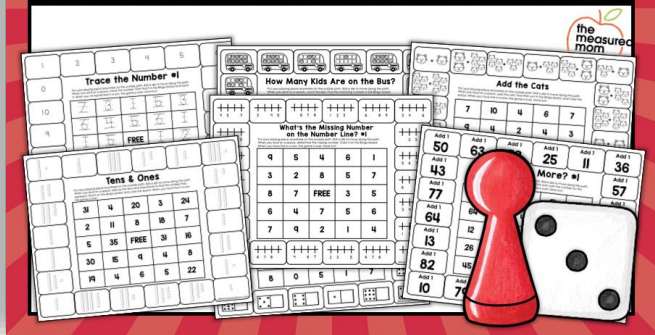

This set includes 2 sets of 48 cards - 96 total - to help students practice how to tell time to five minutes. Students will read the analog clock on each task card then write the digital time. The two versions of task cards are great for differentiation with your first or second graders and to provide more opportunity for your kiddos to learn how to tell time.

This unique collection of over 50 math resources worth \$354 is ONLY available Feb. 24 - March 2, 2021!
