KANGEN WATER®
WEST SAHARA

WATER

THE FIBER OF LIFE

YOUR BODY IS WATER.

Drinking water every day is crucial to maintaining optimal health. Since your body is about 60 - 70% water, your organs, blood, and other bodily systems require quality hydration to function at their peak performance.

QUALITY HYDRATION refers to water that is clean and free of pollutants or contaminants, contains minerals that support proper health, and is highly positive in pH level.

WHERE ON EARTH CAN YOU FIND SUCH HIGH-QUALITY WATER?

Unfortunately, the world's water is polluted with agricultural run-off, sewage, and other toxic agents that compromise our health. Even some bottled waters are no more than well-marketed tap water, and since their filtering processes eliminate all minerals even healthy ones you will experience no additional benefits.

Thankfully, Enagic® Kangen Water® is delicious, healthy water that filters all unwanted contaminants and pollutants found in your ordinary tap water, but the forward thinking and magic technology ensures that the necessary minerals are left intact.

Kangen Water® also can properly hydrate the body while creating a positive alkaline environment.

AFTER ALL YOUR BODY IS WATER.

“Good for the body is the work of the body, good for the soul is the work of the soul, and good for either the work of the other.”

– Henry David Thoreau

KANGEN WATER® IS RIGHT FOR YOU!

HYDRATION

Kangen Water® can provide ultimate hydration for your whole body. The importance of hydration in a healthy body cannot be overstated. You need 8 cups of Kangen Water® a day to keep your body working properly with clean, filtered, alkaline water.

MINERALS

Kangen Water® contains the minerals calcium, sodium, potassium, and magnesium. These minerals provide your body with the healthy boost you need to get through your day and get optimal performance from your body.

Unlike reverse osmosis, which is a water filtering process that strips away even helpful minerals, Enagic® water ionizing machines do not filter out these helpful minerals.

ALKALINITY

Kangen Water® is slightly alkaline, with a pH level of 8.5 - 9.5. Enagic's certified innovative technology uses the process of electrolysis to generate as much alkaline drinking water as you could possibly need (along with four other waters).

Instead of nourishing your body with acidic and sugary beverages, you should be hydrating with clean, alkaline water every day.

KANGEN WATER® IS RIGHT FOR YOU!

TASTE

In a taste test of 10 southern US municipal waters, expert judges made it clear what most of us already know: **Tap water just does not taste good!**

Cities such as Houston, Atlanta, and Charlotte were criticized for offering tap water that tastes “like a chemistry lab,” “like having a gulp of swimming pool water,” and “like a wet band aid”. Bottled water has also been judged harshly for its unfavorable taste.

But Kangen Water® drinkers enjoy a mild and pleasant taste, appearance, and smell. This delicious water will help you stay committed to your 8 cups of water a day!

There is no denying that Kangen Water® is the right choice for you and your family!

CONVENIENCE

With its attractive and chic design, you can enjoy the convenience of generating any of five healthy types of an Enagic® water including Kangen Water® from the comforts of your own kitchen. The Enagic® water ionizing machines are easily connected to your kitchen faucet. No more storing pitchers of filtered water in the refrigerator or buying bottled water every time you go out!

BUDGET FRIENDLY

Kangen Water® is a relief to virtually any budget period after all, you are just using your kitchen faucet! Compare this to the costly habit of buying bottled water for your daily hydration needs.

“Tap water costs less than 1 cent per gallon, says Kate Fried, a spokesperson for Food & Water Watch. But if you pay a dollar per 16-ounce container, bottled water adds up to about \$8.00 per gallon.” This affordable, healthy water will keep your body and your pocketbook happy year after year.

AMERICA'S OTHER DRINKING PROBLEM

Now that you know the perks of drinking alkaline Kangen Water® everyday for optimal hydration, let's take a deep a deeper look at what the popular alternative is in our culture today.

ADDICTED TO SUGAR

The average American consumes about 600 cans of soft drinks per year! This number may be shocking at first, but when you consider the billions of dollars soft drink companies spend every year to make sure their sales stay high¹. While the soft drink Giants target many different age groups in their marketing campaigns, they specifically target our youth. Boys ages 12 - 29 consume more soda than any other demographic - about 2 quarts a day!

WHY IS THIS A PROBLEM?

Unfortunately, soft drinks contain more sugar, calories, and acidity than your body needs (or wants).

The American Heart Association suggests the maximum amount of daily sugar intake not to exceed 25 grams for women, and 37.5 grams for men². Also, anything lower than 7.0 pH is considered acidic, but most soft drinks are far below this pH level.

BREAKDOWN OF SOFT DRINKS THAT ARE FUELING OUR NATION:

Nutritional Facts of Popular 12-Ounce Soft Drinks^{3, 4, 5}

BRAND NAME	SUGAR (grams)	CALORIES	pH LEVEL
7-Up	41.46	145	3.202
Cherry Coke	44.42	154	2.522
Coca-Cola Classic	40.74	150	2.525
Diet Coke	0	0	3.289
Dr. Pepper	40.34	155	2.899
Mountain Dew	46.68	80	3.229
Pepsi Cola	42.11	150	2.530
Diet Pepsi	0	0	3.031
Sprite	38	140	3.298

KANGEN WATER® IS RIGHT FOR YOU!

Why choose a sugary drink,
when Kangen Water® contains
0 grams of sugar?

Why choose a high caloric drink,
when Kangen Water® contains
0 calories?

Why choose an acidic drink, when
Kangen Water® is balanced with
perfect alkalinity?

**WHY CHOOSE ANYTHING
BUT KANGEN WATER®?**

WHAT HAPPENS WHEN YOU DON'T STAY HYDRATED?

You lose water through your breath, sweat, and urine throughout the day. Sweating is the body's natural cooling mechanism, but when you fail to replace the water lost through sweating, your body cannot perform at optimal levels. This is why it's important to be accurately attentive to your water intake levels while in the sun or exercising.

While it is common knowledge that you should hydrate during rigorous exercise, there is a little known fact about staying hydrated during your day-to-day tasks. Don't underestimate the possibility of becoming dehydrated while working, taking care of the kids, and running errands. Even though you may not see signs of losing water, your body must have the recommended amounts of water per day to stay hydrated.

Dehydration occurs overtime, so the best solution is to drink plenty of good, clean water throughout your day.

LEARN THE SIGNS OF DEHYDRATION

It is important to know the early warning signs of dehydration so that you can stay ahead of this serious problem. Research and learn them so that you can detect hydration in yourself, your friends and your family. Thirst is not considered an early warning sign. If you are feeling thirsty, you may already be dehydrated.

It is best to know how much water your body needs on a daily basis and try to always meet or exceed that volume or goal.

CHOOSE KANGEN WATER®

Only water can keep you properly hydrated and allow your body to function at optimal levels.

When you choose to hydrate using bottled water, you may be adding extra fluids but you will be missing out on many natural minerals and nutrients that are often lost in the purification process of bottled waters.

Tap water is a better choice than bottled water because the natural minerals and nutrients remain intact, but this is often accompanied by substances that seep into groundwater that can be absorbed into tap water.

You can trust Enagic® unique filtering process to provide clean, natural water, which removes chlorine and other pollutants. We tend to drink more water if it is readily available. Keep a glass or reusable container full of Kangen Water® near your desk and you will find yourself absentmindedly drinking it throughout the day.

Kangen Water® tastes clean and pure, making it easy to stay hydrated all day long.

Greener Living with Kangen Water®

ECO
Friendly

LIVE A BALANCED LIFE THE WAY NATURE INTENDED.

Yes, Kangen Water® is a great choice for optimal hydration. But did you know that Enagic® water ionizing machines can generate four other types of water that can be used throughout your home?

The 5 Enagic® waters can be infused into your daily lifestyle to create a green, clean, healthy household.

A GREENER LIFESTYLE IS REWARDING, FUN, AND AN ACHIEVABLE GOAL WITH ENAGIC®

Enjoy the satisfaction and peace of mind that comes with sustaining a hydrated body, a naturally maintained household, and environmentally responsible way of life.

WHAT DOES IT MEAN TO BE GREEN?

Living a “green” lifestyle has become a trendy topic the last few years. There is a good reason for that! Going green means making earth-friendly decisions and consuming products that are ethically produced, recyclable, and energy-efficient. In other words, make a healthy choices for your body, your home, and your earth. Thankfully, you can master a greener lifestyle with the help of Enagic®!

YOUR HOME: A CHEMICAL PLANT?

Did you know that on average American households have 3 - 10 gallons of hazardous materials? **In fact, indoor air levels of pollutants can be up to 100 times greater than outdoor levels, due to cleaning products and other household chemicals.** These chemicals aren't just harmful to your body - they are also harsh to our planet.

A GREENER HOME

You can still maintain a sparkling clean home **without** the use of chemicals! An eco-friendly home uses household products that are gentle and safe for everyday use, but still powerful on dirt, stains, and germs with a powerful Enagic® water.

UNEARTH THE ENAGIC® LIFESTYLE

GREENER LIVING WITH KANGEN WATER®

Thanks to Enagic® strong acidic water (pH 2.5), Kangen Water® (pH 8.5 - 9.5), and strong Kangen Water® (pH 11.5), you can clean every surface in your home thoroughly. From the bathroom to the kitchen sink, the windows to the baby crib, you have access to all the water you need to keep your home green and clean right from the comfort of your own kitchen faucet!

If you have ever thought about maintaining an earth friendly home and supporting your own physical wellness, Enagic® is the one product that you have been searching for!

EASY ON A BUDGET:

Enagic® machines can generate as much water as you need to stay hydrated and make your own eco-friendly products that actually work! Don't waste money on expensive "organic" products at local boutiques. You will be amazed at how much money you can save with the easy Kangen Water® alternatives to chemical-laden products.

Who would have guessed that going green would encourage a healthy lifestyle AND save you money?

You can create green cleaning products from safe ingredients that are already around your house, such as baking soda, essential oils, white vinegar, etc. All you need is an Enagic® water ionizing machine in a few special ingredients, and you're ready to get the chemicals out of your home!

BE GREEN BE BEAUTIFUL

Transforming your home into a green living household will have to include a skin care face-lift. When was the last time you looked at the ingredients of your beauty, hair, and skin care products? After reading the labels, you will probably wonder how your skin survived so many years of chemicals! What are chemicals doing in the products that are supposed to be making your skin supple, healthier and more radiant?

THE TRUTH ABOUT BEAUTY PRODUCTS

The Environmental Working Group (EWG) has reported that the United States Food and Drug administration has not evaluated almost 90% of all skin care and beauty products on the US market. Meanwhile, most skin care products contain petrochemicals, synthetic fragrances, parabens (chemical preservatives), and chemical fillers.

But the chemicals don't dissolve on your skin. These synthetic chemicals can be washed down the drain and eventually find their way into our natural water sources. Such pollution is harmful to our environment, and it can be stopped!

BE GOOD TO YOUR BODY... AND YOUR BUDGET!

There is no debate that natural beauty products are important for you and the earth. Natural is better! But how much are you willing to pay for eco-friendly

products that will give you the results you need? Most organic all-natural personal care items are very expensive, and do not always give you the quality you desire.

THANKFULLY, YOU CAN HAVE ANOTHER ALTERNATIVE

You **don't** have to settle for the chemical-filled personal care products. And you **don't** have to pay top dollar for the "natural" beauty products that work. With Enagic® water ionizing generator, you can produce the main ingredient you need to make all the homemade all-natural personal care products: **Enagic® Beauty Water.**

RAVISHINGLY GREEN

Enagic® Beauty Water is a remarkable, gentle astringent that can help support the proper pH level of your skin. Why use chlorinated tap water when you could have glowing beauty skin? With the push of a button, the Enagic® water ionizing machines produce enough Beauty Water to wash, rinse, and tone your whole body from hair to toe.

BE RADIANT... BE NATURAL... BE GREEN!

Transform your skin, hair and beauty care products with Beauty Water today! With an Enagic® machine conveniently stored on your kitchen counter-top, you can have access to all the water you need to stay hydrated, beautiful, clean, and green.... with just the push of a button!

Living with Kangen Water®

YOU ALREADY KNOW THAT KANGEN WATER® IS AN EXCELLENT CHOICE FOR CLEAN, ALKALINE DRINKING WATER.

But Kangen Water® is only one piece of a much larger picture. Enagic® water ionizer machines can continuously generate 5 types of healthy, versatile water, each with a very special purpose!

There is no end to the innovative uses of the healthy Enagic® Waters! You can always discover new ways to use this one amazing product.

STRONG ALKALINE WATER pH 11.5

Strong alkaline water is not for drinking, but it makes a powerful cleaner! You can use this water to clean dishes, kitchen counters, and cutting boards; remove tough stains (even oil and coffee!); remove roughness from vegetables; and get rid of those toilet bowl stains.

KANGEN WATER® pH 8.5 - 9.5

Kangen Water® is slightly alkaline, and makes a healthy choice for cooking and drinking. You can use it to brew your favorite tea, draw out the flavor and aromas in soups and stews, revive the life of your plants, and clean all your produce.

NEUTRAL WATER pH 7.0

Neutral Water is free of chlorine, rust, and cloudiness. This water is a delicious drinking water that can be taken with medicine, as it is not as fast absorbing as Kangen Water®. Baby food may also be prepared with Neutral Water.

ACIDIC WATER / BEAUTY WATER pH 4.0 - 6.0

Acidic Water is not for drinking, but it is a marvelous choice for gentle toning and beauty care, thanks to its astringent effects. This water is also referred to as **Beauty Water**, as it can tone and firm your skin, condition your hair, and even shine your beloved pet's fur!

STRONG ACIDIC WATER pH 2.5

Strong Acidic Water has excellent cleaning characteristics. It can be used to clean household surfaces and remove pesticides, dirt, and other impurities from foods.

INTRODUCING THE FORWARD THINKING

ENAGIC® WATER IONIZING MACHINES!

Eight models, four uses. Each machine is put together by hand with extreme and meticulous care. The integrity of Enagic® and their attention to detail have made them the top producers in the industry.

LEVELUK K8

The Mighty 8-Plate Anti-Oxidizer

The K8 (Kangen 8) is now Enagic's most powerful antioxidant machine - featuring 8 platinum-dipped titanium plates! This additional electrode plate increases the electrolysis surface area, improves water ionization, and heightens the antioxidant production potential.

LEVELUK SD501 PLATINUM

The Ultimate Home Use Model (Platinum)

The SD501 is the finest machine in its class, with the highest quality built-in electrolysis chamber on the market. This is the Platinum version.

LEVELUK SD501

The Ultimate Home Use Model (Original)

The SD501 is the finest machine in its class, with the highest quality built-in electrolysis chamber on the market.

LEVELUK SUPER 501

For Super Heavy Use

This highly productive machine has 7 and 5 electrode plates, a twin hose system, industry leading cleaning system, a built-in tank for the electrolysis enhancer, and a water pressure regulating function making this machine a must for the large family!

LEVELUK JRIV

The Junior Model

The JRIV has four solid electrode plates, which reduces the energy consumption. Due to the lower power consumption and fewer plates, this machine is considered one of Enagic's "starter" models.

LEVELUK R

The Starter Model

The Leveluk-R is one of Enagic's "starter" models because it is affordable for families on almost any budget, produces 3 different waters instead of 5 from all other machines.

LEVELUK SD501U

The Ultimate Home Use Model (Original)

The SD501 is the finest machine in its class, with the highest quality built-in electrolysis chamber on the market.

ANESPA DX

For Super Heavy Use

This highly productive machine has 7 and 5 electrode plates, a twin hose system, industry leading cleaning system, a built-in tank for the electrolysis enhancer, and a water pressure regulating function making this machine a must for the large family!

ENAGIC®

A REVOLUTIONARY COMPANY

Enagic® is a privately owned Japanese company that has provided clean alkaline Kangen Water® to thousands of people for over thirty years.

Since Hironari Ohshiro founded the company in 1974, it has expanded internationally, opening Enagic® USA with offices in Los Angeles, Honolulu, New York, Chicago, Dallas and Orlando, and most recently, overseas offices in Canada, Europe and Asia.

There are hundreds of companies making water ionizers. This is a company you can trust to produce the highest quality water ionizing machines with the one and only Enagic® Kangen Water®!

WARRANTY

Enagic® stands behind every product.

- The K8 carries a full **5 year warranty**
- The home-spa unit ANESPA DX and the SUPER501 are backed by a solid **3 year warranty**

With such an assurance of quality, you will never regret purchasing an Enagic® Kangen Water® machine.

CERTIFICATIONS

Enagic® has received numerous certifications throughout the years.

"The source of happiness and longevity is in water."

- Hironari Ohshiro, Enagic® President and CEO

THE COMPLETE ENAGIC® PACKAGE

By now you know that the Enagic® water ionizer generators are so much more than simple water filters; they are a gateway to a hydrated body and an eco-friendly home. What more could you ask for in one amazing product? There is nothing else like it!

IT ALL STARTS WITH ENAGIC®

THE ENAGIC® COMMITMENT

Enagic® is deeply committed to providing a state-of-the-art product that will keep you hydrated with alkaline water, while protecting the environment in order to sustain a healthy, comfortable lifestyle. As a dedicated member of civil society, Enagic® is continuously considering the needs of the environment and safety for the next generation. Working to secure materials with a low environmental load, conserving natural resources, and achieving energy-saving efficiency are just a few ways this award-winning company has made their green mark on our world!

TODAY IS THE DAY!

You know you can trust Enagic® to provide the highest quality machine that will generate enough water to keep you hydrated and your home chemical-free. Now is the time to choose wellness and a greener, cleaner home!

You can claim a healthy lifestyle today with Kangen Water®, maintain a sparkling clean home without chemicals, AND make a big impact on our Earth!

Nature's Oldest Healer and Protector

DETOX, ENERGIZE AND STRENGTHEN YOUR BODY WITH THE **KANGEN UKONΣ™** TURMERIC SUPPLEMENTS!

UKONΣ™ (wild turmeric) has been recognized for centuries as a natural healer. It has been known since the era of the Ryukyu Dynasty as a strong anti-oxidant, and India's ancient medicine (Ayurveda) has used turmeric as an analgesic, antibacterial, anti-inflammatory, anti-allergic, and antioxidant for over 6,000 years.

GROWN IN JAPAN

The area where Enagic's Kangen UKONΣ™ is grown is known as Yanbaru (the northern tip of the island of Okinawa). Yanbaru is often referred to as "nature's treasure" (shizen no takara) in Japanese. The Spring Ukon (harvested exclusively for Enagic®) is grown on dedicated farms in Yanbaru and is 100% free of harmful chemicals used in lower-quality, conventional turmeric farming.

**Enriched with
high quality
ingredients &
essential oils**

100% PLANT-BASED

Only Enagic's Kangen UKONΣ™ contains the essential oils of Okinawan Ukon. Every ingredient is 100% plant-based, vegetarian-friendly, with absolutely no usage of animal products in any way.

USING KANGEN WATER®

Spring Ukon and Autumn Ukon are cleansed and sanitized by Strong Kangen Water® and Strong Acidic Water at our Enagic Ukon Factory. This is the first supplement ever produced by combining curcumin, Kangen Water® and 100% additive-free Spring Ukon essential oils.

PATENTED SOFTGEL

Our patented, 100% plant-based softgel Kangen UKONΣ™ capsule is made complete with antioxidant ingredients such as olive oil, perilla oil, flaxseed and tocotrienol. In addition, carrageenan, a seaweed derivative, is used as an ingredient for the coating of the capsule.

KANGEN UKONΣ™

TURMERIC SUPPLEMENTS!

CURCUMIN

Free radical scavenger and antioxidant

NIACIN

Helps maintain healthy skin and promote healthy liver function

HEALTHY MINERALS

Such as calcium, potassium, magnesium, iron, zinc, manganese, phosphorus, and selenium

FLAXSEED OIL

Promotes healthy cardiovascular function and helps maintain healthy cholesterol levels

OLIVE OIL

Helps maintain healthy levels of low-density lipoprotein (LDL)

EVENING PRIMROSE OIL

May help maintain cholesterol and blood sugar levels

PERILLA OIL

Free radical scavenger and antioxidant

TOCOTRIENOL

"Super Vitamin E" with strong antioxidants
