Bucks County Community College

"Kids on Campus 2011"

More than just Fun!!!

Thank you for your interest in Bucks County Community College's "Kids on Campus 2011" summer programs for kids and teens. We are very proud to offer these exciting enrichment opportunities for your children.

We have scheduled many of our most popular workshops and sports clinics, as well as an exciting array of new ones. So, whether you are looking for Art, Music, Languages, Sports, Science, Test Prep, or Study Skills, read on! We hope your child will join us for a summer of fun, friends and learning!

Our Continuing Education Staff will be pleased to answer any questions you may have. See you this summer!

Listed below are new programs for 2011.

- Adventure Games
- Camp Glee-ful!
- Cardboard Regatta
- Digital Design
- Disney Princes and Princesses
- FOTOfun
- Incredible Edible Art
- Kids on Campus Peer Leadership Camp
- Let's Get Growing
- Movie Motion Zoetrope: Cartoon Animation
- Paper Making
- Paper Pulp Painting
- Podcasting
- Rhythm of the Beat
- Scratchit!
- Sketchup: 3D Computer Modeling
- Sports Bonanza
- SuperGym II
- Time Travelers

The survey says ...

We asked parents and campers what makes Kids On Campus special?
Here's what they said:

- Great selection of interesting camps
- Camps focus on a single topic of interest; my kids learn something while having fun.
- Talented and enthusiastic staff
- Affordable; good value
- Safe environment; well-supervised (good ratio of staff to students)
- Good facilities; get a "campus" experience (feel grown up)
- One week offerings; flexibility
- Easy drop off & pick up

www.bucks.edu/kidsoncampus

Kids on Campus Scholarship

6 available for 2011!

In 2005, the Administrative Employees' Committee at Bucks County Community College established a Kids on Campus Scholarship Fund. This fund is intended to provide support for families that are most in need of financial assistance. While availability of funds and scholarship amounts may vary from year to year, we are able to offer 6 scholarships for the 2011 camp season. Each scholarship covers the cost of tuition for one camp. Recipients must provide their own transportation to and from camp; before and after care is not included.

Applicants must:

1. Be a resident of Bucks County
2. Have economic need (ex: reside in county subsidized housing or participate in the school meal program)
3. Commit to attending a full camp session
4. Meet good citizenship guidelines as determined by their school administrator
5. Complete all required camp forms following notification of their scholarship award

Application Procedure:

To apply for a scholarship, complete both the camp registration and application form and submit it along with all supporting documentation to:

Kids on Campus Scholarship
Bucks County Community College
Continuing Education, Cottage 3
275 Swamp Rd.
Newtown, PA 18940

Application Procedure: Deadline: March 25, 2011

All forms/paperwork must be submitted together, one complete set for each child applying for a scholarship.

(Application form can be found on page 33.)

Early Bird Discounts: Register before April 1 and receive a 10% discount off published camp prices. (Discount pricing not available via web registration.)

- Visit the bookstore in the Rollins Center, Monday through Thursday, 8:30 am-4 pm

See available items at the camp open house on March 12!

Additional information available on our website: www.bucks.edu/kidsoncampus

Attention, Parents/Guardians

In order to provide for your child's safety, the College does not permit any child on campus without proper supervision. If you find it necessary to drop off your child early, or pick up your child after camp hours, you must register him/her in the BUCKS Extended Hours program as listed below (Newtown Campus only):

7 - 9 am	\$38/week	(\$32 week of 7/5)
3:30 - 6 pm	\$55/week	(\$44 week of 7/5)
am & pm	\$70/week	(\$56 week of 7/5)

Supervised activities will be provided and arrangements to register may be made on a weekly basis through the summer.

Call the Tri-Hampton YMCA at 215-579-6200 for details.

Lower Bucks Campus

All camps are Monday-Friday, 9 am-3:30 pm unless otherwise noted.

"Kids on Campus" Says

Thank you

Customers BankSM

Customers Bank, headquartered in Phoenixville, Pa., recently donated \$15,000 to the Bucks County Community College (BCCC) Foundation in support of the College's youth programs under Pennsylvania's **Educational Improvement Tax Credit Program (EITC)**. The donation will allow over 30 children to participate in **Camp Invention at the Lower Bucks Campus this summer.**

"Customers Bank is pleased to invest in the educational and economic activity of Bucks County," said Warren Taylor, Executive Vice President and President of Community Banking. "We are happy to be given the opportunity to support Bucks County Community College's youth programs."

Founded in 1997, Customers Bank is a strong and safe community bank with assets over \$1 billion and 15 pro-forma banking offices in Berks, Bucks, Chester and Delaware Counties in PA and Westchester County, NY. **For more information on supporting Bucks County children through Bucks County Community College Youth Programs, contact Gail Acosta at 215-968-8416 or acostag@bucks.edu.**

In partnership with:

United States Patent
and Trademark Office

RCHYC 5805 C50

 **Camp invention[®]**

Camp Invention - July 18-22, Monday-Friday, 9 am-3:30 pm
Limited to 35 participants
Limited to students from the following school districts:
Morrisville, Bristol Township, Bristol Borough & Bensalem

A science and creativity enrichment program for girls and boys entering ages 8-11

Participate in 5 classes every day

- Problem Solving on Planet ZAK[®]- explore the wondrous world of science fiction.
- Saving Sludge City[™]- rebuild a cleaner, more eco-friendly city
- Imagination Point: Ride Physics[™]- design prototypes of roller coasters and other rides
- I Can Invent: Edison's Workshop[™]- create, name and market multi-step inventions
- Game On: Power Play[™]- use found materials to create completely new games

***There is no before or after care available at the Lower Bucks Campus.**

Upper Bucks Campus

All camps are Monday-Friday, 9 am-3:30 pm unless otherwise noted.

July 11

GAME MAKER

Ages 12-15

Use Game Maker software to develop mazes, puzzles, games and more. Learn the basics of game design without having to type code. Using drag-and-drop actions, you can create professional style games. You can make games with backgrounds, animated graphics, music, sound effects and a scoreboard.

Fran Margolis, M.Ed.

\$269 (includes all materials)/RCOAP 3067 C70

MONET THROUGH FRIDAY **NEW**

Ages 10-13

Over the course of this week, you will explore techniques and media used by famous artists throughout history. Discover how to use acrylic paint, oil, chalk, pastels, conte crayon and pencil for still life, figure drawing, landscape and self-portraits. *Kara Chrin, B.A.*

\$269/RCHYC 5093 C70

MOVIE MOTION ZOETROPE: **NEW** CARTOON ANIMATION

Ages 8-11

See the excitement of learning how to draw with color your own character, from a simple oval form to a full drawing. Create a story where your character travels or interacts with its environment. Then see your character move through time and come to life through a zoetrope that you construct. Basics of drawing with pencil, color markers will be demonstrated each day as your scenes unfold. A brief history of the cartoon and newer animated image, with zoetrope masters such as Thomas Eakins, and Edward Muybridge will be shown.

Debby Souders, M.F.A.

\$269/ RCHYC 5315 C70

July 18

LEGO ANIMATION

Ages 10-13

Stop Motion is a powerful animation technique that makes static objects appear to be moving. In this camp, you will use Lego bricks and found objects. Brainstorm your ideas, create the storyboard, construct the props, shoot the still frames and then, using Movie Maker, create the finished animation. Student animations will be uploaded to the internet on teachertube.com. *Kara Chrin, B.A.*

\$249 (includes all materials/ RCHYC 5031 C70

SUPERGYM

Ages 7-10

This camp is designed to introduce and help kids improve on the basics of athletics. Basic skills such as catching, throwing, chasing, kicking and throwing will be taught. Each day will consist of a variety of fun games and activities to introduce teamwork and sportsmanship. We will implement skills learned in modified common team sports. Each day will end with a friendly competition. Health and nutrition will be introduced as key ways to keep bodies strong and healthy. *Jendi Korpi, B.A.*

\$249/ RCHYC 5630 C70

July 25

MONET THROUGH FRIDAY **NEW**

Ages 10-13

For complete description, see week of July 11.

Kara Chrin, B.A.

\$269/RCHYC 5093 C71

PODCASTING **NEW**

Ages 7-10

Have fun creating your own show with sound and pictures. Learn the basics of podcasting from writing a script, recording and illustrating. Use your voice, music and various sound effects to produce your own podcast for all of your friends and relatives to enjoy. Create a slideshow to illustrate your podcast as well. *Fran Margolis, M.Ed.*

CRAFT KALEIDOSCOPE

Find the budding artist in you! We will make crafts using buttons, paints, beads, papier maché and more. There will be activities, games, books, and treats all tied in with the crafts. Come have fun, learn and be creative with us.
Kathryn Palkovics, B.S.

\$249 (includes materials)/RCHYC 5024 C01

WELCOME TO BEAR COUNTRY

Ever wonder what it would be like to live in a tree house? Then let's find out as we spend the week with the Berenstain Bear family! Explore a new daily theme as you adventure through the book collection. Learn what Papa & Mama Bear have to say about being a good friend, cooperation and responsibility while having fun with Sister and Brother Bear's favorite art projects and games!

Kellyann Geddes, M.Ed.

\$249 (includes all materials)/RCHYC 5927 C01

June 27

RECIPE FOR SCIENCE

Add 1 cup of bubble making, 1/2 cup of magnets with magnet racing, sprinkle in building volcanoes and marshmallow houses, add 2 teaspoons of invisible ink, whip in some air to make balloons and airplanes, and pour in 1 tablespoon color experimentation with icing. Mix it all together and you get fun, learning, and a dash of excitement.

Kathryn Palkovics, B.S.

\$249 (includes all materials)/RCHYC 5922 C01

SEUSS ON THE LOOSE

Can't get enough Cat in the Hat? How about Horton Hears a Who? Join us and dive into the wacky world of Dr. Seuss as we explore his writing with projects, games and fun! As we travel on new Dr. Seuss adventures each day, we will practice reading, writing, and math skills to enhance vocabulary, sequencing, rhyming, and letter and number recognition. Our Seussville camp is a great way to brush up on academic skills with the help from our friend, Dr. Seuss.

Kellyann Geddes, M.Ed.

\$249 (includes all materials)/RCHYC 5923 C01

SUPERGYM

This camp is designed to help elementary age students develop and improve a variety of movement skills such as kicking, striking, throwing, catching, dodging and chasing. Many of these skills are the basis for team sports, however this is not JUST a sports camp. The students will play modified versions of common team games like soccer, basketball, and handball, and will also play new games such as Alaskan baseball and monarch tag. Students will be applying leadership and teamwork skills through cooperative games, and be exposed to a variety of cultures through games from around the world. At the end of each day there will be a camp challenge (either individual or team) to promote sportsmanship and a healthy attitude toward competition. Also during each day students will have free time after lunch, and swim at the end of the day.

Erica Hellerstein, B.S.

\$249 (includes all materials)/ RCHYC 5630 C01

Early Bird Discounts: Register before April 1 and receive a 10% discount off published camp prices. (Discount pricing not available via web registration.)

Scholarships Available
see page 3.

July 5

DISNEY PRINCES AND PRINCESSES **NEW**

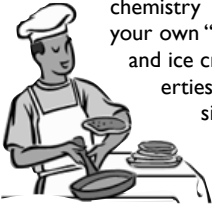

Join us on a journey through your favorite Disney fairytales to find your inner Prince/Princess. Would you like to make a crown for Snow White, or join Aladdin on his magic carpet, or become a warrior like Milan? Then this is the place for you! Dress up in your favorite costumes as we read stories, watch movies, act out short scenes, and design crafts based on our favorite Disney movies. At the end of our week, all Princes and Princesses will help to put together a tea party and luncheon for their families...it's sure to be a royal treat!

Lindsay Jenkins,
\$204 (includes all materials)/ RCHYC 5928 C01

INCREDIBLE, EDIBLE EXPERIMENTS AND KITCHEN MAGIC!

Explore a variety of scientific principles using everyday, ordinary materials. These "ordinary" experiments result in "extraordinary" discoveries. Enjoy learning about the scientific method and the "hows", "whys", and "what-ifs" of experiments in kitchen chemistry and natural physics. Create your own "recipes" for soda, toothpaste and ice cream. Then explore the properties of soap and create slime and silly putty. Learn about science in your everyday life. *Simrit Khalsa, B.S.*

\$204 (includes all materials)/RCHYC 5304 C01

July 11

GO WILD!

Come explore the wonders of the animal kingdom! Meet the birds of the rain forests, critters of the sandy deserts, animals of the icy tundra, and so much more. We will learn fun facts and make awesome animal crafts each day!

Becky Evanitsky, M.Ed.
\$249 (includes all materials)/ RCHYC 5915 C01

SPORTS BONANZA **NEW**

TAKE ME OUT TO THE SPORTS CAMP,
TAKE ME OUT TO THE FIELDS,
GIVE ME SOME TEAMWORK AND FITNESS MOVES,
I CAN'T WAIT TO BE BACK AGAIN,
'CAUSE IT'S CHEER, CHEER, CHEER FOR ALL TEAMS,
AT THIS FUN SPORTS CAMP.

Have fun with modern day sports and school yard games and finish the week with a fun day of water balloons, face painting, sports piñatas, and awards. See you there!

Kathryn Palkovics, B.S.
\$249 (includes all materials)/RCHYC 5634 C01

July 18

BEGINNER GOLF

Half Day Camp - 9 am-noon only!
Come join in an exciting fun filled activity - Golf is the game for a lifetime! This is an introductory program designed for our youngest campers. It is a fun and safe way to learn golf basics. The focus will be stance, grip, full swing, putt, chip and golf etiquette. This course is designed to help students gain confidence, learn to focus, and have fun. All equipment is safe and will be provided. Final day of camp will be 9 holes of Pitch & Putt at Spring Mill Manor.

Mike Duda, US Golf Teaching Federation Certified Instructor
\$249 (includes all materials, transportation and trip fee)/RCHYC 5622 C01

BUG BONANZA

Love ladybugs? Wonder about worms? This is the camp for you! Take a few short nature hikes, record your observations, and create your own critter crafts. By combining exploration, literature and interactive games we will make daily discoveries about our favorite insects.

Becky Evanitsky, M.Ed.
\$249 (includes all materials)/ RCHYC 5916 C01

July 25

DIGGING DINOS

Travel back in time with us as we explore prehistoric times. Learn facts about your favorite dinosaurs as well as theories on extinction through books, hands-on crafts, creative activities and interactive games. Become an archeologist and dig for dinosaur bones and fossils and then construct a dinosaur model. *Emily Coombs, B.S.*

\$249 (includes all materials)/
RCHYC 5926 C01

August 1

ABCs & 123s

Get ready for the school year with this entertaining course. Jam packed with beginning reading and math concepts, this camp will be a great head start or refresher for youngsters as they get ready to go back to school! This fun and creative learning experience will allow students to apply what they already know and grow with it. Each activity will be age appropriate and specially designed to meet your child's unique needs. They will enjoy an assortment of stories, crafts and games that revolve around the material covered. Come join us as we explore numbers, letters, shapes, patterns and so much more! *Simrit Khalsa, B.S.*

\$249 (includes all materials)/RCHYC 5913 C01

UNDER THE SEA

Come join us for a creative and exciting musical adventure! Explore and learn about your favorite under the sea animals such as the whale, shark, and octopus through picture books, interactive songs, and hands-on crafts. Children will learn the basic techniques of performing, singing, and dancing in front of an audience and the week will culminate with a musical for family and friends. Get ready to use your imagination and have fun as we travel "Under the Sea"!

Emily Coombs, B.S.
\$249 (includes all materials)/RCHYC 5925 C01

3D SCULPTURE FOR MULTIDIMENSIONAL KIDS

Get your hands on a fun array of materials to explore familiar and newly imagined ideas and concepts! This week-long workshop will have you working with materials like papier maché, clay, plaster, cardboard, and other different 3-D materials to create wonderful 3-D works of art. You won't need 3-D glasses. All you'll need is the imagination to stretch all the dimensions using the dynamic opportunities that sculpting and 3-D art offers.

Jamie (Snyder) Ulkloss, M.Ed.

\$264 (includes all materials)/RCHYC 5028 C01

AMERICAN GIRL CAMP

Travel back in time with the American Girl dolls through crafts, cooking, games, and fashion! Learn about history, choices, and character from Kit, Samantha, Molly, Kirsten, and Addy. Each day you will create exciting crafts for you and your doll as you explore the worlds of these iconic fictional characters. As you explore what their lives were like, you will also discover what makes you unique as you write your very own American Girl books. Bring your favorite American Girl doll with you (or any 18 inch doll) and get ready for a fun and exciting camp!!

Amy Millar, B.A.

\$259 (includes all materials)/ RCHYC 5089 C01

DECATHLON CAMP: TRACK, FIELD & FITNESS

This Decathlon Camp will challenge you in areas of track, field and overall fitness. Presentation of the various disciplines in track, (starting blocks, running and hurdling, speed sprinting and field endurance mechanics, jumping - horizontal and vertical, throwing - shot and discus, javelin, baton passing) within an environment of careful and thorough instruction by experienced coaches with safety being emphasized. Bring your bathing suit and towel.

Week of June 20 - cont'd**MOUNTAIN BIKING / DISC GOLF**

Mountain Biking - Enjoy Tyler Park all day, then enjoy an end of the week road trip to the technical trails at Core Creek Park. In this combo class you will learn all about mountain biking: trail riding, bike maintenance and bike safety as well as the exciting sport of disc golf. Also included are proper rider positioning, controlled braking and slow speed technical maneuvering, pedaling cadence/gear use, and proper technique for climbing and descending. You must provide your own multi-geared mountain bike. All bikes should be tuned and given a safety inspection ahead of time. For questions call Endurance Sports (215-369-0225).

Requirements: Helmet and road-worthy multi-geared mountain bike. Instructor reserves the right to deny participation if bike is not deemed to be safe. Bike rental available for \$50 for the week. Reservation required. Check ahead at Endurance Sports 215-369-0225.

Disc Golf - Disc Golf is a sport similar to golf except the equipment is a disc (Frisbee) that is thrown into metal baskets strategically placed throughout the course. This exciting camp is an introduction to this fun sport. Instruction will cover conduct and order of play, use of discs and rules of play. You will become familiar with the course in Tyler Park and most of all have lots of fun!

Barbara Kuronya, B.S.

\$267 (includes all materials)/RCHYC 5623 C01

WANNA BE A STAR - 2 WEEK CAMP

Designed for the younger camper interested in Musical Theater, this is an active participation program with experienced professionals. The camp will focus on the fundamentals in acting, singing and dancing. You will learn how to put a show together from start to finish ending with everyone getting their shining moment. Perform *Disney's 101 Dalmatians Kids* for family and friends on the last day of camp and get a DVD keepsake of the show sent in the mail.

Kim Hunt, B.S.

\$399 (includes all materials)/RCHYC 5010 C01

June 27**AWESOME ARTISTS**

Explore the wonderful world of art, through the use of an array of art mediums. Create, design, and learn in an artful way. Create life-size drawings, learn to paint, sculpt, and design through the art of collage, and much, much more! *Jamie (Snyder) Ulkloss, M.Ed.*

\$259 (includes all materials)/RCHYC 5023 C01

BASKETBALL

(must be 8 years old)

This exciting clinic is designed to teach boys and girls the essential fundamentals of basketball. You will learn all aspects of the game including basketball conditioning, dribbling, ball handling, passing, shooting, screening, offensive-defensive techniques, and rebounding. We will have competitions for shooting, 5 on 5, 3 on 3, dribbling and more. The staff will instruct and evaluate each player's performance and level of improvement. Instructions will be given on an individual basis by outstanding camp staff! Each day's activities will include conditioning, team practice, fundamental stations, game situations, as well as a cool-down activity in the pool. Bring your bathing suit and towel.

Coaches Ron Chiarolanza & John Senske

\$249 (includes all materials)/RCHYC 5601 C01

**DECATHLON CAMP: TRACK, FIELD & FITNESS**

LEGO ANIMATION

Stop Motion is a powerful animation technique that makes static objects appear to be moving. In this camp, you will use Lego bricks and found objects. Brainstorm your ideas, create the storyboard, construct the props, shoot the still frames and then, using Movie Maker, create the finished animation. Student animations will be uploaded to the internet on teachertube.com. *Kris Fontes, B.F.A., N.B.C.T.*

\$249 (includes all materials)/RCHYC 5031 C02

TOYS AND SEW MUCH MORE

Learn to make your very own stuffed animal, doll or other soft toy. Improve your hand and machine sewing skills while you learn to follow a pattern as well as create your own designs. Experiment with a variety of stuffing materials as well as decorations and accessories to create a one-of-a-kind treasure.

Prerequisite: Stitch in Time and some basic machine and hand sewing.

Betsy Kruse, M.B.A.

\$259 (includes all materials)/RCHYC 5086 C01

ULTIMATE ESCAPES

This is a hands-on camp where you will experience fishing, exploring, and nature related exercises at Tyler Park. Getting wet is part of the fun as we hunt for critters in the streams. In addition, you will participate in exciting indoor/outdoor games. You will create fun crafts as well as participate in fascinating science experiments including magic slime, mosaics, clay sculpturing, and more. At the end of the day we will take a dip in the pool to cool down and relax. This camp has a little bit of everything. Bring your bathing suit and a towel, and closed toe shoes for wading in the creek.

Edward Obert-Thorn, B.S.

\$249 (includes all materials)/RCHYC 5329 C01

A STITCH IN TIME

Are you crafty, artistic and good with color and texture? Learning to sew can help you expand your fashion creativity. In this hands-on camp, you will learn the basics of textiles, fabric, color and how to sew! We will learn hand-sewing techniques, like buttons and hemming, as well as how to do simple machine sewing. Make projects of your own choosing, such as a bag, pillow or toy. No prior sewing experience is necessary. *Betsy Kruse, M.B.A.*

\$209 (includes all materials)/RCHYC 5076 C01

BASEBALL - PITCHING & HITTING CLINIC

Boys and girls, here is your chance to hone in on the essentials of baseball - pitching and hitting! Emphasis will be placed on learning the proper techniques of these two important components of the game but there will also be time for skill development in catching, throwing, fielding, base running, base stealing and bunting.

Each day will be broken into four mini-sessions. The first three sessions will focus on skill development and the fourth session will be for advanced play, swimming or wiffle ball. Bring your own glove. It is recommended that you bring cleats and sneakers. Don't forget your bathing suit and a towel for a cool down activity in the pool. *Coaches Lou Palkovics & Michael Palkovics*

\$199 (includes all materials)/RCHYC 5600 C01

FABULOUS FISHING

Learn how to safely fish and enjoy the art of fishing each day. All equipment and bait will be supplied. (You may bring your own rod.) Instruction on safe casting, hook removal from fish, baiting of hooks, good fishing areas and good fishing etiquette will be presented. Bring rain gear if necessary. This camp will culminate with a trip to Lake Nockamixon; you must bring a bag lunch that day. *Lou Pollack, M.Ed.*

\$239 (includes all materials and transportation)/RCHYC 5614 C02

July 11**AMERICAN GIRL CAMP**

For complete description, see page 10.

Amy Millar, B.A.

\$259 (includes all materials)/RCHYC 5089 C02

ART EXPRESSIONS

Here's your opportunity to express your most creative self in a myriad of art projects! You will gain confidence as you spontaneously create imaginative works of art that reflect your own unique self. You will learn about and use many different techniques and media, including printmaking, drawing, painting, collage, sculpture, and weaving. Discover the best in yourself. Ask questions, have fun, and keep on learning. Please bring a smock. *Donna Kutz Ermers, M.F.A.*

\$254 (includes all materials)/RCHYC 5046 C01

PAPER MAKING **NEW**

Learn basic paper making techniques to create your own beautiful handmade paper. Explore texture and color by adding various materials during the process. We will even add seeds so you can plant your paper and watch it come to life! Use your paper to make greeting cards, bookmarks, picture frames and more! Please bring a smock.

Dana Nelson-Hipps, B.S.

\$224 (includes all materials)/RCHYC 5090 C01

PODCASTING **NEW**

Have fun creating your own show with sound and pictures. Learn the basics of podcasting from writing a script, recording and illustrating. Use your voice, music and various sound effects to produce your own podcast for all of your friends and relatives to enjoy. Create a slideshow to illustrate your podcast as well. *Fran Margolis, M.Ed.*

\$199 (includes all materials)/RCHYC 5009 C01

TOTALLY SKATEBOARD

(must be 9 years old)

Ride, learn new stuff and have fun in the morning. Spend the afternoon checking out the latest skate videos, taking a swim and building and customizing a new board.

Requirements: Skateboard, helmet, elbow, knee and wrist pads, and a signed waiver. There

are no exceptions to the required items. Those who do not have the required items cannot participate.

Barbara Kuronya, B.S.

\$244 (includes all materials & transportation to Middletown Skate Park)/RCHYC 5627 C01

BEGINNER'S LACROSSE FOR BOYS & GIRLS

Learn the hottest sport around! The instruction is for boys and girls looking to better their skills. The focus will be placed on drills, skills and rules applicable to both the girls' and boys' game, which are very important toward the development of a complete lacrosse player. Boys and girls will also be split into separate groups so that individual regulations can be covered. Conditioning and running essential to the game are incorporated into all skills. Bring your bathing suit and towel. Barbara Kuronya, B.S.

Requirement for boys & girls:

- stick and mouth guard;
- Boys also need lacrosse gloves

All equipment must be regulation. Please call Endurance Sports for all equipment questions (215-369-0225).

\$249 (includes all materials)/ RCHYC 5624 C01

CLASSY GLASS

Create light and color-drenched stained glass using a variety of objects and materials. Turn ordinary drinking glasses, plates, bowls, etc., into spectacular artworks! Use water-based transparent and iridescent glass paints and liners. Illuminate Plexiglas window panes. Design window sun-catchers and wind chimes...use glass tiles to create mosaic animals, land and cityscapes. Dazzle your family and friends with amazing, colorful Classy glass!! Stephen Cohen, B.F.A.

\$249 (includes all materials)/RCHYC 5081 C01

INCREDIBLE EDIBLE ART NEW

Become an artist in the kitchen! Create edible masterpieces as we learn to make art using food. Campers will learn to sculpt cakes, mold ice cream, craft masterpieces from cereal, artfully carve vegetables and more.

Allison Farrell, B.S.

\$249 (includes all materials)/RCHYC 5094 C01

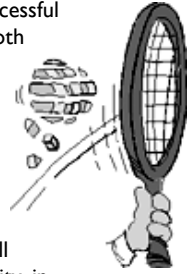

TENNIS, ANYONE??

(must be at least 9 years old)

Get into the "swing" with our exciting tennis clinic! You will become a successful tennis champ by developing both your athletic abilities and your competitive spirit. This unique program is set up to develop skills, interest and enjoyment for the young tennis player, and to make the competitive player more consistent, confident and athletic. The day will also include a cool-down activity in the pool. Bring your own tennis racquet, bathing suit and towel.

John Senske

\$249 (includes all materials)/RCHYC 5606 C01

**MATH MANIA & COMPUTER FUN**

(must be 8 years old)

Get ready for the most fun you've had with math and computers . . . ever! Part

of your day will be spent learning to be a better problem-solver and creative thinker through challenging and fun math activities, discussions and use of manipulatives. You will also explore all kinds of practical math problems and puzzles, and learn how to use these math concepts in your daily life.

For the remainder of the day you will go surfing - on the Internet. You will scan and edit photos (ever want to put your brother's head on your dog's body?) You will create super cool PowerPoint presentations and explore the Internet as an educational and fun tool. All Internet surfing will be kid-safe and appropriate.

This program will help you gain more confidence in your math and computer abilities, build on your basic skills, and you'll have great fun, too! Whether you're "math or computer-shy" or simply a "whiz," you'll be a winner in this exciting class. Get ready to be a math maniac and computer champ!!

Michael Blumberg, M.Ed. & Marie Mueller, M.Ed.

SUPERGYM II NEW

Here's a chance to fine tune your sports skills such as kicking, striking, throwing, catching, dodging and chasing. They are the basis for many team sports, however this is not JUST a sports camp. You will play modified versions of common team games like soccer, basketball, and handball, along with new games such as Alaskan baseball and monarch tag. Learn leadership and teamwork skills through cooperative games, and be exposed to a variety of cultures through games from around the world. At the end of each day there will be a camp challenge (either individual or team) to promote sportsmanship and a healthy attitude toward competition. Bring your swimsuit and towel for a swim at the end of the day.
 Erica Hellerstein, B.S.
 \$249 (includes all materials)/ RCHYC 5633 C01

SCRATCHIT! NEW

Create a variety of awesome projects using scratch art techniques, materials and tools. You will design and produce stationery, notepads and picture frames.....are you sticker crazy? Great!..we'll make our own! Simulate stained glass for windows and lamps. Construct 3-D textured buildings, etc.You will use everything from colored pencils, oil crayons and markers to paint. Got an "art itch"? Scratchit!!
 Stephen Cohen, B.F.A.
 \$249 (includes all materials)/ RCHYC 5092 C01

**STUDY SKILLS FOR SAVVY STUDENTS
 HALF DAY CAMP - 9 AM-NOON ONLY!**

Get a head start on success! Improve your grades or continue to get good ones by learning memory improvement, time management, reading techniques, note taking and test preparation. Several different techniques and skills will be introduced in an effort to help you determine your preferred learning style and methods that work for you. Games and exercises that focus on reading, listening, following instructions, organization and timed situations will keep this camp fun and exciting. (You may bring a snack for mid-morning.) WRITE ON!

Let your imagination run wild in the world of writing and book building. The possibilities are endless! Go on an exciting adventure. Dive into the realm of fantasy, explore mysteries of the unknown – the choice is yours! Become the author and illustrator of your own original short stories. Through creative, hands-on activities, we will practice the writing process to help you fully develop imaginative characters, settings, and plots. We will look deeper into the work of some familiar authors as inspiration for your own creations. To showcase your written work, you will transform them into a unique assortment of handmade storybooks, complete with your own illustrations. Lauren Hannigan, B.A.

August 8

INLINE SKATING

Half Day Camp - 9 am-noon only!
(may be paired with Ultimate Frisbee)
Designed with safety in mind, this beginner's In-Line Skating clinic will give you an opportunity to learn the proper techniques of In-Line Skating. Basic safety information will begin with equipment fit, maintenance, and proper use. The basic skills taught will be forward movement, braking and turning. The clinic is structured so that those who quickly master the basics can move on to more advanced skills. You will proceed at your own comfort level.

Requirements: Each participant will be required to have a skate with a rear brake, a helmet, and protective gear (elbow, wrist and knee pads). There are absolutely no exceptions to these requirements. Toy skates not allowed. If you do not have the necessary equipment, the clinic instructor for an extra charge will provide it for you.

Attention, Parents/Guardians

In order to provide for your child's safety, the College does not permit any child on campus without proper supervision. If you find it necessary to drop off your child early, or pick up your child after camp hours, you must register him/her in the BUCKS Extended Hours program as listed below (Newtown Campus only):

7 - 9 am	\$38/week	(\$32 week of 7/5)
3:30 - 6 pm	\$55/week	(\$44 week of 7/5)
am & pm	\$70/week	(\$56 week of 7/5)

Supervised activities will be provided and arrangements to register may be made on a weekly basis through the summer.

Call the Tri-Hampton YMCA at 215-579-6200 for details.

June 20

AUTOCAD

Minimum age 11.)

Do you like to draw houses? This camp is for anyone who enjoys architecture and designing buildings. You will take a step into computer aided design (CAD) and learn the basics of designing floor plans on AutoCAD as well as learning techniques for rendering and tactile design. *Michael Coyle, B.A.*

\$249 (includes all materials)/RCOAP 3072 C01

CAMP GLEE-FUL! NEW

Here is the Kids On Campus version of this infectious show! You will learn some of today's hit songs and dance moves to be performed at the end of the week for family and friends.

Meredith Puente

\$249 (includes all materials)/ RCHYC 5057 C01

DECATHLON CAMP: TRACK, FIELD & FITNESS

This Decathlon Camp will challenge you in areas of track, field and overall fitness. Presentation of the various disciplines in track, (starting blocks, running and hurdling, speed sprinting and field endurance mechanics, jumping - horizontal and vertical, throwing - shot and discus, javelin, baton passing) within an environment of careful and thorough instruction by experienced coaches with safety being emphasized. Bring your bathing suit and towel.

Coach Stephan Harnish, B.S.

\$249 (includes all materials)/RCHYC 5617 C01

FOTOFUN NEW

Bring your favorite pictures from home, school or anywhere! We will scan and copy them on special computer paper. Then the real fun begins! Hand-color your pictures to create original art that resembles paintings. Turn pictures of friends and family into cartoon characters. Design clothing/costumes for them. Place them in backgrounds like a jungle or another planet. Magazine and book photos become collages, posters and calendars. Create memorable art that will last a lifetime! Bring 2-3 photos with you.

Stephen Cohen, B.F.A.

\$249 (includes all materials)/ RCHYC 5326 C01

KID KUISINE I

"Kid Kuisine" is a fun-filled training program that will introduce you to the world of culinary arts. In one week, young culinarians will learn proper hygiene, safe food handling, basic cooking and baking principles as well as how to serve a complete made-from-scratch meal. You will work in teams and be instructed by industry-certified chefs.

Note: Students who have previously taken Kid Kuisine I are encouraged not to enroll again; this is designed specifically for 1st time students.

*Earl R. Arrowood, CCC, CCE, FMP, AAC, M.S. &**Chef John Angeline, CEPC*

\$324 (includes all materials)/ RCHYC 5701 C01

LEGO ANIMATION

Stop Motion is a powerful animation technique that makes static objects appear to be moving. In this camp, you will use Lego bricks and found objects. Brainstorm your ideas, create the storyboard, construct the props, shoot the still frames and then, using Movie Maker, create the finished animation. Student animations will be uploaded to the internet on teachertube.com. *Kara Chrin, B.A.*

\$249 (includes all materials/ RCHYC 5031 C01

MOUNTAIN BIKING / DISC GOLF

Mountain Biking - Enjoy Tyler Park all day, then enjoy an end of the week road trip to the technical trails at Core Creek Park. In this combo class you will learn all about mountain biking: trail riding, bike maintenance and bike safety as well as the exciting sport of disc golf. Also included are proper rider positioning, controlled braking and slow speed technical maneuvering, pedaling cadence/gear use, and proper technique for climbing and descending. You must provide your own multi-gear mountain bike. All bikes should be tuned and given a safety inspection ahead of time. For questions call Endurance Sports (215-369-0225). Requirements: Helmet and road-worthy multi-gear mountain bike. Instructor reserves the right to deny participation if bike is not deemed to be safe. Bike rental available for \$50 for the week. Reservation required. Check ahead at Endurance Sports 215-369-0225.

Disc Golf - Disc Golf is a sport similar to golf except the equipment is a disc (Frisbee) that is thrown into metal baskets strategically placed throughout the course. This exciting camp is an introduction to this fun sport. Instruction will cover conduct and order of play, use of discs and rules of play. You will become familiar with the course in Tyler Park and most of all have lots of fun!

Barbara Kuronya, B.S.

\$267 (includes all materials)/RCHYC 5623 C01

PAPER PULP PAINTING NEW

Create beautiful "paintings" using paper pulp instead of paint on freshly made paper. Learn various techniques to build and shape your designs. Your landscape, still lifes and portraits will come alive with the use of brilliant colors and textures.

Please bring a smock.

Dana Nelson-Hipps, B.S.

ROVING REPORTERS

Have you ever wondered what a "hook" is, or considered the "how?" of who, what, where, when, and why? If so, this camp is for you! We will work with print media to learn how to write true stories in a concise and engaging manner, and we will create journalistic articles using photographs brought from home. Other exercises will include learning how to conduct an interview, and determining what makes a story newsworthy. The sky is the limit! Participants will come away from camp with a scrapbook of photos paired with articles of their own creation.

Mary Lou Tantum, M.Ed.

\$249 (includes all materials)/ RCHYC 5321 C01

June 27

BASKETBALL

This exciting clinic is designed to teach boys and girls the essential fundamentals of basketball. You will learn all aspects of the game including basketball conditioning, dribbling, ball handling, passing, shooting, screening, offensive-defensive techniques, and rebounding. We will have competitions for shooting, 5 on 5, 3 on 3, dribbling and more. The staff will instruct and evaluate each player's performance and level of improvement. Instructions will be given on an individual basis by outstanding camp staff! Each day's activities will include conditioning, team practice, fundamental stations, game situations, as well as a cool-down activity in the pool. Bring your bathing suit and towel.

Coaches Ron Chiarolanza & John Senske

\$249 (includes all materials)/ RCHYC 5601 C01

ENVIRONMENTAL EXPLORERS

You will learn basic ecological principals through laboratories such as solar leaf prints, dissecting owl pellets, aging tree rings, children's literature, and daily outdoor excursions to Tyler State Park. Gain an appreciation for the local ecosystem and how best to protect it. SEWING BEAUTIFUL BAGS

A bag, a tote, a clutch; a beautiful bag says a lot about who we are. Now you can learn to create your own unique design, using simple steps that are easy to follow. Learn the basics such as fabric selection, project planning, pattern layout and sewing techniques, and use these skills to let your creativity shine. Whether this is your first experience with sewing, or you are more advanced, you will be able to complete one or more projects, and carry your artistry home for all to see! *Betsy Kruse, M.B.A.*

\$264 (includes all materials)/ RCHYC 5080 C01

CSI - CRIME SCENE INVESTIGATION

Caution! Crime Scene Investigation in Progress! In this weeklong workshop you will learn about crime scene procedures such as fingerprinting, footprint casting, paper and ink chromatography, handwriting analysis, dental forensics, and the analysis of glass/soil/fibers. You'll participate in a mock investigation using the techniques that you learned to solve a crime on campus! *Denise Reilly, M.Ed.*

\$249 (includes all materials)/ RCHYC 5332 C01

DIGITAL PHOTOGRAPHY

Ever wonder how Digital Photography works? This class will teach you. You will also learn how to compose better pictures, download photographs and edit them. You will take pictures around campus to fulfill specific photography assignments. Later you'll edit those images on the computer and print them. A display of your efforts will cap off the week. Students must bring their own digital camera and cabling wire and extra battery. *Christian Anderson, B.A.*

\$249 (includes all materials)/RCHYC 5423 C01

FABULOUS FISHING

Learn how to safely fish and enjoy the art of fishing each day. All equipment and bait will be supplied. (You may bring your own rod.) Instruction on safe casting, hook removal from fish, baiting of hooks, good fishing areas and good fishing etiquette will be presented. Bring rain gear if necessary. This camp will culminate with a trip to Lake Nockamixon; you must bring a bag lunch that day. *Lou Pollack, M.Ed.*

\$289 (includes all materials and transportation)/ RCHYC 5614 C01

GET CRAFTY WITH PAPER

Discover the many ways paper can be used to create exciting and beautiful works of art. Explore mod podge, paper mosaics, quilling, origami and more using a variety of techniques and media. Projects may include jewelry box, picture frame, coasters, jewelry, wall art, and more.

Chevon Beeco Helms, M.Ed.

\$269/ RCHYC 5083 C01

Continued on page 19

Week of June 27-cont'd**GAME MAKER**

Use Game Maker software to develop mazes, puzzles, games and more. Learn the basics of game design without having to type code. Using drag-and-drop actions, you can create professional style games. You can make games with backgrounds, animated graphics, music, sound effects and a scoreboard. *Fran Margolis, M.Ed.*
\$249 (includes all materials)/RCOAP 3067 C01

"KID KUISINE II" - INTERMEDIATE

"Kid Kuisine II" Intermediate is the continuation of "Kid Kuisine I." You will continue to explore, cook and bake, but with a better sense of awareness and confidence. You will be challenged and coached into more creative thought about how to cook and bake. Students will prepare a buffet for the last day. Prerequisite: "Kid Kuisine I" You must have successfully completed the basic course or have taken the Intermediate course last summer to be eligible to participate in this course.

Earl R. Arrowood, CCC, CCE, FMP, AAC, M.S. &

Chef John Angeline, CEPC

Early Bird Discounts: Register before April 1 and receive a 10% discount off published camp prices. (Discount pricing not available via web registration.)

July 5**ADVENTURE GAMES** NEW

Ever wanted to lead your team through a quicksand pit? Think you can help fellow space explorers move a fragile meteorite? Enjoy team sports like Ultimate Frisbee and Handball? Then ADVENTURE GAMES is the place for you this summer!

This camp is designed to help you develop and improve communication, problem solving and social skills as well as physical fitness through a variety of cooperative games and team activities. Throughout the week you will engage, both as an individual and team member, in a variety of activities like ice-breakers, group initiatives, and complete tasks like Through the Quicksand, Giant Puzzles, Fitness Kickball, Cooperative Handball, Radioactive River, All Aboard and Meteorite Mission. At the end of the week you will have a chance to test your new team and individual skills at the Doylestown Rock Gym on their Adventure Challenge Course. Bring your bathing suit and towel to cool off with a free swim at the end of the day.

Erica Hellerstein, B.S.

\$269 (includes all materials)/ RCHYC 5812 C01

LEGO ROBOTS

Take on the challenge of robotics engineering by programming a Lego Mindstorm Robot. Learn how robots think and respond as you teach the robot to sense the world, to feel, see, hear, move, and talk back. Teams will use Lego's NXT software in a series of challenges developed by Carnegie Mellon's Robotics Institute and used in classrooms around the world. This fun and flexible system lets you play, experiment, and learn, all at the same time. *Scott Freedman, M. Ed.*
\$259 (does not include a robot)/ RCHYC 5425 C01

MOCK TRIAL

"Legal justice is the art of the good and the fair." Learn some general trial techniques such as opening statements and closing arguments, how to examine and cross-examine witnesses and some evidentiary basics in preparation for mock trial simulations. You will be captivated by the challenge of these dramatic role-playing experiences as attorneys, witnesses, jurors, and other court room personnel all of which leads up to the experience of presenting a case before a jury. "Ladies and Gentlemen, the case is in your hands."

Diane M Rice, Esquire

\$249 (includes all materials)/ RCHYC 5724 C01

MOVIE MOTION ZOETROPE: NEW CARTOON ANIMATION

See the excitement of learning how to draw with color your own character, from a simple oval form to a full drawing. Create a story where your character travels or interacts with its environment. Then see your character move through time and come to life through a zoetrope that you construct. Basics of drawing with pencil, color markers will be demonstrated each day as your scenes unfold. A brief history of the cartoon and newer animated image, with zoetrope masters such as Thomas Eakins, and Edward Muybridge will be shown.

Debby Souders, M.F.A.

\$269 (includes all materials)/ RCHYC 5315 C01

BASEBALL - PITCHING & HITTING CLINIC

Boys and girls, here is your chance to hone in on the essentials of baseball - pitching and hitting! Emphasis will be placed on learning the proper techniques of these two important components of the game but there will also be time for skill development in catching, throwing, fielding, base running, base stealing and bunting.

Each day will be broken into four mini-sessions. The first three sessions will focus on skill development and the fourth session will be for advanced play, swimming or wiffle ball. Bring your own glove. It is recommended that you bring cleats and sneakers. Don't forget your bathing suit and a towel for a cool down activity in the pool. *Coaches Lou Palkovics & Michael Palkovics*

ROCKETRY II

Prerequisite: Rocketry I
You will continue to learn how solid and liquid rockets work and the basic principles of rocket flight, but the emphasis will be on multiple stage rockets. You will do this by constructing multi-stage model rockets from Model Rocket Construction Packets. Following directions and sequences will be stressed in the construction and launching of the rockets. You will be required to demonstrate knowledge of safety procedures before launching your rocket.
Brian Ulkloss, M.A.
\$249 (includes all materials)/RCHYC 5746 C01

GUARDSTART: LIFEGUARDING TOMORROW

(Must be 11 years old.)
Are you between the ages of 11 and 14? Do you see yourself as a lifeguard someday? Here you'll experience what it takes to be a great lifeguard. Learn everything from lifesaving and leadership skills to fitness and professional development. When it's time to take a Lifeguard Training course, your GuardStart experience will prepare you to be the best lifeguard that you can be.
Prerequisites: Swim the front crawl for 25 yards continuously while breathing to the front or side. Tread water for one (1) minute using arms and legs. Submerge and swim a distance of 10 feet underwater.
Jamie Bintliff
\$219 (includes all materials)/ RCHYC 5632 C01

INTRODUCTION TO FLASH

Create drawings, animations, cartoons and photo slide-shows. Course will cover the basics of vector based drawing, use drawing tools, strokes, fills and gradients to convey your message. Use tweening to create motion – without programming! Use the timeline to create fascinating animations, masks, videos and more! Produce graphics, buttons and movie clips to create moving pictures to share with family and friends. Campers will work in groups and independently.
John Sheridan, M.M.
\$199 (includes materials)/RCOAP 3069 C01

Attention, Parents/Guardians

In order to provide for your child's safety, the College does not permit any child on campus without proper supervision. If you find it necessary to drop off your child early, or pick up your child after camp hours, you must register him/her in the BUCKS Extended Hours program as listed below (Newtown Campus only):

7 - 9 am	\$38/week	(\$32 week of 7/5)
3:30 - 6 pm	\$55/week	(\$44 week of 7/5)
am & pm	\$70/week	(\$56 week of 7/5)

Supervised activities will be provided and arrangements to register may be made on a weekly basis through the summer.

Call the Tri-Hampton YMCA at 215-579-6200 for details.

Week of July 5-cont'd**SKETCHUP: 3D COMPUTER MODELING** 

(Must be at least 11 years old.)

Have you ever wondered how to make 3D images on your computer? You will develop your computer skills by using a computer program call Google Sketchup. This is a great beginner program to learn how to design in the 3 dimensional world. Throughout the week you will design houses and buildings that can be placed into Google Earth for the whole world to see!

Michael Coyle, B.A.

\$199 (includes all materials)/ RCOAP 3077 C01

July 11**CREATING WORD PICTURES**

Words can give you a picture in your mind! What do you think a "Bumpy Bubble monster that smells like onions and sounds like a vacuum cleaner" would look like? How do you think it would move, taste and feel? You will use hundreds of printed descriptive word cards to create "word pictures". You can then turn your "word pictures" into a comic book, graphic novella, short story, poster, 3-D sculpture or any of your favorite ways to create art. This course is perfect for those of you who love to write and illustrate...allowing you to put words into pictures...or even act out the "word picture". Imagination RULES!!

Week of July 11-cont'd

TENNIS, ANYONE??

Get into the "swing" with our exciting tennis clinic! You will become a successful tennis champ by developing both your athletic abilities and your competitive spirit. This unique program is set up to develop skills, interest and enjoyment for the young tennis player, and to make the competitive player more consistent, confident and athletic. The day will also include a cool-down activity in the pool. Bring your own tennis racquet, bathing suit and towel.

John Senske

\$249 (includes all materials)/RCHYC 5606 C01

July 18

ART EXPRESSIONS

Here's your opportunity to express your most creative self in a myriad of art projects! You will gain confidence as you spontaneously create imaginative works of art that reflect your own unique self. You will learn about and use many different techniques and media, including printmaking, drawing, painting, collage, sculpture, and weaving. Discover the best in yourself. Ask questions, have fun, and keep on learning. Please bring a smock. *Donna Kutz Ermers, M.F.A.*

BASKETBALL

For complete description, see page 18.

Coaches Ron Chiarolanza & John Senske

\$249 (includes all materials)/ RCHYC 5601 C02

BEGINNER'S LACROSSE FOR BOYS & GIRLS

Learn the hottest sport around! The instruction is for boys and girls looking to better their skills. The focus will be placed on drills, skills and rules applicable to both the girls' and boys' game, which are very important toward the development of a complete lacrosse player. Boys and girls will also be split into separate groups so that individual regulations can be covered. Conditioning and running essential to the game are incorporated into all skills. Bring your bathing suit and towel. *Barbara Kuronya, B.S.*

Requirement for boys & girls:

- tick and mouth guard;
- boys also need lacrosse gloves

All equipment must be regulation. Please call Endurance Sports for all equipment questions (215-369-0225).

\$249 (includes all materials)/ RCHYC 5624 C01

CLAY ANIMATION

This camp will show you basic techniques of clay modeling and animation used to create a video with claymation! You will learn how to make wire armatures for creating movement in sculptures and to build a scenic background for your backdrop. You will also learn how to use a video camera and a tripod along with basic video capture and editing techniques. At the end of the week, take home animations made in your own and group projects.

Brian Blair, M.A. & Jamie Snyder Ulkloss, M.Ed.

\$279 (includes all materials)/RCHYC 5032 C01

WOODTURNING

Learn how to skillfully produce many fun and artful wooden objects using a mini-lathe. You will discover the versatility and appreciate the usefulness of this amazing machine as we turn raw wood into beautiful creative objects. The week is action packed, as you learn to safely work the wood into many different projects including a mallet, bowl, toothpick holder, honey dipper and bottle stoppers. *Ed Ryan*

\$349 (includes all materials)/RCHYC 5055 C01

CREATING DIGITAL MUSIC

This camp will help you understand how music is created digitally with the use of audio loops and MIDI. GarageBand lets you easily perform, record and create your own music whether you're an experienced or aspiring musician or just want to feel - and sound - like a rock star. Please bring headphones with 1/8" and 1/4" adapters. *John Sheridan, M.M.*

\$249 (includes all materials)/RCHYC 5037 C01

MATH MANIA & COMPUTER FUN

Get ready for the most fun you've had with math and computers ... ever! Part of your day will be spent learning to be a better problem-solver and creative thinker through challenging and fun math activities, discussions and use of manipulatives. You will also explore all kinds of practical math problems and puzzles, and learn how to use these math concepts in your daily life.

For the remainder of the day you will go surfing - on the Internet. You will scan and edit photos (ever want to put your brother's head on your dog's body?) You will create super cool PowerPoint presentations and explore the Internet as an educational and fun tool. All Internet surfing will be kid-safe and appropriate. This program will help you gain more confidence in your math and computer abilities, build on your basic skills, and you'll have great fun, too!

Michael Blumberg, M.Ed. & Marie Mueller, M.Ed.

\$249 (includes all materials)/RCHYC 5413 C01

PHOTOSHOP FUN

Explore with PhotoShop. Have fun with graphics, text, textures and colors. Be creative! Enjoy experimenting! Create original graphics, backgrounds and colors to use in presentations, websites, pictures and more.

Fran Margolis, M.Ed.

\$249 (includes all materials)/ RCOAP 3078 C01

WOODTURNING

For complete description, see week of July 11.

Ed Ryan

\$349 (includes all materials)/RCHYC 5055 C02

Continued on page 23

Week of July 18-cont'd**WEARABLE ART**

Bring a clothing article of your own choosing to deconstruct and recreate into a new garment or an individualized piece of textile art, such as a wall hanging, bed quilt, pillow, etc. You will spend time exploring concepts such as color, texture, garment design & construction, patchwork, simple embroidery, embellishment and finishing techniques. Design your project with instructor input or advice, but the actual cutting, sewing, deconstructing and finishing will be done independently by you - the designer!

Prerequisite: Previous attendance in WEARABLE ART or Completion of STITCH in TIME or comparable sewing experience. Betsy Kruse, M.B.A.
\$259 (includes all materials)/ RCHYC 5075 C01

July 25

ADVANCED WOODTURNING

(Minimum age 12)

The advanced course focuses on improving spindle and faceplate turning techniques, while offering you the opportunity to work on more difficult projects. Considerable time is devoted to producing original objects that reflect care and craftsmanship in the production and finishing of larger turning projects. New challenges, such as turning a baseball bat, footstool, and bird feeder are balanced with projects that encourage you to explore individual design and creative expression. *Christopher Benner, A.A.*

Prerequisite: Advanced Woodturning is available to students entering grade 8 or above, who have completed at least one week of the standard woodturning camp.
\$338 (includes all materials)/RCHYC 5056 C01

CASTLES

Explore castle construction, medieval warfare, and customs. Design and construct your own castle. Examine the weapons and games of the Middle Ages, then build a trebuchet and play in the chess or checker tournaments. Learn about the architecture, thought, manners and customs of that time and see how it compares to our present day.

Michale Johnson, M.Ed.

RHYTHM OF THE BEAT **NEW**

Explore all types of movement in this exciting new camp where you will exercise your body as well as your mind. Try your hand at choreographing your own dance. Teamwork, practice and involvement are all essential in this experience. Here is a great chance to learn through the arts to develop ideas, create movements, and express feelings through dance.

Simrit Khalsa, B.S.

\$249 (includes all materials)/ RCHYC 5066 C01

GIRLS + SCIENCE = FUN (2 week camp)

Through hands-on activities you will explore the many fields of science and potential careers in science and technology. Inside and outside the classroom, you will experiment in biology, ecology and "green" technologies, physics, chemistry, health sciences, earth science, astronomy, and much more. Add a dash of art, literacy and math, to this science journey for a truly unique experience.

Susan Sciaratta, M.S., P.E., and Gina Ranelli, M.Ed.

\$419 (includes all materials and transportation)/ ACHYC 0321 C01

DIGITAL VIDEO

You will learn the basic elements of script writing, storyboarding, camera shooting and digital video editing. After brainstorming possible story ideas, you will then create a story or write a plot treatment. Then create your storyboard, spend time capturing video, download and edit your own video or create a finished product.

Michael Blumberg, M.Ed.
\$249 (includes all materials)/RCHYC 5422 C01

DREAMWEAVER

Learn how to design web pages like a pro! Create a website using a professional design tool: Dreamweaver. Develop content, control design, layout and navigation, add graphics and photos, add a blog and upload your site to the internet. Camper may also use Google Page Creator. Bring your ideas - you will have time to work on your own projects. *Staff*

\$249 (includes all materials)/RCHYC 3071 C01

FIELD HOCKEY

Learn field hockey skills and basic strategies through a variety of activities. Participate in group instruction, play games, work on drills, and view and analyze films. Improve your conditioning, footwork and agility. Interact with your team members to build skills and friendships at the same time. Campers need to supply their own stick, mouthguard and shin guards. Bring a bathing suit and towel for a cool down in the pool each afternoon. *Erica Hellerstein, B.S.*

**KIDS ON CAMPUS PEER LEADERSHIP CAMP** NEW

A brand new camp opportunity for budding leaders! Develop strategies to deal with bullying, peer pressure and more. As you develop leadership skills, you will also learn new interactive outreach activities that you can share with younger campers as well as your friends in school. These activities will help you to learn how to work together as a team, how to work with all types of people, and help to prepare for life during and after high school.

Through classroom and outreach activities you will:

- Increase opportunities for creating and strengthening positive relationships between students and adults.
- Improve skills for getting along and communicating with peers, teachers, and families.
- Help build strong attachments to school.
- Encourage leadership to develop and focus on their futures
- Provide you with a foundation of knowledge and skills for refusing substance use.

August 8**ADVENTURES IN COMIC CREATION & SCRATCH**

Comic Creation: Have you ever wanted to tell crazy stories about your friends and family or star as your own comic strip character or super hero? In this workshop for the budding storyteller/artist, you will morph, liquefy, distort and render a custom collection of images. Pulling it all together, import your digital masterpieces and produce a colorful online comic book to amaze and entertain your friends.

Scratch: Scratch is a new programming language that makes it easy to create your own interactive stories, animations, games, music and art and share your creations on the web. As you create and share Scratch projects, you will learn important mathematical and computational ideas while learning to think creatively, reason systematically and work collaboratively.

Kris Fontes, B.F.A., N.B.C.T.

\$249 (includes all materials)/RCHYC 5068 C01

BRILLIANT BRIDGE BUILDERS

This exciting new camp is great for those campers who enjoy problem solving, engineering, designing, team activities, and a little friendly competition. You will work in teams to design the strongest bridge... using toothpicks and glue. Teams will use the Internet to find bridge designs, strategies, and tips for constructing the effective bridge. After construction, teams will compete to see which bridge can hold the most weight. Brian Ulkloss, B.A.

\$259 (includes all materials)/RCHYC 5328 C01

**INLINE SKATING**

Half Day Camp - 9 am-noon only!

(may be paired with Ultimate Frisbee)

Designed with safety in mind, this beginner's In-Line Skating clinic will give you an opportunity to learn the proper techniques of In-Line Skating. Basic safety information will begin with equipment fit, maintenance, and proper use. The basic skills taught will be forward movement, braking and turning. The clinic is structured so that those who quickly master the basics can move on to more advanced skills. You will proceed at your own comfort level. Requirements: Each participant will be required to have a skate with a rear brake, a helmet, and protective gear (elbow, wrist and knee pads). There are absolutely no exceptions to these requirements. Toy skates not allowed. If you do not have the necessary equipment, the clinic instructor for an extra charge will provide it for you.

NEWS CAST

Ever dream of becoming part of a National TV news team? Now is your chance to learn how news is gathered, produced and delivered to the world. You will become the anchorperson reporting the news, producing stories and commercials as well as actually producing your own newscast. Are you up to the challenge? Who knows, you could be the next famous National News broadcaster breaking that all important story!

Michael Blumberg, M.S.

\$249 (includes all materials)/RCHYC 5741 C01

TIME TRAVELERS 

Where did your family come from? Did they arrive on the Mayflower? Was your ancestor a King, or Queen or President? We all have unique family histories and stories to share, and we live in an area rich with our country's history! Join us as we combine our own histories with that of our first president, George Washington as we explore them both. We'll travel back in time by tracking our own family trees...who knows what you may uncover! Create unique memory boxes and other projects along the way, and we'll finish our week in the past with a trip to the historic parts of Washington Crossing's (Park?) for a tour of some amazing landmarks! So join us for this exciting camp...before it's part of the history books too! (Bagged lunch needed for trip day)

Amy Millar, B.A.

TOTALLY HANDS-ON SCIENCE

This is an excellent opportunity to experience hands on science. In this program, you will not just be hearing about science, but will be actually "doing science" in a way that highlights the fun and excitement of biology, chemistry, physics, and earth science. They will have a deeper understanding of how these concepts connect to their everyday life. The question "Why are we doing this? will finally be answered.

Gina Ranelli, M.Ed.

AUTOCAD

Do you like to draw houses? This camp is anyone who enjoys architecture and designing buildings. You will take a step into computer aided design (CAD) and learn the basics of designing floor plans on AutoCAD as well as learning techniques for rendering and tactile design. *Michael Coyle, B.A.*

\$249 (includes all materials)/RCOAP 3072 C01

DECATHLON CAMP: TRACK, FIELD & FITNESS

This Decathlon Camp will challenge you in areas of track, field and overall fitness. Presentation of the various disciplines in track, (starting blocks, running and hurdling, speed sprinting and field endurance mechanics, jumping - horizontal and vertical, throwing - shot and discus, javelin, baton passing) within an environment of careful and thorough instruction by experienced coaches with safety being emphasized. Bring your bathing suit and towel.

Coach Stephan Harnish, B.S.

\$249 (includes all materials)/

RCHYC 5617 C01

MOUNTAIN BIKING / DISC GOLF

Mountain Biking - Enjoy Tyler Park all day,

then enjoy an end of the week road trip to the technical trails at Core Creek Park. In this combo class you will

learn all about mountain biking: trail riding, bike maintenance and bike safety as well as the exciting sport of disc golf. Also included are proper rider positioning, controlled braking and slow

speed technical maneuvering, pedaling cadence/gear use, and

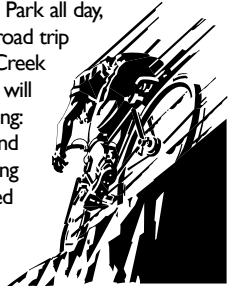

proper technique for climbing and descending. You must provide your own multi-gear mountain bike. All bikes should be tuned and given a safety inspection ahead of time. For questions call Endurance Sports (215-369-0225).

Requirements: Helmet and road-worthy multi-gear mountain bike. Instructor reserves the right to deny participation if bike is not deemed to be safe. Bike rental available for \$50 for the week. Reservation required. Check ahead at Endurance Sports 215-369-0225.

Disc Golf - Disc Golf is a sport similar to golf except the equipment is a disc (Frisbee) that is thrown into metal baskets strategically placed throughout the course. This exciting camp is an introduction to this fun sport. Instruction will cover conduct and order of play, use of discs and rules of play. You will become familiar with the course in Tyler Park and most of all have lots of fun!

Barbara Kuronya, B.S.

\$267 (includes all materials)/RCHYC 5623 C01

SEWING BEAUTIFUL BAGS

A bag, a tote, a clutch; a beautiful bag says a lot about who we are. Now you can learn to create your own unique design, using simple steps that are easy to follow. Learn the basics such as fabric selection, project planning, pattern layout and sewing techniques, and use these skills to let your creativity shine. Whether this is your first experience with sewing, or you are more advanced, you will be able to complete one or more projects, and carry your artistry home for all to see! *Betsy Kruse, M.B.A.*

\$264 (includes all materials)/ RCHYC 5080 C01

June 27

BASKETBALL

(maximum age 15)

This exciting clinic is designed to teach boys and girls the essential fundamentals of basketball. You will learn all aspects of the game including basketball conditioning, dribbling, ball handling, passing, shooting, screening, offensive-defensive techniques, and rebounding. We will have competitions for shooting, 5 on 5, 3 on 3, dribbling and more. The staff will instruct and evaluate each player's performance and level of improvement. Instructions will be given on an individual basis by outstanding camp staff! Each day's activities will include conditioning, team practice, fundamental stations, game situations, as well as a cool-down activity in the pool. Bring your bathing suit and towel.

Coaches Ron Chiarolanza & John Senske

ADVENTURE GAMES

Ever wanted to lead your team through a quicksand pit? Think you can help fellow space explorers move a fragile meteorite? Enjoy team sports like Ultimate Frisbee and Handball? Then ADVENTURE GAMES is the place for you this summer!

This camp is designed to help older you develop and improve communication, problem solving and social skills as well as physical fitness through a variety of cooperative games and team activities. Throughout the week you will engage, both as an individual and team member, in a variety of activities like ice-breakers, group initiatives, and complete tasks like Through the Quicksand, Giant Puzzles, Fitness Kickball, Cooperative Handball, Radioactive River, All Aboard and Meteorite Mission. At the end of the week you will have a chance to test your new team and individual skills at the Doylestown Rock Gym on their Adventure Challenge Course. Bring your bathing suit and towel to cool off with a free swim at the end of the day.

Erica Hellerstein, B.S.

\$269 (includes all materials)/ RCHYC 5812 C01

CAMP GLEE-FUL!

Here is the Kids On Campus version this infectious show! For this week you will learn some of today's hit songs and dance moves to be performed at the end of the week for family and friends.

Meredith Puente

GAME MAKER

Use Game Maker software to develop mazes, puzzles, games and more. Learn the basics of game design without having to type code. Using drag-and-drop actions, you can create professional style games. You can make games with backgrounds, animated graphics, music, sound effects and a scoreboard

Fran Margolis, M.Ed.

\$269 (includes all materials)/

RCOAP 3067 C01

INTRODUCTION TO FLASH

Create drawings, animations, cartoons and photo slideshows. Course will cover the basics of vector based drawing, use drawing tools, strokes, fills and gradients to convey your message. Use tweening to create motion – without programming! Use the timeline to create fascinating animations, masks, videos and more! Produce graphics, buttons and movie clips to create moving pictures to share with family and friends. Campers will work in groups and independently.

John Sheridan, M.M.

\$199 (includes materials)/RCOAP 3069 C01

MUSICAL THEATER - 3 WEEK CAMP

Designed for the older camper with a serious interest in Musical Theater, this is an active participation program with experienced Musical Theater professionals. The camp will include the audition process along with putting a show together from beginning to end, working towards becoming a triple threat, in acting, singing and dancing. Everyone gets a chance to shine and there will be a free performance of *Disney's Aladdin Jr.* for family and friends on the last day of camp with a DVD keepsake of the show sent in the mail. *Kim Hunt, B.S.*

\$499 (includes all materials)/RCHYC 5049 C01

Continued on page 29

Week of July 5-cont'd**SKETCHUP: 3D COMPUTER MODELING** 

Have you ever wondered how to make 3D images on your computer? You will develop your computer skills by using a computer program called Google Sketchup. This is a great beginner program to learn how to design in the 3 dimensional world. Throughout the week you will be designing houses and buildings that can be placed into Google Earth for the whole world to see!

Michael Coyle, B.A.

\$199 (includes all materials)/ RCOAP 3077 C01

July 11**JAZZ WORKSHOP**

Beginners-Intermediate

This one week intensive course is for intermediate level school musicians. You will focus on the aural and theoretical skills needed to improvise and how to apply these skills. Gain confidence in your ability to improvise by experiencing and performing different styles of Jazz in various ensembles and performance settings. The week will culminate in a noon performance for family and friends. *Mark Pultorak, M.M., & John Sheridan, M.M.*

BEGINNER'S LACROSSE FOR BOYS & GIRLS

Learn the hottest sport around! The instruction is for boys and girls looking to better their skills. The focus will be placed on drills, skills and rules applicable to both the girls' and boys' game, which are very important toward the development of a complete lacrosse player. Boys and girls will also be split into separate groups so that individual regulations can be covered. Conditioning and running essential to the game are incorporated into all skills. Bring your bathing suit and towel. *Barbara Kuronya, B.S.*

Requirement for boys & girls:

- stick and mouth guard;
- boys also need lacrosse gloves

All equipment must be regulation. Please call Endurance Sports for all equipment questions (215-369-0225).

\$249 (includes all materials)/ RCHYC 5624 C01

July 25

ADVANCED WOODTURNING

The advanced course focuses on improving spindle and faceplate turning techniques, while offering you the opportunity to work on more difficult projects. Considerable time is devoted to producing original objects that reflect care and craftsmanship in the production and finishing of larger turning projects. New challenges, such as turning a baseball bat, footstool, and bird feeder are balanced with projects that encourage you to explore individual design and creative expression. *Christopher Benner, A.A.*

Prerequisite: Advanced Woodturning is available to students entering grade 8 or above, who have completed at least one week of the standard woodturning camp.

\$338 (includes all materials)/RCHYC 5056 C01

CLAY ANIMATION

For complete description, see week of July 18.

Brian Blair, M.A.. & Jamie Snyder Ulkloss, M.Ed.

\$279 (includes all materials)/RCHYC 5032 C02

CREATING DIGITAL MUSIC

For complete description, see week of July 18.

John Sheridan, M.M.

\$249 (includes all materials)/RCHYC 5037 C02

CREATING DIGITAL MUSIC

This camp will help you understand how music is created digitally with the use of audio loops and MIDI. GarageBand lets you easily perform, record and create your own music whether you're an experienced or aspiring musician or just want to feel - and sound - like a rock star. Please bring headphones with 1/8" and 1/4" adapters. *John Sheridan, M.M.*

\$249 (includes all materials)/RCHYC 5037 C01

CLAY ANIMATION

This camp will show you basic techniques of clay modeling and animation used to create a video with claymation! You will learn how to make wire armatures for creating movement in sculptures and to build a scenic background for your backdrop. You will also learn how to use a video camera and a tripod along with basic video capture and editing techniques. At the end of the week, take home animations made in your own and group projects.

Brian Blair, M.A.. & Jamie Snyder Ulkloss, M.Ed.

\$279 (includes all materials)/RCHYC 5032 C01

PHOTOSHOP FUN

Explore with PhotoShop. Have fun with graphics, text, textures and colors. Be creative! Enjoy experimenting! Create original graphics, backgrounds and colors to use in presentations, websites, pictures and more. *Fran Margolis, M.Ed.*

\$249 (includes all materials)/ RCOAP 3078 C01

DREAMWEAVER

Learn how to design web pages like a pro! Create a website using a professional design tool: Dreamweaver. Develop content, control design, layout and navigation, add graphics and photos, add a blog and upload your site to the internet. Camper may also use Google Page Creator. Bring your ideas - you will have time to work on your own projects. *Staff*

\$249 (includes all materials)/RCOAP 3071 C01

QUILTING

From designer purses to homemade items, quilting has become a major part of the fashion and design fields for many years. Join us for this exciting camp where you will learn the basic technique of quilting and create your very own unique quilt, matching tote bag and accessories. Discover the joy of picking out fabrics and sewing them together to create a one of a kind work of art or fashion statement! No experience of quilting needed for this fun and energized camp! *Amy Millar, B.A.*

BRILLIANT BRIDGE BUILDERS

This exciting new camp is great for those campers who enjoy problem solving, engineering, designing, team activities, and a little friendly competition. You will work in teams to design the strongest bridge... using toothpicks and glue. Teams will use the Internet to find bridge designs, strategies, and tips for constructing the effective bridge. After construction, teams will compete to see which bridge can hold the most weight. Brian Ulkloss

\$259 (includes all materials)/RCHYC 5328 C01

INLINE SKATING

Half Day Camp - 9 am-noon only!

(may be paired with Ultimate Frisbee)

Designed with safety in mind, this beginner's In-Line Skating clinic will give you an opportunity to learn the proper techniques of In-Line Skating. Basic safety information will begin with equipment fit, maintenance, and proper use. The basic skills taught will be forward movement, braking and turning. The clinic is structured so that those who quickly master the basics can move on to more advanced skills. You will proceed at your own comfort level. Requirements: Each participant will be required to have a skate with a rear brake, a helmet, and protective gear (elbow, wrist and knee pads). There are absolutely no exceptions to these requirements. Toy skates not allowed. If you do not have the necessary equipment, the clinic instructor for an extra charge will provide it for you. Barbara Kuronya, B.S.

Flex - Foreign Language Program for Children

In its 15th Year

Bucks County Community College, in cooperation with YOUR LOCAL SCHOOL, is pleased to offer the Foreign Language EXperience Program.

While the first letter in FLEX stands for “Foreign,” we like to say it stands for “Fun!”

Your children will be learning to speak a foreign language through the use of pictures, songs, games, and a wide variety of activities designed to stimulate their interest and to address multiple learning styles. They will not only be introduced to vocabulary and phrases in the target language, but also to the culture of some of the places where that language is used.

Nihaō?

Bucks County Community College's FLEX Program now serves over 60 public and private elementary schools throughout Bucks County and surrounding areas. Foreign Language Instruction takes place at your child's school and is available:

Come Va?

- beginning in February for Spring classes, in October for Fall classes
- in Spanish, French, German, Italian and/or Chinese
- before school or after school
- at beginning, intermediate, and advanced levels

Wie Geht's?

Flyers will be sent home for regular registration in most schools running a program. (Please note, some school districts do not allow paper flyers.)

Please visit our website at www.bucks.edu/flex for further information.

Registration Deadline for spring classes is January 28, 2011
Registration for fall classes begins in September, 2011

To find out more, and to see what's being offered at your school:
Go to our web site: www.bucks.edu/flex and choose course offerings.

Online registration is preferred.
Registration is also available by fax, mail, or walk-in.
Visit www.bucks.edu/flex for details or
email shadym@bucks.edu for more information.

YMCA/BUCKS CAMPS (Day Camp Ages 5-12)

Bucks County Community College and the Tri-Hampton YMCA continue to join forces to better serve the youth of Bucks County. Tri-Hampton and Bucks will offer day camp experiences for the 5-12 year old. Join us for a fun-filled summer of arts & crafts, music & drama, fitness & sports, swimming instruction, theme days and intercamp activities!! Facilities include fields, college grounds, air-conditioned portable classrooms, indoor swimming pool and gymnasium. A significant benefit of this partnership will be a supervised before and after camp program. Parents may drop students off as early as 7 am and pick them up as late as 6 pm. There will be an additional cost for this service.

Fee: \$173/week; \$139/week of July 5
Monday-Friday, June 20-August 12 (no camp 7/4), 9 am-4 pm

For more information and for registration, please call the
Tri-Hampton YMCA at
215-579-6200.

Register Early - Limited Enrollment!

ATTN: Kids On Campus Scholarship

Bucks County Community College

Cottage 3

275 Swamp Rd.

Newtown, PA, 18940

Deadline: March 25, 2011

FIVE CONVENIENT WAYS TO REGISTER

1. FAX

For 24 hour service, you can FAX your registration form anytime! FAX to 215-968-8320, and be sure to provide all the registration information. Be sure to include your Visa, MasterCard, American Express or Discover card number, expiration date and security code.

2. On-Line

For on-line registration please go to the following website: www.bucks.edu/con-ed
This secure on-line registration is for credit card registration only. Once your registration is processed, you will receive a confirmation letter. If the class is full, call the office and add your name to the wait list.

3. Mail-In

Mail form with payment to:
Bucks County Community College
Continuing Education
Office, 275 Swamp Road,
Newtown, PA 18940

A cancelled check or copy of your credit card charge serves as receipt of payment.

4. Phone-In.

No forms, no lines, call 215-968-8409, Monday-Friday, 8:30 am-4:30 pm and charge the fee to your VISA, MasterCard, American Express or Discover Card.

Note: Payment is due at time of registration. Do not include materials fees.

5. Walk-In

Come in person (8:30 am-4:30 pm) to:
Bucks County Community College, Continuing Education Office, Cottage 3, 275 Swamp Road, Newtown, PA 18940

Walk-in registrants are advised to call the Continuing Education Office prior to coming to inquire about seat availability.

Program Refund Policy

There is a \$25 non-refundable fee for any cancellation. Refunds (less \$25) will be made ONLY when you notify the Continuing Education Office AT LEAST SEVEN (7) DAYS before the first day of the program.

If you have paid by check, your refund will arrive in three weeks. Visa, MasterCard, American Express or Discover Card payments will be credited to your account.

Your satisfaction guaranteed!

***If you are not completely satisfied with our program,
please call our Office at 215-504-8578 or 215-968-8016 by the last day of any camp.***

General Camp Information

- The College does not provide insurance for possible injury during the sessions. Participants should be prepared to show that adequate coverage has been obtained from other sources.
- Hot and cold food service is available at all three campus locations. A lunch package may be purchased for the full week for \$26.25.
- Clothing should be appropriate for each program. Flip flops are discouraged.
- Outdoor activities will be held indoors during inclement weather.
- For sports clinics, students should bring a bathing suit and towel for pool activity. (Lock for locker is suggested.)
- All camps have limited enrollment. Registration is on a first-come first-served basis.

Campers must be the designated age during the camp. Please adhere to the ages listed.

Bucks County Community College is committed to providing equal education and employment opportunities. This encompasses persons in legally-protected classifications in regard to race, color, national origin, sex, handicap, sexual orientation, age, religion, disabilities, and Vietnam military veterans. The college provides reasonable accommodations for persons with disabilities in accordance with the Americans With Disabilities Act (ADA). Please call the Campus Coordinator for Equal Employment Opportunity in advance to request or clarify accommodations or to address issues concerning equal opportunities at 215-968-8090. The EEO Office is located in Room 130, Tyler Hall.

The Security Information Report required by the College and the University Security Information Act of Pennsylvania and the Student Right-To-Know and Campus Security Act of the Federal Government is available at the Office of Security and Safety and other campus locations as well as on the website. Campus Security statistics required by the College and University Security Information Act of Pennsylvania and the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act of the Federal government are available at the Office of Security and Safety and other campus locations. Report all emergencies, medical and otherwise, to 215-968-8395.
