### **About Marshfield Clinic Health System**

- 1. Integrated system clinics, hospital, health plan, research, foundation
- 2. 1,200 medical providers
- 3. 10,000 employees (6K in Marshfield)
- 4. 55 clinic locations in 34 counties in Central and Northern WI
- 5. 4 hospitals (Marshfield, Eau Claire, Park Falls, Rice Lake), and growing (Neillsville, Ladysmith, Beaver Dam, Minocqua)

### **About the Center for Community Health Advancement**

- 1. Established in 1998
- 2. MCHS is committed to improving health of communities
- 3. Grown today to include hospital, health plan, and clinic efforts
- 4. Includes over 44 FTEs, and 60 AmeriCorps members
- Not patient or member specific, but community based
- Only health system reaching all 72 counties and 8 tribes
- 7. Five year plan to focus on ABCS

### **Community health priorities**

#### A

Alcohol and Substance Abuse

- A.1 Reduce underage and excessive alcohol consumption
- A.2 Reduce opioid related deaths

#### В

Behavioral Health

- B.1 Decrease suicide rates
- B.2 Improve social and emotional development of children and adolescents

#### C

Chronic Disease

- C.1 Improve access to healthy foods and physical activity
- **C.2** Improve self-management of chronic conditions
- C.3 Reduce tobacco use

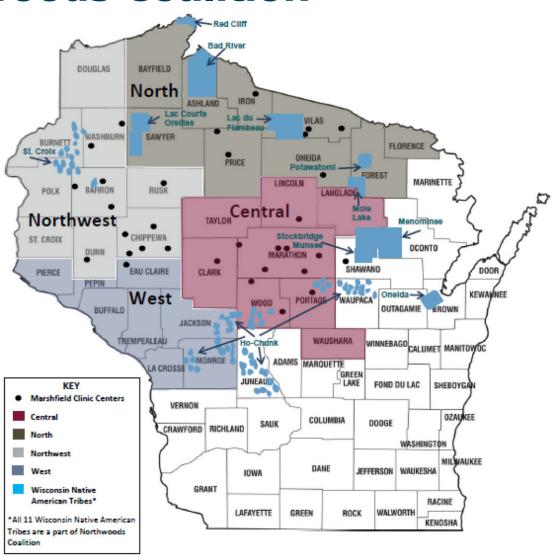

#### S

Social Determinants of Health (SDOH)

- S.1 Increase knowledge and awareness of health equity
- S.2 Connect clinical practice to community efforts to address SDOH barriers

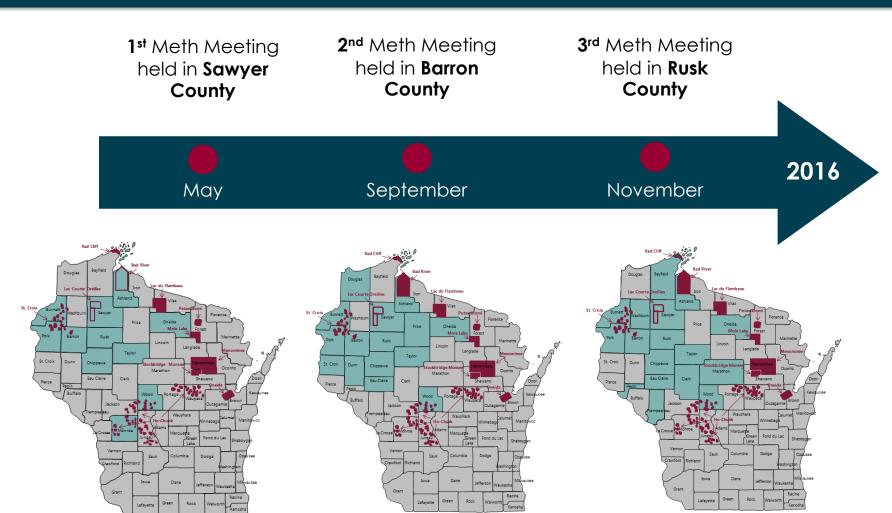

#### **Northwoods Coalition**

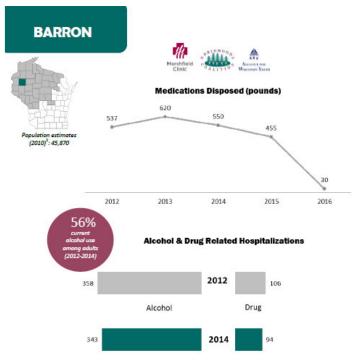

## **Methamphetamine Project Timeline - 2016**

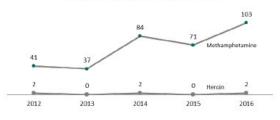

#### **2017 Northwoods Coalition Epidemiological Profile**

Northwoods Coalition Epidemiological Profile on Alcohol and Other Drugs, 2017 32

Alcohol	Barron	Northwoods Coalition	Wisconsin
Annual economic cost of excessive alcohol use (2013) <sup>2</sup>	\$63,500,000	\$1,476,500,000	\$6,800,000,000
Cost of excessive alcohol use per resident (2013) <sup>2</sup>	\$1,384.56	\$1,217	\$1,200
Alcohol licenses issued (2014-2015) <sup>10</sup>	156	5,267	16,934
Alcohol licenses per 500 population (2014-2015) <sup>10</sup>	1.7	N/A	1.5
Class A licenses issued (2014-2015) <sup>10</sup>	43	1,311	4,470
Class B licenses issued (2014-2015) 10	120	3,968	12,839
Prevalence of excessive alcohol consumption among adults (2006-2012)	23%	N/A	24%
Prevalence of current alcohol use among adults (2012-2014) <sup>10</sup>	56%	N/A	65%
Prevalence of binge drinking among adults (2012-2014) <sup>10</sup>	25%	N/A	23%
OWI arrests per 100,000 population (2014) <sup>10</sup>	118	N/A	431
Liquor law arrests per 100,000 population (2014) <sup>10</sup>	39	N/A	300
Alcohol-related hospitalizations (2014) <sup>10</sup>	343	9,938	46,532
Persons killed in alcohol-related crashes (2015) <sup>16</sup>	0	60	190
Persons injured in alcohol-related crashes (2015) <sup>16</sup>	28	709	2,872
Alcohol-related suspensions and expulsions in public schools (2013-2014) <sup>10</sup>	1	110	528

Prescription Drugs & Heroin	Barron	Northwoods Coalition	Wisconsin
Doses of prescription drugs dispensed per county population (July 1-September 30, 2015) <sup>15</sup>	24.08	25.03	28.43
Doses of prescription drugs dispensed per county population (July 1-September 30, 2016) <sup>15</sup>	22.46	23.08	26.38
Opioid prescriptions dispensed (2016) <sup>12</sup>	33,119	901,975	4,268,385
Controlled substance prescriptions written per 1,000 population (January-June 2013) <sup>8</sup>	732	N/A	572
Proportion of prescriptions written for narcotics (January-June 2013) <sup>8</sup>	59%	56%	55%
Proportion of prescriptions written for sedatives (January-June 2013) <sup>8</sup>	10%	10%	10%
Proportion of prescriptions written for stimulants (January-June 2013) <sup>8</sup>	11%	15%	15%
Proportion of prescriptions written for tranquilizers (January-June 2013) <sup>8</sup>	20%	19%	20%
Total pounds of medications disposed (2012-2016) <sup>3, 4, 7</sup>	2,192	86,442.95	455,962
Heroin crime lab cases (2012-2016) <sup>14</sup>	6	945	5,151
Heroin overdose deaths (2012-2013) <sup>1</sup>	1	50	433
Opioid-related hospitalizations per 1,000 population (2013-2014) 10	0.8	N/A	1.5

Methamphetamine	Barron	Northwoods Coalition	Wisconsin
Methamphetamine crime lab cases (2012-2016) <sup>13</sup>	336	3,103	4,000
Methamphetamine laboratory recovery sites (2013-2016) <sup>13</sup>	1	56	144
Grams of methamphetamine seized (2014-2016) <sup>4</sup>	349.27	N/A	N/A
Number of Drug Endangered Children (DEC) cases related to methamphetamine (2014-2016) <sup>4</sup>	178	N/A	N/A
Percent of high school students who have reported using methamphetamine in their lifetime (2016) <sup>4</sup>	3.7%	N/A	N/A
Methamphetamine arrests including paraphernalia, possession and intent to deliver (2014-2016) <sup>4</sup>	271	N/A	N/A

#### **Outcomes from the NWC Regional Meth Meetings**

w	Why you should "know Meth"				
Overall Key Message	Key Message (Social Impact)	Key Message (What you can do)			
Meth is a highly addictive stimulant that's impacting communities across W	Meth impacts more than the person who is abusing it	Pay attention – look for signs of addiction, use and trafficking			
What is it White, odorless, bitter, crystalline powder, when ingested (dissolved, snorted, injected, smoked) affects the brains pleasure centers creating a rush.	Children Neglected and at great riskt Children are left to fend for themselves. (Malnutrition, physical/sexual abuse, attachment/behavioral disorders, accidental ingestions, burns or death from cooking explosions) Insert Local Data	What to look for Possession of drug paraphernalia such as glass pipes, burnt spoons, cutoff straws or needles Burn marks on fingers or mouth Obsessively picking at hair or skin Changes in physical appearance Borrowing money often, stealing or selling items Strange sleep patterns Excessive Sweating Unhealthy weight loss Twitching, facial tics, animated or exaggerated mannerisms			
Who's Using Addiction does not discriminate! Methamphetamine addiction crosses all genders, races, classes, ages, neighborhoods and life experiences.	Crime To use, produce or deal meth may lead to increases in thefts, burglaries, homicides, or other criminal activity.  Insert Local Data	Report drug activity  If you see something, say something – work with law enforcement to report possible drug activity. They can't stop what they don't know!  Insert Local Contact Information (dispatch, Crime Stoppers, etc.)			
How does Meth impact user Caution: Meth users may become violent without provocation, or even suicidal. Other effects include: Short Term Effects • Wakefulness (not eat/sleep for days) • Increased energy (risky behaviors) • Increased beathing, heart rate and blood pressure • Increased body temp • Chemical burns Long Term Effects • Extreme weight loss • Severe dental "meth mouth"	Environment Discarded needles or manufacturing equipment causes a significant health risk!  Meth is frequently produced or cooked in homemade labs. Vapors can remain making these locations toxic. For each pound of meth produced, it creates 5-6 pounds of hazardous waste.  Insert Local Data	Get Involved!  Members of the Northwoods Coalition have joined local and regional resources to form a "meth task force" - For more information visit:  www.northwoodsocalition.org  Insert Local Coalition Information

**142** participants took part in a facilitated discussion process called *Mad Tea Party*.

## Northwoods Coalition kNOw Meth Recommendations Report

Marshfield Clinic Health System

### Northwoods Coalition kNOw Meth Report

Recommendations for Reducing the Use and Impact of Methamphetamine in Wisconsin

January 2018

### KNOW METH Kickoff January 11, 2018

#### What is Meth?

 Street names: meth, chalk, crank, crystal, glass, ice, up, speed and shards

Can be found in form of pills or a white or cloudy powder

 Crystal meth is similar to clear glass shards or shiny blueish white rocks

#### **How is Meth Used?**

- Taken orally, smoked, snorted or can be dissolved in water or alcohol an injected
- Smoking and injecting are the quickest ways to access the brain
- Frequently used with other substances including alcohol, cocaine, marijuana and heroin

## Why do People Use Meth?

- Immediate rush that causes intense euphoria
- Wakefulness leading to no sleep for days and even weeks
- Weight loss

### Wisconsin's Meth Source

 Is trafficked from Minneapolis and St. Paul, Minnesota to northwestern Wisconsin

1 gram of meth \$50-\$100 =

## One Pot or "Shake n' Bake" Method

Ingredients are poured into a plastic soda bottle (one pot) and then shaken (shake and bake)

### **Immediate Signs and Symptoms of Meth Use**

- Agitation
- Chest pain
- Dilated pupils
- Elevated body temperature and heavy sweating
- Excited speech

- High Blood pressure
- Hyperactivity
- Irregular heartbeat
- Loss of appetite
- Nausea, vomiting, and/or diarrhea
- Shortness of breath

### **Long-Term Effects of Meth Use**

- Anxiety
- Confusion
- Hallucinations and delusions
- Insomnia
- Meth mouth (severe tooth decay)

- Mood disturbances
- Paranoia
- Skin sores
- Violent behavior
- Weight loss

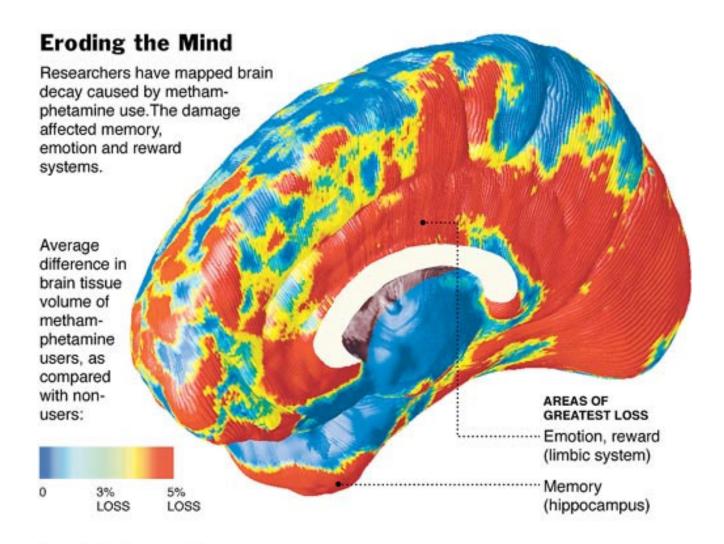

#### **Affect on Brain**

Source: Dr. Paul Thompson, U.C.L.A.

## **People Who Use Meth Might Have**

- Aluminum foil
- Cut straws
- Empty ink pens Glass pipes (used pipes may have a waxy, yellowish or white residue)
- Light bulbs with filament removed

- Syringes
- Small plastics bags and bag corners
- Hidden compartments in clothing or household items
- Unexplained financial problems
- Social isolation

### **Legal Consequences**

- Meth is a Schedule II controlled substance and has a high potential for abuse
- Possession of meth or a controlled substance analog of meth is a Class 1 Felony
- Punishable by a prison term of up to 3 years and 6 months and/or a fine up to \$10,000

#### **Wisconsin Data**

- Since 2011, availability of meth in Wisconsin has increased drastically between 250-300%
- From 2010-2014, grams of meth seized increased an alarming 1,592%

#### 2017

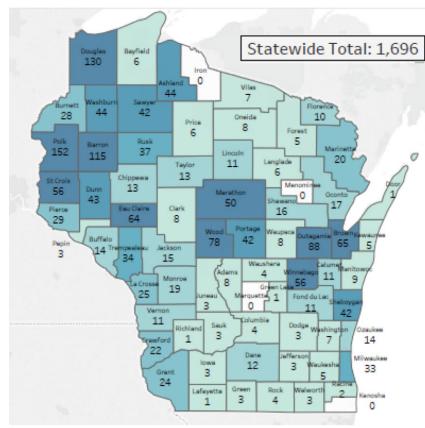

#### METH CASES BY COUNTY

\*Based on cases analyzed for 2010/2011/2012

## **About the KNOW METH Campaign**

#### The goals of KNOW METH are to:

- Raise awareness of methamphetamine use in Wisconsin
- Communicate the risks and dangers of use
- Get Wisconsin residents to take action

## **KNOW METH Prevention Campaign**

- Strategies and tactics that focus on generating awareness of the problem educate and that promote prevention in the fight against meth abuse
- Creative that will focus on ideas and subject matter that resonates with our primary target of Adults (25-44)
- Creative deliverables that will look to first create awareness for the KNOW METH theme during the initial phase of the launch, emphasizing education and prevention measures

### Why KNOW METH?

#### **KNOW METH means:**

- KNOW the facts or realities about meth abuse in the targeted areas, which may come as a shock to people living there
- KNOW that we're telling it like it really is in the face of misperceptions
- KNOW the life-altering and deadly consequences that can result from meth abuse

- KNOW the tremendous financial toll that meth takes not only on its abusers and their families, but on their communities and the state as a whole
- By providing audiences with the hard facts, they will say NO to meth and motivate them to take action to help reduce the negative impact of meth in their area
- Parents, guardians, influencers can explain the negative impact of meth to children so that they will also say NO when pressured or given the opportunity to use meth

#### **Collateral Materials**

#### **Collateral Materials**

#### **Television**

KNOW METH: *Altered State* 30-second TV commercial <a href="https://www.youtube.com/watch?v=xs6sSnE4\_jU&feature=youtu.be">https://www.youtube.com/watch?v=xs6sSnE4\_jU&feature=youtu.be</a>

#### **Radio**

KNOW METH: *Altered State* 30-second radio commercial <a href="https://www.youtube.com/watch?v=S\_p9VhWM84E&feature=youtu.be">https://www.youtube.com/watch?v=S\_p9VhWM84E&feature=youtu.be</a>

## **KNOW Meth Materials Online Ordering Portal**

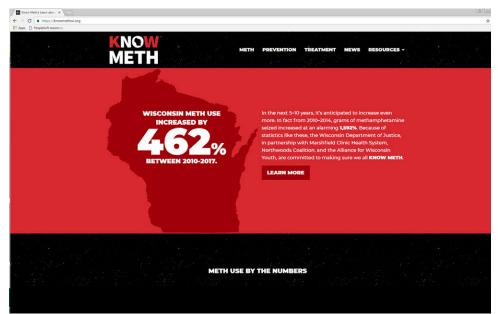

- The KNOW Meth campaign website has all of the materials that can be downloaded at: <a href="https://www.KNOWMETH.org/materials">www.KNOWMETH.org/materials</a>
- The portion of the site requires a log-in. Enter your e-mail address with the password: knowmeth2018

#### **Earned Media**

- KNOW METH Television Featured Report on WAOW ABC News:
  - METH: A CRISIS IN OUR COMMUNITY
- Aired in Eau Claire, Fond du Lac and Wausau

Meth Special Report (Entire Show): 9/18/18

### **Digital Campaign**

#### **Display Ads**

- 9,878,888 impressions to audiences within the targeted geography
  - Desktop, tablet and mobile devices
- Over 9,805 clicks for a 0.11% click through rate overall

We've seen excellent results with mobile placements, ending with a **0.12% CTR** 

### **Digital Campaign**

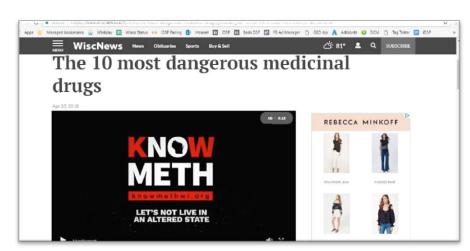

#### **Video Spots**

- 1,258,202 impressions to audiences within the targeted geography
- 753,927 have been watched to completion, a
   70% completion rate

The 15 second version is currently at a 67% completion rate

## **Campaign Engagement**

#### **Analytics for knowmethwi.org**

Sessions: 8,845

Page views: 16,651

Users: 7,404

Avg. of **91%** of visitors are new visitors

## **Campaign Engagement**

#### **Analytics for knowmethwi.org**

- August 2<sup>nd</sup> had the most users of any day with 142
- Direct traffic to the site accounted for 59% of total site traffic
- The Home Page was the top viewed page on the site followed by the Know Meth Page and the Resources Page

### **KNOW METH Trainings for Law Enforcement**

- 3 regional trainings for law enforcement and criminal justice partners in summer of 2018
- Topics included:
  - Clandestine Labs: Safety & Awareness
  - Drug Endangered Children: Meth & Child Victimization
  - Case Study on Meth Investigation
  - Fentanyl: Trends, Dangers, and Response
  - Meth Prosecutions
  - Treatment & Diversion Courts

## **Meth Container Program**

- DOJ with local law enforcement partners launched the container program in August of 2018 with the Drug Enforcement Administration to save local law enforcement time, money, and increase safety.
- Six sites in Wisconsin including Barron, Brown, Dane, Eau Claire, Marathon, and Vernon Counties

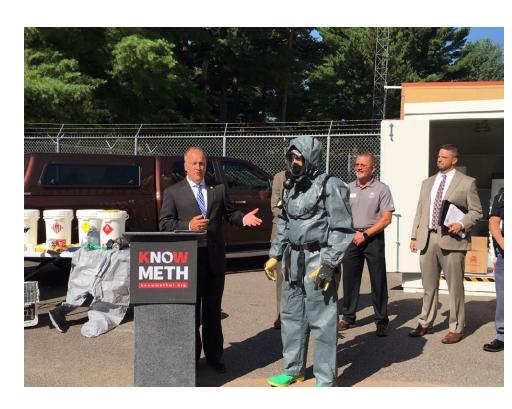

## NPLEX System & Smurfing

- DOJ and legislators helped pass 2017 Wisconsin Act 98
- KNOW METH Report Recommendation
- Mandated that all pharmacies must submit purchases of pseudoephedrine to the online NPLEX system
- NPLEX been a great tool and time saver for law enforcement to connect cases where meth cooks send out smurfs to purchase
