Knowledge mobilization plan

INSTRUCTIONS: This form can help you think through different ways to mobilize knowledge and create a solid plan for moving ahead. If you are considering multiple target audiences, you may want to complete individual plans to guide specific activities for each of these knowledge user groups. Or check out Appendix A for an alternate way to sort through your various strategies to reach different audiences.

Audience Who are you trying to reach? Is there a tailored message for this audience?	Strategy How will you get your message(s) across? What strategies will work best for this audience? Consider how each strategy links to your overall goal.	Target How many conferences and workshops do you want to deliver? How many users do you want to reach?	Budget and resources E.g. honoraria, information technology, materials, meeting expenses, personnel or human resources, timing, travel, volunteers, etc.	Timeline When do you anticipate executing your strategies?
