THE HEARTRIDGE ADVANTAGE

CONSTRUCTION

Reflecting the true nature of real wood, no pattern is repeated on any one plank, bringing the authentic character of timber into your home.

Inspired by timber flooring, each plank is separated by a micro bevelled edge to add a genuine finish.

Built to last with a 30 Year Surface Guarantee you can feel at ease knowing your floors will stand the test of time.

With embossing on every plank that follows the feel of real wood, your laminate floors will look natural down to the last detail.

Heartride Laminate floors require no glue and are equipped with a drop lock to securely join each plank together.

Proven to perform in light commercial applications with an AC4 Heavy Duty Wear Rating, you can be confident Heartride Laminate will stand the test of daily family life. The large 2.26m long boards use a drop lock system which makes our flooring simple to install. Once installed, a wipe with a damp cloth is all your floors will need to stay clean and your home beautiful.
