STUDYING WITH ATC IN IRELAND

COURSE CURRICULUM

Our curriculum is based around the CEFR (Common European Framework of Reference for Languages), and focuses very much on student-centred learning and the attainment of specific communicative goals. Our teachers use methodologies such as CLT (Communicative Language Teaching), TBL (Task Based Learning), and CLL (Co-operative Language Learning).

LEVEL TESTING

Before arriving in ATC, students take an online placement test to assess their knowledge of grammar and vocabulary. On their first day of school, they will meet with a teacher and have a short conversation. The teacher will assess their listening and speaking skills, and ask them about their specific learning needs. They will then be placed in a class appropriate to their ability and needs.

CLASS STRUCTURE

Each lesson is 60 minutes. Classes are available at all levels year round. ATC classes hold a maximum of 15 students, but you can expect an average of 10 to 12 students in class at most times of the year.

PROGRESS OF LEARNING

Assessment of progress is done in class every week. Particular focus is put on students' progress in their speaking and writing output. Each week students are given structured feedback from their teachers on their speaking and writing skills. ATC aims to see students improving at a rate of one level per 8-12 weeks.

CERTIFICATION

All students receive a certificate of attendance on completion of the course, which includes a short didactic report. All reports include the number of hours studied, which may be used for credits on return to educational establishments at home.

"I really like the variety in the classes, we are involved in different things like teamwork, grammar exercises, games, progression tests every Friday, so that's what makes it interesting." Juliet, Germany

OUR SCHOOL IN WINCHESTER

ATC LANGUAGE SCHOOLS - WINCHESTER

ATC Winchester was founded in 1989 and is a small and friendly school where students learn in a relaxed environment. ATC Language Schools continues to ensure the strong ethos and philosophy of the school continues long into the future.

ATC Winchester is a school which cares about its students. We limit the number of students in the school to 40 in order to guarantee a friendly working atmosphere in which students are able to progress as quickly as possible.

The school is situated about a 10 minute walk from the main shopping area of Winchester, in a mainly residential area. It is also a conservation area as many of the houses are considered to be historically important. The school building is more than 100 years old and before it became a school it was a family home. It still has a strong family feel – the kitchen, as in most homes, is the focal point of school life! Just like at home, you can help yourself to tea and coffee – and it's free!

During peak times additional classroom space may be used outside of the main school building.

The junior curriculum is based on the CEFR (Common European Framework of Reference for Languages), and aims to develop students' communicative abilities in English and to broaden their understanding of Irish culture.

This programme is available to groups from September to June in both of our schools in Bray or Dublin. Junior students are provided with bed and breakfast, packed lunch and an evening meal each day of their stay and they live as part of the family they are placed with.

Tuition can take place in the morning or the afternoon and can be 15-20 hours depending on the groups' needs. The lessons emphasise culture and conversation through project work and the language work focuses on oral and aural skills.

We have a dedicated Junior Programme Manager in both our Bray and Dublin schools. They work closely with groups in advance of their arrival to ensure that a comprehensive social and cultural programme is in place for them once they arrive at ATC.

At ATC through the continued development of our curriculum and syllabus we always look to offer exciting programmes to all our junior groups. Of great interest to students and schools alike are the Erasmus+ (2014-2020) programmes. This EU programme for education, training, youth and sport is aimed at boosting skills, employability and supporting the modernisation of education, training and youth systems.

All of these programmes come under our 'World of Work' headline title and the hours of this programme are certified. The programmes can be tailor made to fit the needs of each school or group in addition to being scaled up or down to suit time and budgetary constraints.

Through ATC's 'World of Work', the students will have the opportunity to improve their oral and written communication, take part in case studies and generate ideas about what they want from their future careers. The programme aims to stimulate creativity in the students through a combination of presentation followed by collaborative working.

Course content includes an in-house developed syllabus with lessons on 'World of Work', such as interview skills, writing a Curriculum Vitae and communication in the workplace, as well as alternative career options and beginning a start-up company in Ireland.

Further information on this programme, including PIC number for Erasmus+, can be found on our website, in our tariff book or by contacting the office.
