## Book Ordering Deadline

All books must be **received** before the Orientation on August 22nd. Students will be assigned homework that day that will need the textbooks. Please order early! (We do not suggest, however, that you order before June 1<sup>st</sup>, in case of class cancellations.)

## Loaned Books

If a book listed below says “Loaned by LV”, your child will receive it at the orientation. Our supply is limited. If we are not able to supply a copy of the text for your child, you will be notified, and you will need to purchase it online. These can easily be found used at Amazon.com.

## Novels

You may purchase any novels listed for classes below or check them out of your local library when the time comes for them to be used in class.

## Errors

If you run across any errors in the ISBN numbers below, please email us right away at [admin@thelearningvine.org](mailto:admin@thelearningvine.org)

## Mathematics

**Note for Grades 1-5 Math:** There are two types of homeschool packages available for *Math in Focus*. You may choose either one for your home use. The first one listed comes with an answer key, but not a teacher's guide. The second option listed comes with the teacher guides, which also contain the answers. It is more expensive than the first option. We recommend the second option for those who may not feel equipped to teach this level of math without one. Remember that there will also be a digital component that will provide detailed instruction for each lesson.
