ENGAGE 2019

Certain information set forth in this presentation may be “forward-looking information.” Except for statements of historical fact, information contained herein may constitute forward-looking statements. Forward-looking statements are not guarantees of future performance and undue reliance should not be placed on them. Such forward-looking statements necessarily involve known and unknown risks and uncertainties, many of which are and will be described in Smartsheet’s filings with the US Securities and Exchange Commission, and these risks and uncertainties may cause actual performance and financial results in future periods to differ materially from any projections of future performance or results expressed or implied by such forward-looking statements. Although forward-looking statements contained herein are based upon what Smartsheet management believes are reasonable assumptions, there can be no assurance that forward-looking statements will prove to be accurate, as actual results and future events could differ materially from those anticipated in such statements. Smartsheet undertakes no obligation to update forward-looking statements except as required by law.

ENGAGE 2019

The Accelerator for IT PMO: Optimize Your IT PMO Operations, Fast

Olivia Spokoiny

Technical Enablement Manager

Learning Objectives

- Describe how the Accelerator drives consistency at scale
- Automate work processes for key PMO stakeholders
- Enhance portfolio-level reporting & visibility
- Manage change at scale with Global Updates

A Smartsheet Accelerator is a pre-configured solution that provides a comprehensive framework and built-in best practices to solve business challenges.

IT PMO: the problem

- No repeatable structure
- Lack of automation
- Lack of real-time visibility
- Inability to adapt to change quickly

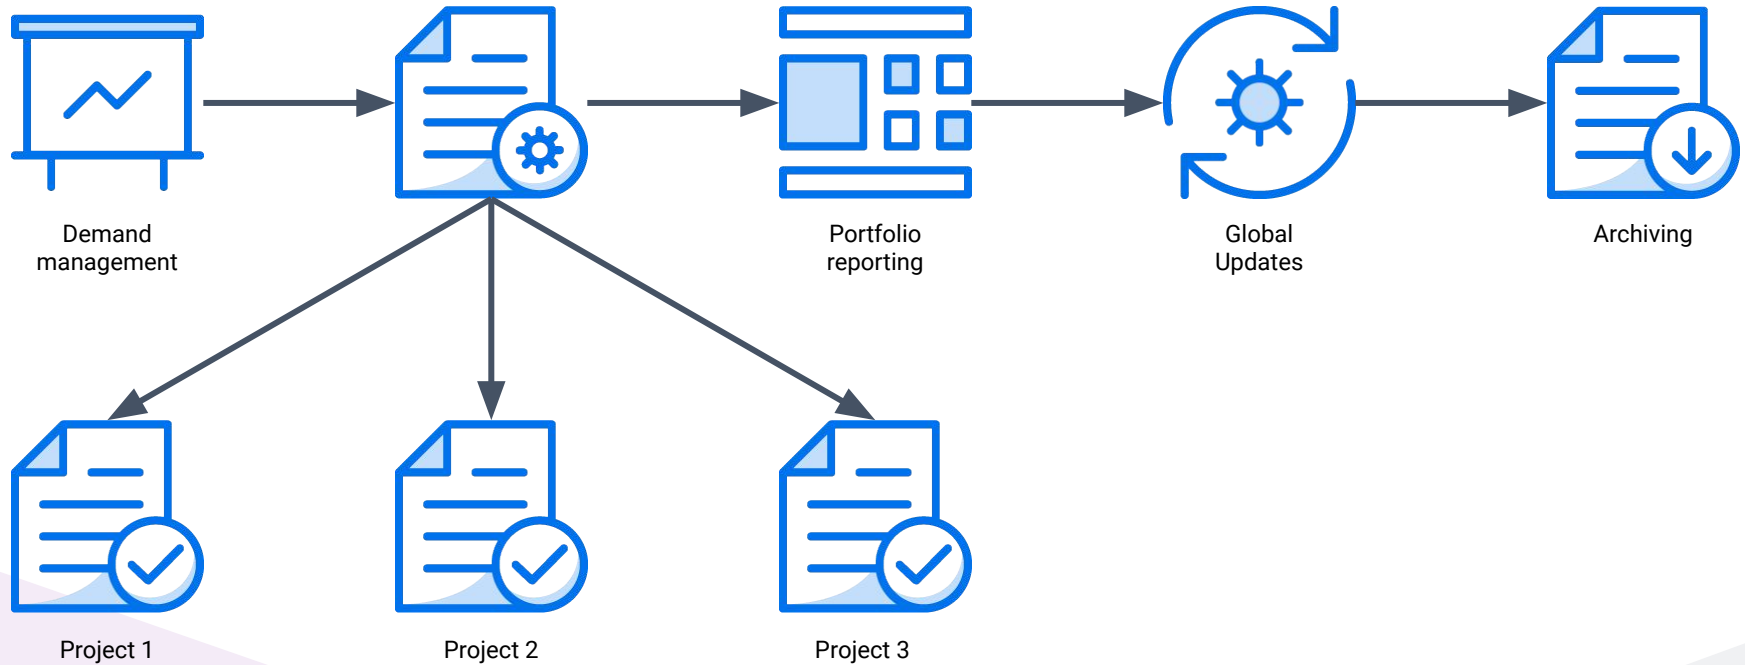

IT PMO: the solution

- Streamlined intake process and project structure
- Automated approval workflows
- Project and portfolio-level reporting
- Ability to manage change at scale
