

THE
Fountain
ON
Locust

A decorative title for 'THE Fountain ON Locust'. The text is rendered in a mix of serif and cursive fonts, enclosed within a white, ornate, swirling frame. At the bottom center of the frame is a small icon of a fountain. The background is black, adorned with several white and blue starburst shapes.

Welcome to *The Fountain on Locust*

The room you're sitting in right now was constructed in 1916 as one of the many car showrooms of Locust Street's Historic Automotive Row.

Our building housed The Supreme Car Co. which sold the Stutz Blackhawk and the Stutz Bearcat, both considered top-of-the-line high performance sports sedans of the day. Typically, two cars were on display and if you wanted one, they would build yours to order in the back garage space.

Just like the care that went into each custom built Stutz, we create our own handcrafted ice cream sauces, chocolates and delicious and unique, freshly made-from-scratch foods.

Our entire staff shares the desire to serve you the highest quality food, drinks and dining experience.

We always say, "If you enjoyed your visit, please tell a friend. If you didn't, please tell us!"

Whether you're here for lunch or dinner, business or romance, be sure to try one of our signature Ice Cream Martinis, Retro Cocktails or Champagne Floats. We invite you to sit in the west side bar booths to listen to the only Restaurant Radio Comedy Serial, "Soap Hospital," with a new episode every two minutes! We want every visit you make to be an experience like no other, like *The Fountain on Locust* itself!

And always leave room for a special Fountain ice cream — voted St. Louis' best!
