Welcome

2016 brings our 8th sale... This year we are proud to say that we have a lot of older, broke and seasoned horses for the sale. We also still have some great prospects to offer as well and don't forget about the cute little ponies!

At our sales in the past we have had a lot of requests for older, more seasoned, quiet family horses and that is what we have to offer you at this sale.

We feel that our sale offers you the buyer, a high quality of performance horses. A lot of the horses are seasoned and well broke horses, that you the buyer, can take home and go to work with. We have invested a lot of time and feel that you can take them home and be confident in using them for pleasure, on the trail or on the ranch.

In addition, we also have some well-broke ponies. As well we offer some older seasoned ponies that you and your family can enjoy.

All the horses are for sale and there is "no reserve" on any of them. We urge you talk to us or come out and try the horses at our ranch. You are also welcome to come to the Two Hills grounds on May 14th to try the horses out before the sale starts.

Enjoy the older seasoned campaigners as these horses will make your family very happy, they are experienced and will allow your family to enjoy riding without having to worry about a colt moment. Enjoy your purchases—we have worked hard to provide you with a wide variety to choose from.
