Introduction

About this book:

This book contains a 26 upper and lower case letter find pages intended for use with children in Preschool, Kindergarten (Prep) and Grade 1.

Directions for use:

Children find and circle the upper and lower case focus letters; they can use highlighters, dot paints, stickers or simply circle each letter found. Once all the letters on the page have been found, children write the number of times they found each upper and lower case sets in the circles located on the left hand side.

I have left these worksheets without instruction so that you can help children develop any other skills you wish. If children require additional practice writing letters, you can ask them to rainbow trace the large letters in the middle; otherwise, they can colour simply colour them. You might also have children draw certain shapes around each letter, instead of simply circling them. Or you might ask them to colour each letter a specific colour.

Happy Teaching :)
