Partnering in the Pursuit of
EXCELLENCE

Levels 2, 3 and 4
Application

Applying for a TNCPE Award

Award application requirements become more involved as award levels increase. To participate, an organization must submit an application appropriate for the award level to which it is applying.

Submitting an Application

Applications for the TNCPE Award Program consist of two parts:

Part 1 Intent to Apply/Eligibility Form

\$250 Intent Fee

Part 2 Application Form

Organizational Profile and Criteria response

Application Fee (see page 5)

Responding to the Criteria

Your response to the Criteria for Performance Excellence depends on the award level sought. Additional information on the requirements for the Organizational Profile and the Criteria response can be found on page 4 of this packet. The diagram on page 2 of the TNCPE Baldrige Excellence Framework book will help you determine which elements of the Criteria must be addressed in your application.

Application Review Process

Applications are reviewed and evaluated in a five-stage process by members of the TNCPE Board of Examiners. Examiners have been specially trained in the TNCPE Baldrige Excellence Framework and adhere to strict rules regarding confidentiality and conflicts of interest during each stage of the review process.

Stage 1 – Independent review and evaluation by each member of an examiner team

Stage 2 – Consensus review and evaluation by an examiner team

Stage 3 – Site visit review by an examiner team

Stage 4 – Feedback Report preparation by an examiner team

Stage 5 – Panel of Judges reviews and determines award levels

Site Visit

Each TNCPE evaluation includes a site visit. A team of examiners will spend one to three days (based on the award level sought) at the applicant's worksite to gain a better understanding of operations and processes.

Applicants will receive a site visit agenda at least one week in advance of the site visit. The agenda may include a schedule of planned visits to facilities and operating units, a list of officials to be interviewed, and the names of examiners scheduled to participate.

Applicants must pay a Site Visit Fee based on the application level and the number of full-time equivalent employees (see page 5). Organizations located outside of Tennessee must pay an additional travel fee of \$1,000. Applicants will be invoiced by TNCPE following completion of the site visit.

Feedback to Applicants

At the conclusion of every evaluation, the applicant receives a written assessment by the examiner team called a Feedback Report. Each Feedback Report contains applicant-specific strengths and opportunities for improvement based on the TNCPE Baldrige Excellence Framework. The Feedback Report is one of the most valuable features of the TNCPE Award Program, as it may be used by applicants as an input to the strategic planning process in order to help organizations focus on their customers and improve overall performance.

Feedback Reports are mailed to applicants after the site visit, judging, and editorial processes are complete. Strict confidentiality is observed at all times.

Interest Award (Level 2) Applicant Workshop

To help beginning-level applicants understand and prioritize the feedback they receive, the Level 2 Site Visit Fee includes a half-day workshop delivered onsite to the leadership team after they have received and reviewed the Feedback Report. During the workshop, a trained TNCPE facilitator will guide the organization through a step-by-step process to prioritize short- and long-term actions plans that will improve the organization, in response to the examiners' feedback.

Supplying Volunteer Examiners

As a nonprofit organization, our volunteer workforce--the Board of Examiners--is the engine that drives us. This group of quality-driven professionals collaborates to assess the businesses and organizations that apply to the TNCPE Award Program each year. They're also in charge of developing the valuable Feedback Reports that applicant organizations use to streamline their processes, empower their workforces, and achieve the results they want.

Examiners come from all industry sectors across the state of Tennessee and from other states, as well. They will tell you they applied for the board because they were looking for a professional challenge that would expand their knowledge base, enhance their personal effectiveness, and sharpen their competitive edge. In addition, they like the idea that they play a key role in making the Southeast region a better place to live and work.

To help maintain a robust and active workforce, we rely on Level 3 and Level 4 applicants to provide Examiners for the next TNCPE award cycle. The Board of Examiners works best when there is a balance of new and experienced examiners, so we encourage organizations to send examiners who have served in the past, in addition to those who are new to the program. Many examiners return year after year because they find their service to TNCPE to be an unparalleled professional development experience, as well as an opportunity to benchmark and network.

Employers find that having TNCPE examiners on staff enables them to integrate the Criteria's improvement more quickly and accelerate the quest for excellence. Hear what TNCPE examiners say about their experience by visiting our [YouTube Channel](#).

Promoting Excellence

Regardless of award level, all TNCPE applicants demonstrate a commitment to excellence. We encourage all winning organizations to promote their achievements and the benefits of the Baldrige Excellence Framework.

TNCPE urges award recipients to publicize their awards and to share non-competitive information about their successful performance strategies with other organizations.

Excellence Award winners are invited to participate as presenters in the TNCPE Excellence Conference and host a Best Practice tour during the year following their achievement.

Award Application Requirements by Level of Review

This table shows the requirements and review process for each application level (as described on the previous pages). The diagram on page 1 of the TNCPE Baldrige Excellence Framework book may help Level 2, 3 and 4 applicants determine which parts of the Criteria must be addressed in their application.

2021 Award Program Fees

In keeping with TNCPE's philosophy of encouraging participation in the Award Program, the Board of Directors strives to maintain affordable program fees.

In addition to an Intent to Apply Fee, applicants pay an Application Fee and Site Visit Fee, related to the application level and workforce size. TNCPE Members receive a 20% discount on the Application and Site Visit Fees.

Intent to Apply/Processing Fee

A \$250 Intent to Apply Fee is required with the Intent to Apply/Eligibility Form to cover costs associated with initial processing and eligibility determination.

Application Fee

The Application Fee should be submitted to TNCPE with the application. Use the table below to determine your Application Fee.

Site Visit Fee

The Site Visit Fee covers site visit expenses. Applicants outside of Tennessee must pay an additional \$1,000 travel fee. Applicants will be invoiced for the Site Visit Fee following completion of the site visit. Use the table below to determine your fee.

Workforce Size

Workforce size is based on the number of full-time equivalent (FTE) employees working for the applicant. FTEs are defined as those who regularly work 37.5 or more hours a week and are entitled to benefits such as paid vacation, sick leave, and insurance coverage.

Each instance of job sharing, where multiple individuals fulfill the responsibilities of a single position that require 37.5 or more hours per week, is counted as one FTE.

Sample Applicant

How do application fees break down in real life? Let's say, in 2021 a TNCPE member organization with a workforce of 260 full-time employees applies for a Level 3 TNCPE Award. Here's how it would look:

\$250 May 31: Intent to Apply Fee due with Intent to Apply/Eligibility Form

\$2,880 Aug 2: Application Fee due with award application
\$3,600 minus 20% Member Discount

\$2,160 Late September: Site Visit Fee due upon receipt of TNCPE Invoice
\$2,700 minus 20% Member Discount

Total Fees: \$5,290

Preparing Your Award Application

Please use the following guidelines and forms as you complete the Organizational Profile and Criteria response portions of your TNCPE Award application.

Intent to Apply/Eligibility Form

Prior to submitting an award application, applicants must submit the Intent to Apply/Eligibility Form (including supplementary attachments) and Intent to Apply Fee to allow TNCPE to confirm your eligibility for an award.

Supplementary attachments include:

- description of the nature of the organization’s business, including major markets, key competitors, key customers, and key suppliers/partners,
- organizational chart or charts,
- explanation of relationship to parent organization, if appropriate.

See items 12 and 13 on the next page for further details.

Organizational Profile

The Organizational Profile is a required part of all award applications and must be submitted along with the Application Form, Application Fee, and Criteria response.

- The Organizational Profile must be no longer than 5 pages and respond to the questions on pages 4-6 of the Criteria.
- Inclusion of a glossary of terms and abbreviations, as well as an organizational chart, is strongly encouraged. The glossary and organizational chart do *not* count in the Organizational Profile’s 5-page limit.
- The number of pages in the Organizational Profile does NOT count toward the page limit in the organization’s Criteria response.

Criteria Response

Applicants will submit a Criteria response appropriate to their application level. Please use the table provided to determine page count and response requirements. The page limits include pictures, graphs, figures, data tables, and appendices. Page limits do *not* include the Application Form, the five-page Organizational Profile, a glossary of terms and abbreviations, or an organizational chart. The Item Format diagram on page 2 of the TNCPE Baldrige Excellence Framework book may be helpful as you determine the scope of your response.

Award Level	Criteria Response Requirements
Commitment (Level 2)	Organizational Profile plus up to 15 pages addressing the <i>basic</i> item questions
Achievement (Level 3)	Organizational Profile plus up to 35 pages addressing the <i>overall</i> item questions
Excellence (Level 4)	Organizational Profile plus up to 50 pages addressing the <i>multiple</i> item questions

The Criteria response must be submitted with the Organizational Profile, Application Form, and Application Fee. The Criteria response should follow these guidelines:

- Must respond to a 2021-2022 version of the TNCPE Baldrige Excellence Framework.
- Must be typed, using a font size no smaller than 10 point.
- Charts, graphs, tables, and other figures must be legible, using a font size no smaller than 8 point.
- Should identify the category and/or item number designation.
- Must not exceed the applicable page limits. Applicants may present fewer pages than noted if they wish.

Organizing the Application

A glossary of terms and abbreviations is highly recommended. Glossaries, title pages, organizational charts, and tables of contents are not counted in the page limit. All remaining pages should be consecutively numbered from start to finish.

Electronic materials must be saved in one PDF file and emailed to contact@TNCPE.org by the deadline on the Application Form. Please do not send a PDF of a scanned document.
