LG G3

AT&T Ready2Go

Set up your device quickly and easily by using Ready2Go:

- Set up Email accounts and Facebook®
- Sync your contacts and calendar
- Connect to Wi-Fi®

You can use Ready2Go when you first activate your device or open it later from the app tray. The wizard will guide you through the setup process.

Note: To skip the wizard, tap **Remind Later** > **exit**. To return to the wizard from the home screen, tap  > .

Customize Your Phone

Customize your phone by adding app shortcuts and widgets to your home screens.

Home screen

- ① Press and hold an empty spot on a home screen and choose a category:
 - **Apps:** Add shortcuts from the app tray.
 - **Widgets:** Add dynamically updating widgets.
 - **Wallpapers:** Change your wallpaper.
- ② To move an item, press and hold it and drag it to a new location. To delete it, drag it to **Remove**.

Your Sounds

From the home screen, press and hold  and tap **All settings > Sound**. You can change your ringtones, set notification sounds, and adjust your touch feedback options.

Touch Screen

KnockON

KnockON is enabled at default. Double-tap an empty part of the screen or the top bar to lock the phone. Double-tap again to wake it.

Notifications Panel

Tap to adjust your Quick Settings

Access all settings

Tap to respond to a notification

Remove all notifications

Swipe left or right to remove a notification

Camera, Video, and Sharing Photos

Share photos

- ① Tap the thumbnail in the lower right of the screen.
- ② Tap .
- ③ Tap an option and follow on-screen instructions.

Transfer Music and Pictures

- ① Connect your LG G3 to your computer with a USB cable. Steps may vary depending on your operating system.
- ② You may be prompted to install PC programs. Tap **OK > Media device (MTP)**.
- ③ On your PC, choose **Open device to view files** using Windows Explorer.
- ④ Your phone will appear as another hard drive on your computer. Click on the drive to view it.
- ⑤ Drag and drop your files* into the corresponding folders, such as Music, Movies, or Pictures. You can also transfer files from your PC to your phone.
- ⑥ When you're finished, swipe down on top of the screen. Tap **Media device (MTP) > Charge phone**. You may now unplug your device.

*Files must be Digital Rights Management (DRM) free.

Calls and Voicemail

Visual Voicemail

View your voicemail messages as a list in your mailbox and play them in the order you like.

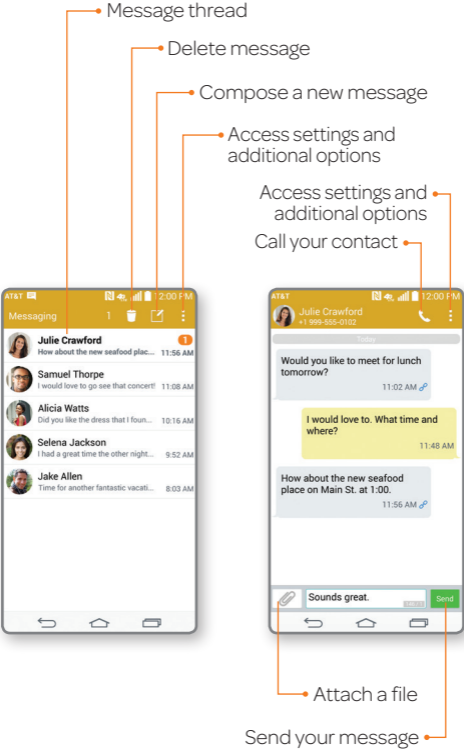

From the home screen, tap  > .

Make a Call

Note: To reset your voicemail password, go to att.com/resetvm.

Text Messaging

Please don't text and drive.

Messaging rates apply.

Email

- View folders and additional email accounts
- Refresh your inbox
- Compose a new email
- Access settings and additional options
- Choose a recipient from your contact list

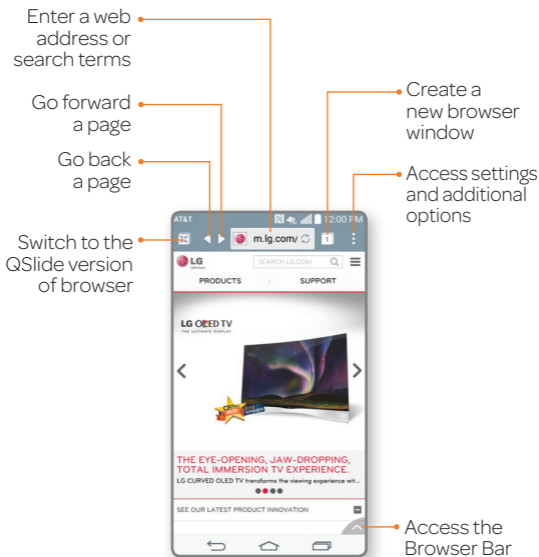

Attach a picture or other file

Send your message

Note: Contact your IT administrator to help set up your corporate Microsoft® Exchange account.

Web

Note: To disable the Browser Bar, swipe up on  >  > **Toolbar**.

MBM64519101(1.0)

Input Language

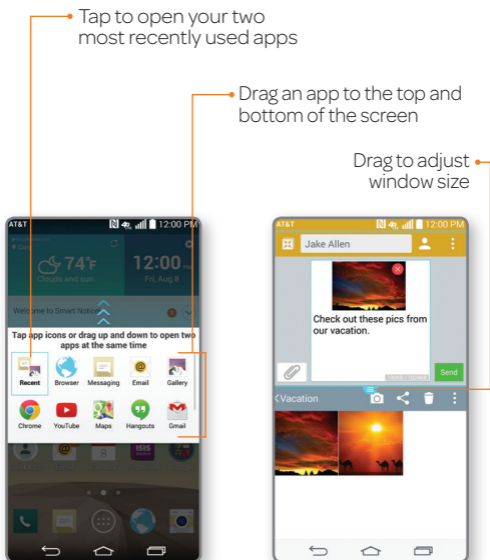

Change Device and Input Language

- ① From the home screen, press and hold  and tap **All settings > General > Language & input**.
- ② To change the device language, tap **Language**.
- ③ To change the keyboard input language, tap  next to the desired keyboard.
- ④ Tap **Input language and keyboard layout**.
- ⑤ Tap a language to select it. You can change languages by tapping  when you have a keyboard open, for instance while typing a text message.

Dual Window

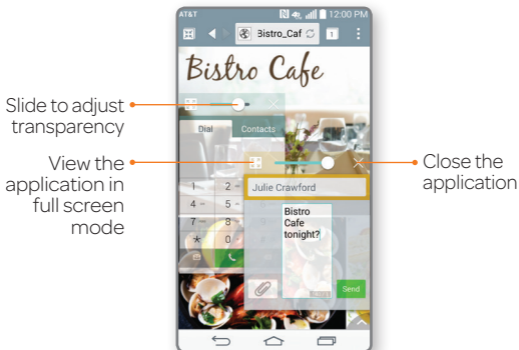

Interact with two apps at once. To launch Dual Window, press and hold .

QSlide Function

The QSlide function enables an overlay on your phone's display for easy multitasking. You can open two QSlide apps on top of a third app from your library.

QSlide apps

Knock Code™

Get direct access to the home screen while keeping your phone secure.

Setup

- ① From the home screen, press and hold  and tap **Lock screen settings > Select screen lock > Knock Code > Next**.
- ② Follow the on-screen prompts to set up a Knock Code and backup PIN.

Use

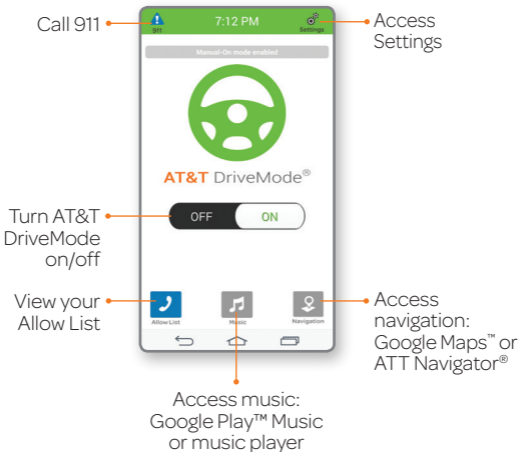

- When the screen is dark, enter your Knock Code anywhere on the screen.
- If you enter your Knock Code incorrectly 5 times, you'll be prompted to enter your backup PIN.

AT&T DriveMode®

When your vehicle is in motion, automatically respond to incoming calls, texts, and emails.

AT&T DriveMode is free to AT&T customers. Standard data and messaging rates apply to auto-reply messages.

Wi-Fi and *Bluetooth*[®]

Connect to Wi-Fi

- ① From the home screen, press and hold  and tap **All settings** > **Networks** > **Wi-Fi**.
- ② Tap  to turn on Wi-Fi.
- ③ Tap a network name. Enter a password if required and then tap **Connect**.

Use *Bluetooth*

- ① From the home screen, press and hold  and tap **All settings** > **Networks** > **Bluetooth**.
- ② Tap  to turn on *Bluetooth*.
- ③ The LG G3 will automatically search for devices. Tap a device to pair. See the *Bluetooth* device's user manual for more information on pairing.

Network Indicators

Your 4G LTE wireless device will indicate which of the AT&T wireless networks you are connected to. A network indicator does not necessarily mean that you will experience any particular upload or download data speeds.

 **4G LTE:** Connected to the AT&T 4G LTE network.

 **4G:** Connected to the AT&T HSPA+ network. The AT&T HSPA+ network is capable of delivering 4G speeds when combined with enhanced backhaul. 4G availability is increasing with ongoing backhaul deployment.

 **E:** Connected to the AT&T EDGE/2G network.

Actual data upload and download speeds depend on various factors, including the device, network utilization, file characteristics, terrain, etc. Learn more at: att.com/learn/articles-resources/wireless-terms.jsp, your AT&T Wireless Customer Agreement, Section 3.2 "Where and How Does AT&T Service Work?"

4G LTE not available everywhere. LTE is a trademark of ETSI. Learn more at att.com/network.

Google Play™ Store

Once you have set up your Google™ account, you can download apps, music, movies, and more from the Play Store.

Notes:

- To purchase a paid app, you will need to set up a payment method with Google Wallet™.
- You may want to download apps over Wi-Fi to save on your data plan usage.

AT&T Services

AT&T offers a multitude of apps designed to make your everyday life easier.

myAT&T: Track your usage, review and pay your bill, and update your data plan services.

AT&T Mobile Hotspot: Share your mobile network data connection with other Wi-Fi devices.

AT&T Locker™: Safely store and share all your photos, videos, and documents with up to 5 GB of free storage.

AT&T Mobile Locate: Back up contacts and media, locate a lost device, and get device support.

AT&T Navigator®: Get voice-guided, turn-by-turn driving directions and traffic updates.

Mobile TV: Watch LIVE, on-demand, and downloadable mobile TV.

AT&T Smart Wi-Fi: Maximize your battery performance and data plan, simplify access to AT&T Hot Spots and Wi-Fi networks, automate your Wi-Fi connections, and track your data usage.

Data rates may apply. Mobile TV and AT&T Navigator require a separate subscription. Mobile TV requires mobile broadband service. Service not available in all areas. Programming subject to blackout restrictions. Download and watch capability available for select content, requires Wi-Fi connection, and is available for viewing for limited time periods.
