§712. Alternative Therapy and Collaborative Treatment

A. Alternative therapy and/or collaborative treatment may be performed by a layperson (a person not licensed, registered, or certified by the board) only with an order or prescription from a Louisiana licensed, supervising veterinarian who has first established the veterinarian-client patient relationship, and can be performed only under such supervising veterinarian's direct supervision and with the written

informed consent of the owner of the animal (client) or his duly authorized agent. The layperson must possess a license, registration, or certification issued by another Louisiana regulatory authority, or he must possess verification of an educational level acceptable by the board, in the subject matter of the alternative therapy and/or collaborative treatment at issue.

B. Direct supervision as used in this Section means the supervising veterinarian must be on the premises where the alternative therapy and/or collaborative treatment are being performed and is directly responsible for the on-going evaluation and/or diagnosis. A lay person (a person not licensed, registered, or certified by the board) cannot perform surgery, on-going evaluation and/or diagnosis, prognosis, or prescribe treatment, medicines, or appliances as set forth in §702.A.2.

C. The supervising veterinarian will be held accountable for the proper diagnosis and treatment of the animal, including the work delegated to the layperson, as well as compliance with proper documentation in the patient's medical record as set forth in §701, including the written informed consent for the alternative therapy and/or collaborative treatment obtained from the client or his duly authorized agent. The supervising veterinarian will also be held accountable for the maintenance of the confidential relationship with the client and patient.

D. Alternative therapy as used in this Section includes, but is not limited to, ultrasonography, magnetic field therapy, holistic medicine, homeopathy, animal chiropractic treatment, animal acupuncture, animal physical therapy, animal massage therapy, and laser therapy.

E. Collaborative treatment as used in this Section includes, but is not limited to, ophthalmology, cardiology, neurology, radiology, and oncology.

F. Written informed consent as used in this Section means the supervising veterinarian has informed the client or his duly authorized agent, in a manner that would be understood by a reasonable person, of the diagnostic and treatment options, risk assessment, and prognosis, and the client or his duly authorized agent has consented in writing to the recommended alternative therapy and/or collaborative treatment.
