Mirrors & Windows 7-Level ELA Program

Carefully curated to represent a diverse society with exclusive texts not found anywhere else.

Mirrors & Windows is built upon a carefully curated selection of literature from a long list of award-winning classic and contemporary authors. *Mirrors & Windows* thematic units connect multiple genres, using highlighted boxes to connect to essential questions.

Listed alphabetically by author and sorted by grade, on the following pages you'll find a comprehensive index of readings included in our English Language Arts program. Gain access to every selection in all grade levels through our online learning environment for the flexibility to align to your curriculum.

Notice the variety and number of canonical selections exclusively provided in *Mirrors & Windows*. Titles exclusive to our program are marked with a star ★ symbol.

Books are sometimes windows, offering views of worlds that may be real or imagined, familiar or strange... When lighting conditions are just right, however, a window can also be a mirror. Literature transforms human experience and reflects it back to us, and in that reflection we can see our own lives and experiences as part of the larger human experience.
