Why retirees are always so happy

Community Manager's Corner: Jamie Harper

Tree Trimming

In general, trees are trimmed to remove deadwood, diseased branches, structural defects and to train the growth of young trees as well as public safety. Trees are trimmed to maintain adequate clearance for vehicles and pedestrians generally 12' to 14' over the road and 8' over the sidewalk. Branches obscuring walkways, roadways and other community areas should be trimmed. The Association will be working to trim trees within the Community to maintain them and, if possible, to improve their health and appearance. Please as residents take a moment to look at your trees and shrubs are within your property boundaries and make sure that they are not obscuring any sidewalks, roadways or encroaching over your property lines.

Pet Rules for HOA Harmony

Our association is proud to be pet-friendly within designated Common Areas, and we're happy your four-legged family members are part of our community. Of course, like any good neighbor, it's important that these pets don't create an unpleasant environment for everyone else. To avoid unnecessary disputes and potential rule violations, here are some guidelines owners should follow to ensure their furry friends continue to be a welcome addition to the neighborhood.

Read the Rules: While we welcome pets in our association, we do have a few rules and requirements. Please check our website or the association's governing documents for more information.

Keep it Clean: No one wants to see, smell or accidentally step in the "gift" your dog left on the grassy common area. So when your dog needs to go, be sure to properly dispose of it, preferably in a pet waste disposal can. Not only will this keep our community looking better, but it will help keep ground water clean and help prevent the spread of fecal-borne diseases.

Quiet Down: Pets will be noisy from time to time. However, when loud barking or meowing becomes annoying to neighbors, it's time to help your pet become less talkative. First, try to find out what causes your pets to get vocal: Do they get noisy when they've been alone and bored all day and need some playtime? Have they gone through a stressful change in environment recently? Are they suffering from health issues? Do they simply like saying "hello" to every animal, person or car that passes by? When you've identified the cause, take remedial actions such as confining them to an area where they feel calm while you're away, removing or blocking as many stimuli as possible, exercising them more and spending more time with them. You can also take them to a professional or search online for tips on how to train your pets not to get too noisy.

No Wandering: For the safety of your pets as well as all residents, please do not allow your pets to roam unattended outside. Along with helping protect your pets, leashing your dog is the law.

Waste-Free Yards Keeps Pets Healthy

American pet owners collectively spend tens of millions of dollars every year on veterinary care and over-the-counter medicines for their furry loved ones. But what many don't realize is that many pet illnesses can be avoided by simply keeping the back yard clear of pet waste and cleaning up after their pets in common areas.

Dog waste is more than just a smelly and unsightly mess. It's also a breeding ground for infection-especially in dog parks and other areas where dogs frequently gather. Bacteria, worms and other parasites thrive in the waste until it's cleaned up or washed into the water supply. Giardia, ringworm, roundworm and E. coli are examples of such inhabitants, all of which are commonly found in dog feces and are easily transferable upon contact.

When pets become sick, contagions are often times passed through their deposits into their own yard. The longer infected dog waste stays on the ground, the greater a contamination becomes. And when this waste is not picked up, pets have a high risk of catching the infection over and over again.

The best thing pet owners can do to help keep their four-legged friends healthy and safe is to pick up after them and to do so in a timely manner. Those who don't have enough time to deal with the mess themselves-or

4th of July Dedication of Flag Pole

The Ardiente Veterans Club will be hosting the dedication of our new community flag pole in front of the Club House on July 4th at 10:00 AM. There will be a brief presentation in the front of the clubhouse.

The Ardiente Veterans Auxiliary Club will be co-hosting a coffee and donut reception at the club house after.

John and Conni Tedmon will be hosting a mid-afternoon cocktail party at their home located at 3609 Rocklin Peak Ave from 1:00 to 4:00 for those who purchased a brick or make a contribution for the flag.

Bricks are still available for purchase if you didn't get a chance to participate on the first order. Contact John Tedmon; jwtedmon@gmail.com , 778 5084 or drop by the clubhouse and check with the receptionist. The cost is \$100.00 and if you need to make payments that is no problem. Also, the person memorialized on the brick does not need to be a veteran.

On behalf of the Ardiente Veterans Club; many, many thanks for the wonderful support from this great community for your contributions.

The Veterans Club will be resuming our regular meetings commencing on the first Wednesday of September. Have a great summer.

Dear Ardiente Residents,

Please look out for a bogus E-mail from personal_id940@givemeposter.com claiming that a FedEx courier was unable to deliver a package. It asks you to click on a link to print out a label and then take said label to your nearest FedEx location. Obviously it is not from FedEx, so do not open the link. FedEx has information on this fraudulent E-mail on their website <http://www.fedex.com/us/update2.html>.

TRAVEL NEWS

Ardientans Wayne and Sue Haskins have lived and traveled all over the world, but recently they got to spend some time in Sue's homeland of Taiwan. Sue comes from a large family, with two older sisters, and five brothers, so there were plenty of siblings, cousins, nieces and nephews to catch up with, as well as friends.

When Sue was young she worked as a tour guide, showing tourists all the famous places to visit in Taiwan, but says on this trip she got to see things she didn't even know about! With her friend of 47 years (who was also a tour guide with Sue) they discovered the old harbor town of Lukang, or "Deer Harbor," (named thus because long ago herds of deer roamed next to this natural harbor) and wandered the many narrow and winding lanes that are collectively called "Nine Turns Lane". Jinsheng Lane is the most well-preserved. There were many purposes that the ancestors built the streets this way. First, it was for reducing the effects of the strong monsoon "Wind of September". Secondly, it was for defense. Numerous lanes scattered invaders and made it easier to defeat them separately. Thirdly, according to folklore, ghosts were only able to walk on straight line. Therefore, Nine Turns Lane could keep evils outside the town! Another place Sue and her friends visited was the temple in Jiji, Nantou, where a monstrous earthquake in 1999 killed over 2400 people and turned the three story temple into a one story building. It has been left as is to commemorate the September 21st date of the tragedy.

Highlights of a visit to Taiwan must include the spectacular Taroko gorge and nearby HuaLien area where the road was carved into a vertical cliff towering above the ocean. In Sue's tour guide days the road was only one lane wide and traffic could only go one way at a time, twice a day, and the reverse direction twice a day. (See her black and white photo). Now the road is better, but still offers spectacular views. Taiwan may be small, but this undiscovered Asian gem is full of fascinating things to do, such as sailing on the stunning Sun Moon Lake, hiking in the national parks, and embracing cultures of the aboriginal tribes whose ancestors arrived 6000 years ago and were the original inhabitants before the Chinese arrived. Even though a lot of Chinese settlement happened in the late 17th century,

Wayne and Sue also visited one of the old traditional homes that were built of brick in a U shape around a courtyard. The relative statuses of the different generations are evident in the floor plan. At the center of a home is the all-purpose main hall where the family rests, eats, and receives guests, and that contains the family altars. On both sides of the main hall are bedrooms. The parents occupy the room immediately to the left, and the oldest son and his wife the one to the right, with descending order of sons continuing down the wing.

Many of the towns still hold open markets three times a day, as only a few decades ago there was no refrigeration, and food had to be purchased fresh. Fish and meat were sold in the early hours, mainly fruit and vegetables at midday, and everything at night.

Taiwanese culture is basically the same as Chinese culture. The language is Mandarin, but when Chairman Mao simplified the language on the mainland, the Taiwanese maintained the more elaborate symbols for writing language.

During the latter half of the 20th century, Taiwan experienced rapid economic growth and is now an advanced industrial economy, the 19th largest in the world. Taiwan is ranked highly in terms of freedom of the press, health care, public education, economic freedom, and human development.

This tour bus was near Taroko Gorge in the Hualien area on the East coast of Taiwan. Photo was taken in 1965 or 1966 by one of Sue's coworkers from her tour bus.

CARL HERRMAN FAREWELL PARTY

A wonderful farewell party was held for one of Ardiente's favorite residents. Carl Herrman is moving back to California. The Ardiente Hiking Club held a potluck party for Carl to wish him the very best, and to acknowledge how much our community will miss him.

Carl is an active member of the Hiking Club, which provided many fun filled stories from the Hiking Club members present. Carl has had a fascinating career as Art Director and has designed many of the classic US Postal Service stamps, so it was especially exciting to have him design the hiking club logo and patches to commemorate many of our featured hikes.

Because Ardiente is very much like a small town, it is special that we can get to know so many of our neighbors. So, all of the residents at Ardiente wish Carl the very best, and hope he returns to us in the future. Thanks, Carl, for adding your great personality to our community.

ARDIENTE LINE DANCERS "FOM"

The Line Dancers danced at Boulders Veterans Home. These are the pictures they took. All residents are invited to join the group and they will teach you how to line dance. Also, residents are welcome to attend any outing the dancers go to.

CLUB NEWS

Nimblefingers

The ladies of Nimblefingers were very busy during the past month making items to send to the victims of the Oklahoma tornados. Two boxes were sent out containing 15 quilts, 4 crocheted bears, 1 crocheted baby afghan and 1 adult afghan. Plans are being made to make items for the victims of the Colorado fires. Stop by any Tuesday between 11:30 and 1:30 to see what is being made. New members are always welcome as we knit, crochet, quilt and do different types of needlework. We all work on items for our personal us as well as charity work. There is no requirement for specific projects and we enjoy chatting and socializing while we work.

ARDIENTE WOMEN'S CLUB

LADIES LUNCH JUNE 2013

What happens when you get a gathering of Ardiente "ladies" together for lunch? Good company, good conversation, and good fun!

In June the ladies enjoyed the delicious Chinese food at PF Chang's. Although the group was a little smaller, it was still a great afternoon. The restaurant was very lovely, and accommodating to the ladies.

If you are new, or even been here awhile and have not attended one of these lunches, come out this month and find out how great a time this is. If you are new to the area it is especially nice to try out the area restaurants and get a clue where to go for a great meal. This month the ladies will be going to the "Culinary Institute" where the great chefs of Las Vegas are trained. The food is cooked and served with great style by the student chefs, and last time we went there we all felt we ate well and were well taken care of. Prices are unbelievably cheap too! This month's lunch will be on July 17th, so come along and enjoy a great afternoon. Be sure to sign up on the web-site if you plan on joining us.

Meet us at the club house to carpool to the restaurant at 11:15 AM or meet us at the restaurant at 12:00 Noon.

Here is a picture of our golf group at Bears Best on Wed June 26th

If mischief is your name, then Pokeno is your game!!

Well we don't get into too much mischief but we sure have a whole lot of fun.

Pokeno is a group-friendly card and board game created from the combination of Pokeno and Bingo. It is played like Bingo with standard playing cards and Pokeno boards. It may be played with up to 12 people. A Pokeno board consists of five rows of five standard playing cards each in random order. None of the cards are duplicated on a single board, and every board is different. Standard Pokeno rules require a dealer, who shuffles and flips the cards.

There are many variations for playing Pokeno. This chartered Club has the following "winning" pots – Center, Four Corners, Four of a kind, Postage Stamp, Pokeno and Big Red. Each one of these cups is labeled and each player places a nickel (5 cents) in each of these cups each round. Each player is putting in 30 cents per round. A Round is completed when a Pokeno is called out.

Come watch and learn or just jump right in with both feet and your nickels.

We meet the first and third Tuesday of the month at 6:00 sharp. If you want more info contact Kat Snell, at 643-1604 or email: nomoresnow4us@gmail.com

Bristlecone Trail /June 8th

A small group of 7 hikers ventured out in the heat on Saturday morning to hike Bristlecone Trail near the ski area at Mt Charleston where the temperatures were about 20 degrees cooler. Instead of doing the 6 mile loop we decided on a 4 mile out and back through the part of the trail that was shaded by a variety of pine and fir trees with the Bristlecones being seen above 9000 ft. We spotted a Wild Mustang grazing on the now grassy ski runs and Red Tail Hawk soaring the bright blue sky. Mt Charleston ski area was a bustling place with the Ski Chair Lift and Bar & Grill now open on weekends through the summer for Chair Lift rides and Lunch and Libations. We even found a 'Welcome to Las Vegas' sign at ski hill. It was a fun day.

Cold Creek-Bonanza Peak Hike - June 22

9 members of the Ardiente Hiking group drove out to Cold Creek (north on 95 ..west at the prisons) where the "not so wild" horses roam. Beautiful horses, beautiful weather with a cool breeze..starting at 7500+ feet elevation and temps in the 70's was a blessing from the heat below for this hike towards Bonanza Peak which is 10000 + feet. The trail is said to have 80+ switchbacks to reach the top.. our group climbed to between 8500 to 9000+ feet before turning back do to time restraints for another clubhouse event. It's a beautiful trail that will be back on the hike list to do again..the next time all the way to the top where it's said there's a log book to sign for those who reach the summit

DOMINOES CLUB

Come Learn to Play Spinner!

The Dominoes Club is going to learn a new game and they want YOU to join in the fun!

Spinner is "the game of wild dominoes". Spinner is played both defensively and offensively with wild dominoes.

Come learn how to play and enjoy an afternoon of fun with your friends. ALL RESIDENTS ARE WELCOME! No experience necessary. Spinner will meet at 1:00PM on Sundays in July. Check MyArdienteLife.com for more details.

ARDIENTE BAKING CLUB (ABC)

June's Baking club was another success with three varieties of bread pudding and complementary sauces. One was an apple bread pudding using apples grown right here in our community by Jerry Sprinkle.

Delicious!

The next meeting of ABC will be on July 18 with peanut butter as our theme ingredient. We will be making

Peanut Butter Cake with a chocolate ganache icing,

Peanut Butter Pie and Reese's Peanut butter cookies.

New members are welcome. Call Thyra Zager at 438-9891 for more information on how to sign up and pay the \$5 monthly fee.

Please visit the MyArdienteLife.com website for the complete lunch menu.

Meet at the Ardiente Clubhouse at 11:00AM and carpooling will be available.

The cost for lunch (including entrée, non-alcoholic beverage, tax and gratuity) is \$17.00 per person.

July 13th ACHE Club Hike - Schaefer Springs Trail Loop

The combined hike is roughly 8 miles and climbs approximately 800 feet. We will be on a well worn trail with shade most of the time. Having said that, the trail head is at 5,958 feet so you can expect around 10 degrees cooler than most of Las Vegas. But, we will start climbing immediately on the steepest portion of the trail.

This trail is in a figure 8. The lower part of the figure 8 is Lovell Canyon Trail and the top is Schaefer Springs Trail loop. If 8 miles is too much, you may just do the the Lovell Canyon trail (6 miles) and return to your car”.

Be at the clubhouse by 7:15am to arrange for carpooling... ready to depart from the clubhouse at 7:30am

Lunch will be at BJ's

RESIDENT MIXER POTLUCK JUNE 2013

Well, the word is out! We had a full house for June's resident mixer and celebrations. A happy group of residents filled the Fiesta Room with laughter, conversation and some really good "eats".

The celebration of birthdays and anniversaries was topped off with a great celebration cake featuring a jungle theme, and delicious chocolate and vanilla cake. The June birthday attendees were, Lavone Oldale, JoAnn Staley, Connie Tedmon and Judy Wiesmann. One anniversary couple attended and that was Albert and Helene Lobel who celebrated forty-four years of "wedded bliss". Appropriate songs were sung, and the cake was enjoyed by all.

The evening was a great success, and promises future nights to be even bigger. Again, if you haven't enjoyed one of these fun evenings come out in July on the fourth Friday, bring your favorite potluck dish to share and meet your Ardiente neighbors. It is a great night, and with our very warm summer this year, the Fiesta Room is a great place to stay cool, eat great food, and enjoy some really wonderful company.

AUTO-BURGLARY PREVENTION TIPS...

Don't be a victim of an auto-burglary!

WHAT IS YOUR CAR SCREAMING OUT TO THIEVES?

Thefts from vehicles occur at all hours, day and night.

Are your valuables **VISIBLE?**
Lock your car and don't leave valuables in your car!!

Don't be the next car burglary victim!

- Don't leave valuables in your car.** If you leave valuable items visible in your car, your car is automatically a target. Take your valuables with you!
- Leave no trace.** Don't leave any "sign" that there might be valuables hidden in your vehicle, such as docking stations or connector cables.
- Lock ALL your vehicle's doors** even if you plan to be gone for only a few seconds. Don't leave your car running.

It generally takes only a few seconds to secure your valuables, but it will take only a few seconds more for a thief to break in and steal valuables left in plain sight.

MOVE IT OR LOSE IT!

30 seconds it takes for a thief to break into your car and steal your valuables!

20 seconds it takes you to at least move valuables into your trunk, out of sight!

To ensure a continuing supply of telephone numbers, the new 725 area code will be added to the area served by 702. This is known as an area code overlay. **Get ready to change the way you dial your local calls!**

What is an area code overlay?

An overlay is the addition of another area code (725) to the same geographic region as an existing area code (702). **An overlay does not require customers to change their existing telephone number which includes the area code.**

Who will be affected?

The 702 area code generally covers all of Clark County and principally the greater Las Vegas area, serving communities such as:

Boulder City
 Henderson
 Las Vegas
 Laughlin
 Mesquite
 Moapa Valley
 North Las Vegas
 Spirit Mountain

What will be the new dialing procedure?

To complete local calls, the new dialing procedure requires callers to **dial area code + telephone number**. This means that all calls in the 702 area code that are currently dialed with seven digits will need to be dialed using **area code + telephone number**.

When will the change begin?

Effective **August 3, 2013**, you should begin using the new dialing procedures whenever you place a call from the 702 area code. If you forget and dial just seven digits, your call will still be completed.

Beginning **May 3, 2014**, you must use the new dialing procedures, as described above for all calls. After this date, if you do not use the new dialing procedures, your calls will not be completed and a recording will instruct you to hang up and dial again.

Beginning **June 3, 2014**, new telephone lines or services may be assigned numbers using the new 725 area code.

What will you need to do?

In addition to changing your dialing procedures, all services, automatic dialing equipment, or other types of equipment that are programmed with a 7-digit number will need to be reprogrammed to use the new dialing procedures. Some examples are life safety systems, PBXs, fax machines, Internet dial-up numbers, alarm and security systems, gates, speed dialers, call forwarding settings, voicemail services, etc. You may also want to check your business stationery or advertising materials to ensure the area code is included.

What will remain the same?

- Your telephone number, including current area code and coverage area.
- Your current monthly rate or subscribed service for local calls made from your home phone will not be impacted as a result of the new area code addition or 10-digit dialing call completion.
- What is a local call now will remain a local call regardless of the number of digits dialed.
- You will continue to dial 1+ area code + telephone number for all long distance calls.
- You can still dial just three digits to reach 911.
- If 211, 311, 411, 511, 611, 711 or 811 are currently available in your community you will still dial these codes with just three digits.
