# COOL RELIEVING GEL FORMULATION

## CAMPHOR OIL

Aids in relieving pain, itching and irritation  
Helps soothe the skin and rashes

## MINERAL OIL

Acts as a moisturizer  
Helps skin feel smoother and softer

**SILIPOS® COOL RELIEVING GEL** is smooth and firm in texture, allowing the gel to act as a protector from direct contact to the skin. The exuding oil moisturizes the dermis, while also helping relieve pain, itching and irritation.

### QUERCETIN

Aids in relieving inflammation  
Helps fight pain and discomfort on the skin  
Helps soothe dry and itchy skin

### SAFFLOWER OIL

Helps boost quality and appearance of skin  
Assists with unclogging pores, reducing blackheads and regenerating skin cells  
Aids in reducing scars and blemishes

### COCONUT OIL

Moisturizing, re-hydrating and nourishing  
Helps soothe dry skin  
Aids in anti-aging and reducing blemishes and scars

**SILIPOS® ECZEMA RELIEF GEL** is a clear to slightly yellow gel that includes several ingredients meant to provide ultimate benefits to the skin. Some of these benefits aid in relieving inflammation, helping soothe dry and itchy skin, as well as helping reduce scars and blemishes. It contains vitamin A palmitate to repair damaged skin and reduce redness. SymRepair is a skin barrier repair complex which reconstitutes skin layers and prevents water loss. It also contains Coolact, which provides a cooling effect to the skin by stimulating receptors at nerve endings.
