Fear resides in the unexplained. These stories of ordinary people who experienced a brush with the freakish realm while working, hunting, or camping defy any attempts at explanation. Discover bizarre, bone-chilling encounters with creatures and places that, officially at least, don't exist: skinwalkers, dark entities, very haunted houses, Bigfoot—even an ominous piece of land with the terrifying ability to make things disappear forever.

Told with a keen eye for historical detail and a genuine appreciation of the natural (and unnatural) world, the original accounts in this book come from the Midwestern rail yards, the oil fields of North Dakota, and the old mining towns of Colorado. *Chronicles of the Unexplained* will open your eyes and mind to what's "out there," proving that there are still plenty of mysteries in this world to explore . . . if you dare.

Gary Gillespie has had a lifelong interest in the paranormal. He has been a guest on Darkness Radio and has contributed stories to Annie Wilder's *Trucker Ghost Stories*.

Ghosts of Lincoln

Discovering His Paranormal Legacy

Adam Selzer

This fascinating and meticulously researched book explores the myths, mysteries, and true ghost stories from one of the most haunted—and haunting—presidents in US history: Abraham Lincoln.

President during the bloodiest war on North American soil, Abraham Lincoln also suffered a succession of tragic deaths in his personal life. Haunted by chilling premonitions and morbid dreams, Lincoln reportedly took part in Spiritualist séances, which were at the height of their popularity during his lifetime. Sightings of his ghost, as well as the ghost of his assassin, have been reported for nearly 150 years.

From obscure séance transcripts and nearly forgotten news stories to outlandish claims, this engaging book digs deep to get the true stories behind the myths, rumors, and lore.

The Practical Art of Divine Magic

Contemporary & Ancient Techniques of Theurgy

Patrick Dunn

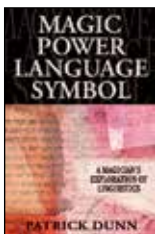

Create more powerful magic, a more meaningful existence, and a better life with theurgy or "godwork," the art of creating a stronger bond between you and your deities.

The ancient worlds of Egypt, Greece, and Rome were home to theurgy, which united the practice of magic with the aims of religion. With the fall of Rome, many of these spiritual/magical techniques were considered lost forever. *The Practical Art of Divine Magic* revives, restores, and reinvents theurgy for a contemporary Pagan or magical practitioner.

Discover techniques to create stronger bonds with divine forces, call upon and communicate with spiritual beings, summon a magical assistant, and master your own mind. The ultimate goal is union with the divine, but theurgy is a practical path, and every step is designed to improve your life.

Patrick Dunn, PhD, (Chicago, IL) is a poet, linguist, Pagan, and a university English instructor in modern literature and language. He has practiced magic since childhood.

Techniques of Graeco-Egyptian Magic

Dr Stephen Skinner

Egypt was at the heart of magic, and the Graeco-Egyptian papyri are the clearest and most extensive documentation of some of its earliest methods. Working with the handbooks of practicing magicians who lived during the first five centuries of this era, Stephen Skinner shows that magic is not something to theorise about, but a real practice, a real interaction with divinities, daimones, spirits, and even the dead.

Discover ancient magical technique for love (by attraction, compulsion, insomnia, and "love's leash"), health, invisibility, foreknowledge, and memory. Use evocation, invocation, skrying, dream techniques, talismans, and amulets. Explore bowl and lamp skrying, the sending of dreams, encountering a god, and the Mystery rites for fellowship with the gods. If you want to understand Graeco-Egyptian magic, this is where you should start.

Stephen Skinner (Singapore) is the founder of Golden Hoard Press. He is recognized as one of the world's foremost authorities on Western magic and credited with bringing the art of feng shui to the West. Ancient Ways

Reclaiming Pagan Traditions

Pauline Campanelli; Illustrated by Dan Campanelli

Pauline and Dan Campanelli's classic companion to *Wheel of the Year* is back for a new generation of readers to enjoy.

Celebrate the seasons of the year according to ancient Pagan traditions. Learn how to prepare for and conduct the Sabbat rites and harness the magickal energy for weeks afterward. The wealth of seasonal rituals and charms within are drawn from ancient sources but are easily performed with readily available materials. From past-life recall at Yule to finding fairies at Beltane, this comprehensive book helps you reclaim your own traditions and heighten the feeling of magick all year long.

"A delightful, joyous guide to celebrating the seasons and festivals with homespun magic."—Scott Cunningham, author of *Cunningham's Encyclopedia of Magical Herbs*

Pauline Campanelli was an author, artist, and beloved member of the Pagan community. Her popular paintings are still enjoyed around the world, with her prints having sold hundreds of thousands of copies over the years. In 1976, Pauline and her husband, Dan, restored a historic stone home in western New Jersey that they named Flying Witch Farm, where they lived an old-world lifestyle based on natural magick until Pauline's passing in 2001.

Dan Campanelli has contributed art to *Llewellyn's Magickal Almanac* and, together with his wife, Pauline, has contributed stories of his experiences with the spirit world to the archives of the University of Virginia. Prints of Dan's watercolor landscapes are popular throughout the United States and Europe.
