LOGIN PROCEEDURES FOR SHERIFF AND DEPUTY SHERIFF INFORMATION SYSTEM (SDSIS)

KEYSTONE LOGIN

VERSION 2019-1

LOGIN PROCEEDURES FOR SHERIFF AND DEPUTY SHERIFF INFORMATION SYSTEM (SDSIS)

The Commonwealth of Pennsylvania is changing the way that users log into any Commonwealth website. Currently when users register for a Commonwealth website, they must register with PA Login. After December 20, 2019, users must now register with Keystone Login. Even if you previously registered with PA Login, you must register again with Keystone Login. Please follow the screen shots provided in this document, which will walk you through this process. Once you have registered with Keystone Login this will enable you to log into SDSIS and other Commonwealth websites by using the same Username and Password.

All users including county staff, school staff, sheriffs and deputy sheriffs must register with Keystone Login even if you currently have a PA Login account. You will need to complete this process to access the SDSIS system and to begin the registration process for online training.

There are four slightly different ways to create a new login depending on your current login status. Please read through the entire document before attempting registration/login.

Current SDSIS Users

CURRENT SDSIS USERS

A. CURRENT SDSIS USERS <u>WITH</u> KEYSTONE LOGIN ACCOUNTS

If you have recently created a Keystone Login account through the Commonwealth because of your access to other Commonwealth sites, you should be able to use your current "Keystone username and password". Simply enter that information at the login page and then select "Login".
