Welcome to the first session of the Inside Lacrosse Recruiting Invitational!

From our humble beginnings as a weekly newsletter in 1996, the Inside Lacrosse staff has traveled throughout the United States covering lacrosse games and scouring the map in search of talented young players. Over the years we've uncovered future stars from the hotbeds and the hinterlands, from cities to the sticks.

Since year one, we established a reputation as being the unparalleled leader in recruiting coverage. Recruiting news, rankings and commentary is always some of our most popular content. InsideLacrosse.com boasts more than five million unique visitors and 50 million pageviews. Our family of social media reaches more than 500,000 followers. As the source of the sport, we take great pride in our commitment to our readers. Those readers have spoken. So we ramped up our recruiting coverage – adding a second annual *Inside Lacrosse Recruiting Issue* (June 2014) for example – and created this event to bring the talent to us for the first time.

We recognize that there are many quality lacrosse events on the summer calendar. We're proud to have you here and grateful for your support in our inaugural year. Our goal is to provide all the elements that make for an enjoyable player's experience – a well-organized tournament, great competition, location, fine facilities – and then supplement all of that with the Inside Lacrosse Experience.

You will never play in any event ever that will provide more exposure to you as a college prospect. In fact, Inside Lacrosse has never committed more editorial support to any event – NCAA Final Fours, FIL World Games, even our own Face-Off and Big City Classics – as we will in the next three days. Our professional team of writers, photographers, talent evaluators, interviewers and videographers will be out in full force to watch you play and cover your experience on and off the field. We'll gather thousands of photos, hours and hours of video, and priceless content that we can use for years to come.

Bring your "A" game, because you can bet we will.

KING OF SCORING.

Designed in collaboration with Rob Penner, the NCAA All-Time points leader, 2013 MLR Rookie of the Year and one of the game's most exciting players, the RPS head lets you hold some of Rob's game in your hands. The way we keep this fast and lightweight is something called Strategic Case-Tech, the next evolution of Case-Tech. This new technology engineers stiffness into specific locations of the sidewall, giving you better accuracy on the field. The result is a head that's as fast as it is strong. Just like the man holding it.

- + Each team will get one 60 second time-out per game.
- + The clock will stop on all whistles in the last 2 minutes of the game if the goal differential is 2 goals or less.
- + Games that end in a tie will be played out in a Braveheart. (Braveheart: Two players from each team take the field, a goalkeeper and field player. The field player's face-off and go one-on-one full field until a player scores, thus ending the game). This includes playoff games as well.

- 5 Coin flip
