

Early Intervention Child & Family Connections #15 March 2022 Family Newsletter

Will/Grundy/Kankakee/LaSalle Counties

What's happening in Early Intervention...

- We have a new website! Please visit www.svcincofil.org to see what's new! Please share this link with anyone you know who has concerns about their child's development.
- Reminder: New legislation went into effect in January 2022 that applies to children in Early Intervention who turn three between May 1 - August 31. **This legislation provides eligible families the option to extend Illinois Early Intervention (EI) services past your child's third birthday if your child qualifies for an IEP through their school district.** For more information, see this resource for families on [Early Intervention Extended Services](#) or contact your service coordinator.
- **Is your child turning 3 soon?** Do you understand the Transition process out of Early Intervention when your child turns 3? To better understand this process, please view the most recent [EI Clearinghouse family newsletter](#) to read all about the Transition. The newsletter includes a tip sheet from the EI Clearinghouse on [Transition: Understanding Family Rights](#). You can also view The Parent Guide from the Illinois State Board of Education on [Educational Rights and Responsibilities: Understanding Special Education in Illinois](#)
- As part of their [Learn the Signs, Act Early](#) campaign, the CDC has updated their [developmental milestones](#). To learn more about these updates view this [article from the American Academy of Pediatrics](#) or this [Q & A from Zero to Three](#)
- The Early Intervention Clearinghouse is looking for families to share their EI story At this time they need families who speak Russian, Chinese, Polish, Urdu, & Sign language. If you are interested in recording a brief video about your experience in Early Intervention in one of the above languages, please contact Meghan Burke at meghanbm@illinois.edu. Families will be compensated \$50 for providing a video. See below for additional details.

Important Information on Early Intervention In-Person Visits and Live Video Visits

Updates on In-person Early Intervention visits:

- [Illinois Early Intervention Covid 19 Protocols for Families](#) - updated February 2022
- [In-person checklists for Early](#)

Live Video Visits are an approved Early Intervention service delivery method, and will remain an opportunity for parents to help their child learn and grow! If your child is waiting for In-

[Intervention providers and for families](#) to help determine if it is safe to have in-person visits.

- **Masks continue to be recommended for all in person visits.**
- **Live Video Visits (LVV) remain an option for families who do not want to have in-person visits with EI service providers.**

If you or a member of your family is sick with any of the symptoms on the checklist please contact your Early Intervention providers and cancel any upcoming in-person visits.

If you have to cancel your In-person visit for any reason, consider trying a Live Video Visit for that week so that you are still able to work with your Early Intervention Provider(s) to support your child. Please reach out to your service coordinator with any questions.

Person EI services consider trying Live Video Visits.
