New College Credit Opportunity

Our Digital Art and Animation course has been approved for articulation by Grayson College. This means that students who earn a “B” or better in the course can petition for this course to be added to their Grayson College transcript. Credit for this course is transferable to most colleges and universities. This course is offered as an elective for our high school students.

The second grade classes were assigned an Upcycling Project. They have been learning about natural resources, conservation and recycling in social studies. The assignment was to take any old, unwanted materials and create something new. Look at their creative projects. Way to go!

SENIOR SHOWCASE

Grant Robinson

Grant Christian Robinson has been a student at Texoma Christian School for the past nine years. While at TCS, he has participated in 4-H Club, baseball, powerlifting, TAPPS Art, and mission trips. Outside of school, Grant enjoys writing and storytelling, outdoors, art, gaming, cooking, working at Craft Pies, and spending time with family and friends.

Some of Grant's favorite memories of his days at TCS include Colonial Day, the late night storytelling/joke session on the mission trip to San Antonio, and speaking to students in England about his faith during last year's England Spring Break trip.

Grant explained that TCS has influenced him by helping him establish a Biblical World-View. The teachers have challenged him to seek to understand more of God's word. Academically, he has been challenged to always improve.

When asked who has influenced him throughout his school years, Grant said, "Mr. David Murphy has challenged me to grow in my relationship with Christ. Mr. Bob Strauch has reinforced my love of History, and I enjoy his deep conversations. Mrs. Julie Ingram helped me feel comfortable at TCS when I first began. And, my Grandad Harlan Vaughn, has taught me how to work and how to put family first."

Grant's favorite Bible verse is Revelation 21:6. It says, "It is done. I am the Alpha and the Omega, the beginning and the end. I will give to the one who thirsts from the spring of life without cost."

Following high school, Grant plans to attend college and then work for the family business, Craft Pies.

Grant's advice to future high school seniors is, "Be patient with the process. Don't be afraid to try new things."
