# IGNITE YOUR VITALITY & INTUITION WITH AYURVEDA AND CAYCE

Shweta Parmar

What we think and what we eat – combined together – make what we are, physically and mentally. Cayce Reading 288-38

Eating organic food from farmers' markets, living eco and exercising and STILL feel lousy? Feeling vitality in our daily existence and fulfilling our life purpose joyfully is dependent on how we digest and eliminate our food and life experiences – according to our Unique Beings made up of the Elements.

Just as all things in Nature are in harmony, the body-mind-senses-spirit exist together as one unit – a whole unit, thus wholistic healing. Whatever is present in the cosmos is present in human beings. In this gathering, with the timeless wisdom of Cayce Readings and Ayurveda, we will focus on food and lifestyle as building blocks of our body temples, intuition and psychic abilities. Food and living according to Nature's Rhythms are direct ways in which the Universe transmits energy vibrations to us. This is connected to our chemical/hormonal systems, reprogramming of our cells and tissues according to who we are. We will explore:

- ♥ Your Personal awareness and relationship to food and lifestyle habits
- ♥ Why, what, when and how to eat/drink
- ♥ 80/20 alkaline/acid diet in detail
- ♥ Food combinations
- ♥ Simple, practical tips to support digestion and detox, and more ■

### THE MIRACLE OF "SPIRITUAL SURGERY":

#### The Lemurian Art of Materialization

For the past 50 years controversial images of apparent "spiritual surgeries" done with bare hands by Philippine healers have circulated

in the media. What is this process and how can we interpret it with our scientifically trained western intellects? Several scientific crews from Europe have collected and analyzed samples of fluids and matter obtained during this process. Anton experienced on himself "spiritual surgery" from Alex Orbito, Glory Orbito and Jean Francois Labrie.

Using his knowledge as a medical qigong practitioner, his interactions with the healers themselves and clairvoyant insights, he will share what he observed and felt. We will also watch together several clips of healers at work with Anton pointing to the less observable facts, then discuss the secret teachings of the espiritistas and, via questions and answers, explore how this healing process can benefit mankind today. ■

### THEOSOPHY AND ANTHROPOSOPHY: from the Wisdom of God to the Wisdom of Man

The influx of oriental wisdom through the medium of H. P. Blavatsky allowed for an ever more open discussion of esoteric knowledge during a

time when materialistic scientific thinking was the prevalent worldview. The Theosophical Society brought the knowledge of the chakra system and Vedic wisdom. Later, through the work of Rudolf Steiner a mapping of the spiritual worlds appeared which is unsurpassed to this day. The Anthroposophic Society gave birth to practical applications in education,

agriculture, medicine, art and Spiritual Science. Many corroborations exist with the legacy of Edgar Cayce. We will refer to an article by longtime Edgar Cayce researcher and A.R.E. Board member, Harvey A. Green, who compiled esoteric after-death knowledge from Steiner, Cayce and Swedenborg. We can say that by looking at the extraordinary wisdom obtained ahead of its time we glimpse a future of majestic cosmic views. We will explore examples and illustrations of predictions that came to be and some awaiting manifestation. ■

### GREAT PROPHETS AND DIVINERS' PREDICTIONS of the Future for the Global Village

Few people paid attention to Baba Vanga's predictions in the early '90s of Europe becoming in the future a bastion of Islam until recently, when Germany and other European countries

accepted over one million refugees from the Middle East. What seemed impossible not long ago is now a definite possibility. The blind seer saw a great Muslim War establishing a Caliphate with its center in Rome in the year 2043. Cayce, Cottrell, Baba Vanga, Beinsa Duono, Solovioff, Andreev and Steiner have depicted visions of the future that show

a remarkable level of corroboration. We will examine several of those predictions that now appear to have already started to manifest. Anton will explore how they did it and how accurate those predictions are. ■

### THE CODIFICATION OF SPIRITISM: The Extraordinary Work of Allan Kardec

In Brazil today there are an estimated ten million Spiritism adherents and it's the only country where mediums are employed in psychiatric facilities to deal with obsession and possession

(see Emma Bragdon's works). Adherents of Spiritism are found in Canada, Britain, France, Germany, Jamaica, Japan, Portugal, Spain, United States, Vietnam, and particularly in Latin American countries such as Argentina, Uruguay, Cuba and Puerto Rico. It

all started with the codification works of Allan Kardec: *The Spirits Book*, *The Medium's Book*, *The Gospel According to Spirits*, *Heaven and Hell* and *The Genesis according to Spiritism*, written between 1857 and 1868. Anton, who spent three years studying at the Spiritist Center in Newark, will synthesize the essence and practicality of the doctrine and illustrate with examples from books and life. John of God, Dr. Fritz and Chico Xavier—considered the great Spirit Mediums of our time—are known as such because of Kardec's founding contributions. Synergies with Edgar Cayce's legacy will also be explored. ■

### THE HOSPITAL WITHOUT DRUGS, Legacy of Dr. Ming Pang and Supersensible Spirit Observations

In the year 2000, the Chinese government closed an extraordinary hospital where the rate of success was 90% and the patients healed

without using drugs. During the few years it was open, over 500,000 people were treated. The hospital was the work of Dr. Ming Pang, a Chinese western and traditional medical doctor who compiled 19 medical qigong methods in the healing protocols of Zhineng (Wisdom) Qigong. After the politically motivated closing of the hospital, Dr.

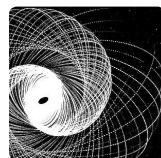

Ming Pang went into retirement – or did he? Recently Anton met some of Dr. Pang's close associates and was able to verify some of his supersensible spiritual observations which he will share with the audience. What was the protocol, how did it work and can it be reproduced? Dr. Pang authored several books that are slowly being translated into English and they convey a high degree of genius, perhaps the greatest contribution being his spreading legacy. (The Edgar Cayce center hosts the only East Coast based Zhineng Qigong Group.) We will see video clips of miraculous healings and read excerpts from his books. ■

### SHAMANIC HEALING METHODS PAST AND PRESENT: A Global Overview

The resurgence of interest in shamanism, brought by psychotherapists and new age seekers, is evident in many book titles and workshops by both neoshamans and visiting ethnic

practitioners. After watching a few illustrative documentary clips, we will embark on a tour across the globe exploring the practices of South Americans, Native Americans, Lapps, Siberians, Mongolians, Tuvans, Tibetans and Africans, to name just a few. What makes one a shaman? Anton will share some of his experiences and explore the value obtained in the West by studying the preserved knowledge of the shamans and their practices of drumming, rituals, intoxicants, journeys, mediumship and divination. ■

### WATERCOLOR MEDITATION AND SELF-EXPLORATION

With Guest Artist and Teacher Maria Pacca

Rudolf Steiner once said that "Art is the shadow of Spirit on Earth. It becomes manifest through the spirit of the creative artist." We are all creative artists, but seldom allow that spontaneous experience to manifest.

It was so easy when we were children. This class will allow one to explore the childlike spontaneous experience under the masterful guidance of professional fine artist Maria Pacca.

Water, the sacred element, and Color, the child of Light, come together in this very ethereal, very transformative medium. Using it as a meditation tool, watercolor can transport you to other realms. Color is healing and when used with the intention of connecting with Source, you can feel healed and connected!

In this evening's workshop, you will learn the very basics about watercolor, enjoy creating beautiful color mixtures and combinations, but most of all, you will learn to use it as a meditation tool and a way to connect to Source. Feel inspired, allow the flow, and Spirit will move you to creativity. Release all concern about the outcome. What matters is the process. ■

Pacca has held six one-woman exhibits and several group shows in Guatemala, Brazil, California, Hawaii and Colorado. Her paintings hang in private collections worldwide. ### MIRACULOUS HEALINGS IN BRAZIL: An Eyewitness Report of Transformation from Casa De Dom Inacio

Anton visited the Casa de Dom Inacio in Brazil for the first time in 2001 and had many encounters with John of God over the years. He will share his story of being granted the spiritual gifts of Healing, Teaching and the Gift of the Gate by the benevolent spirits of the Casa and will share excerpts from his diary of that visit – a typical record of experience to those who visit. After watching a few documentary clips of incorporation, physical surgeries and miraculous healings, Anton will explore

how it is possible to have such a degree of manifestation of Divine Presence. We will probe into why we experience this phenomenon in our time and in that remote place (Abadiania) and what is the message the benevolent spirits of the phalange de Dom Inacio (St. Ignatius de Loyola) impart to mankind today and what medical professionals can learn from it. On a synergetic note—today (June 24) is the birthday of Joao Faria Teixeira, known by all as John of God. ■

## MEDICAL INTUITION 1

Laura Silvana Aversano

All illnesses have a frequency and vibration to them. Similarly, thoughts, emotions, events etc. also reflect a vibration. The energy field of every living thing contains cellular memory embedded in the core of its very existence. This cellular memory holds those patterns in place until a shift occurs, whether conscious or not. Everything we experience has a ripple effect as we are all interconnected. By learning about our own ailments through palpation on an energetic level, we can learn to track its origins, its projections, and its present state of manifestation. By doing so, the shifts will become more conscious then unconscious, and we can learn to be more in control of how to maintain balance when we are struggling physically. Some audience members will be given mini 'readings' as we learn how to be more present with the energies within and around us.

Early preregistration strongly advised. A minimum of 10 preregistered attendees is required at least 24 hours before the start of the class to ensure it's held. Please call the day before class to confirm. ■

"... March 5th I took a class on medical intuition, led by Laura Aversano. I can only say that beyond any doubt, it was a great learning and experiential 2 hours in which I was a part of. Laura spoke a language to me which I absorbed readily. She is a teacher and woman with much depth and compassion and has a great passion for her subject... She is a very gifted woman and I can tell she works with Spirit very closely... I would definitely like her to continue conducting more classes at the center. Thank you."

# THE HEALING ANGELS WORKSHOP

Rev. Charles F. Julian, D.C.

Meet and work with the healing angels of the energy field

In 17 years of conducting Integrated Energy Therapy® (IET) sessions, Charles Julian has had many angels join with him. Each angel brought a unique gift of healing. We now invite you to experience their healing gifts. Their work has been documented in Steven Thayer's book *The Healing Angels of the Energy Field*. He identifies one healing angel for each area of the human energy anatomy and gives special prayers to

invite each of these healing angels to work with you.

This workshop will enable you to join together with other students to meet and work with the Healing Angels. Learn how to call upon them with a special prayer of invitation and how to use an angelic "heartlink" to connect with the angels' energy. Discover the special healing gifts each angel brings and invite each one to support you in your physical, emotional, mental and spiritual healing journey. If you support others in their self-healing through energy therapies such as IET, Reiki, Therapeutic Touch, massage, etc., this workshop can add a special spiritual dimension to your sessions. No experience is necessary. ■

# TALES FROM THE NORTH STAR: Memoires of a Celestial Wanderer

Bernie Libster

Is death real? Do we live just one life, or many? Is heaven one place or many places? Is there life elsewhere in the universe? Is the Creator He? Or She? Or They? Drawing on his own trance journeys and visions Bernie tells of lives in Atlantis going back 100,000 years, among cave dwellers, and on the star Polaris, his eternal home, "where our cities are so beautiful they make New York look like a dirty little doll house." He's also been a high priestess of the goddess Athena in ancient Greece; Roman soldier at the Crucifixion; Italian usurer brought back from death by St. Petronius, 5th century Archbishop of Bologna; caretaker for La Virgen y Su Hijo in a 16th century Spanish cave; member of a group of female renunciates surrounding Saint Francis of Assisi, and a British soldier blown to bits during World War 1. Just before his return to Earth for his present life, his spirit guide counseled, "Tell people. They worry." These stories will fill your cup with wonder until it "overfloweth" and ease any lingering doubts about eternal life.

Please note: Bernie is not a hypnotist; group regression will not be part of the program. ■

**BERNIE LIBSTER** has been asking himself the question "Who Am I?" ever since childhood. With his first regression with A.R.E. of NY's Kev O'Kane in 2003, he began to get answers—answers that were staggering and utterly unexpected. Since then he's done at least a dozen regressions with Rev. Kev—every one of them life-changing. Bernie joined the A.R.E. after discovering Cayce ca. 1968 and the NY branch shortly after it opened, and has presented this program several times at A.R.E. of NY to spellbound audiences. Currently, Bernie donates Archangel Healing sessions at A.R.E. of NY's monthly Fairs. ■

# A SOUL MOVEMENT JOURNEY WITH LIVE MUSIC

Maria Gutierrez-Ferrar and AnneMarie Wiesner

In this improvisational movement workshop we will connect to ourselves and others with Live Violin Music by Annemarie Wiesner and Movement Facilitation by Maria Ferrar.

Dance is part of being human. Our bodies were designed for movement and our soul is here to express. Our bodies are our vessel of

communication and experience, yet we restrict and limit our expression and movement due to the fear of what others may think about it. This prevents us from experiencing our fullest potential and the yumminess of being in a human body.

The truth is, we are ALL amazingly great dancers when we aren't trying to copy or mimic someone else's dance. The way your body wants to move to music IS the right way. We have only to tell ourselves a few simple truths that can quite literally liberate not only our bodies but our minds.

Join Maria and Annemarie and experience freedom in your Body & Soul! ■

# JOHN OF GOD CRYSTAL BED TREATMENTS

With Anton Baraschi

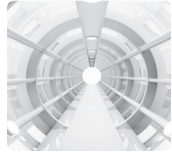

By appointment on TUESDAYS & FRIDAYS 2-7 PM  
Call Anton at 845-772-7200 or email [abaraschi@aol.com](mailto:abaraschi@aol.com)

The Crystal Light Bed, also called an advanced chromotherapy apparatus, is a spiritual treatment device that uses colored light beams focused at a person's chakras or energy centers through seven very pure quartz crystals. The alternating lights produce a balancing effect on the person's energy body as they lie with eyes closed and meditate to soft relaxing music. While the energy body is receiving this external assistance to stay in balance, the benevolent spirits of the Casa de Dom Inacio can work on the person very deeply. People using the crystal light bed report essentially 3 kinds of healing experiences: **calming, blissful relaxation; deep healing introspection, and experiences of mystical content - colors, presence, beings, visions.**

# Remove the Layers of Fear, Anger, Sadness & Stress TO EXPOSE INNER HAPPINESS

Saba Hocek

Where is the anger, depression, anxiety and stress coming from? When did it take over and rob you of the inner happiness? Is it caused by a physical condition or past emotional experiences?

Understanding the connections between body and mind brings awareness to the soul. Learn how we can uncover where these wounds lie. Like an archeologist, we will chisel the hardened thick surface removing layers of debris to discover the valuable treasures that lie beneath.

Elimination of the layers of fear, anger, sadness and stress can be achieved through hypnosis, biofeedback, EFT, exercises and a variety of other methods. You'll learn and experience these methods, transforming pain to power and taking back with you a wonderful experience and invaluable information.

Seeing is believing: You'll be able to see how technology is able to energetically read the body and determine at the organ level any blockages or imbalances that need to be cleared to expose inner happiness. ■

# HEALING PLANTS FOR GORGEOUS SKIN

Rossana Inés Rossi

**C**leopatra. Elizabeth Taylor. Johnny Depp. Henry Cavill. Babies. While some of us are born with naturally smooth and creamy skin, skin that refuses to hold a blemish or become inflamed when irritated, the rest of us are gifted with these very undesirable experiences – perhaps so that we can connect to the healing available from Mother Nature in our search for solutions. In this two-hour workshop, we will address the following:

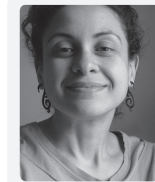

- Plants and other foods that nourish our skin from the inside out
- Internal organ systems that most affect our skin's health
- Plants and plant products that help heal our skin almost before our very eyes

Which are safest for babies? Which rejuvenate aging skin? Which are best for preventing and healing from razor bumps and other effects of shaving? Come prepared to take notes. ■

**ROSSANA INÉS ROSSI** practices in the Wise Woman tradition, creating safe, gentle, and powerful plant-based products for optimal healing and for nourishing all systems of the body (including the emotional one). Rossana honors indigenous ways of knowing, gathering plants from the wild or sourcing them from ethical growers and encouraging her clients to participate in their own healing. Rossana completed a 3-year apprenticeship with Robin Rose Bennett and continues to study with other respected herbalists. Her teachers also include Lewis Mehl-Madrona (Coyote Institute) and Stephanie Alston-Nero (Healing History). ■

# INTRODUCTION TO HERBAL MEDICINE

Rossana Inés Rossi

**H**erbal medicine is a hot topic these days. You can search for any plant on the internet and a dozen websites will give you information that is sometimes vague, sometimes contradictory, other times alarming, and at best, somewhat accurate. We want to rely on Mother Nature for her healing gifts, but we are unsure which sources are trustworthy.

In this evening's introduction, we will address some tools you can use to discern trustworthy information, share basic recipes for making your own simple medicinal remedies, and discover the traditional and folkloric uses of common kitchen spices. You will leave with greater confidence in creating plant-based remedies and researching them as the need arises. Participants are welcome to share their own family's traditional uses and preparations. Come prepared to take notes. ■

# MALCOLM SMITH, Spiritual Healer

The internationally known and admired British "Spiritual Healer" from Yorkshire, England, returns to New York City for private healing sessions! Malcolm considers himself an ordinary person with an extraordinary gift—the ability to be a channel for healing energy from God: "It is God who does the healing, not me," proclaims Smith. For over 35 years he has used his gift to relieve the pain, disease

and suffering of thousands. Sometimes the healing he gives results in instant cures; and sometimes, several sessions over several weeks are required for results to manifest physically. He has restored sight and hearing, cured "incurable" diseases including cancer, and changed hundreds of lives. He emphasizes that slow progress is the norm and Spiritual Healing should not replace orthodox medical treatment.

At [malcolmsmithhealer.com](http://malcolmsmithhealer.com) you can read many testimonials of his extraordinary healing abilities. While you're there, watch his fascinating video interview about Spiritual Healing—what it is, how it works, what it can and cannot do. If you want to read more about Malcolm's extraordinary story, you can also purchase a personally autographed copy of his book *Spiritual Power, Healing Hands* at our bookstore.

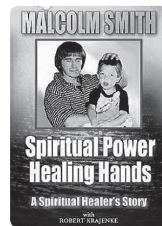

Appointments with Malcolm Smith require prepayment in full. If a check is sent, the appointment will be bookable a week after it is received so please plan accordingly. Refunds require a 72-hour notice of appointment cancellation. ■

### DEVELOP YOUR CLAIRVOYANCE WITH ART & COLOR

**C**lairvoyance, the ability to see clearly with your third eye, is a beautiful way of gaining an intuitive understanding of another person and helping them gain insights into their own psychikos or soul. By working with images, color and symbols, you can attune to your own spirit and then to another person's

aura, to offer them the wisdom and insight on a soul level. The best way to develop clairvoyance is by working with imagery. Through artistic expression you can produce a drawing filled with color, symbols, even animals to create a pictorial, metaphoric representation of a person's life story, their past, present and potential future.

In this workshop, taught internationally, we'll work with fun exercises to help you access your clairvoyant ability. You'll begin to build your own symbol and color system, learn to touch your own spirit, and learn to connect on a soul level with another person's energy to enhance your own spiritual unfoldment and learn to receive messages filled with soulful insights.

No artistic talent or training is needed, just an imagination, a sense of adventure and a love of the spirit. Feel free to bring your favorite colored pencils or crayons. Paint and paper will be supplied. ■

### MEETING & WORKING WITH YOUR SPIRIT GUIDES

**I**f you are embarking on a spiritual path or seeking to develop your sixth sense or intuitive ability, your best teachers are your own guides. In this workshop, you will be guided to meet and work with your guides so that you can form a lifelong relationship and accept their help on your path. You will learn how to work with your clairvoyant (clear seeing) and clairsentient (clear sensing) ability so that when you meet your guides, you

can receive messages through color and symbolism that will be meaningful to your current place on your spiritual path or offer you guidance at this point in your life. ■

### DEVELOP YOUR CLAIRSENTIENCE & LIVE A MORE INTUITIVELY GUIDED LIFE

**C**lairsentience or clear feeling is an inner sense of knowing and often the most powerful of our faculties of the psychikos. Do you walk into a room and feel the energy of it, knowing if there was an argument, or laughter, or sadness there? Or have you ever met someone and knew instantly whether you like them or not before they've even spoken? You're sensing the person's energy, their thoughts and feelings,

their very nature on a non-verbal and energetic level. Are you a sensitive, an empath, intuitive? Do people turn to you when they need help? You may already be manifesting clairsentient ability.

In this workshop, we will work to heighten your sensitivity and intuitive nature. We'll discuss energy centers and ways you can identify the difference between fear and anxiety and intuition and clairsentience. With clairsentient ability, you are susceptible to other people's energy and may be easily affected by other people's moods or emotions. So we'll also do some energy exercises to help you begin to identify your energy versus another's energy more easily. Developing your clairsentience allows you to attune to the messages of the psychikos and live your life more intuitively. ■

### DEVELOP CLAIRAUDIENCE WITH MUSIC AND SOUND

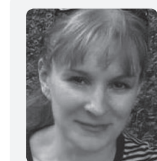

**C**lairaudience or clear hearing is the ability to hear words or phrases, songs or melodies that impart messages from the psychikos or soul to receive or offer wisdom and insights on a soul level. Clairaudience generally manifests as a small voice in your head, a visceral whisper, a thought that unexpectedly pops in from nowhere that leaves you wondering "was that from me or to me?" If you like music or

have a knack for knowing when others are not telling the truth you may be clairaudient. But learning the difference between your own thoughts and clairaudient whispers from the psychikos involves exercise and practice. Over time, you will start to recognize what is your inner voice and what are just random thoughts. In this workshop, we will work with sound and music to learn to listen beyond yourself, attune to the messages of the psychikos, and learn to connect on a soul level with another person's energy. ■

International, accredited medium, published author, and spiritual healer, **KAREN FRANCES** grew up steeped in the Celtic mysticism and spiritual traditions of Ireland. As a child, she communicated with spirits. As an adult, her passion for social justice and the pursuit of truth led her to a career as a political journalist and Iraq war correspondent. A tragic loss became the catalyst that brought her back to spirituality—she practiced Zen and trained extensively at the world-renowned Arthur Findlay College in London, where she earned accreditation in mediumship and spiritual healing by its governing body. She is a firm believer in ethical practice of mediumship and writing for spiritual growth. [www.celticmedium.com](http://www.celticmedium.com) ■

### AFTERLIFE COMMUNICATION: Forming Continuing Bonds with Your Loved Ones in Spirit

**O**ur loved ones in spirit are never more than a thought away. They're always close, willing and able to help. Have you noticed recurring images that remind you of them, or heard a song just as you were thinking about them, or noticed initials or numbers associated with them popping up coincidentally? Have the electrics acted up or your ears been buzzing? Have you

asked a question and suddenly an answer or idea came out of nowhere? Perhaps you've had vivid dreams of them? These are some of the ways our loved ones in Spirit maintain continuing bonds with us on this side of the veil.

If you are grieving the loss of a loved one or are having a hard time and would like validation of their support and continued presence, this class takes a very twenty-first century approach to bereavement and continuing relationships through the veil. It will show you how to live in a healthy and loving way during the grieving process and this temporary separation. This is not a mediumship class and does not require mediumistic ability; it is for anyone who wants the reassurance that there is no separation and that the human spirit survives the transition we call death. ■

Remember, healing - all healing comes from within. Yet there is the healing of the physical, there is the healing of the mental, there is the correct direction from the spirit. Coordinate these and you'll be whole!
