When a football injury put Nephi Sewell on the sidelines of a sport that means the world to him, he wasn't sure how he would ever heal. But thanks to the high quality care he received at the Southern Utah Neurosciences Institute based at Dixie Regional, Nephi is on his way to having a second chance on the field. Below, Dr. Mark Stouffer visits Nephi Sewell on the football field to check his progress.

HOSPITAL SERVICES

For more information, call the Dixie Regional Community Health Information Center at 435.251.2222 or visit www.dixieregional.org.

Acceleration

435.251.2256

Acceleration is scientifically proven sports training for athletes of all ages and levels of ability. Our certified exercise physiologists work with you to create an individualized program that will help you run faster, jump higher, and perform better, no matter what sport you play, including: soccer, football, basketball, track, baseball, volleyball, lacrosse, softball, golf and endurance running.

Bariatrics

435.251.1632

Dixie Regional Medical Center provides a complete medical weight loss program with paths for surgical and/or non-surgical weight loss, including gastric bypass surgery, sleeve gastrectomy and Lap-Band®.

Behavioral Medicine Unit

435.688.4343

The Behavioral Medicine Unit at Dixie Regional Medical Center offers a safe, therapeutic setting for treatment of major psychiatric disorders such as acute depression and severe thought disorders. The physicians also consult with other hospital experts.

Cardiology Services

435.251.1200

We specialize in diagnosis, treatment and prevention of heart disease. The echocardiology lab, ultrasound with Doppler, stress testing, Holter monitor, EKGs, vascular studies, angiography and cath lab help provide state-of-the-art care. Cardiovascular surgery is also done and Dixie has ranked at the top nationally for outcomes.

Community Health Information Center (CHIC)

435.251.2222

This clearinghouse of human services and health-related materials and information is open to anyone with a question about a health issue or service. Details about enrolling in community education programs and support groups are also available through the center.

Dixie Joint Center

435.251.2420

The Joint Center helps educate patients who may be planning surgery, and helps patients recover from hip and knee replacement surgery quickly and safely.

Dixie Regional Endocrinology and Diabetes Clinic

435.251.2888

Patients receive counseling and care-planning from diabetes educators, nurses, physicians, dietitians and other professionals who are trained to help with the management of this prevalent disease. *Physician referral is not required.*

Dixie Regional Imaging Services

435.251.1777

All major diagnostic modalities are offered at Dixie Regional Medical Center and some Intermountain clinics to provide noninvasive as well as invasive views of the inside of the body. *Physician referral is not required to schedule a screening mammogram.*

Dixie Regional Rehabilitation Services

(adult and pediatric)

435.251.2250

We offer state-of-the-art treatment facilities, including an aquatic therapy pool, complete with underwater treadmills and resistance jets, as well as a large treatment room and specialized equipment and facilities to help those with balance disorders. We provide speech, physical, hand, pediatric, and occupational therapy as well as treatment of sports-related and other orthopedic injuries.

Dixie Regional Wound Clinic

435.688.4293

The latest techniques are employed for recovery from difficult-to-heal wounds. *Physician referral is not required.*

Financial Counseling

435.688.5300

Representatives from the financial counseling office can assist patients with financial arrangements.

Hyperbaric Medicine

435.688.5425

Concentrated oxygen treatments have been found to be beneficial in healing wounds that occur as a complication of diabetes, wounds, and cancer treatments.

Infusion Services

435.688.6868

At the infusion therapy clinic registered nurses provide intravenous infusions including antibiotics, iron, blood and rehydration. In addition, patients who need central and midlines inserted are served here.

Intermountain Precision Genomics

435.251.5780

Uses genetic mapping to develop personalized treatment options for cancer patients. We are able to analyze a patient's DNA and identify mutations to determine why and how the tumor is growing, and — most importantly — what can be done to treat it. *For more information please visit, www.precisioncancer.org.*

Intermountain Foundation Dixie Regional Medical Center

435.251.2480

A not-for-profit, charitable foundation that furthers community health and patient advocacy at Dixie Regional and its affiliates through philanthropy.

Intermountain Home Health

435.251.2367

Medically supervised health care is provided in the comfort and security of home. Home health services include medical and surgical nursing, rehabilitative services, specialized therapies, and education.

Intermountain Home Medical Equipment

435.251.2323

Medical equipment experts help patients access respiratory therapy and rehabilitation equipment used in the home.

Intermountain Hospice

435.251.2367

Hospice is a special kind of end-of-life care, offering expert medical care and psychosocial, spiritual and bereavement support for patients and their loved ones. Hospice focuses on living life to the fullest in the comfort of home and with dignity. Volunteer opportunities are also available.
