August 2011

President's Corner

Margie Hoffman KG6TBR

This summer has been very busy for me what with Field Day, meetings for LAACARC, and being on the committee for HAMCON 2011. I haven't had any time to take any trips this summer, but hopefully, when all this winds down, maybe a few are out there on the horizon.

I am not the only one with a full schedule of activities, and as a result, we skipped the Board Meeting on August 4 due to a lot of us were out of town. The meeting will be held just prior to the General Meeting on August 25, and as always, the meetings are open to any members or guests who would like to attend and see what goes on when the Officers and Board members get together to discuss the status of our club. This meeting will be held promptly at 6:45 at the EOC and will be a brief meeting to conclude no later than 7:20 to make time for our General Meeting that same night.

News and congratulations are in order: Representatives of 12 of the nation's 14 Volunteer Examiner Coordinators (VECs) met July 29 in Gettysburg, Pennsylvania for the 26th Annual National Conference of Volunteer Examiner Coordinators (NCVEC) Conference. RC "Smitty" Smith, W6RZA, announced his retirement as the head of the GLAARG VEC, effective March 2012; Smith has been with the NCVEC program since its inception. He received a standing ovation from all in attendance for his 27 years as a

(Continued on page 3)

Meeting Notice

Thursday, August 25, is the next meeting of the AVARC at the Emergency Operations Center (EOC) at Lancaster City Hall, 44933 N. Fern Ave. in Lancaster. Talk-in is available on the Hauser Repeater (146.73 MHz. PL 100) if you need directions. The eyeball QSO starts at 7:00 pm, and the meeting starts at 7:30 pm.

This month's meeting will feature our own **Jon Clark N6NQ**, who will bring us a follow-up presentation on SDR (Software Defined Radio). You won't want to miss this one, so mark your calendars and join us!

Jon Clark N6NQ

From The Veep

Larry Bianchi KG1B

Beware .. the light at the end of the tunnel just might be an oncoming train!

And that light is coming quickly. As I have said before, the year is rushing by much too fast. Here it is August and before too long, we will be having our annual raffle!

Not to mention this September 9-11th, is the ARRL Southwest Division HAMCON. This convention is held every year on a rotating venue cycling every four years. The rotation goes like this. 2007 – Torrence, CA; 2008 – Mesa, AZ; 2009 – Santa Barbara, CA; 2010 – San Diego, CA and this year 2011 – Torrence, CA once again.

I am sure you have heard quite a bit about it, but this will be an excellent opportunity to mingle with fellow hams from throughout the western part of the U.S.A. Many speakers will speak on pertinent issues and interests revolving around our hobby, as well as many vendors showing their latest wares for us to "lust" after! I would encourage all to support the ARRL by attending the convention.

During the convention, our club will be handling the VE Test session on Saturday, September 10th from 8am-12noon. This is our time to shine as we have quite a number of trained VEs (Volunteer Examiners) and can easily handle the volume of applicants that will take their tests during the convention.

Enough of all that for a bit! This coming club meeting (August 25th) we will be pleased to have Jon Clark N6NQ as our

VEC representative. Adrienne Sherwood, WA6YEO, will replace Smith in this leadership role.

A few more reminders:

Again, in September, we will be taking nominations for Officers and Board members for 2012. The actual elections are held in the month of October, so if you are willing and able to make a commitment to this club for the next year, please do not be shy and let us know if you will run for an office or a board member. This is a great opportunity to see what or how you can contribute your time and be involved in the AVARC for 2012.

Finally, don't forget, the ARRL Southwest Division HAMCON 2011 is going to be held at the Torrance Marriott South Bay Hotel. The convention runs from Friday, September 9 to Sunday the 11th. Be sure to go to the web page at www.hamconinc.org to register and get all the information. If you are a VE and have your ARRL credentials, this club will be the

sponsor for the VE Testing session (ARRL) to be held on Saturday at the convention. Please contact Adrienne Sherwood, WA6YEO to let her know that you as a VE are available to assist in the testing session. We are expecting a greater turnout for testing than what we normally get in the Antelope Valley, so Adrienne can use all the AVARC VE's that are able to help out. Adrienne will also be having a test session as usual on Saturday, September 3 at 9am, so if you are planning to volunteer as a VE for HAMCON, please attend the Saturday session as well as she will be giving all instructions to make sure everyone will know what to expect and what the hours are for the HAMCON testing session.

See you at the meeting.

73,
Margie KG6TBR

From the VEEP...

speaker. He will amplify the presentation he gave last year about SDRs (Software Defined Radios), and will look to demonstrate one and show how efficient they can be. We look forward to what he has to say.

Well, that about wraps things up for this month. I will look forward to seeing you all on the 25th as well as at HAMCON. Remember that we get out of our hobby what we put into it. Enjoy it and learn much!

Happy Hamming!

73,
Judy KG1B

TUNER FOR SALE

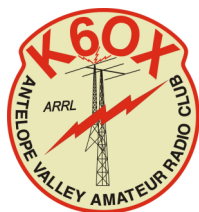

MFJ-993B automatic antenna tuner in like-new condition, complete with instruction manual and 12-VDC adaptor. I paid \$289.90 and am selling it at \$100. It let me use my 4-band Windom successfully on 8 bands. I just installed an 8-band antenna, so tuner is not needed here.
